3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

COVID-19 Impact

On March 11, 2020, the World Health Organization declared the novel Coronavirus (COVID-19) as a global pandemic. In response, governments worldwide enacted emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses resulting in a global economic slowdown as well as significant volatility in equity markets. As at June 30, 2020, BGSi is not able to reliably forecast the severity or duration of the impact that COVID-19 will have on the economy, or on BGSi's operations.

4. CHANGES IN ACCOUNTING POLICIES

BGSi has adopted the amendments to IFRS 3, *Business Combinations*. These amendments change the definition of a business and provide entities additional guidance to determine if the set of processes and assets acquired represents a business. The amendments apply to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 1, 2020.

BGSi has determined that there is no material impact on adoption.

Government grants are recognized at their fair value in accordance with *IAS 20, Accounting for Government Grants and Disclosure of Government Assistance*, when there is reasonable assurance that the grant will be received and any specified conditions are met.

Grants received in relation to COVID-19 relief are recorded in the statement of earnings as a reduction of cost of sales and operating expenses when it is determined there is reasonable assurance the grants will be received.

5. CORPORATE CONVERSION

On January 1, 2020, Boyd Group Income Fund was converted from an income trust to a public corporation named Boyd Group Services Inc., pursuant to a plan of arrangement (the "Arrangement") under the Canada Business Corporations Act. The Arrangement received all required unitholder, trustee, court, TSX and regulatory approvals, as well as approval from the shareholders of Boyd Group Holdings Inc. ("BGHI").

The trust units were previously traded on the TSX under the symbol "BYD.UN" and were delisted as part of the Arrangement. The shares of the Company began trading on the TSX on January 2, 2020 and are listed under the symbol "BYD".

As a result of the Arrangement, unitholders of the Fund received one BGSi common share for each Fund unit held by the unitholder as at December 31, 2019. BGHI Class A common shareholders also received one BGSi common share for each BGHI Class A common share held as at December 31, 2019.

All assets and liabilities of the Company have been recorded at their previous carrying amounts at the date of conversion and the consolidated financial statements as at, and for the three and six months ended, June 30, 2020 and comparatives for the year ended December 31, 2019 and the three and six months ended June 30, 2019 reflect the financial position, operating results and cash flows as if the Company had always carried on the business formerly carried on by the Fund.

6. ACQUISITIONS

The Company completed 4 acquisitions that added 17 locations during the six months ended June 30, 2020 as follows:

Acquisition Date	Location

NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

For the three and six months ended June 30, 2020 and 2019

(thousands of Canadian dollars, except unit, share and per unit/share amounts)

The preliminary purchase prices for the 2020 acquisitions may be revised as additional information becomes available. Further adjustments may be recorded in future periods as purchase price adjustments are finalized.

U.S. acquisition transactions are initially recognized in Canadian dollars at the rates of exchange in effect on the transaction dates. Subsequently, the assets and liabilities are translated at the rate in effect at the Statement of Financial Position date.

A significant part of the goodwill recorded on the acquisitions can be attributed to the assembled workforce and the operating know-how of key personnel. However, no intangible assets qualified for separate recognition in this respect.

Goodwill recognized during 2020 is expected to be deductible for tax purposes.

The results of operations reflect the revenues and expenses of acquired operations from the date of acquisition. Revenue contributed by acquisitions since being acquired were \$4,917. Net losses incurred by acquisitions since being acquired were \$706. If 2020 acquisitions had been acquired on January 1, 2020, BGSI's net earnings for the six months ended June 30, 2020 would have been \$15,120.

The COVID-19 pandemic has brought significant disruption to the worldwide economy and significantly impacted the Company's sales as demand for services decreased. COVID-19 continues to have an impact on operations which has resulted in lower financial performance than initial budgeted expectations. As such, the ongoing impact of COVID-19 continues to be a trigger to assess the carrying amount of goodwill as at June 30, 2020.

BOYD GROUP SERVICES INC.
NOTES TO INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

For the three and six months ended June 30, 2020 and 2019

(thousands of Canadian dollars, except unit, share and per unit/share amounts)

BGSI has used the fair value less costs to sell method to evaluate the carrying amount of goodwill. The key assumptions used in the assessment include an estimate of current and future cash flows, taxes, future acquisition growth, future capital expenditures, a long term growth rate of 2% to 3% and a weighted average cost of capital of 7% to 8%. After this evaluation, BGSI concluded that there was no impairment to the carrying amount of goodwill as at June 30, 2020.

The purchase price allocation adjustments represent balance sheet reclassifications between property, plant and equipment and goodwill within the measurement period for certain 2019 acquisitions.

