1.0 Preface

1.1 Definitions

In this document, the terms “we”, “us”, “our”, “Company”, “Canadian Tire Corporation”, “CTC”, and “Corporation” refer to Canadian Tire Corporation, Limited, on a consolidated basis. This document also refers to the Corporation’s three reportable operating segments: the “Retail segment”, the “Financial Services segment”, and the “CT REIT segment”.

The financial results for the Retail segment are delivered by the businesses operated by the Company under the Company’s retail banners, which include Canadian Tire, PartSource, Petroleum, Gas+, Party City, Mark’s, Mark’s Work Wearhouse, L’Équipeur, Helly Hansen, SportChek, Sports Experts, Atmosphere, Pro Hockey Life (“PHL”), National Sports, Sports Rousseau, and Hockey Experts.

In this document:

“Canadian Tire” refers to the general merchandise retail and services businesses carried on under the Canadian Tire, PartSource, PHL, and Party City names and trademarks, and the retail petroleum business carried on by Petroleum.

“Canadian Tire stores” and “Canadian Tire gas bars” refer to stores and gas bars (which may include convenience stores, car washes, and propane stations) that operate under the Canadian Tire and Gas+ names and trademarks.

“Owned Brands” refers to brands owned by the Company and are managed by the consumer brands division of the Retail segment.

“CT REIT” refers to the business carried on by CT Real Estate Investment Trust and its subsidiaries, including CT REIT Limited Partnership (“CT REIT LP”).

“Financial Services” refers to the business carried on by the Company’s Financial Services subsidiaries, namely Canadian Tire Bank (“CTB” or “the Bank”) and CTFS Bermuda Ltd. (“CTFS Bermuda”), a Bermuda reinsurance company.

“Helly Hansen” refers to the international wholesale and retail businesses that operate under the Helly Hansen and Musto brands.

“Jumpstart” refers to Canadian Tire Jumpstart Charities.

“Mark’s” refers to the retail and commercial wholesale businesses carried on by Mark’s Work Wearhouse Ltd., and “Mark’s stores” including stores that operate under the Mark’s, Mark’s Work Wearhouse, and L’Équipeur names and trademarks.

“PartSource stores” refers to stores that operate under the PartSource name and trademarks.

“Party City” refers to the party supply business that operate under the Party City name and trademarks in Canada.

“Petroleum” refers to the retail petroleum business carried on under the Canadian Tire and Gas+ names and trademarks.

“SportChek” refers to the retail business carried on by FGL Sports Ltd., including stores that operate under the SportChek, Sports Experts, Atmosphere, Sports Rousseau, and Hockey Experts names and trademarks.

Other terms that are capitalized in this document are defined the first time they are used.

This document contains trade names, trademarks, and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the ® or TM symbol.

1.2 Forward-Looking Statements

This Management's Discussion and Analysis ("MD&A") contains statements that are forward-looking and may constitute "forward-looking information" within the meaning of applicable securities legislation. Actual results or events may differ materially from those forecasted and from statements of the Company's plans or aspirations that are made in this MD&A because of the risks and uncertainties associated with the Corporation's businesses and the general economic environment. The Company cannot provide any assurance that any forecasted financial or operational performance, plans, or aspirations will actually be achieved or, if achieved, will result in an increase in the Company's share price. Refer to section 12.0 in this MD&A for a more detailed discussion of the Company's use of forward-looking statements.

1.3 Review and Approval by the Board of Directors

The Board of Directors, on the recommendation of its Audit Committee, approved the contents of this MD&A on August 11, 2021.

1.4 Quarterly and Annual Comparisons in the MD&A

Unless otherwise indicated, all comparisons of results for Q2 2021 (26 weeks ended July 3, 2021) are compared against Q2 2020 (26 weeks ended June 27, 2020).

Comparison of results for Q2 2021 is also made against Q2 2019 in the commentary throughout this MD&A so as to provide a more meaningful comparison of results against the last comparable quarter prior to the onset of the COVID-19 pandemic.

1.5 Accounting Framework

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), also referred to as Generally Accepted Accounting Principles ("GAAP"), using the accounting policies described in Note 3 to the Company's 2020 Consolidated Financial Statements.

1.6 Accounting Estimates and Assumptions

The preparation of the Company's condensed interim consolidated financial statements that conform to IFRS requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the condensed interim consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Refer to section 7.1 in this MD&A for further information.

1.7 Key Operating Performance Measures and Additional GAAP and Non-GAAP Financial Measures

The Company has identified several key operating performance measures and non-GAAP financial measures which Management believes are useful in assessing the performance of the Company; however, readers are cautioned that some of these measures may not have standardized meanings under IFRS and, therefore, may not be comparable to similar terms used by other companies. Refer to section 7.3.1 and 7.3.2 for additional information on these metrics.

1.8 Rounding and Percentages

Rounded numbers are used throughout the MD&A. All year-over-year percentage changes are calculated on whole dollar amounts except in the presentation of basic and diluted earnings per share ("EPS"), in which year-over-year percentage changes are based on fractional amounts.

1.9 Forward Looking Financial Information

Given the ongoing uncertainty regarding the duration and severity of COVID-19 and its impact on the economy, consumer demand, and operations, the Company believes it is not appropriate at this time to provide forward-looking financial information with respect to its financial aspirations and expectations relating to its capital expenditures and annual effective tax rate.

2.0 Company and Industry Overview

Canadian Tire Corporation, Limited (TSX: CTC.A) (TSX: CTC) is a family of businesses that includes a Retail segment, a Financial Services segment and CT REIT. Our retail business is led by Canadian Tire, which was founded in 1922 and provides Canadians with products for life in Canada across its Living, Playing, Fixing, Automotive and Seasonal & Gardening divisions. PartSource, Gas+, Party City and Pro Hockey Life are key parts of the Canadian Tire network. The Retail segment also includes Mark's a leading source for casual and industrial wear; and SportChek, Hockey Experts, Sports Experts, Intersport and Atmosphere, which offer the best active wear brands. The approximately 1,731 retail and gasoline outlets are supported and strengthened by our Financial Services segment and the tens of thousands of people employed across Canada and around the world by the Company and its Canadian Tire Associate Dealers ("Dealers"), franchisees and petroleum retailers. In addition, Canadian Tire Corporation owns Helly Hansen, a leading global brand in sportswear and workwear based in Oslo, Norway, whose results are included in the Retail segment. A description of the Company's business and select core capabilities can be found in the Company's 2020 Annual Information Form ("2020 AIF"), including section 2 "Description of the Business" and on the Company's Corporate (<https://corp.canadiantire.ca/English/home/default.aspx>) and Investor Relations (<https://corp.canadiantire.ca/English/investors/default.aspx>) websites.

3.0 Financial Performance

3.1 Consolidated Financial Performance

3.1.1 Consolidated Financial Results

(C\$ in millions, except where noted)	Q2 2021	Q2 2020	Change	YTD Q2 2021	YTD Q2 2020	Change

Non-controlling interest percentage 50.0% (2020 – 50.0%)	0.5	(0.4)	0.5	(0.4)
Net income attributable to non-controlling interests	\$ 35.5	\$ 22.3	\$ 70.1	\$ 47.8

Operational Efficiency program

During the second quarter of 2021, the Company continued to execute its Operational Efficiency program and related initiatives and remains committed and on track to deliver its targeted \$200+ million in annualized savings by 2022.

Normalizing Items

The results of operations in the second quarter of 2021 and 2020 include costs related to the Company's Operational Efficiency program which were considered as normalizing items. During the quarter, the Company incurred costs amounting to \$1.7 million related to inventory write-downs which were included in the cost of producing revenue and \$5.1 million mainly in IT-project related costs and severance costs related to various initiatives within the Operational Efficiency program.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Operational Efficiency program	\$ 6.8	\$ 6.3	\$ 15.5	\$ 13.8

Normalized results are non-GAAP measures and do not have standardized meanings under IFRS and, therefore, may not be comparable to similar terms used by other companies. For further information and a reconciliation to GAAP measures, refer to section 7.3.2 in this MD&A.

Consolidated Results Commentary

Diluted EPS for the second quarter of 2021 was \$3.64 per share, \$3.97 higher compared to the prior year. Normalized diluted EPS was \$3.72, \$3.97 higher compared to the prior year, driven by strong growth in gross margin dollars attributable to strong revenue growth across all Retail segment banners led by Canadian Tire which had higher shipments to Dealers. Retail segment normalized income before taxes was \$215.4 million, up \$275.3 million compared to a loss of \$59.9 million in the prior year, and retail revenue was \$3,623.2 million, an increase of 27.1 percent, compared to the prior year. The normalized Retail gross margin dollars were \$1,072.8 million, growing 41.7 percent, excluding Petroleum, compared to the prior year. Normalized Retail gross margin rate, excluding Petroleum, was up by 430 bps driven by Canadian Tire, SportChek and Mark's. Canadian Tire's margin rate improved due primarily to favourable product and pricing mix, partially offset by higher freight costs, compared to prior year. SportChek and Mark's margin rate improved due to higher in-store sales and fewer promotions and markdowns compared to the prior year. Retail segment normalized selling, general and administrative ("SG&A") expenses were \$903.2 million, an increase of \$109.4 million, mainly related to volume-related costs, in supply chain, higher personnel expense as Q2 2020 included a mark-to-market gain on the Company's equity hedges related to share-based compensation awards in the prior year, partially offset by lower COVID-19 related costs, and savings from the Operational Efficiency program. Normalized SG&A adjusted for rent expense (excluding depreciation and amortization) and excluding Petroleum as a percentage of revenue was 24.4 percent, favourable by 105 bps as the strong revenue growth outpaced the increase in SG&A expenses.

The Financial Services segment income before taxes was \$125.3 million, an increase of 145.7 percent, partially attributable to a \$31.2 million reduction in the expected credit loss ("ECL") allowance for loans receivable compared to an increase of \$44.3 million in allowance in the prior year. The reduction in the ECL allowance was due to the continued strength in portfolio metrics, as evidenced by the continuation of strong payment rates and favourable delinquency rates. Despite improvements in overall risk, Management continues to assess allowance with consideration for the level of uncertainty given continued financial stimulus, recent lockdowns and new Coronavirus ("COVID-19") variants of concern, among other indicators of economic health.

During the quarter, the Company continued to execute wide-ranging measures to support its businesses and protect the health and well-being of its employees, customers, Dealers and franchisees along with supporting local communities.

In the second quarter of 2021, in compliance with advisories and directives issued by local government authorities, the Company experienced varying degrees of restrictions on its Retail segment store operations ranging from temporary store closures, temporary restrictions on the sale of certain product categories, restrictions on store operating hours and in-store capacity restrictions across its retail store network throughout Canada and its foreign operations at Helly Hansen. Refer to section 3.2 for further details concerning restrictions on the Company's retail store network operations during the quarter. While these restrictions continue to influence the financial performance of the Company, the impact to support the changing requirements have been absorbed into the day-to-day operations of the Company.

As disclosed in the Q2 2020 MD&A, the Company's consolidated financial results in Q2 2020, not including the loss in revenue resulting from temporary store closures at SportChek and Mark's banners, were negatively impacted by \$41.7 million or \$0.57 EPS due to the impact of COVID-19 related market disruptions on the Retail segment. A description of that impact is below:

- \$41.2 million of additional operating expenses directly attributable to the Company's COVID-19 efforts, including a special support payment for active front line employees and enhanced safety protocols for employees and customers, which are included in SG&A expenses;
- \$27.9 million of impairment costs related to the impact that the macro economic environment was expected to have on the timing and execution of certain growth strategies related to the Company's Musto sailing brand and on future cash flows for select SportChek stores which was included in other (income) expense; and
- \$27.4 million additional net income due to the recovery in share price from the Q1 2020 quarter end resulting in a mark-to-market adjustment on the Company's equity hedges related to share-based compensation awards, included in the SG&A expenses.

Consolidated Results Commentary *(continued)*

	Q2 2021	Year-to-Date
Consolidated Results Summary	<p>▲ Diluted EPS: \$3.97 per share</p> <ul style="list-style-type: none"> Consolidated revenue for the quarter was \$3,918.5 million, an increase of \$756.7 million, or 23.9 percent. Excluding Petroleum, consolidated revenue of \$3,517.7 million increased 20.4 percent compared to the prior year, mainly attributable to revenue growth in the Retail segment despite being impacted by continued COVID-19 related restrictions, which was partially offset by lower revenue in the Financial Services segment. Retail segment revenue increased across all banners led by strong growth at Canadian Tire. The revenue decline in the Financial Services segment was mainly attributable to lower credit charges resulting from lower receivable volumes compared to the prior year. Consolidated gross margin dollars were \$1,345.0 million, an increase of \$404.3 million, or 43.0 percent, normalized consolidated gross margin dollars were \$1,346.7 million, or a 43.2 percent increase compared to prior year. The increase in gross margin dollars was primarily attributable to the Retail segment driven by strong growth across all Retail banners, in particular Canadian Tire. The Financial Services segment also contributed to the increase in gross margin, attributable to a decrease in the ECL allowance and lower write offs net of recoveries compared to the prior year. Other income was \$9.2 million, an increase of \$42.0 million, from an expense of \$32.8 million in the prior year, mainly attributable an impairment charge of \$27.9 million in the Retail segment in the prior year. No such impairment was recorded in the current quarter. Non-operational foreign exchange gains, and higher real estate related gains in the current year also contributed to the increase in income. Consolidated SG&A expenses were \$940.5 million, an increase of \$110.3 million or 13.3 percent, and normalized consolidated SG&A was \$935.4 million, an increase of \$111.5 million or 13.5 percent, compared to the prior year. The increase in SG&A was mainly in the Retail segment due to volume-related costs, and higher variable compensation costs, partially offset by savings from the Operational Efficiency program. <p>Prior year included net cost of \$13.8 million relating to additional expenses directly attributable to the Company's COVID-19 efforts. These included premium pay and a mark-to-market adjustment on the Company's equity hedges related to the share-based compensation awards.</p>	<p>▲ Diluted EPS: \$6.66 per share</p> <ul style="list-style-type: none"> Consolidated revenue was \$7,241.4 million, an increase of \$1,231.3 million, or 20.5 percent. Excluding Petroleum, consolidated revenue of \$6,497.4 million increased 20.7 percent driven by the revenue growth in the Retail segment despite being impacted by continued COVID-19 related restrictions, partially offset by a decline in revenue in the Financial Services segment. Retail segment revenue increase was driven by strong growth across all banners led by Canadian Tire. The revenue decline in the Financial Services segment was mainly attributable to lower credit charges resulting from lower receivable volumes compared to the prior year. Consolidated gross margin dollars were \$2,531.4 million an increase of \$651.5 million, or 34.7 percent. Normalized gross margin dollars were \$2,533.1 million, an increase of by \$653.2 million or 34.7 percent, which is primarily attributable to the Retail segment driven by strong growth across all banners led by Canadian Tire. The Financial Services segment also contributed to the increase in gross margin, attributable to a decrease in the ECL allowance of \$52.3 million and lower write offs net of recoveries compared to the prior year. Other income was \$26.0 million, an increase of \$50.2 million, from an expense of \$24.2 million in the prior year, mainly attributable to the Retail segment, relating to an impairment charge of \$27.9 million in the prior year, and non-operational foreign exchange gains and higher real estate related gains compared to the prior year. Consolidated SG&A expenses were \$1,831.9 million, an increase of \$125.0 million or 7.3 percent. Normalized consolidated SG&A expenses were \$1,818.1 million, an increase of \$125.0 million or 7.4 percent. This increase was mainly attributable to higher SG&A expenses particularly in the Retail segment due to higher volume-related costs primarily in supply chain, partially offset by COVID-19 related costs in the prior year that were not included in the current year and savings from the Operational Efficiency program.

Consolidated Results Commentary (continued)

Q2 2021	Year-to-Date
<ul style="list-style-type: none"> Net finance costs during the quarter were \$56.2 million, which was lower by 18.8 percent, primarily due to lower short-term funding volume and lower rates compared to the prior year. Income taxes for the quarter was an expense of \$98.4 million, compared to an expense of \$6.0 million in the prior year, primarily due to higher income and higher non-deductible stock-option expense in the quarter. Normalized diluted EPS in the quarter was \$3.72, compared to a loss of \$0.25 in the prior year. The increase in earnings was led by strong growth in the Retail segment and an increase in earnings in the Financial Services segment. 	<ul style="list-style-type: none"> Net finance costs were \$113.5 million, which were lower by 17.5 percent, primarily due to lower short-term funding volume and lower rates compared to the prior year. Income taxes for the period was \$166.5 million compared to a recovery of \$3.3 million, an increase of \$169.8 million compared to the prior year due to higher income and higher non-deductible stock-option expense. Normalized diluted EPS was \$6.29 compared to a loss of \$0.38 in the prior year. The increase in earnings was led by strong growth in the Retail segment and growth in earnings in Financial Services segment.

