E.A. Sween Announces Product Recalls due to Possible Listeria Contamination

EDEN PRAIRIE, Minnesota 10/2/2019 E.A. Sween Company announced the recall of multiple products due to possible contamination of *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

Tip Top Poultry, Inc., initiated a recall and is an ingredient provider to two of E.A. Sween's suppliers, The Suter Company, Inc. that provides chicken salad products and Baja Foods LLC that provides burritos, to the company. To date, we have not received any reported illnesses related to this organism.

Retailers have been instructed to remove affected products from store shelves and inventory immediately. Customer partners with questions are asked to call our Customer Service hotline at 1-800-328-8184 and select #6 for information and refund instructions.

Affected product could have been delivered in the Continental U.S., Hawaii and Guam through convenience stores and grocery and mass retail outlets. Consumers may return the affected product to the store where it was purchased for a full refund or exchange. If the product has been consumed, please call our Consumer Hotline, Monday through Friday from 8:00 a.m. to 4:00 p.m. CST at 1-800-328-8184 and select #5.

E.A. Sween is taking this action out of caution for the safety of our consumers.