11. DISTRIBUTIONS AND DIVIDENDS

The Company's Directors have discretion in declaring dividends. The Company declares and pays dividends from its available cash from operations taking into account current and future performance amounts necessary for principal and interest payments on debt obligations, amounts required for maintenance capital expenditures and amounts allocated to reserves. As of January 2, 2020, the Company's dividend has changed from monthly to quarterly dividend distribution to all BGSI common shareholders. Prior to The Arrangement, Boyd's policy was to declare and pay monthly distributions to unitholders and monthly dividends on the exchangeable Class A shares.

Dividends to shareholders were declared and paid as follows:

Record date	Payment date	Dividend per Share		Dividend amount

12. LONG-TERM DEBT

The Company has a credit facility agreement expiring in March 2025 which consists of a revolving credit facility of \$550,000 U.S. with an accordion feature which can increase the facility to a maximum of \$825,000 U.S. The revolving credit facility is accompanied by a seven-year fixed-rate Term Loan A in the amount of \$125,000 U.S. at an interest rate of 3.455%. The facility is with a syndicate of Canadian and U.S. banks and is secured by the shares and assets of the Company as well as guarantees by BGSi, BGIF, BGHI, and subsidiaries. The interest rates for draws on the revolver are based on a pricing grid of BGSi's ratio of total funded debt to EBITDA as determined under the credit agreement. The Company can draw the facility in either the U.S. or in Canada, in either U.S. or Canadian dollars. The Company can make draws in tranches as required. Tranches bear interest only and are not repayable until the maturity date but can be voluntarily repaid at any time. The Company has the ability to choose the base interest rate between Prime, Bankers Acceptances ("BA"), U.S. Prime or London Inter Bank Offer Rate ("LIBOR"). The total syndicated facility includes a swing line up to a maximum of \$10,000 U.S. in Canada and \$30,000 U.S. in the U.S. At June 30, 2020, the Company has drawn \$220,000 U.S. (December 31, 2019 - \$158,300 U.S.) and \$135,000 Canadian (December 31, 2019 - \$134,000) on the revolving credit facility and \$125,000 U.S. (December 31, 2019 - \$nil) on the Term Loan A.

Under the revolving credit facility and Term Loan A, the Company is subject to certain financial covenants which must be maintained to avoid acceleration of the termination of the credit agreement. The financial covenants require BGSi to maintain a senior debt to EBITDA ratio of less than 3.50 and an interest coverage ratio of greater than 2.75. For four quarters following a material acquisition, the senior debt to EBITDA ratio may be increased to less than 4.00.

During the second quarter of 2020, the Company amended certain financial covenants under the revolving credit facility to provide additional covenant headroom. While the Company has not breached any covenants to date, this amendment is intended to prevent the effects of the COVID-19 pandemic from distorting the covenant calculations and distracting the Company or its lenders from the prudent management of the business over the quarters ahead. The amendments include a suspension to Boyd's requirement to comply with its leverage and interest coverage covenants from July 1, 2020 to December 30, 2020, as well as to provide more flexibility in the calculation of such covenants beginning with the second quarter of 2020 and through the second quarter of 2021. Effective July 1, 2020 to June 30, 2021 inclusive, for the purposes of testing any financial covenants on a trailing twelve month period, the Company will be permitted to replace the EBITDA for the second and third quarters of 2020 with the EBITDA for the second and third quarters of 2019. In addition, the senior funded debt to EBITDA ratio will be increased to no greater than 4.00 to June 30, 2020. From December 31, 2020 to June 29, 2021, the senior funded debt to EBITDA ratio will be no greater than 3.75. For four quarters following a material acquisition during the December 31, 2020 to June 29, 2021 timeframe, the senior debt to EBITDA ratio may be increased to no greater than 4.00. During the suspension period, the Company is required to meet a minimum liquidity covenant of \$150,000 U.S., which, given the Company's cash position and undrawn facilities, is not expected to be burdensome.

Deferred finance costs of \$859 were incurred in 2017 to complete the second amended and restated credit agreement. These fees were amortized to finance costs on a straight line basis over the five year term of the second amended and restated credit agreement until March 17, 2020 when the third amended and restated credit agreement was signed. At that time, the unamortized deferred financing costs of \$415 were recorded as finance costs. Financing costs of \$1,841 incurred during 2020 to complete the third amended and restated credit agreement have been deferred. These fees are amortized to finance costs on a straight line basis over the five year term of the third amended and restated credit agreement and over the seven year term for fees

For the Company's current financial assets and liabilities, including accounts receivable, accounts payable and accrued liabilities, and distributions and dividends payable, which are short term in nature and subject to normal trade terms, the carrying values approximate their fair value. As there is no ready secondary market for the BGS's long-term debt, the fair value has been estimated using the discounted cash flow method. The fair value using the discounted cash flow method is approximately equal to carrying value. The fair value for the non-controlling interest call liability / put option is based on the estimated cash payment or receipt necessary to settle the contract at the Statement of Financial Position date. Cash payments or receipts are based on discounted cash flows using current market rates and prices and adjusted for credit risk.