3.1.2 Consolidated Key Operating Performance Measures, Excluding Petroleum

Key operating performance measures do not have standard meanings under IFRS and, therefore, may not be comparable to similar terms used by other companies. Refer to section 7.3.1 in this MD&A for definitions and further information.

(C\$ in millions) increase/(decrease)	Q2 2021	Q2 2020	Change
Normalized ¹ SG&A expenses adjusted for rent expense ² (excluding depreciation and amortization ³) and excluding Petroleum, as a percentage of revenue ^{4,5}	24.4 %	25.5 %	(105) bps
Normalized ¹ EBITDA ⁶ adjusted for rent expense ² and excluding Petroleum, as a percentage of revenue ^{4,5}	13.0 %	4.5 %	849 bps

¹ Refer to section 3.1.1 for a description of normalizing items.

² Adjustments to SG&A include an addition of depreciation on right-of-use assets and net finance costs relating to lease liability as an estimate for rent expense.

³ Depreciation and amortization excluded amounted to \$98.0 million (2020 - \$103.3 million).

⁴ Revenue excludes Petroleum revenue, EBITDA excludes Petroleum gross margin.

⁵ Normalized SG&A adjusted for rent expense and normalized EBITDA adjusted for rent expense are non-GAAP measures; refer to section 7.3.2 in this MD&A for a reconciliation of these non-GAAP measures to the related GAAP measure and additional information.

⁶ Earnings Before Interest, Tax, Depreciation and Amortization ("EBITDA").

(C\$ in millions) increase/(decrease)	YTD Q2 2021	YTD Q2 2020	Change
Normalized ¹ SG&A expenses adjusted for rent expense ² (excluding depreciation and amortization ³) and excluding Petroleum, as a percentage of revenue ^{4,5}	25.7 %	28.6 %	(294) bps
Normalized ¹ EBITDA adjusted for rent expense ² and excluding Petroleum, as a percentage of revenue ^{4,5}	12.5 %	4.7 %	785 bps

¹ Refer to section 3.1.1 for a description of normalizing items.

² Adjustments to SG&A include an addition of depreciation on right-of-use assets and net finance costs relating to lease liability as an estimate for rent expense.

³ Depreciation and amortization excluded amounted to \$98.0 million (2020 - \$202.1 million).

⁴ Revenue excludes Petroleum revenue, EBITDA excludes Petroleum gross margin.

⁵ Normalized SG&A adjusted for rent expense and normalized EBITDA adjusted for rent expense are non-GAAP measures; refer to section 7.3.2 in this MD&A for a reconciliation of these non-GAAP measures to the related GAAP measure and additional information.

Key Operating Performance Measures Commentary

	Q2 2021	Year-to-Date
Normalized SG&A expenses adjusted for rent expense (excluding depreciation and amortization) and excluding Petroleum as a percentage of Revenue	<p>▼ 105 bps</p> <ul style="list-style-type: none"> Normalized SG&A expenses adjusted for rent (excluding depreciation and amortization) and excluding Petroleum, as a percentage of revenue, was 24.4 percent, a decrease of 105 bps compared to prior year. The decrease in rate was mainly attributable to strong growth in revenue, excluding Petroleum, of \$595.1 million, or 20.4 percent compared to prior year, mainly attributable to the Retail segment driven by strong revenue growth across all banners led by Canadian Tire. <p>Normalized SG&A was \$935.4 million, an increase of 13.5 percent compared to the prior year, mainly due to volume-related costs, primarily supply chain, and the impact of COVID-19 related costs in the prior year. COVID-19 related costs, as described in section 3.1.1, had an approximate impact of 39 bps on the rate. No such costs were recorded in the current year as those costs are now integrated into operations. Furthermore, SG&A expenses benefited from additional savings from the Operational Efficiency program.</p>	<p>▼ 294 bps</p> <ul style="list-style-type: none"> Normalized SG&A expenses adjusted for rent (excluding depreciation and amortization) and excluding Petroleum, as a percentage of revenue, decreased 294 bps. The decrease in rate was mainly attributable to the strong increase in revenue, excluding Petroleum, compared to prior year driven by the Retail segment. The increase in revenue was partially offset by an increase in SG&A, which was impacted by net costs in relation to COVID-19 in the prior year, as described in section 3.1.1 of this MD&A and the Q1 2021 MD&A, which had an approximate 86 bps impact on the rate. No such expenses were recorded in the current year. Furthermore, SG&A expenses benefited from Operational Efficiency program savings compared to the prior year.
	<p>▲ 849 bps</p> <ul style="list-style-type: none"> Normalized EBITDA adjusted for rent expense as a percentage of revenue, excluding Petroleum, was 13.0 percent, an increase of 849 bps. The increase in rate was mainly driven by the increase in Retail segment revenue attributable mainly to strong growth across the Retail segment banners led by Canadian Tire. The increase in revenue was partially offset by an increase in SG&A for the reasons described above. 	<p>▲ 785 bps</p> <ul style="list-style-type: none"> Normalized EBITDA adjusted for rent expense as a percentage of revenue, excluding Petroleum, increased 785 bps. The decrease in rate was mainly attributable to the increase in gross margin driving by strong growth in the Retail segment across all banners, in particular Canadian Tire, compared to the prior year. The increase in gross margin was partially offset by an increase in SG&A for the reasons described above.

3.1.3 Seasonal Trend Analysis

The following table shows the consolidated financial performance of the Company by quarter for the last two years.

(C\$ in millions, except per share amounts)	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020	Q1 2020	Q4 2019	Q3 2019	Q2 2019

¹ Revenue reported for Canadian Tire, SportChek, Mark's and Petroleum include inter-segment revenue. Helly Hansen revenue represents external revenue only. Therefore, in aggregate, revenue for Canadian Tire, SportChek, Mark's, Petroleum, and Helly Hansen will not equal total revenue for the Retail segment.

² Comparable sales growth excludes Petroleum. The Canadian Tire banner includes PartSource, PHL and Party City. Comparable sales growth and comparable store gasoline volume growth has been calculated by aligning the 2020 fiscal calendar to match the 2021 fiscal calendar (i.e. sales from the first week in 2021 are compared with the sales from the second week of 2020) and includes the sales of stores which were temporary closed during the year 2021. Comparable sales in the prior year, for SportChek and Mark's, were calculated on sales up to March 18, 2020, beyond which their retail stores were closed. Refer to section 7.3.1 in this MD&A for additional information on Comparable sales growth.

³ Retail Return on Invested Capital ("ROIC") is calculated on a rolling 12-month basis based on normalized earnings. The prior period figures for ROIC have been restated to align with current year calculation. Refer to section 7.3.1 in this MD&A for additional information.

⁴ Revenue includes revenue from Canadian Tire, PartSource, PHL, Party City and Franchise Trust.

⁵ Store count includes stores from Canadian Tire, and other banner stores of 163 (2020: 163 stores). Other banners include PartSource, PHL and Party City.

⁶ Sales per square foot figures are calculated on a rolling 12-month basis, for the current year, this calculation includes the period in which the stores were temporarily closed in the Retail segment. Retail space does not include seasonal outdoor garden centres, auto service bays, or warehouse and administrative space.

⁷ Retail sales growth includes sales from Canadian Tire, PartSource, PHL, Party City and the labour portion of Canadian Tire's auto service sales.

⁸ Sales per square foot figures are calculated on a rolling 12-month basis, include both corporate and franchise stores and warehouse and administrative space. For the current year, this calculation includes the period in which the stores were temporarily closed in the Retail segment.

⁹ Retail sales growth includes sales from both corporate and franchise stores.

¹⁰ Revenue includes the sale of goods to Mark's franchise stores, Retail sales from Mark's corporate stores, Mark's wholesale revenue from its commercial division, and includes ancillary revenue relating to embroidery and alteration services.

¹¹ Retail sales growth includes Retail sales from Mark's corporate and franchise stores, but excludes ancillary revenue relating to alteration and embroidery services.

¹² Not meaningful.

The following chart shows the Retail segment, excluding Petroleum, Retail sales and revenue performance by quarter for the last two years.

Year-over-year Retail Sales and Revenue Growth

Retail Segment Commentary

During the quarter, store closures and restrictions on in-store shopping continued to affect the Company's store network, impacting the Retail segment banners differently in comparison to the restrictions on the Company's retail operations in the prior year. The Company's Canadian store network was operating under various restrictions, including restrictions on, and the closure of, in-store shopping, store operating hours and in-store capacity as well as limitations on the types of goods permitted for sale in stores. These restrictions started early in the quarter and began to ease in mid-June as stores began a phased re-opening. Restrictions in Ontario, where approximately 40 percent of Canadian Tire stores are located, were significantly greater this quarter. Canadian Tire stores in Ontario were closed for 70 percent of the time, as compared to 40 percent in Q2 2020. SportChek stores were closed for approximately one-third of the quarter, while Mark's stores were closed for approximately 25 percent of the quarter. In Q2 2020, both banners were closed for approximately half of the quarter.

Despite restrictions on the store network, strong omni-channel performance drove Retail sales growth, excluding Petroleum, by 8.2 percent and Comparable sales growth of 3.2 percent in the quarter. Canadian Tire Comparable sales was down 2.0 percent primarily a result of a longer period of restrictions on its store network, particularly in Ontario. SportChek and Mark's were up 28.6 percent and 43.2 percent, respectively, benefiting from a lower level of store restrictions than the prior year, and higher eCommerce sales.

Compared to Q2 2019, which was the last comparable quarter without restrictions on the Company's retail store network, Comparable sales grew by 15.1 percent. Canadian Tire Comparable sales versus 2019 were higher by 18.3 percent, while SportChek was higher by 5.1 percent and Mark's higher by 0.7 percent. The strong growth in Comparable sales is despite the restrictions on the store network across all banners in the current quarter.

Retail segment eCommerce sales were \$856.7 million in the quarter, an increase of 34.0 percent versus the prior year, mainly attributable to the Canadian Tire banner with growth of 63.2 percent. The eCommerce sales penetration rate was 20.4 percent and eCommerce sales were over \$2.1 billion for the past twelve months.

Retail segment normalized income before income taxes was \$215.4 million compared to a loss of \$59.9 million in the prior year. The increase was primarily driven by strong revenue growth partially offset by an increase in SG&A expenses mainly relating to personnel costs as Q2 2020 included a mark-to-market gain on the Company's equity hedges related to share-based compensation awards in the prior year, an increase in volume-related supply chain expenses, which were partially offset by lower costs in relation to the premium pay in the prior year, and savings from the Operational Efficiency program.

The prior year results were impacted due to COVID-19 related market disruptions described in section 3.1 of this MD&A.

Retail Segment Commentary *(continued)*

	Q2 2021	Year-to-Date
Retail Sales	<p>▲ \$506.9 million or 11.6%</p> <p>▲ 3.2% in Comparable sales growth</p> <ul style="list-style-type: none"> Retail sales of \$4,882.6 million grew by 11.6 percent in the quarter. Excluding Petroleum, Retail sales grew 8.2 percent, or \$333.0 million. Retail sales grew across all banners despite restrictions on the retail operations of the Company. <p>Compared to 2019, Retail sales excluding Petroleum, grew 18.3 percent driven by strong omni-channel growth with eCommerce penetration more than five times 2019 levels. Compared to the prior year, the eCommerce penetration rate grew 415 bps, primarily attributable to strong growth at Canadian Tire.</p> <ul style="list-style-type: none"> ▼ Canadian Tire Retail sales were up by 1.9 percent despite shopping restrictions of varying degrees across its store network during the quarter. Top performing categories included Gardening, Seasonal Recreation and Automotive Outdoor Adventure. Owned Brand sales continued to grow driving an increase in Owned Brands penetration. Compared to Q2 2019, Retail sales for Canadian Tire were up 22.6 percent. SPORTCHEK Retail sales experienced strong growth during the quarter and were up 39.8 percent compared to the prior year, in which the stores were operating under more restrictions. Top performing categories were Athletic Clothing and Footwear. Owned Brands sales continued to deliver strong growth and contributed to the increase in Retail sales in the quarter compared to 2019, Retail sales were up 5.0 percent. ■ Mark's Retail sales grew an impressive 58.0 percent compared to prior year, in which the stores were operating under more restrictions. Top performing categories were Casual Apparel and Accessories and Casual Footwear. Compared to 2019, Retail sales were slightly higher by 0.5 percent. ▼ GAS+ Petroleum Retail sales increased 54.9 percent due to higher gas volume, higher per litre gas prices and higher non-gas sales compared to the prior year. 	<p>▲ \$867.6 million or 12.2%</p> <p>▲ 8.8% in Comparable sales growth</p> <ul style="list-style-type: none"> Strong Retail sales growth for the year was attributable to strong sales growth across all banners led by Canadian Tire despite being negatively impacted by temporary store closures and restrictions during the first half of the year. <p>Excluding Petroleum, Retail sales grew by 11.7 percent, or \$741.1 million. Strong eCommerce penetration growth across all banners contributed to growth in Retail sales with eCommerce sales now over \$2.1 billion over the past 12 months.</p> <ul style="list-style-type: none"> ▼ Canadian Tire Retail sales had strong growth of 7.9 percent despite impact from shopping restrictions of varying degree across its store network during the first half of the year. Retail sales growth was driven by strength in product assortment with top performing categories of Gardening, Backyard Living and Seasonal Recreation being the largest contributors to growth. Strong demand for eCommerce also contributed to the increase in Retail sales. SPORTCHEK Retail sales increased 25.0 percent primarily attributable to less severe restrictions compared to the prior year and higher eCommerce sales of 10.8 percent driving omni-channel growth in the first half of the year. ■ Mark's Retail sales increased 34.9 percent primarily attributable to less severe restrictions compared to the prior year and higher eCommerce sales of 35.5 percent driving omni-channel growth in the first half of the year. ▼ GAS+ Petroleum Retail sales increased by 16.1 percent mainly due to higher per litre gas prices, higher gas volume and higher non-gas sales.

Retail Segment Commentary *(continued)*

	Q2 2021	Year-to-Date
Revenue	<ul style="list-style-type: none"> ▲ \$773.4 million or 27.1% ▲ 23.4% excluding Petroleum • Retail revenue was \$3,623.2 million, favourable by 27.1 percent. The strong growth in revenue across all Retail banners was led by the performance at Canadian Tire driven primarily by strong shipment and eCommerce growth. 	<ul style="list-style-type: none"> ▲ \$1,293.0 million or 24.2% ▲ 24.9% excluding Petroleum • Despite restrictions of varying degree across the Retail network, Retail revenue increased driven by growth at Canadian Tire primarily attributable to strong shipment growth.
Gross Margin	<ul style="list-style-type: none"> ▲ \$323.0 million or 40.7% ▲ 297 bps in gross margin rate ▲ 41.5% excluding Petroleum ▲ 425 bps in gross margin rate, excluding Petroleum • Excluding Petroleum, gross margin dollars was \$1,071.1 million, an increase of \$314.2 million. Normalized gross margin dollars, excluding Petroleum, was \$1,072.8 million, or an increase of \$315.9 million. The increase was primarily driven by a strong increase in revenue attributable to the reasons described above. • Normalized gross margin rate, excluding Petroleum, increased by 430 bps. The gross margin rate increased across all banners led by Canadian Tire. Canadian Tire's rate improved mainly from favourable product and pricing mix, partially offset by higher freight costs, compared to the prior year. SportChek and Mark's rate improved due to higher in-store sales, and lower promotional activity compared to prior year. 	<ul style="list-style-type: none"> ▲ \$510.0 million or 32.5% ▲ 198 bps in gross margin rate ▲ 33.1% excluding Petroleum ▲ 208 bps in gross margin rate, excluding Petroleum • Excluding Petroleum, normalized gross margin dollars was \$1,991.2 million, an increase of \$497.0 million, primarily driven by a strong increase in revenue attributable to the reasons as described above. • Normalized gross margin rate, excluding Petroleum, increased by 211 bps. The increase in the gross margin rate was mainly attributable to rate increases across the Retail banners led by Canadian Tire. Canadian Tire's rate increased as a result of favourable product and price mix, partially offset by higher freight costs, compared to prior year. SportChek and Mark's rates were higher attributable to higher in-store sales and lower promotional activity. These increases were partially offset by the sales mix between the banners in the first half of the year.
Other Income	<ul style="list-style-type: none"> ▲ \$48.7 million • Other income was \$47.6 million, higher by \$48.7 million, mainly due to an impairment charge of \$27.9 million in the prior year, with no such impairment recorded during the current quarter, non-operational foreign exchange gains recognized in Helly Hansen in the current year and higher real estate related gains compared to the prior year. 	<ul style="list-style-type: none"> ▲ \$61.7 million or 178.6% • Other income was \$96.2 million, higher by \$61.7 million, primarily relating to attributable to an impairment charge of \$27.9 million in the prior year, higher real estate gains, and non-operational foreign exchange gains at Helly Hansen compared to the prior year.

