A virtual, blended learning experience.

We practice what we preach: all sessions are available online in a blended learning format. In addition, to live sessions on June 21-22, 2021, you'll be able to interact with presenters and attendees asynchronously to build your knowledge and network and improve your instructional leadership skills.

Central Unified School District - McKinley Elementary

"I really appreciated that I could go back and watch sessions that I was unable to watch the first time. I also enjoyed that it was digital, so I could enjoy the conference from the comfort of home. I feel like finding conferences with so many amazing speakers close to home can be difficult, and it was great I didn't have to travel and stay the night anywhere."
