

## Tablet Menu Mode Guide

Please use this guide to access and operate the free Menu Mode available through the Greenery Map app. Menu Mode allows customers to view your live product menu, learn about each strain/product, and see product reviews, cutting down time spent with budtenders. We recommend displaying Greenery Map Menu Mode on tablets throughout your dispensary and waiting room so that customers can make selections before even meeting with budtenders. When you update your inventory in your POS system, your Greenery Map menu will automatically update - no extra work for you!

1. Log into your Greenery Map for business account. From the side menu, choose **Menu Mode**.
2. Choose which store you'd like to switch Menu Mode on for. If you only have one location, you will only see the single store. Then hit 'Start Demo.'

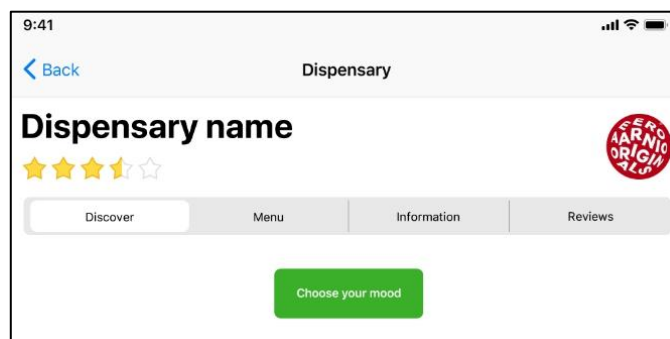

A screenshot of a tablet screen showing the "Menu Mode" setup interface. At the top, the status bar shows the time 9:41 and signal icons. Below the status bar is a header with a blue "< Back" button on the left and the title "Menu Mode" in the center. The main content area contains a paragraph: "Select the location of the dispensary that you'd like to enter menu mode for. In menu mode, you can allow customers to browse your live menu and search for products." Below this is the label "Choose your store:" followed by a list of five input fields, each labeled "Dispensary name". The second input field has a small blue checkmark icon to its right. At the bottom of the screen is a large green button with the text "Start Demo" in white.

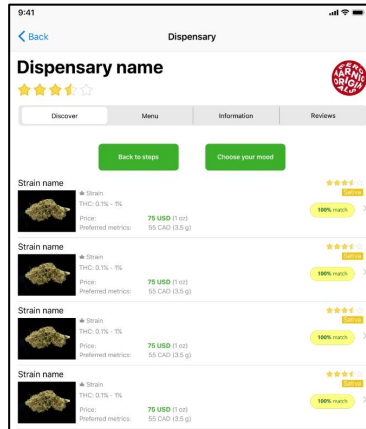

In Menu Mode, customers will have access to only the following four tabs:

1. Discover

- This gives the customer the option to 'Choose Your Mood' and find products and strains based on the mood or medicinal effect that they are trying to achieve - what Greenery Map is known for!

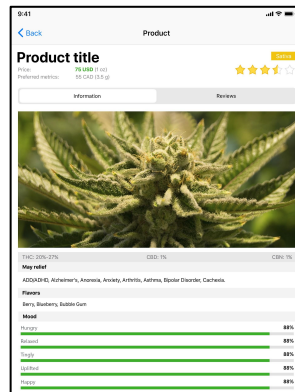

Note: Once a customer chooses their mood, they can either go *Back to Steps*, which saves their progress, or select *Choose Your Mood* again, which starts their progress over again. .

## 2. Menu

- a. A tab with your product menu. Your POS system can be integrated with Greenery Map to showcase a live menu of in-stock products.
  - i. Each product features two tabs: information about the strain and reviews of the strain.

## 3. Information

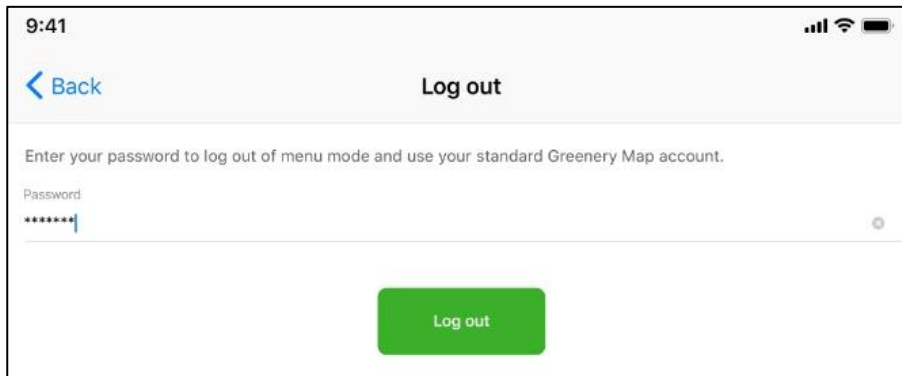

- a. Customers can learn information about your store here.

## 4. Reviews

- a. Customers can read reviews of your store here.

To **exit** Menu Mode and continue using your app however you'd like:

1. Open the side menu again and click *Exit Menu Mode*.
2. Enter your account password. This prevents customers from being able to switch out of Menu Mode.

The screenshot shows a mobile app interface for logging out. At the top, the status bar displays the time 9:41, signal strength, Wi-Fi, and battery. The app's header has a blue back arrow and the text 'Back' on the left, and 'Log out' in the center. Below the header, a message reads: 'Enter your password to log out of menu mode and use your standard Greenery Map account.' A password input field is shown with the label 'Password' and a masked password '\*\*\*\*\*'. A green 'Log out' button is centered at the bottom of the screen.