Retail Segment Commentary (continued)

	Q2 2021	Year-to-Date
Selling, General & Administrative Expenses	<p>▲ \$108.2 million or 13.5%</p> <ul style="list-style-type: none"> Normalized SG&A expenses were \$903.2 million, an increase of \$109.4 million, or 13.8 percent. The increase was mainly due to volume-related costs, primarily in supply chain, and higher variable compensation expenses due to the favourable impact in the prior year of \$27.4 million resulting from a mark-to-market adjustment on the Company's equity hedges related to the share-based compensation awards. This was partially offset by and additional savings from the Operational Efficiency program and additional expenses in the prior year directly attributable to the Company's COVID-19 efforts, including premium pay, amounting to \$41.2 million, which were not incurred in the current quarter. 	<p>▲ \$116.8 million or 7.1%</p> <ul style="list-style-type: none"> Normalized SG&A expenses increased by \$116.8 million, or 7.1 percent. This increase was mainly attributable to higher volume-related costs primarily in supply chain, partially offset by net additional costs in the prior year which were not incurred in the current year relating to the Company's COVID-19 efforts, including premium pay, amounting to \$55.6 million and further Operational Efficiency program savings compared to the prior year.
Earnings Summary	<p>▲ \$274.8 million</p> <ul style="list-style-type: none"> Normalized income before income taxes was \$215.4 million, an increase of \$275.3 million. The increase in income was attributable mainly to a strong increase in gross margin and an increase in other income, partially offset by an increase in SG&A expenses attributable to the reasons described above. 	<p>▲ \$476.9 million</p> <ul style="list-style-type: none"> Normalized income before income taxes was \$326.6 million, an increase of \$478.6 million despite continuing restrictions on its retail operations during the first half of the year. The increase in income was primarily driven by strong growth at Canadian Tire. Higher other income, further savings from the Operational Efficiency program, and net expenses included in the prior year related to the Company's COVID-19 efforts (see section 3.1.1 for details) also contributed to the increase in earnings compared to the prior year, partially offset by an increase in the SG&A expenses attributable to the reasons described above.

3.2.3 Retail Segment Seasonal Trend Analysis

Quarterly operating net income and revenue are affected by seasonality. The fourth quarter typically generates the greatest contribution to revenue and earnings, and the first quarter the least. The following table shows the Retail segment financial performance of the Company by quarter for the last two years.

(C\$ in millions, except per share amounts)	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020	Q1 2020	Q4 2019	Q3 2019	Q2 2019

Income before income taxes	\$ 125.3	\$ 51.0	145.7 %	\$ 251.7	\$ 121.2	107.7 %

Financial Services Segment Commentary

During the second quarter, income before income taxes was \$125.3 million, an increase of \$74.3 million, primarily attributable to an increase in gross margin of \$86.8 million. The gross margin increase was mainly attributable to lower net impairment losses of \$104.1 million, partially offset by a \$13.8 million decline in revenue attributable to a 4.1 percent reduction in GAAR relative to the prior year. Although credit card sales growth for the quarter was strong, GAAR was lower compared to the prior year due to the continued strength of customer payment rates and the limitations on new account acquisition throughout the pandemic.

ECL allowance for loans receivable was reduced by \$31.2 million in the quarter compared to an increase in the prior year of \$44.3 million. The continued strength and improvement in portfolio metrics such as aging and delinquency rates led to the reduction in ECL in the quarter.

Financial Services Segment Commentary *(continued)*

	Q2 2021	Year-to-Date
Revenue	<p>▼ \$13.8 million or 4.5%</p> <ul style="list-style-type: none"> Revenue for the quarter was \$296.1 million, a decline of \$13.8 million or 4.5 percent compared to the prior year. The decline in revenue was mainly due to lower credit charges, primarily attributable to the decline in GAAR and yield. 	<p>▼ \$58.5 million or 9.0%</p> <ul style="list-style-type: none"> Revenue was \$593.3 million, a decline of \$58.5 million or 9.0 percent compared to the prior year. The decline in revenue was primarily attributable to lower credit charges, primarily attributable to the decline in GAAR and yield.
Gross Margin	<p>▲ \$86.8 million or 68.8%</p> <ul style="list-style-type: none"> Gross margin dollars was \$213.1 million, an increase of \$86.8 million or 68.8 percent compared to the prior year. The increase in gross margin dollars was primarily due to lower net impairment losses, attributable to a reduction in the ECL allowance of \$31.2 million, and lower write offs net of recoveries partially offset by a decrease in revenue. 	<p>▲ \$149.2 million or 54.9%</p> <ul style="list-style-type: none"> Gross margin dollars was \$420.7 million, an increase of \$149.2 million or 54.9 percent compared to the prior year. The increase in gross margin dollars was due to lower net impairment losses, attributable to a reduction in the ECL allowance of \$52.3 million, and lower write offs net of recoveries partially offset by a decrease in revenue.
SG&A Expenses	<p>▲ \$8.8 million or 12.0%</p> <ul style="list-style-type: none"> SG&A was \$84.0 million, an increase of \$8.8 million or 12.0 percent. The increase in SG&A expenses was primarily due to an increase in marketing costs related to higher digital and in-store acquisition costs. 	<p>▲ \$15.8 million or 10.5%</p> <ul style="list-style-type: none"> SG&A was \$166.0 million, an increase of \$15.8 million or 10.5 percent. Average number of accounts with a balance ³ (thousands)	2,078	2,013	3.2 %	2,051	2,061	(0.5) %
Average account balance ³ (whole \$)	\$ 2,752	\$ 2,961	(7.1) %	\$ 2,769	\$ 2,989	(7.3) %
Net credit card write-off rate ^{2, 3}	4.8 %	6.3 %		n/a	n/a	
Past due credit card receivables ("PD2+") ^{3, 4}	1.7 %	2.4 %		n/a	n/a	
Allowance rate ⁵	13.9 %	15.0 %		n/a	n/a	
Operating expenses ² (as a % of GAAR)	5.8 %	4.9 %		n/a	n/a	
Return on receivables ²	7.9 %	5.4 %		n/a	n/a	

¹ Credit card sales growth excludes balance transfers. Represents year-over-year percentage change.

² Figures are calculated on a rolling 12-month basis.

³ Credit card portfolio only.

⁴ Credit card receivables more than 30 days past due as a percentage of total-ending credit card receivables.

⁵ The allowance rate was calculated based on the total-managed portfolio of loans receivable.

Financial Services Segment Scorecard

To evaluate the overall financial performance of the Financial Services segment, the following scorecard provides a balanced view on how Financial Services is progressing towards achieving its strategic objectives.

Q2 2021 vs Q2 2020	
Growth	<p>▼ 4.1% in GAAR</p> <p>▲ 34.4% in credit card sales growth</p> <p>▲ 3.2% in average number of accounts with a balance</p> <p>▼ 7.1% in average account balance</p> <ul style="list-style-type: none"> GAAR declined by 4.1 percent relative to the prior year largely driven by continued strength of customer payment rates. The average number of active accounts for the quarter increased by 3.2 percent and average account balance declined 7.1 percent compared to the prior year. Credit card sales grew by 34.4 percent over the prior year driven by strong sales at both Retail segment banners and external merchants. Compared to Q2 2019, credit card sales were up 13.5 percent.
Performance	<p>▲ 251 bps in return on receivables</p> <p>▼ 58 bps in revenue as a % of GAAR</p> <p>▲ 92 bps in OPEX as a % of GAAR</p> <ul style="list-style-type: none"> Return on receivables increased by 251 bps compared to the prior year due to increased income resulting from improved gross margin combined with lower GAAR compared to the prior year. Operating expenses as a percentage of GAAR increased by 92 bps compared to the prior year due to lower GAAR and an increase in operating expenses resulting from an increase in marketing costs relating to digital and in-store acquisition.
Operational metrics	<p>▼ 68 bps in PD2+ rate</p> <p>▼ 154 bps in net credit card write-off rate</p> <p>▼ 13.9% allowance rate, down 110 bps</p> <ul style="list-style-type: none"> Strong customer payments continued to contribute to a significant improvement in the PD2+ rate, which was a result of improved risk across the portfolio. The decrease in the net write-off rate compared to the prior year was primarily driven by a decline in both regular write-offs and insolvencies. The allowance rate decreased by 110 bps from Q2 2020 to 13.9 percent reflecting the continued strength in portfolio metrics, as evidenced by the ongoing trends of strong payment and low aging and delinquency rates. Management continues to assess allowance with consideration for the heightened level of uncertainty associated with the ongoing impacts of COVID-19 on the economy and the eventual end of financial stimulus.

3.3.3 Financial Services Segment Seasonal Trend Analysis

Quarterly operating net income and revenue are affected by seasonality. In the first quarter, the Financial Services segment would typically contribute the majority of consolidated earnings. The following table shows the financial performance of the segment by quarter for the last two years.

(C\$ in millions, except per share amounts)	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020	Q1 2020	Q4 2019	Q3 2019	Q2 2019

¹ Not meaningful.

The following shows the CT REIT year-over-year property revenue and adjusted funds from operations ("AFFO") performance by quarter for the last two years.

Year-over-year Property Revenue and AFFO Growth

CT REIT Segment Commentary

In the second quarter of 2021, property revenue increased by \$4.1 million, mainly attributable to contractual rent escalations, additional base rent related to properties acquired, and developments and intensifications completed during the year and in the prior year. The change in fair value adjustment on investment properties of \$111.4 million from updated assumptions for property-appraisal models was the primary reason for the increase in earnings of \$116.6 million.

AFFO was \$5.6 million higher compared to the previous year attributable to an increase in operating income driven by rent escalations, lower provisions due to lower collection risk, and operating and property tax adjustments.

CT REIT Segment Commentary *(continued)*

	Q2 2021	Year-to-Date
Property Revenue	<p>▲ \$4.1 million or 3.2%</p> <ul style="list-style-type: none"> Property revenue was \$129.6 million, an increase of \$4.1 million, or 3.2 percent. The increase was mainly due to contractual rent escalations, additional base rent related to properties acquired, and developments and intensifications completed during 2021 and 2020. 	<p>▲ \$7.2 million or 2.8%</p> <ul style="list-style-type: none"> Property revenue was \$259.5 million, an increase of \$7.2 million, or 2.8 percent. The increase was mainly due to contractual rent escalation, additional base rent relating to properties acquired and developments and intensifications completed during 2021 and 2020.
Property Expense	<p>▼ \$0.8 million or 2.5%</p> <ul style="list-style-type: none"> The property expense was \$27.7 million, a decrease of \$0.8 million or 2.5 percent. The decrease in property expense was primarily due to the reduction of the expected credit losses related to assistance provided to tenants, partially offset by operating expenses related to property acquisitions completed during 2021 and 2020. 	<p>▼ \$0.5 million or 0.9%</p> <ul style="list-style-type: none"> The property expense was \$56.9 million, a decrease of \$0.5 million, or 0.9 percent. The decrease in property expense was primarily due to the reduction of REIT's assistance to its tenants, partially offset by higher operating expenses related to property acquisitions completed during 2021 and 2020.
G&A Expenses	<p>▲ \$0.2 million or flat to prior year</p> <ul style="list-style-type: none"> G&A expense of \$3.4 million was overall in line with prior year. 	<p>▲ \$1.0 million or 15.3%</p> <ul style="list-style-type: none"> G&A expense was \$7.2 million, an increase of \$1.0 million, or 15.3 percent. The increase was primarily due to higher personnel costs partially offset by lower income tax expense.
Net Finance Cost	<p>▼ \$0.5 million or 1.8%</p> <ul style="list-style-type: none"> Net finance cost was \$26.4 million, a decrease of \$0.5 million or 1.8 percent. The decrease was largely due to decreased interest on the Class C LP Units. 	<p>▼ \$1.4 million or 2.6%</p> <ul style="list-style-type: none"> Net finance cost was \$53.0 million, a decrease of \$1.4 million or 2.6 percent. The decrease was mainly attributable to decreased interest on the Class C LP Units.
Fair Value Adjustment on Investment Properties	<p>▲ \$111.4 million</p> <ul style="list-style-type: none"> The fair value adjustment on investment properties was a gain of \$111.4 million, mainly attributable to the updated inputs and assumptions in the property-appraisal models. This fair value adjustment is eliminated upon consolidation. 	<p>▲ \$139.9 million</p> <ul style="list-style-type: none"> The fair value adjustment on investment properties was a gain of \$139.9 million mainly attributable to the updated inputs and assumptions in the property appraisal models. This fair value adjustment is eliminated upon consolidation.
Earnings Summary	<p>▲ \$116.6 million or 188.2%</p> <ul style="list-style-type: none"> Income before income taxes was \$178.6 million, an increase of \$116.6 million, or 188.2 percent. The increase in earnings was primarily due to the fair value adjustments on investment properties and an increase in property revenue. 	<p>▲ \$148.0 million or 140.7%</p> <ul style="list-style-type: none"> Income before income taxes was \$253.2 million, an increase of \$148.0 million, or 140.7 percent. The increase in earnings was primarily due to the fair value adjustments on investment properties and higher property revenue.

3.4.2 CT REIT Segment Key Operating Performance Measures

Key operating performance measures do not have standard meanings under IFRS and, therefore, may not be comparable to similar terms used by other companies. Refer to section 7.3.1 in this MD&A for definitions and further information on performance measures.

(C\$ in millions)	Q2 2021	Q2 2020	Change	YTD	YTD	Change
				Q2 2021	Q2 2020	
Net operating income ¹	\$ 100.4	\$ 94.2	6.5 %	\$ 199.4	\$ 189.5	5.2 %
Funds from operations ¹	71.9	67.3	7.0 %	143.1	134.1	6.7 %
Adjusted funds from operations ¹	64.2	58.6	9.9 %	127.5	116.6	9.3 %

¹ Non-GAAP measures exclude all fair value adjustments, refer to section 7.3.2 in this MD&A for additional information.

Net operating income (NOI)

NOI for the quarter increased by 6.5 percent compared to the prior year, primarily due to the acquisition of income-producing properties and properties under development completed in 2021 and 2020. NOI is a non-GAAP measure. Refer to section 7.3.2 for additional information.

Funds from operations (FFO)

FFO for the quarter increased by 7.0 percent compared to the prior year, primarily due to the impact of NOI variances, lower interest expense and timing of professional fees. FFO is a non-GAAP measure. Refer to section 7.3.2 for additional information.

Adjusted funds from operations

AFFO for the quarter increased by 9.9 percent compared to the prior year, primarily due to the impact of NOI variances and lower interest expense. AFFO is a non-GAAP measure. Refer to section 7.3.2 for additional information.

4.0 Balance Sheet Analysis, Liquidity, and Capital Resources

4.1 Selected Balance Sheet Highlights

Selected line items from the Company's assets and liabilities, as at July 3, 2021 and the year-over-year change versus June 27, 2020, are noted below:

Total change	▲ \$ 1,092.7
---------------------	---------------------

Selected Asset	July 3, 2021
Cash and cash equivalents	1,939.9
Investments (current and long-term)	821.2
Trade and other receivables	572.4
Merchandise inventories	2,568.3

Year-over-year change in assets

Total change	▲ \$ 286.6
---------------------	-------------------

Selected Liability	July 3, 2021
Trade and other payables	2,413.1
Short-term borrowings	87.1
Long-term debt (current and long-term portion)	4,266.7
Deposits (current and long-term)	4,161.1

Year-over-year change in liabilities

Assets		
Cash and cash equivalents	▼ \$51.9 million	Refer to section 4.2 for further details.
Investments (current and long-term)	▲ \$464.4 million	Investments increased as the Company ended the quarter in an excess liquidity position in both the Retail and Financial Services segments.
Trade and other receivables	▼ \$112.8 million	The decrease was primarily attributable to a decrease in Dealer receivables driven by the timing of collections from Dealers as well as the decrease in the fair value position for foreign exchange forward derivative contracts, partially offset by a higher fair value of equity derivative contracts.
Merchandise inventories	▲ \$454.0 million	The increase was primarily driven by continued investment in non-seasonal and spring/summer products at Canadian Tire due to anticipated consumer demand for the balance of the year. The impact was partially offset by reduced inventory levels at SportChek and Helly Hansen due to strong sales growth compared to the prior year.

