**URANIUM PARTICIPATION CORPORATION REPORTS ESTIMATED NET ASSET VALUE,  
LOCATION SWAP, URANIUM PURCHASE AND URANIUM SALES AT JUNE 30, 2020**

TORONTO, JULY 8, 2020 -- Uranium Participation Corporation ("UPC") (TSX:U) reports its estimated net asset value at June 30, 2020 was CAD\$780.1 million or CAD\$5.71 per share. As at June 30, 2020, UPC's uranium investment portfolio consisted of the following:

(in thousands of Canadian dollars, except quantity amounts)	Quantity	Fair Value
<b>Investments in Uranium:</b>		
Uranium oxide in concentrates ("U <sub>3</sub> O <sub>8</sub> ")	15,897,087 lbs	\$ 706,264
Uranium hexafluoride ("UF <sub>6</sub> ")	500,000 KgU	\$ 67,799
		\$ 774,063
U <sub>3</sub> O <sub>8</sub> fair value <sup>1</sup> per pound:		
- In Canadian dollars <sup>1</sup>		\$ 44.43
- In United States dollars		\$ 32.60
UF <sub>6</sub> fair value <sup>1</sup> per KgU:		
- In Canadian dollars <sup>1</sup>		\$ 135.60
- In United States dollars		\$ 99.50

<sup>1</sup> Fair values are month-end spot prices published by Ux Consulting Company, LLC, translated at the Bank of Canada's month-end daily exchange rate of \$1.3628.

On the last trading day of June 2020, the common shares of UPC closed on the TSX at a value of CAD\$4.58, which represents a 19.79% discount to the net asset value of CAD\$5.71 per share.

On April 14, 2020, UPC announced that it had received approval from the TSX to acquire for cancellation, by way of a normal course issuer bid ('NCIB'), up to 12,301,750 common shares of the Corporation, during the period from April 16, 2020 to April 15, 2021. The Corporation did not repurchase any shares under the NCIB during June 2020.

During June 2020, the Corporation entered into a uranium location swap with an independent third party, whereby the Corporation delivered 200,000 pounds of U<sub>3</sub>O<sub>8</sub> to the counterparty at a storage facility and received 220,000 pounds of U<sub>3</sub>O<sub>8</sub> at an alternate storage facility.

As previously reported (in UPC's news release dated November 14, 2019), UPC has entered into commitments to sell the conversion component contained in 300,000 KgU as UF<sub>6</sub> ("Conversion Sale") and to purchase a total of 230,000 pounds of U<sub>3</sub>O<sub>8</sub> ("Uranium Purchase"). The Conversion Sale will result in the exchange of 300,000 KgU as UF<sub>6</sub> for 783,856 pounds of U<sub>3</sub>O<sub>8</sub> and cash consideration of USD\$6,087,000, and will occur in three equal tranches of 100,000 KgU as UF<sub>6</sub> for delivery in January 2020, June 2020, and July 2020. The Uranium Purchase involves the acquisition of three tranches of 100,000 pounds U<sub>3</sub>O<sub>8</sub>, 76,300 pounds U<sub>3</sub>O<sub>8</sub>, and 53,700 pounds U<sub>3</sub>O<sub>8</sub>, for delivery in October 2019, January 2020, and June 2020, respectively, at an average price of USD\$26.04. In October 2019, UPC took delivery of the first tranche of 100,000 pounds U<sub>3</sub>O<sub>8</sub>. In January 2020, the first Conversion Sale was completed which resulted in an exchange of 100,000 KgU as UF<sub>6</sub> for 261,285 pounds of U<sub>3</sub>O<sub>8</sub>, and UPC also took delivery of the Uranium Purchase's second tranche of 76,300 pounds U<sub>3</sub>O<sub>8</sub>. In June 2020, the second tranche of the Conversion Sale was completed, which resulted in an exchange of 100,000 KgU as UF<sub>6</sub> for 261,285 pounds of U<sub>3</sub>O<sub>8</sub>, and UPC took delivery of 53,700 pounds of U<sub>3</sub>O<sub>8</sub> from the last tranche of the Uranium Purchase.

In addition, during the month of June, the Corporation entered into agreements to sell 100,000 pounds of U<sub>3</sub>O<sub>8</sub> at a weighted average price of US\$32.63, for estimated gross proceeds of CAD\$4,424,000. These transactions have not been reflected in the uranium holdings above, as delivery and settlement will occur in July 2020. The net proceeds generated by the June 2020 uranium sales are expected to be utilized to replenish the Corporation's working capital and to fund future share repurchases.

Following the completion of the various uranium transactions described above, UPC expects to hold a total of 16,058,372 pounds U<sub>3</sub>O<sub>8</sub>, and 400,000 KgU as UF<sub>6</sub>.

## ***About Uranium Participation Corporation***

Uranium Participation Corporation is a company that invests substantially all of its assets in uranium oxide in concentrates ("U<sub>3</sub>O<sub>8</sub>") and uranium hexafluoride ("UF<sub>6</sub>") (collectively "uranium"), with the primary investment objective of achieving appreciation in the value of its uranium holdings through increases in the uranium price. UPC provides investors with a unique opportunity to gain exposure to the price of uranium without the resource or project risk associated with investing in a traditional mining company. Additional information about Uranium Participation Corporation is available on SEDAR at [www.sedar.com](http://www.sedar.com) and on UPC's website at [www.uraniumparticipation.com](http://www.uraniumparticipation.com).

## ***Caution Regarding Forward-Looking Information***

This press release contains certain forward-looking statements and forward-looking information that are based on UPC's current internal expectations, estimates, projections, assumptions and beliefs. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intent", "estimate", "anticipate", "plan", "should", "believe" or "continue" or the negative thereof or variations thereon or similar terminology and include statements with respect to the NCIB and UPC's plans with respect thereto; UPC's investment objectives, its uranium holdings, the transactions entered into with third parties, and agreements with respect thereto.

By their very nature, forward-looking statements involve numerous factors, assumptions and estimates. A variety of factors, many of which are beyond the control of UPC, may cause actual results to differ materially from the expectations expressed in the forward-looking statement. These factors include, but are not limited to, changes in commodity prices and foreign exchange as well as the risk that UPC will not obtain the anticipated benefits of its agreements with third parties. For a description of the principal risks of UPC, see "Risk Factors" in UPC's Annual Information Form dated May 27, 2020 for the fiscal year ended February 29, 2020, a copy of which is available at [www.sedar.com](http://www.sedar.com).

These and other factors should be considered carefully, and readers are cautioned not to place undue reliance on these forward-looking statements. Although management reviews the reasonableness of its assumptions and estimates, unusual and unanticipated events may occur which render them inaccurate. Under such circumstances, future performance may differ materially from those expressed or implied by the forward-looking statements. Except where required under applicable securities legislation, UPC does not undertake to update any forward-looking information statement.
