ACTIVITY & COLORING BOOKS

Witty Publications creates children's activity & coloring books for general education, causes, and corporations. Owner and author, Darla Hall created her first activity book as a gift for a little boy who was struck by a car. She created hundreds of sports activity books and donated thousands to children in hospitals. Now, she has started her own brand of characters and has launched products that will make a difference in kid's lives. Her characters are inclusive and teach children how to treat others the way they want to be treated.