Liabilities		
Trade and other payables	▲ \$270.3 million	The increase was mainly driven by higher payables balance at SportChek and Mark's which were aligned more closely with pre-pandemic levels, as at Q2 2020, purchases were reduced at the onset of the pandemic. The increase was also attributable to higher accruals for share-based compensation due to higher share price as well as an increase in payable fair value position of foreign exchange forward derivative contracts.
Short-term borrowings	▼ \$301.8 million	The decrease was mainly attributable to partial repayment of Glacier asset-backed commercial paper and repayment of a short-term loan by Helly Hansen.
Long-term debt (current and long-term portion)	▼ \$970.1 million	The decrease was mainly due to the repayment of Glacier Series 2020-1 term notes of \$700 million, and the Company's medium-term notes of \$250 million.
Deposits (current and long-term)	▲ \$1,105.9 million	The increase was mainly driven by the growth in demand deposits.

Selected line items from the Company's assets and liabilities, as at July 3, 2021 and the change versus January 2, 2021, are noted below:

Total change	▲ \$ 766.6
---------------------	-------------------

Selected Asset	July 3, 2021	Change in assets
Cash and cash equivalents	1,939.9	612.7
Trade and other receivables	572.4	(401.2)
Merchandise inventories	2,568.3	255.4
Loans receivable (current and long-term portion)	5,604.7	113.2

Total change	▲ \$ 536.9
---------------------	-------------------

Selected Liability	July 3, 2021	Change in liabilities
Trade and other payables	2,413.1	(95.2)
Short-term borrowings	87.1	(78.3)
Deposits (current and long-term)	4,161.1	651.4

Assets		
Cash and cash equivalents	▲ \$612.7 million	Refer to section 4.2 for further details.
Trade and other receivables	▼ \$401.2 million	The decrease was primarily attributable to a decrease in Dealer receivables driven by timing of collections from Dealers, partially offset by higher fair value of equity derivative contracts.
Merchandise inventories	▲ \$255.4 million	The increase was primarily driven by higher inventory levels at Canadian Tire to meet both seasonal and non-seasonal customer demand. Mark's and Helly Hansen also contributed to an increase in inventory, to a lesser extent than Canadian Tire, since their inventory levels were lower than usual as at 2020 year-end.
Loans receivable (current and long-term portion)	▲ \$113.2 million	The increase was driven by a reduction in the Company's allowance for credit card loans receivable, primarily due to the continued strength in portfolio metrics, and increase in Dealer loans balances.

Liabilities		
Trade and other payables	▼ \$95.2 million	The decrease was mainly due to the timing of payments made to vendors during the year, as well as payment of employee short-term compensation benefits.
Short-term borrowings	▼ \$78.3 million	The decrease was mainly attributable to a partial repayment of Glacier asset-backed commercial paper and repayment of a short-term loan by Helly Hansen to its bank.
Deposits (current and long-term)	▲ \$651.4 million	The increase was mainly driven by the growth in demand deposits.

4.2 Summary Cash Flows

The Company's cash and cash equivalents position, net of bank indebtedness, was \$1,939.9 million as at July 3, 2021. Selected line items from the Company's Condensed Interim Consolidated Statements of Cash Flows for the quarters ended July 3, 2021 and June 27, 2020 are noted in the following table:

(C\$ in millions)	Q2 2021	Q2 2020	Change
Cash generated from operating activities	\$ 1,001.7	\$ 1,339.1	\$ (337.4)
Cash (used for) investing activities	(149.7)	(90.0)	(59.7)
Cash (used for) generated from financing activities	(412.0)	299.3	(711.3)
Cash generated in the period	\$ 440.0	\$ 1,548.4	\$ (1,108.4)

(C\$ in millions)	YTD Q2 2021	YTD Q2 2020	Change
Cash generated from operating activities	\$ 632.6	\$ 1,192.0	\$ (559.4)
Cash (used for) investing activities	(238.6)	(189.1)	(49.5)
Cash (used for) generated from financing activities	218.7	793.8	(575.1)
Cash generated in the period	\$ 612.7	\$ 1,796.7	\$ (1,184.0)

	Q2 2021	Year-to-Date
Operating activities	▼ \$337.4 million change <ul style="list-style-type: none"> Excluding the impact of changes in loan receivables and taxes paid, operating activities generated \$298.5 million of cash mainly from higher net income. During Q2 2021, loans receivables grew \$262 million, versus a decline in Q2 2020 of \$367.1 million resulting in a year over year use of cash of \$630.0 million. In addition, income tax payments were \$86.0 million higher due to improved earnings and the deferral of certain tax payments last year. 	▼ \$559.4 million change <ul style="list-style-type: none"> Excluding the impact of changes in loan receivables and taxes paid, operating activities generated \$542.9 million of cash mainly from higher net income. During Q2 2021, loans receivables grew \$113.2 million, versus a decline in Q2 2020 of \$742.7 million resulting in a year over year use of cash of \$855.9 million. In addition, income tax payments were \$245.4 million higher due to improved earnings and the deferral of certain tax payments last year.
Investing activities	▲ \$59.7 million change <ul style="list-style-type: none"> The increase in cash used for investing activities was primarily due to higher spending on capital expenditures which was partially offset by net proceeds on disposition of property and equipment and assets held for sale. 	▲ \$49.5 million change <ul style="list-style-type: none"> The increase in cash used for investing activities was due to higher spending on capital expenditures which was partially offset by net proceeds on disposition of property and equipment and assets held for sale.
Financing activities	▼ \$711.3 million change <ul style="list-style-type: none"> The decrease in cash generated from financing activities was primarily due to the issuance in 2020 of debt to support the Company's liquidity position at the onset of the pandemic. 	▼ \$575.1 million change <ul style="list-style-type: none"> The decrease in cash generated from financing activities was primarily due to the issuance in 2020 of debt to support the Company's liquidity position at the onset of the pandemic partially offset by growth in demand deposits during the year.

4.3 Capital Management

The Company's objectives when managing capital are: ensuring sufficient liquidity to support its financial obligations and execute its operating and strategic plans; maintaining healthy liquidity reserves and access to capital; and minimizing the after-tax cost of capital while taking into consideration current and future industry, market, and economic risks and conditions.

4.3.1 Canadian Tire Bank's Regulatory Environment

CTB manages its capital under guidelines established by the Office of the Superintendent of Financial Institutions of Canada ("OSFI"). OSFI's regulatory capital guidelines are based on the international Basel Committee on Banking Supervision framework entitled Basel III: A Global Regulatory Framework for More Resilient Banks and Banking Systems, which came into effect in Canada on January 1, 2013, and measures capital in relation to credit, market and operational risks. The Bank has various capital policies and procedures and controls, including an Internal Capital Adequacy Assessment Process ("ICAAP"), which it utilizes to achieve its goals and objectives.

The Bank's objectives include:

- holding sufficient capital to maintain the confidence of investors and depositors; and
- being an appropriately capitalized institution, as measured internally, defined by regulatory authorities and compared with the Bank's peers.

As at Q2 2021, CTB complied with all regulatory capital guidelines established by OSFI, its internal targets as determined by its ICAAP and all financial covenants under its bank credit agreement.

4.4 Investing

4.4.1 Capital Expenditures

The Company's capital expenditures for the periods ended July 3, 2021 and June 27, 2020 were as follows:

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Real estate	\$ 57.6	\$ 12.5	\$ 91.8	\$ 49.0
Information technology	30.9	14.5	52.6	29.5
Other operating	25.6	13.5	30.7	22.8
Operational Efficiency program	14.7	11.5	27.0	19.7
Operating capital expenditures	\$ 128.8	\$ 52.0	\$ 202.1	\$ 121.0
CT REIT acquisitions and developments excluding vend-ins from CTC	24.6	6.6	28.1	47.6
Distribution capacity	31.2	12.8	43.7	17.1
Total capital expenditures¹	\$ 184.6	\$ 71.4	\$ 273.9	\$ 185.7

¹ Capital expenditures are presented on an accrual basis and include software additions, but exclude right-of-use asset additions, acquisitions relating to business combinations, intellectual properties, and tenant allowances received.

	Q2 2021	Year-to-Date
Total capital expenditures	▲ \$113.2 million <ul style="list-style-type: none"> • Operating capital expenditures were higher compared to the prior year attributable to an increase in Real Estate and IT spend. Total capital expenditures were higher due to an increase in operating capital expenditures and distribution capacity expenditure, partially offset by lower CT REIT acquisitions from previous quarter. <p>In the prior year, the Company took measures to ensure a strong cash position and financial flexibility. As a result of these measures, discretionary capital expenditures were significantly reduced. The current quarter operating capital expenditure compared to 2019 was higher by \$12.7 million primarily due to the expenditure on the Operational Efficiency program. Total capital expenditure was higher than 2019 spend by \$58.1 million primarily relating to expenditure on distribution capacity and an increase in operating capital expenditure.</p>	▲ \$88.2 million

Capital Commitments

The Company had commitments of approximately \$334.4 million as at July 3, 2021 (2020 – \$188.2 million) for the acquisition of tangible and intangible assets.

4.5 Liquidity and Financing

The Company is in a strong liquidity position with the ability to access capital from multiple sources. A number of alternative financing sources are available to the Company, CT REIT, and CTB to help ensure an appropriate level of liquidity is available to meet the Company's financial obligations and key initiatives.

The current economic, operating and capital market environment continues to support an increased emphasis on liquidity and capital management. Management is focused on maintaining a strong balance sheet and ensuring continued access to capital.

As at July 3, 2021				
(C\$ in millions)	Consolidated	Retail	Financial Services	CT REIT
Committed Bank Lines of Credit	\$ 5,335.3	\$ 2,785.3	\$ 2,250.0	\$ 300.0
Less: Borrowings outstanding	(37.1)	(37.1)	—	—
Less: U.S. commercial paper outstanding	—	—	—	—
Less: Letters of credit outstanding	(5.8)	—	—	(5.8)
Available Committed Bank Lines of Credit	\$ 5,292.4	\$ 2,748.2	\$ 2,250.0	\$ 294.2
Cash and cash equivalents and short-term investments	2,584.3	426.5	2,154.7	3.1
Liquidity	\$ 7,876.7	\$ 3,174.7	\$ 4,404.7	\$ 297.3

The Company ended the quarter with \$2.6 billion cash and short-term investments and \$7.9 billion in liquidity with \$3.2 billion, \$4.4 billion and \$297.3 million at its Retail, Financial Services, and REIT segments, respectively.

Financing Source	
Committed Bank Lines of Credit	<ul style="list-style-type: none"> • Provided by a syndicate of seven Canadian and three international financial institutions, \$1.975 billion in a committed bank line of credit is available to CTC for general corporate purposes. Subsequent to the quarter, the expiry date for \$1.85 billion of CTC's committed bank line of credit was extended from August 2024 to July 2026. The remaining \$125.0 million currently expires in August 2024. There were no borrowings under this bank line as at July 3, 2021. • Provided by a syndicate of five Canadian financial institutions \$710.0 million in a committed bank line of credit is available to CTC for general corporate purposes that expires on June 30, 2022. There were no borrowings under this bank line as at July 3, 2021. • Provided by a syndicate of seven Canadian financial institutions, \$300.0 million in a committed bank line of credit is available to CT REIT for general business purposes, expiring in December 2024. There were no borrowings under this bank line as at July 3, 2021. • Scotiabank has provided CTB with a \$250.0 million unsecured committed bank line of credit expiring in October 2022. There were no borrowings under this bank line as at July 3, 2021. • Helly Hansen has a 350.0 million NOK secured committed bank line of credit and a 350.0 million NOK factoring facility (both \$50.2 million C\$ equivalent) provided by a Norwegian bank which expire in October 2022. A total of \$37.1 million of C\$ equivalent borrowings (258.4 million NOK) was outstanding on these bank lines as at July 3, 2021.
GCCT Note Purchase Facilities	<ul style="list-style-type: none"> • Scotiabank has provided CTB with \$2.0 billion in committed note-purchase facilities for the purchase of senior and subordinated notes issued by GCCT, expiring in October 2022. GCCT had a nominal amount outstanding under these facilities as at July 3, 2021.
Commercial Paper Programs	<ul style="list-style-type: none"> • As at July 3, 2021, GCCT had \$50.0 million of asset-backed commercial paper outstanding. • As at July 3, 2021, CTC had no U.S. commercial paper outstanding.
Medium-Term Notes and Debentures	<ul style="list-style-type: none"> • As at July 3, 2021, CTC had an aggregate principal amount of \$950.0 million of medium-term notes outstanding. • As at July 3, 2021, CT REIT had an aggregate principal amount of \$1.1 billion of senior unsecured debentures outstanding. • Additional details on the Company's sources of funding are provided in section 6.5 of the Company's Annual 2020 MD&A.
GCCT Senior and Subordinated Term Notes	<ul style="list-style-type: none"> • As at July 3, 2021, GCCT had an aggregate principal amount of \$2.2 billion of senior and subordinated term notes outstanding. • Additional details on the Company's sources of funding are provided in section 6.5 of the Company's 2020 Annual MD&A.
Broker GIC Deposits	<ul style="list-style-type: none"> • Funds continue to be readily available to CTB through broker networks. As at July 3, 2021, CTB held \$2,492.0 million in broker GIC deposits.
Retail Deposits	<ul style="list-style-type: none"> • Retail deposits consist of demand deposits and retail GIC deposits held by CTB, available both within and outside a Tax-Free Savings Account. As at July 3, 2021, CTB held \$1,679.9 million in retail deposits.

Credit Ratings

On April 13, 2021, DBRS Limited ("DBRS Morningstar") confirmed the Company's issuer rating and medium-term notes rating at BBB with Stable trends. On June 15, 2021, Moody's Investors Service ("Moody's") confirmed the Company's Prime 2 ("P-2") commercial paper rating with a Stable outlook. There are no changes to the Company's credit ratings as provided in section 6.5 in the Company's 2020 Annual MD&A and in section 4.5 in the Company's Q1, 2021 MD&A.

4.5.1 Contractual Obligations, Guarantees, and Commitments

For a description of contractual obligations as at January 2, 2021, refer to section 6.5.1 of the Company's 2020 Annual MD&A. There were no significant changes to the outstanding contractual obligations identified at year end, other than those discussed in this document. The Company believes it has the ability to meet its contractual obligations as at July 3, 2021.

For a discussion of the Company's significant guarantees and commitments, refer to Note 34 to the Company's 2020 Consolidated Financial Statements. The Company's maximum exposure to credit risk with respect to such

guarantees and commitments is provided in Note 5 to the Company's 2020 Consolidated Financial Statements. There were no significant changes in guarantees and commitments identified at year end, other than those discussed in this document.

5.0 Equity

5.1 Shares Outstanding

(C\$ in millions)	July 3, 2021	June 27, 2020	January 2, 2021
Authorized			
3,423,366 Common Shares			
100,000,000 Class A Non-Voting Shares			
Issued			
3,423,366 Common Shares (2020 – 3,423,366)	\$ 0.2	\$ 0.2	\$ 0.2
57,383,758 Class A Non-Voting Shares (June 27, 2020 – 57,383,758; January 2, 2021 – 57,383,758)	603.9	589.9	596.8
	\$ 604.1	\$ 590.1	\$ 597.0

Each year, the Company files a normal course issuer bid ("NCIB") with the Toronto Stock Exchange ("TSX") which allows it to purchase its Class A Non-Voting Shares on the open market through the facilities of the TSX and/or alternative Canadian trading systems, if eligible, at the market price of the shares at the time of purchase or as otherwise permitted under the rules of the TSX and applicable securities laws. Class A Non-Voting Shares purchased by the Company pursuant to the NCIB are restored to the status of authorized but unissued shares. Securityholders may obtain a copy of the notice, without charge, by contacting the Corporate Secretary of the Company.

On February 19, 2021, the TSX accepted the Company's notice of intention to make an NCIB to purchase up to 5.4 million Class A Non-Voting Shares during the period March 2, 2021 to March 1, 2022. Since the start of this NCIB, Class A Non-Voting Shares have only been purchased for anti-dilutive purposes.

