

Remember Their Life, Honor Their Sacrifice

On Memorial Day, join VITAS via Zoom to commemorate your loved one's life, service, sacrifice, and military career.

This Memorial Day, VITAS® Healthcare is offering memorial services via Zoom for family members and caregivers of veterans who have died. It's our way of supporting the people who supported our nation's heroes when they returned home.

**May 25, 2020 • Remote Memorial Day Services
11 am ET and 5 pm ET • [VITAS.com/supportgroups](https://www.vitas.com/supportgroups)**

We understand that mourning is more difficult when usual rites and traditions cannot be performed in person. Register for one of our remote services and join VITAS and other military families in honoring your loved one.

Need support after the holiday? VITAS offers remote bereavement support over the phone and video platforms. Call or visit our website to learn more.
