

DECLARATION FOR PROGRESS

WHEREAS the undersigned are all citizens of Canada and proud residents of the greater Toronto area (GTA).

AND WHEREAS we stand tribute today to the reality that, in 2019, Toronto has been ranked as:

1. the most multi-cultural and diverse city on the planet¹ representing over 230 nationalities/ethnic groups, over 130 languages spoken, with over 51% of its residents being foreign-born;
2. the fastest growing city in North America²;
3. the safest city in North America³; and, most importantly,
4. the best place to live in the world⁴.

AND WHEREAS we also stand tribute to the fact that Canada has been ranked not only as being the healthiest country on the planet⁵ but also as having the best quality of life of any nation on earth⁶.

AND WHEREAS these accomplishments did not happen by accident but are the result of the enduring commitment of millions of progressive Canadians, inspired by the vision and legacy of many who have gone before us including, most especially, that of Pierre Elliott Trudeau.

AND WHEREAS he was correct in asserting that “Canadians are standing at the mountaintop of human wealth, freedom and privilege;

AND WHEREAS these amazing Canadian accomplishments will not persist if we take them for granted or if we weaken our collective commitment as Canadians to (a) advancing education, science and research, (b) promoting gender equity and respect for each women’s right to control her own body, (c) embracing diversity in, and tolerance for, fellow citizens of every culture, race, language, religion and sexual orientation, (d) redressing the pain, suffering and injustice experienced by visible and other disadvantaged minorities, (d) continuously improving our public education and healthcare systems, (e) fighting boldly for our environment and against climate change, and (f) championing the cause of human rights and freedom everywhere.

NOW THEREFORE THIS SOLEMN DECLARATION SOLEMNLY WITNESSES AND DECLARES THAT:

1. the historic fight of Pierre Elliott Trudeau, what he described as the attainment of a “just society being the cherished hope of civilized men and women” must become the continuing and never-ending inspiration of all Canadians;