The following represents forward-looking information and readers are cautioned that actual results may vary.

At this time, the Company intends only to purchase Class A Non-Voting Shares for anti-dilutive purposes in 2021.

5.2 Dividends

The Company has a long-term payout ratio target of approximately 30 to 40 percent of the prior year normalized earnings, after giving consideration to the period-end cash position, future cash flow requirements, capital market conditions, and investment opportunities. The payout ratio may fluctuate in any particular year due to unusual or non-recurring events, such as the impact of COVID-19 on the Company.

On August 11, 2021, the Company's Board of Directors declared dividends payable to holders of Class A Non-Voting Shares and Common Shares at a rate of \$1.175 per share payable on December 1, 2021, to shareholders of record as of October 31, 2021. The dividend is considered an "eligible dividend" for tax purposes.

5.3 Equity Derivative Contracts

The Company enters into equity-derivative contracts to partially offset its exposure to fluctuations in stock-option, performance share unit plan, and deferred share unit plan expenses. The Company currently uses floating-rate equity forwards.

During Q2 2021, 300,000 units of equity forward contracts that hedged stock-options and performance share units settled and resulted in a cash receipt of approximately \$30.8 million. 300,000 units of new equity forward contracts were entered into in Q2 2021 with a hedge rate of \$203.05.

6.0 Tax Matters

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, from time to time certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in the status of ongoing audits by tax authorities as disclosed in section 8.0 in the Company's 2020 Annual MD&A.

The Company regularly reviews the potential for adverse outcomes with respect to tax matters. The Company believes that the ultimate disposition of these matters will not have a material adverse effect on its liquidity, consolidated financial position or net income because the Company has determined that it has adequate provision for these tax matters. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved. For a discussion of the Company's tax contingency, refer to Note 17 to the Company's interim consolidated financial statements for the second quarter of 2021.

Income taxes for the 13 weeks ended July 3, 2021 were an expense of \$98.4 million compared to an expense of \$6.0 million in the prior year.

Income taxes for the 26 weeks ended July 3, 2021 were an expense of \$166.5 million, compared to a recovery of \$3.3 million in the prior year. The increase in income tax expense for both 13 and 26 weeks ended July 3, 2021 was primarily due to higher income and higher non-deductible stock-option expense in the period.

7.0 Accounting Policies, Estimates, and Non-GAAP Measures

7.1 Critical Accounting Estimates

The Company estimates certain amounts, which are reflected in its condensed interim consolidated financial statements using detailed financial models based on historical experience, current trends, and other assumptions. Actual results could differ from those estimates. In Management's judgment, the accounting estimates and policies detailed in Note 2 and Note 3 to the Company's 2020 Consolidated Financial Statements do not require Management to make assumptions about matters that are highly uncertain and, accordingly, none of those estimates are considered a "critical accounting estimate" as defined in Form 51-102F1 – *Management's Discussion and Analysis*, published by the Canadian Securities Administrators, except for the allowance for loan impairment in the Financial Services segment.

Details of the accounting policies that are subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in its condensed interim consolidated financial statements, including the extent to which the impacts of the COVID-19 pandemic affect the judgments and estimates, are described in Note 2 to the Company's 2020 Consolidated Financial Statements and Notes.

7.2 Changes in Accounting Policies

Standards, Amendments and Interpretations Issued and Adopted

Effective in the first quarter 2020, the Company adopted Interest Rate Benchmark Reform – Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16), issued in August 2020. These amendments address issues that arise from the implementation of interest rate benchmarks (e.g. interbank offered rates ("IBORs")) reform, where IBORs will be replaced with alternative benchmark rates.

For financial instruments carried at amortized cost, the amendments introduce a practical expedient such that if a change in the contractual cash flows occurs as a direct consequence of IBOR reform and on an economically equivalent basis, the change will be accounted for by updating the effective interest rate prospectively with no immediate gain or loss recognized. As at July 3, 2021, except for short and long-term investments of \$241.6

million that specify a 3 month tenor of the Canadian Dollar Offered Rate ("CDOR"), the Company's exposure to non-derivative financial assets and financial liabilities to IBORs subject to reform is not significant.

The amendments also provide temporary relief that allow for hedging relationships to continue upon the replacement of an existing interest rate benchmark with an alternative benchmark rate under certain qualifying conditions, including the amendment of the hedge designation and documentation to reflect the new rate, and permits new hedging relationships that are in the scope of the Phase 2 amendments.

The Company enters into interest rate swap contracts to hedge the exposure against interest rate risk on the future interest payments of certain debt issuances and deposits. The Company also enters into "swaption" derivative financial instruments that provide an option to enter into an interest rate swap as part of the Company's strategy to manage its interest rate exposure risk on the future interest payments of certain debt issuances and deposits. Where hedge accounting can be applied, the Company accounts for these derivatives as cash flow hedges.

Under IBOR reform, CDOR may be subject to discontinuance, changes in methodology, or become unavailable. The Company's hedging relationships have significant exposure to the CDOR benchmark.

During the first quarter, the Company adhered to the International Swaps and Derivatives Association Fallbacks Protocol ("ISDA Protocol"). The ISDA Protocol provides specific fallbacks depending on whether the relevant IBOR has been permanently discontinued or is temporarily unavailable. It provides an efficient amendment mechanism for mutually adhering counterparties to incorporate these fallback provisions into legacy derivative contracts.

For aspects of hedge accounting not covered by the amendments and hedges that are not directly impacted by the IBOR reform, the accounting policies as described in Note 3 to the Company's 2020 Consolidated Financial Statements and Notes continue to apply.

Standards, Amendments and Interpretations Issued but not yet Adopted

The following new standards, amendments and interpretations have been issued but are not effective for the fiscal year ending January 1, 2022 and, accordingly, have not been applied in preparing the condensed interim consolidated financial statements.

Insurance Contracts

In May 2017, the International Accounting Standards Board ("IASB") issued IFRS 17 – Insurance Contracts ("IFRS 17"), which replaces IFRS 4 – Insurance Contracts and establishes a new model for recognizing insurance policy obligations, premium revenue, and claims-related expenses. IFRS 17 is effective for annual periods beginning on or after January 1, 2021. In June 2020, the IASB issued 'Amendments to IFRS 17' to address concerns and implementation challenges that were identified after IFRS 17 was published in 2017. The amendment also deferred the effective date for two years to January 1, 2023. Early adoption is permitted. The Company is assessing the potential impact of this standard.

Improving accounting policy disclosures and clarifying distinction between accounting policies and accounting estimates (Amendments to IAS 1 and IAS 8)

In February 2021, the IASB issued narrow-scope amendments to IAS 1 – Presentation of Financial Statements ("IAS 1"), IFRS Practice Statement 2 – Making Materiality Judgments ("IFRS Practice Statement 2") and IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8").

The amendments to IAS 1 require companies to disclose their material accounting policy information rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The amendments to IAS 8 clarify how companies should distinguish changes in accounting policies from changes in accounting estimates. That distinction is important because changes in accounting estimates are applied

prospectively only to future transactions and other future events, but changes in accounting policies are generally also applied retrospectively to past transactions and other past events.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company is assessing the potential impact of these amendments.

Deferred Tax related to assets and liabilities arising from a single transaction (Amendments to IAS 12)

In May 2021, the IASB issued targeted amendments to IAS 12 – Income Taxes to specify how companies should account for deferred tax on transactions such as leases and decommissioning obligations. In specified circumstances, companies are exempt from recognizing deferred tax when they recognize assets or liabilities for the first time. Previously, there had been some uncertainty about whether the exemption applied to transactions such as leases and decommissioning obligations transactions for which companies recognize both an asset and a liability. The amendments clarify that the exemption does not apply and that companies are required to recognize deferred tax on such transactions. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early application permitted. The Company is assessing the potential impact of the amendment.

7.3 Key Operating Performance Measures and Non-GAAP Financial Measures

The Company uses certain key operating performance measures and non-GAAP financial measures and believes that they provide useful information to both Management and investors in measuring the financial performance and financial condition of the Company for the following reasons.

7.3.1 Key Operating Performance Measures

Retail Sales

Retail sales refers to the point-of-sale value of all goods and services sold to retail customers at stores operated by Dealers, Mark's and SportChek franchisees, and Petroleum retailers, at corporately-owned stores across all retail banners, services provided as part of the Home Services offering, and of goods sold through the Company's online sales channels, and in aggregate do not form a part of the Company's condensed interim consolidated financial statements. Sales descriptions for the retail banners can be found in the footnotes to the table contained within section 3.2.2 of this MD&A. Retail sales excludes Helly Hansen Retail sales at its retail stores.

Management believes that Retail sales and related year-over-year comparisons provide meaningful information to investors and are expected and valued by them to help assess the size and financial health of the Company's retail network of stores. These measures also serve as an indicator of the strength of the Company's brand, which ultimately impacts its consolidated financial performance.

Comparable Sales

Comparable sales is a metric used by Management and is also commonly used in the retail industry to identify sales growth generated by a Company's existing store network and removes the effect of opening and closing stores in the period. The calculation includes sales from all stores that have been open for a minimum of one year and one week, as well as eCommerce sales. For the current year, Comparable sales growth and comparable store gasoline volume growth has been calculated by aligning the 2020 fiscal calendar to match the 2021 fiscal calendar (i.e. sales from the first week in 2021 are compared with the sales from the second week of 2020) and includes the sales of stores which were temporarily closed. Comparable sales in the prior year excluded the sales during the period in which the stores were temporarily closed. The Company also reviews consolidated Comparable sales which include Comparable sales at Canadian Tire (including PartSource, PHL, and Party City), SportChek, and Mark's but excludes Comparable sales at Petroleum and Helly Hansen. Additional information on Comparable sales and Retail sales growth descriptions for Canadian Tire, Mark's, and SportChek can be found in section 3.2.2 of this MD&A.

Sales per Square Foot

Management and investors use comparisons of sales per square foot metrics over several periods to help identify whether existing assets are being made more productive by the Company's introduction of new store layouts and merchandising strategies. Sales per square foot descriptions for Canadian Tire, Mark's, and SportChek can be found in section 3.2.2 of this MD&A.

Retail Return on Invested Capital

The Company believes that Retail ROIC is useful in assessing the return on capital invested in its Retail assets. Retail ROIC is calculated as Retail earnings divided by the Retail invested retail capital. Retail earnings are defined as trailing annual Retail segment after tax earnings excluding interest expense, lease related depreciation expense, inter-segment earnings, and any normalizing items. Retail invested capital is defined as Retail segment total assets, less Retail segment trade payables and accrued liabilities and inter-segment balances based on an average of the trailing four quarters.

In 2021, the Company updated its calculation to include right-of-use assets in the invested capital base in place of operating leases capitalized at a factor of eight under the previous definition. Management restated the previously disclosed metric for comparability of Retail ROIC to conform to the current year calculation. Numerous methods exist to calculate Retail ROIC and the methodology adopted by CTC to calculate Retail ROIC may differ from the methodologies used by other companies. As such, the Company has presented the details of the calculation in the following section for comparison purposes.

(C\$ in millions)	Q2 2021	Q2 2020
Normalized retail income before income taxes	\$ 1,273.5	\$ 400.7
Less:		
Intercompany adjustments ¹	(192.5)	(194.1)
Add:		
Interest expense ²	262.7	301.7
Depreciation of right-of-use assets	528.4	509.6
Normalized retail effective tax rate	28.6 %	27.1 %
Taxes	(534.6)	(275.8)
Retail earnings	\$ 1,337.5	\$ 742.1
Retail assets ²	15,320.0	15,197.1
Less:		
Intercompany adjustments ¹	(3,405.2)	(3,417.8)
Trade payables and accrued liabilities ³	(2,461.7)	(2,254.2)
Retail invested capital	\$ 9,453.1	\$ 9,525.1
Retail ROIC	14.1 %	7.8 %

¹ Intercompany adjustments include intercompany income received from CT REIT which is included in the Retail segment, and inter company investments made by the Retail segment in CT REIT and CTFS.

² Excludes Franchise Trust.

³ Trade payables and accrued liabilities include trade and other payables, short-term derivative liabilities, short-term provisions and income tax payables.

Return on Receivables

Return on Receivables ("ROR") is used by Management to assess the profitability of the Financial Services' total portfolio of receivables. ROR is calculated by dividing income before income tax and gains/losses on disposal of property and equipment by the average total-managed portfolio over a rolling 12-month period.

7.3.2 Non-GAAP Financial Measures

Consolidated Normalized EBITDA Adjusted for Rent Expense, Normalized EBITDA and EBITDA

The following table reconciles the consolidated normalized income before income taxes, net finance costs, depreciation and amortization and certain one-time normalizing items, or normalized EBITDA adjusted for rent expense and normalized EBITDA respectively, to net income attributable to shareholders of Canadian Tire Corporation, which is a GAAP measure reported in the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020. Management uses normalizations to exclude one-time, non-operational items and has adjusted EBITDA to include an estimate of rent expense, a significant operating expense for its retail business. Normalized EBITDA adjusted for rent expense and normalized EBITDA, which include normalized gross margin and normalized selling, general and administrative expenses with adjustments for an estimate of rent expense, are used as a supplementary measure when assessing the performance of its ongoing operations and its ability to generate cash flows to fund its cash requirements, including the Company's capital expenditures.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Normalized EBITDA adjusted for rent expense	\$ 501.2	\$ 167.1	\$ 900.1	\$ 323.5
Add:				
Depreciation of right-of-use assets	72.7	70.5	143.3	140.2
Net finance costs, related to leases	21.4	23.4	43.5	47.5
Normalized EBITDA	\$ 595.3	\$ 261.0	\$ 1,086.9	\$ 511.2
Less normalizing items:				
Operational Efficiency program	6.8	6.3	15.5	13.8
EBITDA	\$ 588.5	\$ 254.7	\$ 1,071.4	\$ 497.4
Less:				
Depreciation and amortization, other than right-of-use assets ¹	102.1	106.5	202.6	208.4
Depreciation of right-of-use assets	72.7	70.5	143.3	140.2
Net finance costs, other than those related to leases	34.8	46.0	70.0	90.1
Net finance costs, related to leases	21.4	23.4	43.5	47.5
Income before income taxes	\$ 357.5	\$ 8.3	\$ 612.0	\$ 11.2
Income taxes expense (recovery)	98.4	6.0	166.5	(3.3)
Net income	\$ 259.1	\$ 2.3	\$ 445.5	\$ 14.5
Net income attributable to non-controlling interests	35.5	22.3	70.1	47.8
Net income (loss) attributable to shareholders of Canadian Tire Corporation	\$ 223.6	\$ (20.0)	\$ 375.4	\$ (33.3)

¹ Depreciation and amortization reported in cost of producing revenue for the 13 and 26 weeks ended July 3, 2021 was \$4.1 million (2020 – \$3.2 million) and \$8.0 million (2020 – \$6.3 million).

Retail Segment Normalized EBITDA Adjusted for Rent Expense, Normalized EBITDA and EBITDA

The following table reconciles the Retail segment normalized income before income taxes, net finance costs, depreciation and amortization and certain one-time normalizing items, or normalized EBITDA adjusted for rent expense and normalized EBITDA respectively, to income before income taxes, which is a supplementary GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020. Management uses normalizations to exclude one-time, non-operational items and has adjusted EBITDA to include an estimate of rent expense, a significant operating expense for its retail business. Normalized EBITDA adjusted for rent expense and normalized EBITDA, which include normalized gross margin and normalized SG&A expenses with adjustments for an estimate of rent expense, are used as a supplementary measure when assessing the performance of its ongoing operations and its ability to generate cash flows to fund its cash requirements, including the Company's capital expenditures.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Normalized EBITDA adjusted for rent expense	\$ 293.8	\$ 31.1	\$ 481.5	\$ 25.9
Add:				
Depreciation of right-of-use assets	134.1	128.7	266.1	257.7
Net finance costs, related to leases	52.1	55.4	105.5	112.4
Normalized EBITDA	\$ 480.0	\$ 215.2	\$ 853.1	\$ 396.0
Less normalizing items:				
Operational Efficiency program	6.8	6.3	15.5	13.8
EBITDA	\$ 473.2	\$ 208.9	\$ 837.6	\$ 382.2
Less:				
Depreciation and amortization, other than right-of-use assets ¹	83.1	87.7	163.9	171.8
Depreciation of right-of-use assets	134.1	128.7	266.1	257.7
Net finance (income) costs, other than related to leases	(4.7)	3.3	(9.0)	6.1
Net finance costs, related to leases	52.1	55.4	105.5	112.4
Income (loss) before income taxes	\$ 208.6	\$ (66.2)	\$ 311.1	\$ (165.8)

¹ Depreciation and amortization reported in cost of producing revenue for the 13 and 26 weeks ended July 3, 2021 was \$4.1 million (2020 – \$3.2 million) and \$8.0 million (2020 – \$6.3 million).