Collateral

The Company's syndicated loan facility is collateralized by a General Security Agreement. The carrying amount of the financial assets pledged as collateral for this facility at June 30, 2020 was approximately \$581,175 (December 31, 2019 - \$148,216).

Non-controlling interest call liability / put option

On May 31, 2013, in connection with the acquisition of Glass America, the Company amended and restated the limited liability company agreement of Gerber Glass LLC (the "Gerber Glass Company Agreement") which provides a member of its U.S. management team the opportunity to participate in the future growth of the Company's U.S. glass business. Within the agreement was a put option held by the non-controlling member that provided the member an option to put the business back to the Company according to a valuation formula defined in the agreement. On October 31, 2016, the Company amended the Gerber Glass Company Agreement. The put option held by the non-controlling member continued to provide the member an option to put the business back to the Company according to a valuation formula defined in the Gerber Glass Company Agreement until June 26, 2020 when the Company provided notice of exercise of the call option. All fair value changes in the estimated liability are recorded in earnings.

The liability recognized in connection with the call liability / put option has been calculated using a formula defined in the applicable limited liability company agreement. The formula for the U.S. management team member put option / call liability is based on a multiple of EBITDA, as defined in the agreement.

The change in the non-controlling interest call liability / put option is summarized as follows:

	June 30, 2020		December 31, 2019	
	Glass-business operating partner	Glass America non-controlling	Glass-business operating partner	Glass America non-controlling interest
Balance, beginning of period	\$ 4,515	\$ —	\$ 6,905	\$ 13,651

Foreign exchange	306	—	(262)	(499)
Balance, end of period	\$ 1,291	\$ —	\$ 4,515	\$ —

During the first six months of 2020, a fair value adjustment recovery in the amount of \$3,530 (2019 – recovery of \$3,583) was recorded to earnings related to the non-controlling interest put option and call liability.

16. SHARE CAPITAL

Shareholders' Capital

Authorized:

Unlimited number of common shares

An unlimited number of common shares are authorized and may be issued pursuant to the Articles of Incorporation of BGSi. All common shares have equal rights and privileges. Each common share is redeemable and transferable. A common share entitles the holder thereof to participate equally in dividends, including the dividends of net earnings and net realized capital gains of BGSi and dividends on termination or winding-up of BGSi, is fully paid and non-assessable and entitles the holder thereof to one vote at all meetings of shareholders for each share held.

On January 2, 2020, BGSi announced the completion of the conversion of the Fund from an income trust to a public corporation, pursuant to the plan of Arrangement under the Canada Business Corporations Act. Issuance costs, net of tax, of \$864 have been deducted from equity as a result of the Arrangement. 184,813 Class A common shares exchanged for BGSi common shares as a result of the Arrangement increased equity by \$37,332.

On May 14, 2020, BGSi completed a bought deal public offering where it sold to an underwriting syndicate 1,265,000 common shares out of treasury at a price of \$183.00 per share for net proceeds of \$231,495. Issuance costs, net of tax, of \$7,271 were netted against the gross proceeds.

17. SEASONALITY

BGSi's financial results for any individual quarter are not necessarily indicative of results to be expected for the full year. Interim period revenues and earnings are typically sensitive to regional and local weather, market conditions, and in particular, to cyclical variations in economic activity.

18. SEGMENTED REPORTING

BGSI has one reportable line of business, being automotive collision repair and related services, with all revenues relating to a group of similar services. In this circumstance, IFRS requires BGSI to provide geographical disclosure. For the periods reported, all of BGSI's revenues were derived within Canada or the United States of America. Reportable assets include property, plant and equipment, right of use assets, goodwill and intangible assets which are all located within these two geographic areas.

22. SUBSEQUENT EVENTS

On June 26, 2020, an option exercise notice was given to a member of the U.S. management team that BGSI intended to exercise its call option and acquire the remaining 21.16% non-controlling interest in Gerber Glass LLC. The option exercise notice was subject to agreement of both parties based on the option exercise price. As at the interim reporting date of June 30, 2020, negotiations were ongoing and therefore the circumstances as at the date of reporting did not meet the recognition and measurement principals in accordance with *IAS 10, Events After the Reporting Period* to adjust the Statements of Financial Position and Statement of (Loss) Earnings.

On July 31, 2020, the call option transaction to acquire the 21.16% non-controlling interest in Gerber Glass LLC held by a member of the U.S. management team was completed, and BGSI acquired the 21.16% non-controlling interest in Gerber Glass LLC for \$1,300 U.S. dollars.
