## About AppGallery

AppGallery is a smart and innovative ecosystem that allows developers to create unique experiences for consumers. Our unique HMS Core allows apps to be integrated across different devices, delivering more convenience and a smoother experience – and this is part of our wider 1+8+N strategy at Huawei. With the AppGallery, our vision is to make it an open, innovative app distribution platform that is accessible to consumers, and at the same time, strictly protect users' privacy and security while providing them with a unique and smart experience. Being one of the top three app marketplaces globally, AppGallery offers a wide variety of global and local apps across 18 categories including navigation & transport, news, social media, and more. AppGallery is available in more than 170 countries and regions with 460 million monthly active users globally. Within H1 2020, total downloads from AppGallery have reached 184 billion times.