Normalized Gross Margin

The following table reconciles normalized gross margin to gross margin which is a supplementary GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020.

(C\$ in millions)	Q2 2021	Q2 2020	YTD 2021	YTD 2020
Normalized gross margin	\$ 1,346.7	\$ 940.7	\$ 2,533.1	\$ 1,879.9
Less normalizing items:				
Operational Efficiency program	1.7	—	1.7	—
Gross margin	\$ 1,345.0	\$ 940.7	\$ 2,531.4	\$ 1,879.9

Normalized Selling, General and Administrative Expenses Adjusted for Rent Expense

The following table reconciles the normalized SG&A expenses, adjusted for rent expenses, and normalized SG&A expenses to SG&A expenses, which is a supplementary GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020. Management uses normalizations to exclude one-time, non-operational items and has adjusted SG&A expenses to include an estimate of rent expense, a significant operating expense for the Company's Retail business. Normalized SG&A expenses adjusted for rent expense and normalized SG&A expenses, are used as a supplementary measure when assessing the performance of its ongoing operations.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Normalized selling, general and administrative expenses adjusted for rent expense	\$ 858.8	\$ 744.0	\$ 1,667.0	\$ 1,538.5
Add:				
Depreciation and amortization, other than right-of-use assets	98.0	103.3	194.6	202.1
Less:				
Net finance costs, related to leases	21.4	23.4	43.5	47.5
Normalized selling, general and administrative expenses	\$ 935.4	\$ 823.9	\$ 1,818.1	\$ 1,693.1
Add normalizing items:				
Operational Efficiency program	5.1	6.3	13.8	13.8
Selling, general and administrative expenses	\$ 940.5	\$ 830.2	\$ 1,831.9	\$ 1,706.9

Retail Normalized Gross Margin

The following table reconciles Retail normalized gross margin to Retail gross margin which is a supplementary GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020.

(C\$ in millions)	Q2 2021	Q2 2020	2021	2020
Retail normalized gross margin	\$ 1,118.4	\$ 793.7	\$ 2,078.7	\$ 1,567.0
Less normalizing items:				
Operational Efficiency program	1.7	—	1.7	—
Retail gross margin	\$ 1,116.7	\$ 793.7	\$ 2,077.0	\$ 1,567.0

Retail Normalized Selling, General and Administrative Expenses Adjusted for Rent Expense

The following table reconciles the Retail normalized SG&A expenses, adjusted for rent expenses, and, Retail normalized SG&A expenses, to Retail SG&A expenses, which is a supplementary GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020. Management uses normalizations to exclude one-time, non-operational items and has adjusted SG&A expenses to include an estimate of rent expense, a significant operating expense for our retail business. Normalized SG&A expenses, adjusted for rent expense and normalized SG&A expenses, are used as a supplementary measure when assessing the performance of its ongoing operations.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Normalized selling, general and administrative expenses adjusted for rent expense	\$ 876.3	\$ 764.7	\$ 1,701.4	\$ 1,581.9
Add:				
Depreciation and amortization, other than right-of-use assets	79.0	84.5	155.9	165.5
Less:				
Net finance costs, related to leases	52.1	55.4	105.5	112.4
Normalized selling, general and administrative expenses	\$ 903.2	\$ 793.8	\$ 1,751.8	\$ 1,635.0
Add normalizing items:				
Operational Efficiency program	5.1	6.3	13.8	13.8
Selling, general and administrative expenses	\$ 908.3	\$ 800.1	\$ 1,765.6	\$ 1,648.8

Normalized Net Income

The following table reconciles normalized net income to net income which is a GAAP measure reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020. Management believes that normalizing GAAP net income provides a useful method for assessing the Company's underlying operating performance and assists in making decisions regarding the ongoing operations of its business.

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Normalized net income	\$ 264.1	\$ 6.9	\$ 456.9	\$ 24.6
Less normalizing items:				
Operational Efficiency program	5.0	4.6	11.4	10.1
Net income	\$ 259.1	\$ 2.3	\$ 445.5	\$ 14.5

Normalized Net Income Attributable to Shareholders and Earnings per Share

Management believes that normalizing GAAP net income attributable to shareholders of the Company and basic EPS for non-operating items provides a useful method for assessing the Company's underlying operating performance and assists in making decisions regarding the ongoing operations of its business.

The following table is a reconciliation of normalized net income attributable to shareholders of the Company and normalized basic and diluted EPS to the respective GAAP measures:

(C\$ in millions, except per share amounts)	Q2 2021	EPS	Q2 2020	EPS	YTD Q2 2021	EPS	YTD Q2 2020	EPS
Net income/basic EPS	\$ 223.6	\$ 3.68	\$ (20.0)	\$ (0.33)	\$ 375.4	\$ 6.17	\$ (33.3)	\$ (0.55)
Add the after-tax impact of the following, attributable to shareholders of the Company:								
Operational Efficiency program	5.0	0.08	4.6	0.08	11.4	0.18	10.1	0.17
Normalized net income (loss)/normalized basic EPS	\$ 228.6	\$ 3.76	\$ (15.4)	\$ (0.25)	\$ 386.8	\$ 6.35	\$ (23.2)	\$ (0.38)
Normalized net income (loss)/normalized diluted EPS	\$ 228.6	\$ 3.72	\$ (15.4)	\$ (0.25)	\$ 386.8	\$ 6.29	\$ (23.2)	\$ (0.38)

Adjusted Net Debt

The following tables reconcile adjusted net debt to GAAP measures. The Company believes that adjusted net debt is relevant in assessing the amount of financial leverage employed.

As at July 3, 2021

(C\$ in millions)	Consolidated	Retail	Financial Services	REIT
Consolidated net debt				
Short-term deposits	\$ 2,055.9	\$ —	\$ 2,055.9	\$ —

CT REIT Non-GAAP Financial Measures

Net Operating Income

NOI is defined as cash rental revenue from investment properties less property operating costs. NOI is used as a key indicator of performance as it represents a measure of property operations over which Management has control.

CT REIT evaluates its performance by comparing the performance of the portfolio adjusted for the effects of non-operational items and current-year acquisitions.

The following table shows the relationship of NOI to GAAP property revenue and property expense in CT REIT's Consolidated Statements of Income and Comprehensive Income:

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Property revenue	\$ 129.6	\$ 125.5	\$ 259.5	\$ 252.3
Less:				
Property expense	27.7	28.5	56.9	57.4
Property straight-line rent revenue	1.5	2.8	3.2	5.4
Net operating income	\$ 100.4	\$ 94.2	\$ 199.4	\$ 189.5

Funds from Operations and Adjusted Funds from Operations

CT REIT calculates its FFO and AFFO in accordance with the *Real Property Association of Canada's* White Paper on FFO and AFFO for IFRS issued in February 2019. FFO and AFFO should not be considered as alternatives to net income or cash flow provided by operating activities determined in accordance with IFRS.

Management believes that FFO provides an operating performance measure that, when compared period over period, reflects the impact on operations of trends in occupancy levels, rental rates, operating costs and property taxes, acquisition activities and interest costs, and provides a perspective of the financial performance that is not immediately apparent from net income determined in accordance with IFRS. FFO adds back items to net income that do not arise from operating activities, such as fair-value adjustments. FFO, however, still includes non-cash revenues relating to accounting for straight-line rent and makes no deduction for the recurring capital expenditures necessary to sustain the existing earnings stream.

AFFO is a supplemental measure of recurring economic earnings used in the real estate industry to assess an entity's distribution capacity. CT REIT calculates AFFO by adjusting net income for all adjustments used to calculate FFO as well as adjustments for non-cash income and expense items such as amortization of straight-line rents. Net income is also adjusted by a reserve for maintaining productive capacity required to sustain property infrastructure and revenue from real estate properties and direct leasing costs. Property capital expenditures do not occur evenly during the fiscal year or from year to year. The capital expenditure reserve in the AFFO calculation is intended to reflect an average annual spending level.

The following table reconciles income before income taxes, as reported in the notes to the condensed interim consolidated financial statements for the periods ended July 3, 2021 and June 27, 2020, to FFO and AFFO:

(C\$ in millions)	Q2 2021	Q2 2020	YTD Q2 2021	YTD Q2 2020
Income before income taxes	\$ 178.6	\$ 62.0	\$ 253.2	\$ 105.2
Fair-value (gain) loss adjustment	(106.5)	4.9	(110.8)	29.1
Deferred taxes	(0.1)	(0.4)	0.5	0.7
Lease principal payments on right-of-use assets	(0.4)	(0.1)	(0.6)	(0.3)
Fair value of equity awards	0.1	0.7	0.4	(0.9)
Internal leasing expense	0.2	0.2	0.4	0.3
Funds from operations	\$ 71.9	\$ 67.3	\$ 143.1	\$ 134.1
Properties straight-line rent adjustment	(1.5)	(2.8)	(3.2)	(5.4)
Capital expenditure reserve	(6.2)	(5.9)	(12.4)	(12.1)
Adjusted funds from operations	\$ 64.2	\$ 58.6	\$ 127.5	\$ 116.6

8.0 Key Risks and Risk Management

CTC is regularly faced with a number of opportunities and risks through the normal course of its business activities. The effective management of risk is a key priority for the Company to support CTC in achieving its strategies and business objectives. Accordingly, CTC has adopted an Enterprise Risk Management ("ERM") Framework for identifying, assessing, monitoring, mitigating and reporting key risks. The ERM Framework is designed to:

- safeguard the Company and its reputation;
- support the achievement of the Company's strategic objectives;
- preserve and enhance shareholder value; and
- support business planning and operations by providing a cross-functional perspective to risk management integrated with strategic planning and reporting processes across all lines of business.

The Company promotes a strong risk culture by fostering a common set of values, beliefs, knowledge and understanding of risk. This culture is essential to support the ERM Framework and effective governance of risk across the Company.

Refer to section 10.0 in the Company's 2020 Annual MD&A for further details of CTC's ERM Framework and discussion of key risks.

9.0 Internal Controls and Procedures

Details relating to disclosure controls and procedures, and internal control over financial reporting, are disclosed in section 11.0 of the Company's 2020 Annual MD&A.

Changes in Internal Control Over Financial Reporting

During the quarter ended July 3, 2021, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

10.0 Environmental and Social Responsibility

10.1 Overview

In line with global and Canadian efforts to combat climate change, the Company has set targets to reduce its Greenhouse Gas (GHG) emissions and is making progress in executing sustainability initiatives that reduce both energy consumption and waste, as well as using more sustainable materials in its products. For additional details on the Company's sustainability strategy please refer to section 2.8 of the 2020 AIF. A copy of the Environmental Sustainability Report is available at <https://corp.canadiantire.ca/English/sustainability/sustainability-reports/default.aspx>.

CTC supports a variety of social causes, but the largest single beneficiary is Canadian Tire Jumpstart Charities. For details on the Company's commitment to various social causes aimed at improving social outcomes for Canadians, refer to section 2.8 of the 2020 AIF. Additional information regarding Jumpstart is available on their website at: <http://jumpstart.canadiantire.ca>.

11.0 Subsequent Event

On July 28, 2021 the Company acquired a minority interest in Ashcroft Terminal Ltd., a 320-acre inland transload and storage terminal strategically located at the intersection of both Canadian Pacific Railways Limited and Canadian National Railways Company railway networks in inland British Columbia. The \$40 million investment will enhance the flexibility of our supply chain and drive longer-term savings by securing capacity against our future railway requirements and allowing the Company to stage more inventory in British Columbia.

12.0 Forward-Looking Statements and Other Investor Communication

Caution Regarding Forward-looking Statements

This document contains forward-looking statements that reflect Management's current expectations relating to matters such as future financial performance and operating results of the Company. Specific forward-looking statements included or incorporated by reference in this document include, but are not limited to, statements with respect to:

- the Company's Operational Efficiency program, including the target annualized savings in section 3.1.1; and
- the Company's intention with respect to the purchase of its Class A Non-Voting Shares in section 5.1.

Forward-looking statements provide information about Management's current expectations and plans, and allow investors and others to better understand the Company's anticipated financial position, results of operations and operating environment. Readers are cautioned that such information may not be appropriate for other purposes. Certain statements other than statements of historical facts included in this document may constitute forward-looking statements, including, but not limited to, statements concerning Management's current expectations relating to possible or assumed future prospects and results, the Company's strategic goals and priorities, its actions and the results of those actions and the economic and business outlook for the Company. Often, but not always, forward-looking statements can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "believe", "estimate", "plan", "can", "could", "should", "would", "outlook", "forecast", "anticipate", "aspire", "foresee", "continue", "ongoing" or the negative of these terms or variations of them or similar terminology. Forward-looking statements are based on the reasonable assumptions, estimates, analyses, beliefs and opinions of Management, made in light of its experience and perception of trends, current conditions and expected developments, as well as other factors that Management believes to be relevant and reasonable at the date that such statements are made.

By their very nature, forward-looking statements require Management to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that the Company's assumptions, estimates, analyses, beliefs and opinions may not be correct and that the Company's expectations and plans will not be achieved. Examples of material assumptions and Management's beliefs, which may prove to be incorrect, include, but are not limited to, the duration and impact of COVID-19, including measures adopted by governmental or public authorities in response to the pandemic, the effectiveness of certain performance measures, current and future competitive conditions and the Company's position in the competitive environment, the Company's core capabilities, and expectations around the availability of sufficient liquidity to meet the Company's contractual obligations. Management's expectations with respect to the Operational Efficiency program are based on a number of assumptions relating to anticipated cost savings and operational efficiencies. Although the Company believes that the forward-looking information in this document is based on information, assumptions and beliefs that are current, reasonable, and complete, such information is necessarily subject to a number of factors that could cause actual results to differ materially from Management's expectations and plans as set forth in such forward-looking statements. Some of the factors, many of which are beyond the Company's control and the effects of which can be difficult to predict, include: (a) credit, market, currency, operational, liquidity and funding risks, including changes in economic conditions, interest rates or tax rates; (b) the ability of the Company to attract and retain high-quality executives and employees for all of its businesses, Dealers, Canadian Tire Petroleum retailers, and Mark's and SportChek franchisees, as well as the Company's financial arrangements with such parties; (c) the growth of certain business categories and market segments and the willingness of customers to shop at its stores or acquire the Company's Owned Brands or its financial products and services; (d) the Company's margins and sales and those of its competitors; (e) the changing consumer preferences and

expectations relating to eCommerce, online retailing and the introduction of new technologies; (f) the possible effects on our business from international conflicts, political conditions, and other developments including changes relating to or affecting economic or trade matters as well as the outbreak of contagions or pandemic diseases; (g) risks and uncertainties relating to information management, technology, cyber threats, property management and development, environmental liabilities, supply-chain management, product safety, competition, seasonality, weather patterns, climate change, commodity prices and business continuity; (h) the Company's relationships with its Dealers, franchisees, suppliers, manufacturers, partners and other third parties; (i) changes in laws, rules, regulations and policies applicable to the Company's business; (j) the risk of damage to the Company's reputation and brand; (k) the cost of store network expansion and retrofits; (l) the Company's capital structure, funding strategy, cost management program, and share price; (m) the Company's ability to obtain all necessary regulatory approvals; (n) the Company's ability to complete any proposed acquisition; and (o) the Company's ability to realize the anticipated benefits or synergies from its acquisitions. With respect to the statements concerning the Company's Operational Efficiency program, such factors also include: (a) the possibility that the Company does not achieve the targeted annualized savings; (b) the possibility that the program results in unforeseen impacts to overall performance; (c) the possibility that the one-time costs and capital investments associated with the program are more significant than expected; and (d) the possibility that the Company does not achieve the expected payback during the anticipated timeframe for the severance, store closure and other related expenses recorded. Management cautions that the foregoing list of important factors and assumptions is not exhaustive and other factors could also adversely affect the Company's results. Investors and other readers are urged to consider the foregoing risks, uncertainties, factors and assumptions carefully in evaluating the forward-looking statements and are cautioned not to place undue reliance on such forward-looking statements.

