

# TeleMedicine

**tMed** by  TITAN HST  
*The Future of (tele)Medicine!*

**Protect Your Patients.  
Protect Yourself.  
Stay Connected.**

**Lower Cost Per Visit than  
Protective Equipment Cost  
Per Visit!**

STEP **1**

## ENROLL YOUR PATIENTS & STAFF

Patients and staff will receive an email notification with instructions to log in online or via the free Titan HST mobile app.

STEP **2**

## VIDEO CALL WITH PATIENTS

Video, audio or text message including real-time translation with patients and staff.

STEP **3**

## NO CONTRACTS. NO MONTHLY FEES

Flexible payment plans available. No payment required for the first 100 days.

## SIMPLY CONNECTED.

### Easy to Use and Reliable

Log in and connect to patients in your waiting room. Save time - no need for PPE!

### 1 on 1 Consultations

Consult with a patient, or invite more doctors to help consult on a patient's case.

### Mass Broadcast

Send informational messages including video, picture and text to email, text message, mobile app, web, social media and auto call.

### Documents & Videos

Store and share documents, video, pictures and more with patients or staff.

### Custom Polling

Privately poll staff or patients regarding anything including symptoms, work attendance, etc.

### Group Conference

Mobilize resources by video chatting with up to 50 people per thread, 250 audio callers per thread or text message with an unlimited number of users without sharing phone numbers.

### Reduce Supply Cost and Save Resources

Titan HST costs less than the safety equipment required for one patient interaction.

### Real-Time Translation up to 13 Languages

Translate text communications with patients and staff bilaterally.