For more information on the risks, uncertainties and assumptions that could cause the Company's actual results to differ from current expectations, refer to section 10.0 (Key Risks and Risk Management) of the 2020 Annual MD&A and all subsections thereunder, as well as the Company's other public filings, available on the SEDAR (System for Electronic Document Analysis and Retrieval) website at www.sedar.com and at <https://investors.canadiantire.ca>.

The forward-looking information contained herein is based on certain factors and assumptions as of the date hereof and does not take into account the effect that transactions or non-recurring or other special items announced or occurring after the statements are made have on the Company's business. The Company does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by it or on its behalf, to reflect new information, future events or otherwise, except as required by applicable securities laws.

Information contained in or otherwise accessible through the websites referenced in this MD&A does not form part of this MD&A and is not incorporated by reference into this MD&A. All references to such websites are inactive textual references and are for information only.

This document contains trade names, trademarks and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the ® or ™ symbol.

Commitment to Disclosure and Investor Communication

The Company strives to maintain a high standard of disclosure and investor communication and has been recognized as a leader in financial reporting practices. Reflecting the Company's commitment to full and transparent disclosure, the Investor Relations section of the Company's website at: <https://investors.canadiantire.ca>, includes the following documents and information of interest to investors:

- Report to Shareholders;
- the Annual Information Form;
- the Management Information Circular;
- quarterly reports;
- quarterly fact sheets and other supplementary information;
- reference materials on the Company's reporting changes; and
- conference call webcasts (archived for one year).

The Company's Report to Shareholders, Annual Information Form, Management Information Circular and quarterly financial statements and MD&A are also available at www.sedar.com.

If you would like to contact the Investor Relations department directly, email investor.relations@cantire.com.

1. The Company and its Operations

Canadian Tire Corporation, Limited is a Canadian public company primarily domiciled in Canada. Its registered office is located at 2180 Yonge Street, Toronto, Ontario, M4P 2V8, Canada. It is listed on the Toronto Stock Exchange (TSX – CTC, CTC.A). Canadian Tire Corporation, Limited and the entities it controls are together referred to in these condensed interim consolidated financial statements as the “Company”, “CTC” or “Canadian Tire Corporation”.

The Company comprises of three main business operations, which offer a wide range of retail goods and services, including general merchandise, apparel, sporting goods, petroleum, Financial Services including a bank, and real estate operations. Details of the Company’s three reportable operating segments are provided in Note 5.

Quarterly net income and revenue are affected by seasonality. The fourth quarter typically generates the greatest contribution to revenue and earnings and the first quarter the least.

This document contains trade names, trademarks and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks and service marks referred to herein appear without the ® or TM symbol.

2. Basis of Preparation

Statement of Compliance

These condensed interim consolidated financial statements (“interim financial statements”) for the 13 and 26 weeks ended July 3, 2021 (and comparative results for the 13 and 26 weeks ended June 27, 2020) have been prepared in accordance with International Accounting Standard (“IAS”) 34 – *Interim Financial Reporting* and therefore do not contain all disclosures required by International Financial Reporting Standards (“IFRS”). These interim financial statements should be read in conjunction with the Company’s 2020 Consolidated Financial Statements and Notes and have been prepared using the same accounting policies described in Note 3 to the 2020 Consolidated Financial Statements and Notes.

These interim financial statements were authorized for issuance by the Company’s Board of Directors on August 11, 2021.

Basis of Presentation

These interim financial statements have been prepared on a historical cost basis, except for the following items, which are measured at fair value:

- financial instruments at fair value through profit or loss (“FVTPL”);
- derivative financial instruments;
- liabilities for share-based payment plans; and
- initial recognition of assets acquired and liabilities assumed in a business combination.

In addition, the post-employment defined benefit obligation is recorded at its discounted present value.

Functional and Presentation Currency

These interim financial statements are presented in Canadian dollars (“C\$”), the Company’s functional currency. Each of the Company’s foreign subsidiaries determines its own functional currency and items included in the interim financial statements of each foreign subsidiary are measured using that functional currency. Assets and liabilities of foreign operations having a functional currency other than the Canadian dollar are translated at the rate of exchange prevailing at the reporting date, and revenues and expenses at average rates during the period. Gains or losses on translation are accumulated as a component of equity. On the disposal of a foreign operation, or the loss of control, the component of accumulated other comprehensive income relating to that foreign operation is reclassified to net income.

Judgments and Estimates

The preparation of these interim financial statements in accordance with IAS 34 requires Management to make judgments and estimates that affect:

- the application of accounting policies;
- the reported amounts of assets and liabilities;
- disclosures of contingent assets and liabilities; and
- the amounts of revenue and expenses recognized during the reporting periods.

Actual results may differ from estimates made in these interim financial statements.

Judgments are made in the selection and assessment of the Company's accounting policies. Estimates are used mainly in determining the measurement of recognized transactions and balances. Estimates are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Judgments and estimates are often interrelated. The Company's judgments and estimates are continually re-evaluated to assess whether they remain appropriate. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods affected.

As disclosed in Note 2 to the Company's 2020 Consolidated Financial Statements and Notes, the Coronavirus ("COVID-19") pandemic continues to give rise to heightened uncertainty as it relates to accounting estimates and assumptions and increases the need to apply judgments when evaluating the economic environment and its impact on significant estimates.

There is significant uncertainty regarding the extent and duration of the impact that the COVID-19 pandemic will have on the Company's operations. The extent to which the impacts of the COVID-19 pandemic affects the judgments and estimates described in Note 2 to the Company's 2020 Consolidated Financial Statements and Notes depend on future developments, which are highly uncertain and cannot be predicted. COVID-19 continues to impact assumptions relating to the impairment analysis of the Company's investment property, right-of-use assets, property and equipment and goodwill and intangible assets, the inputs used to fair value the redeemable financial instrument and the information used in determining the estimate of allowances on credit card loans receivables. The changes in assumptions and inputs during the quarter did not impact these interim financial statements, except as it relates to the allowances on credit card loans receivable as described in Note 6.

Management will continue to monitor and assess the impact of the pandemic on its judgments, estimates, accounting policies and amounts recognized in these interim financial statements, including but not limited to Impairment of Financial and Non-Financial Assets, Fair Value of Redeemable Financial Instruments and Loans Receivable.

Details of the accounting policies that are subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in these interim financial statements are described in Note 2 to the Company's 2020 Consolidated Financial Statements and Notes.

Standards, Amendments and Interpretations Issued and Adopted

Interest Rate Benchmark Reform – Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16)

Effective in the first quarter 2020, the Company adopted Interest Rate Benchmark Reform – Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16), issued in August 2020. These amendments address issues that arise from the implementation of interest rate benchmarks (e.g. interbank offered rates ("IBORs")) reform, where IBORs will be replaced with alternative benchmark rates.

For financial instruments carried at amortized cost, the amendments introduce a practical expedient such that if a change in the contractual cash flows occurs as a direct consequence of IBOR reform and on an economically equivalent basis, the change will be accounted for by updating the effective interest rate prospectively with no immediate gain or loss recognized. As at July 3, 2021, except for short and long-term investments of \$241.6 million that specify a 3 month tenor of the Canadian Dollar Offered Rate ("CDOR"), the Company's exposure to non-derivative financial assets and financial liabilities to IBORs subject to reform is not significant.

The amendments also provide temporary relief that allow for hedging relationships to continue upon the replacement of an existing interest rate benchmark with an alternative benchmark rate under certain qualifying conditions, including the amendment of the hedge designation and documentation to reflect the new rate, and permits new hedging relationships that are in the scope of the Phase 2 amendments.

The Company enters into interest rate swap contracts to hedge the exposure against interest rate risk on the future interest payments of certain debt issuances and deposits. The Company also enters into “swaption” derivative financial instruments that provide an option to enter into an interest rate swap as part of the Company’s strategy to manage its interest rate exposure risk on the future interest payments of certain debt issuances and deposits. Where hedge accounting can be applied, the Company accounts for these derivatives as cash flow hedges.

Under IBOR reform, CDOR may be subject to discontinuance, changes in methodology, or become unavailable. The Company’s hedging relationships have significant exposure to the CDOR benchmark.

During the first quarter, the Company adhered to the International Swaps and Derivatives Association Fallbacks Protocol (“ISDA Protocol”). The ISDA Protocol provides specific fallbacks depending on whether the relevant IBOR has been permanently discontinued or is temporarily unavailable. It provides an efficient amendment mechanism for mutually adhering counterparties to incorporate these fallback provisions into legacy derivative contracts.

Management is closely monitoring the impacted hedging relationship for possible changes to CDOR and its possible replacement with a new interest rate benchmark. Effective May 17, 2021, Refinitiv Benchmark Services (UK) Limited, the administrator of CDOR, ceased publication of the 6 and 12 month tenors of CDOR. The 1, 2 and 3 month tenors of CDOR will continue to be published. As of the date of these interim financial statements, the Company’s hedging instruments do not specify 6 and 12 month tenors of CDOR. The practical expedients available under these amendments will be applied for the 2021 annual fiscal period and beyond once the IBOR reform begins to impact the hedge accounting requirements.

Standards, Amendments and Interpretations Issued but not yet Adopted

The following new standards, amendments and interpretations have been issued but are not effective for the fiscal year ending January 1, 2022 and, accordingly, have not been applied in preparing these interim financial statements.

Insurance Contracts

In May 2017, the International Accounting Standards Board (“IASB”) issued IFRS 17 – Insurance Contracts (“IFRS 17”), which replaces IFRS 4 – Insurance Contracts and establishes a new model for recognizing insurance policy obligations, premium revenue, and claims-related expenses. IFRS 17 is effective for annual periods beginning on or after January 1, 2021. In June 2020, the IASB issued ‘Amendments to IFRS 17’ to address concerns and implementation challenges that were identified after IFRS 17 was published in 2017. The amendment also deferred the effective date for two years to January 1, 2023. Early adoption is permitted. The Company is assessing the potential impact of this standard.

Improving accounting policy disclosures and clarifying distinction between accounting policies and accounting estimates (Amendments to IAS 1 and IAS 8)

In February 2021, the IASB issued narrow-scope amendments to IAS 1 – Presentation of Financial Statements (“IAS 1”), IFRS Practice Statement 2 – Making Materiality Judgments (“IFRS Practice Statement 2”) and IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors (“IAS 8”).

The amendments to IAS 1 require companies to disclose their material accounting policy information rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The amendments to IAS 8 clarify how companies should distinguish changes in accounting policies from changes in accounting estimates. That distinction is important because changes in accounting estimates are applied

prospectively only to future transactions and other future events, but changes in accounting policies are generally also applied retrospectively to past transactions and other past events.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company is assessing the potential impact of these amendments.

Deferred Tax related to assets and liabilities arising from a single transaction (Amendments to IAS 12)

In May 2021, the IASB issued targeted amendments to IAS 12 – Income Taxes to specify how companies should account for deferred tax on transactions such as leases and decommissioning obligations. In specified circumstances, companies are exempt from recognizing deferred tax when they recognize assets or liabilities for the first time. Previously, there had been some uncertainty about whether the exemption applied to transactions such as leases and decommissioning obligations transactions for which companies recognize both an asset and a liability. The amendments clarify that the exemption does not apply and that companies are required to recognize deferred tax on such transactions. The aim of the amendments is to reduce diversity in the reporting of deferred tax on leases and decommissioning obligations. The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with early application permitted. The Company is assessing the potential impact of the amendment.

3. Capital Management

The Company's objectives when managing capital are:

- ensuring sufficient liquidity to support its financial obligations and execute its operating and strategic plans;
- maintaining healthy liquidity reserves and access to capital; and
- minimizing the after-tax cost of capital while taking into consideration current and future industry, market and economic risks and conditions.

The Company manages its capital structure over the long term to optimize the balance among capital efficiency, financial flexibility, and risk mitigation. Management calculates credit metrics to approximate the methodologies of credit rating agencies and other market participants on a current and prospective basis. To assess its effectiveness in managing capital, Management monitors these metrics against the target range for the rating.

The current economic, operating and capital market environment continues to support an increased emphasis on liquidity and capital management. Management is focused on ensuring sufficient liquidity, both through maintaining a strong balance sheet and ensuring access to capital.

The Company was in compliance with all financial covenants under its credit agreements as at July 3, 2021 and January 2, 2021. Under these covenants, the Company has sufficient flexibility to support business growth.

Helly Hansen is required to comply with covenants established under its bank credit agreements and was in compliance with all financial covenants thereunder as at July 3, 2021.

CT Real Estate Investment Trust ("CT REIT") is required to comply with covenants established under its Declaration of Trust, Trust Indenture and bank credit agreement and was in compliance with all financial covenants thereunder as at July 3, 2021.

In addition, the Company is required to comply with regulatory requirements for capital associated with the operations of Canadian Tire Bank ("CTB" or the "Bank"), a federally chartered bank, and other regulatory requirements that have an impact on its business operations and certain covenants established under its bank credit agreement. As at July 3, 2021, CTB complied with all regulatory capital guidelines established by the Office of the Superintendent of Financial Institutions of Canada ("OSFI") and all financial covenants under its bank credit agreement.

4. Liquidity and Financing

As at July 3, 2021, the Company (excluding Helly Hansen) had no borrowings on its committed bank lines of credit and no U.S. Commercial Paper outstanding. Helly Hansen had a total of \$37.1 million of C\$ equivalent borrowings outstanding on its committed bank line of credit (115 million Norwegian Krone ["NOK"]) and its factoring facility (143.4 million NOK). CT REIT had no borrowings under its committed bank line of credit.

As at July 3, 2021, Glacier Credit Card Trust ("GCCT") had \$50.0 million of asset-backed commercial paper. CTB had no borrowings outstanding under its committed bank line of credit.

5. Operating Segments

The Company has three reportable operating segments: Retail, Financial Services, and CT REIT. The reportable operating segments are strategic business units offering different products and services. They are separately managed due to their distinct nature. The following summary describes the operations of each of the Company's reportable segments:

- The retail business is conducted under a number of banners including Canadian Tire, Canadian Tire Gas ("Petroleum"), Mark's, PartSource, Helly Hansen, Party City¹ and various SportChek banners. Retail also includes the Dealer Loan Program (the portion [silo] of Franchise Trust that issues loans to certain Dealers). Non-CT REIT real estate is included in Retail.
- Financial Services issues Canadian Tire's Triangle branded credit cards, including Triangle Mastercard, Triangle World Mastercard and Triangle World Elite Mastercard. Financial Services also offers Cash Advantage Mastercard and Gas Advantage Mastercard products, markets insurance and warranty products, and provides settlement services to the Company's affiliates. Financial Services includes CTB, a federally regulated Schedule I bank that manages and finances the Company's consumer Mastercard and retail credit card portfolios, as well as an existing block of Canadian Tire branded line of credit loans. CTB also offers high-interest savings ("HIS") account deposits, tax-free savings accounts ("TFSA") and guaranteed investment certificate ("GIC") deposits, both directly and through third-party brokers. Financial Services includes GCCT, a structured entity established to purchase co-ownership interests in the Company's credit card loans receivable. GCCT issues debt to third-party investors to fund its purchases.
- CT REIT is an unincorporated, closed-end real estate investment trust. CT REIT holds a geographically-diversified portfolio of properties mainly comprising Canadian Tire banner stores, Canadian Tire anchored retail developments, mixed-use commercial property, and industrial properties.

Performance is measured based on segment income before income taxes, as included in internal management reports. Management has determined that this measure is the most relevant in evaluating segment results and allocating resources. Information regarding the results of each reportable operating segment is as follows:

¹ "Party City" refers to the party supply business that operates under the Party City name and trademarks in Canada.

The eliminations and adjustments include the following items:

- reclassifications of certain revenues and costs in the Financial Services segment to net finance costs (income);
- conversion from CT REIT's fair value investment property valuation policy to the Company's cost model, including the recording of depreciation; and
- intersegment eliminations and adjustments including intercompany rent, property management fees, credit card processing fees and the change in fair value of the redeemable financial instrument.

While the Company primarily operates in Canada, it also operates in foreign jurisdictions through Helly Hansen. Foreign revenue earned by Helly Hansen for the 13 and 26 weeks ended July 3, 2021 amounted to \$95.1 million

(June 27, 2020 – \$64.7 million) and \$222.4 million (June 27, 2020 – \$179.0 million), respectively. Property and equipment, intangible assets (brand and goodwill) and right-of-use assets located outside of Canada was \$929.0 million as at July 3, 2021 (June 27, 2020 – \$917.3 million).

Capital expenditures by reportable operating segment are as follows:

¹ The Company employs a shared-services model for several of its back-office functions including finance, information technology, human resources, and legal. As a result, expenses relating to these functions are allocated on a systematic and rational basis to the reportable operating segments. The associated assets and liabilities are not allocated among segments in the presented measures of segmented assets and liabilities.

The eliminations and adjustments include the following items:

- conversion from CT REIT's fair value investment property valuation policy to the Company's cost model, including the recording of depreciation; and
- intersegment eliminations.

6. Loans Receivable

Quantitative information about the Company's loans receivable portfolio is as follows:

(C\$ in millions)				
Total principal amount of receivables ¹				
As at	July 3, 2021	June 27, 2020	January 2, 2021	
Credit card loans ²	\$ 5,037.4	\$ 5,060.5	\$ 4,983.8	
Dealer loans ³	567.3	613.4	507.7	
Total loans receivable	5,604.7	5,673.9	5,491.5	
Less: long-term portion ⁴	498.4	571.8	459.7	
Current portion of loans receivable	\$ 5,106.3	\$ 5,102.1	\$ 5,031.8	

¹ Amounts shown are net of allowances for loans receivable.

² Includes line of credit loans.

³ Dealer loans primarily relates to loans issued by Franchise Trust.

⁴ The long-term portion of loans receivable is included in long-term receivables and other assets and includes Dealer loans of \$497.4 million (June 27, 2020 – \$570.6 million and January 2, 2021 – \$458.7 million).

The Company's allowances for loans receivable decreased by \$52.3 million from January 2, 2021. The reduction is primarily due to the ongoing strength in portfolio metrics, as evidenced by the continuation of strong payment and favourable delinquency rates. Despite improvements in overall risk, Management continues to assess allowance with consideration for the heightened level of uncertainty over future cardholder behavior, which may be impacted by Government restrictions and the expected completion of Government relief measures, among other indicators of economic health, through the use of management overlays. A continuity of the Company's allowances for loans receivable is as follows:

	2021

Credit card loans are considered impaired when a payment is 90 days past due or there is sufficient doubt regarding the collectability of the outstanding balance. No collateral is held against credit card loans. The Bank continues to seek recovery on amounts that were written off during the period, unless the Bank no longer has the right to collect, the receivable has been sold to a third party, or all reasonable efforts to collect have been exhausted.

The following table sets out information about the credit risk exposure of loans receivable:

	July 3, 2021			
(C\$ in millions)	Stage 1	Stage 2	Stage 3	Total

Net carrying amount	\$ 4,452.9	\$ 174.8	\$ 356.1	\$ 4,983.8

During the 13 and 26 weeks ended July 3, 2021, the amount of cash received from interest earned on credit cards loans was \$226.0 million (June 27, 2020 – \$259.6 million) and \$465.9 million (June 27, 2020 – \$529.8 million), respectively.

7. Long-Term Debt

On January 6, 2021, CT REIT issued \$150.0 million of Series G senior unsecured debentures. The debentures have a coupon rate of 2.371 percent and a maturity date of January 6, 2031.

On January 10, 2021, CT REIT redeemed the entire outstanding principal amount of \$150.0 million Series C senior unsecured debentures.

8. Share Capital

Share capital consists of the following:

(C\$ in millions)	July 3, 2021	June 27, 2020	January 2, 2021
As at			
Authorized			
3,423,366 Common Shares			
100,000,000 Class A Non-Voting Shares			
Issued			
3,423,366 Common Shares (2020 – 3,423,366)	\$ 0.2	\$ 0.2	\$ 0.2
57,383,758 Class A Non-Voting Shares (June 27, 2020 – 57,383,758; January 2, 2021 – 57,383,758)	603.9	589.9	596.8
	\$ 604.1	\$ 590.1	\$ 597.0

All issued shares are fully paid. The Company does not hold any of its Common or Class A Non-Voting Shares. Neither the Common nor Class A Non-Voting Shares has a par value.

During the first half of 2021 and fiscal 2020, the Company issued and purchased Class A Non-Voting Shares. The Company's Class A Non-Voting Shares were purchased under its normal course issuer bid ("NCIB") pursuant to its anti-dilutive policy. During the first quarter of 2020, Class A Non-Voting Shares were also purchased in fulfillment of the Company's 2020 Share Purchase Intention. Purchases are charged to share capital at the

average cost per share outstanding and the excess between the purchase price and the average cost is first allocated to contributed surplus, with any remainder allocated to retained earnings.

The following transactions occurred with respect to the Class A Non-Voting Shares:

For the (C\$ in millions)	13 Weeks Ended				26 Weeks Ended

¹ Purchased shares, pursuant to the Company's NCIB, have been restored to the status of authorized but unissued shares. The Company records shares purchased on a transaction date basis.

² Automatic Share Purchase Plan.

As of July 3, 2021, the Company had dividends declared and payable to holders of Class A Non-Voting Shares and Common Shares of \$71.4 million (June 27, 2020 – \$69.2 million) at a rate of \$1.1750 per share (June 27, 2020 – \$1.1375 per share).

On August 11, 2021, the Company's Board of Directors declared dividends at a rate of \$1.175 payable on December 1, 2021 to shareholders of record as of October 31, 2021.

For the 13 and 26 weeks ended June 27, 2020, 237,342 and 169,100 stock options, respectively, were not included in the calculation of diluted earnings per share as they were anti-dilutive.

9. Share-Based Payments

During the 26 weeks ended July 3, 2021, the Company granted the following share-based payment awards:

Stock options

The Company granted 225,011 (June 27, 2020 – 1,021,688) stock options to certain employees. These stock options vest on a graduated basis over a three-year period, are exercisable over a term of seven years and have exercise prices of \$173.14 and \$207.09 (June 27, 2020 – \$80.49).

10. Revenue

Revenue by reportable operating segment is as follows:

	\$ 3,622.4	\$ 2,849.2	\$ 6,644.4	\$ 5,351.8

¹ Helly Hansen revenue represents external revenue only.

Major customers

The Company does not rely on any one customer.

11. Cost of Producing Revenue

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 3, 2021	June 27, 2020	July 3, 2021	June 27, 2020
Inventory cost of sales ¹	\$ 2,507.6	\$ 2,056.8	\$ 4,572.3	\$ 3,781.7
Net impairment loss on loans receivable	28.6	132.7	67.6	284.5
Finance costs	23.0	18.8	45.1	34.8
Other	14.3	12.8	25.0	29.2
	\$ 2,573.5	\$ 2,221.1	\$ 4,710.0	\$ 4,130.2

¹ Inventory cost of sales includes depreciation for the 13 and 26 weeks ended July 3, 2021 of \$4.1 million (2020 – \$3.2 million) and \$8 million (2020 – \$6.3 million), respectively.

Inventory writedowns as a result of net realizable value being lower than cost, recognized in the 13 and 26 weeks ended July 3, 2021 were \$29.3 million (2020 – \$25.8 million) and \$61.4 million (2020 – \$39.8 million), respectively.

Inventory writedowns recognized in prior periods and reversed in the 13 and 26 weeks ended July 3, 2021 were \$3.2 million (2020 – \$1.0 million) and \$5.1 million (2020 – \$2.9 million), respectively. The reversal of writedowns was the result of actual losses being lower than previously estimated.

The writedowns and reversals are included in inventory cost of sales.

12. Selling, General and Administrative Expenses

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 3, 2021	June 27, 2020	July 3, 2021	June 27, 2020
Personnel expenses	\$ 377.4	\$ 307.5	\$ 736.1	\$ 671.9
Occupancy	115.4	104.3	231.3	216.9
Marketing and advertising	74.8	63.8	139.2	121.7
Depreciation of property and equipment and investment property ¹	68.0	71.7	136.0	144.2
Depreciation of right-of-use assets	72.7	70.5	143.3	140.2
Amortization of intangible assets	30.0	31.6	58.6	57.9
Information systems	61.5	50.8	116.3	101.7
Other	140.7	130.0	271.1	252.4
	\$ 940.5	\$ 830.2	\$ 1,831.9	\$ 1,706.9

¹ Refer to Note 11 for depreciation included in cost of producing revenue.

13. Net Finance Costs

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 3, 2021	June 27, 2020	July 3, 2021	June 27, 2020
Finance income	\$ (1.9)	\$ (2.6)	\$ (3.9)	\$ (5.3)
Finance income on lease receivables ¹	(1.3)	(1.4)	(2.6)	(2.9)
Finance costs	36.7	48.6	73.9	95.4
Finance costs on lease liabilities	22.7	24.8	46.1	50.4
	\$ 56.2	\$ 69.4	\$ 113.5	\$ 137.6

¹ Relates to properties where the Company is an intermediate lessor in a sublease arrangement classified as a finance sublease under IFRS 16.

14. Income Taxes

Income tax (benefit) expense recognized in other comprehensive income is as follows:

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 3, 2021	June 27, 2020	July 3, 2021	June 27, 2020
Net fair value (losses) gains on hedging instruments entered into for cash flow hedges not subject to basis adjustment	\$ (5.5)	\$ (1.6)	\$ 1.9	\$ (11.4)
Deferred cost of hedging not subject to basis adjustment – Changes in fair value of the time value of an option in relation to time-period related hedged items	2.7	(7.9)	1.1	(2.7)
Reclassification of losses to income	2.4	—	3.3	0.2
Net fair value (losses) gains on hedging instruments entered into for cash flow hedges subject to basis adjustment	(9.4)	(8.9)	(14.7)	28.9
	\$ (9.8)	\$ (18.4)	\$ (8.4)	\$ 15.0

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, from time to time certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in ongoing audits by tax authorities as disclosed in Note 16 to the 2020 Consolidated Financial Statements and Notes.

The Company regularly reviews the potential for adverse outcomes with respect to tax matters. The Company believes that the ultimate disposition of these matters will not have a material adverse effect on its liquidity, consolidated financial position, or net income because the Company has determined that it has adequate provision for these tax matters. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved.

15. Notes to the Condensed Interim Consolidated Statements of Cash Flows

Cash and cash equivalents comprise the following:

(C\$ in millions)				
As at	July 3, 2021	June 27, 2020	January 2, 2021	
Cash	\$ 814.5	\$ 680.6	\$ 750.7	
Cash equivalents	1,106.5	1,288.8	540.3	
Restricted cash and cash equivalents ¹	18.9	22.4	36.2	
Cash and cash equivalents ²	\$ 1,939.9	\$ 1,991.8	\$ 1,327.2	

¹ Restricted cash and cash equivalents relates to GCCT and is restricted for the purpose of paying principal and interest to note holders and additional funding costs of \$11.5 million (June 27, 2020 – \$16.5 million and January 2, 2021 – \$29.7 million) and Helly Hansen's other operational items \$7.3 million (June 27, 2020 – \$5.9 million and January 2, 2021 – \$6.6 million).

² Included in cash and cash equivalents are amounts held in reserve in support of Financial Services' liquidity and regulatory requirements.

The total cash outflow for leases during the 13 and 26 weeks ended July 3, 2021 was \$116.3 million (June 27, 2020 – \$110.5 million) and \$224.0 million (2019 – \$219.6 million), respectively.

Capital Commitments

As at July 3, 2021, the Company had capital commitments for the acquisition of property and equipment, investment property and intangible assets for an aggregate cost of approximately \$334.4 million (June 27, 2020 – \$188.2 million).

16. Financial Instruments

16.1 Fair Value of Financial Instruments

Fair values have been determined for measurement and/or disclosure purposes based on the following:

The carrying amount of the Company's cash and cash equivalents, trade and other receivables, loans receivable, trade and other payables, short-term borrowings and loans payable approximate their fair value either due to their short-term nature or because they are derivatives, which are carried at fair value.

The carrying amount of the Company's long-term receivables and other assets approximate their fair value either because the interest rates applied to measure their carrying amount approximate current market interest rates or because they are derivatives, which are carried at fair value.

Fair values of financial instruments reflect the credit risk of the Company and counterparties when appropriate.

Investments in Debt Securities

The fair values of financial assets traded in active markets are determined by reference to their quoted closing bid price or dealer price quotations at the reporting date. For investments that are not traded in active markets, the Company determines fair values using a combination of discounted cash flow models, comparison to similar instruments for which market-observable prices exist and other valuation models.

Derivatives

The fair value of a foreign exchange forward contract is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

The fair value of interest rate swaps and swaptions reflects the estimated amounts the Company would receive or pay if it were to settle the contracts at the measurement date and is determined by an external service provider using valuation techniques based on observable market input data.

The fair value of equity derivatives is determined by reference to share price movement, adjusted for interest, using market interest rates specific to the terms of the underlying derivative contracts.

Redeemable Financial Instrument

The fair value of the redeemable financial instrument is calculated based on a discounted cash flow model using earnings attributable to the Financial Services business, adjusted for any undistributed earnings and Scotiabank's proportionate interest in the Financial Services business. This recurring fair value measurement is categorized within Level 3 of the fair value hierarchy. Refer to Note 3 and Note 33 to the Company's 2020 Consolidated Financial Statements and Notes for further information regarding this financial instrument.

16.2 Fair Value of Financial Assets and Financial Liabilities Classified Using the Fair Value Hierarchy

The Company uses a fair value hierarchy to categorize the inputs used to measure the fair value of financial assets and financial liabilities.

The following table presents the financial instruments measured at fair value classified by the fair value hierarchy:

(C\$ in millions)

As at		July 3, 2021		June 27, 2020		January 2, 2021	
	Category	Level		Level		Level	
Trade and other receivables	FVTPL ¹	2	\$ 96.1	2	\$ 23.4	2	\$ 69.8
Trade and other receivables	Effective hedging instruments	2	4.0	2	55.4	2	0.2
Long-term receivables and other assets	FVTPL ¹	2	20.6	2	13.9	2	28.2
Long-term receivables and other assets	Effective hedging instruments	2	54.1	2	22.2	2	14.4
Trade and other payables	FVTPL ¹	2	25.9	2	21.6	2	25.6
Trade and other payables	Effective hedging instruments	2	89.0	2	22.4	2	93.7
Redeemable financial instrument	FVTPL	3	567.0	3	567.0	3	567.0
Other long-term liabilities	FVTPL ¹	2	3.1	2	1.1	2	2.2
Other long-term liabilities	Effective hedging instruments	2	4.2	2	1.3	2	8.2

¹ Relates to derivatives not designated as hedging instruments.

There were no transfers in either direction among categories during the 13 and 26 weeks ended July 3, 2021 or the 13 and 26 weeks ended June 27, 2020.

16.3 Fair Value Measurement of Investments, Debt and Deposits

The fair value measurement of investments, debt, and deposits is categorized within Level 2 of the fair value hierarchy described in Note 33.2 to the Company's 2020 Consolidated Financial Statements and Notes. The fair values of the Company's investments, debt and deposits compared to the carrying amounts are as follows:

As at	July 3, 2021		June 27, 2020		January 2, 2021	
(C\$ in millions)	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Short-term investments	\$ 644.4	\$ 644.0	\$ 202.0	\$ 202.1	\$ 643.0	\$ 642.3
Long-term investments	176.8	176.3	154.8	154.9	146.2	146.1
Debt	4,266.7	4,514.3	5,236.8	5,439.6	4,266.2	4,593.3
Deposits	4,161.1	4,207.5	3,055.2	3,139.2	3,509.7	3,613.3

The difference between the fair values and the carrying amounts (excluding transaction costs that are included in the carrying amount of debt) is due to changes in market interest rates for similar instruments. The fair values are determined by discounting the associated future cash flows using current market interest rates for items of similar risk.

17. Contingencies

Legal Matters

The Company is party to a number of legal and regulatory proceedings, and has determined that each such proceeding constitutes a routine matter incidental to the business it conducts, and that the ultimate disposition of the proceedings will not have a material effect on its consolidated net income, cash flows, or financial position.

The Bank appealed commodity tax assessments for the years 2011 through 2017 to the Tax Court of Canada. On June 29, 2021, the Tax Court issued a judgment allowing the Bank's appeal on the basis that the service fees paid by the Bank to the credit card networks are consideration for exempt supplies of financial services, pursuant to a consent judgment. The Bank expects the Canada Revenue Agency to reassess in accordance with the Tax Court's judgment in the coming months, reversing the commodity tax assessments. No provision was made for the assessed amounts that would have been payable in the event of an adverse outcome.

18. Subsequent Event

On July 28, 2021 the Company acquired a minority interest in Ashcroft Terminal Ltd., a 320-acre inland transload and storage terminal strategically located at the intersection of both Canadian Pacific Railways Limited and Canadian National Railways Company railway networks in inland British Columbia. The purchase price was \$40 million.
