BH Global Limited (in Voluntary Winding Up) Shareholder Report

Overview

BH Global Limited ("BHG") is a closed-ended investment company, registered and incorporated in Guernsey on 25 February 2008 (Registration Number: 48555).

Prior to 1 September 2014, BHG invested all its assets (net of short-term working capital) in Brevan Howard Global Opportunities Master Fund Limited ("BHGO"). With effect from 1 September 2014, BHG changed its investment policy to invest all its assets (net of short-term working capital) in Brevan Howard Multi-Strategy Master Fund Limited ("BHMS" or the "Fund") a company also managed by BHCM.

BHG was admitted to the Official List of the UK Listing Authority and to trading on the Main Market of the London Stock Exchange on 29 May 2008.

BHMS has the ability to allocate capital to investment funds and directly to the underlying traders of Brevan Howard affiliated investment managers. The Single Manager Portfolio (the "SMP") is the allocation of BHMS' assets to trading books and funds which are managed by an individual portfolio manager. Prior to 1 January 2019 the SMP was named the Direct Investment Portfolio (the "DIP"). The BHMS allocations are made by an investment committee of BHCM that draws upon the resources and expertise of the entire Brevan Howard group.

BHG went into voluntary winding up with effect from 19 July 2021. Both the Sterling and US Dollar shares of BHG were removed from the Official List of the Financial Conduct Authority with effect from 08:00 on 23 July 2021. Please refer to BHG's announcement of 19 July 2021 for more information.

RISK FACTORS

Historic investment in BHG may have exposed an investor to a significant risk of losing all of the amount invested. Any person who is in any doubt about the nature of an investment in BHG (and therefore gaining exposure to BHMS and the investment funds in which BHMS invests (together with BHMS "the Underlying Funds")) should consult an authorised person specialising in advising on such investments. The risks associated with an investment in BHG included the following:

- * The Underlying Funds are speculative and involve substantial risk.
- * The Underlying Funds will be leveraged and will engage in speculative investment practices that may increase the risk of investment loss. The Underlying Funds may invest in illiquid securities.
- * Past results of each Underlying Fund's investment manager(s) are not necessarily indicative of future performance of that Underlying Fund, and that Underlying Fund's performance may be volatile.
- * An investor could lose all or a substantial amount of his or her investment.
- * An investment manager may have total investment and trading authority over an Underlying Fund and each Underlying Fund is dependent upon the services of its investment manager(s).
- * Investments in the Underlying Funds are subject to restrictions on withdrawal or redemption and should be considered illiquid.
- * The investment managers' incentive compensation, fees and expenses may offset an Underlying Fund's trading and investment profits.
- * No Underlying Fund is required to provide periodic pricing or valuation information to investors with respect to individual investments.
- * The Underlying Funds are not subject to the same regulatory requirements as mutual funds.
- * A portion of the trades executed for the Underlying Funds may take place on foreign markets.
- * The Underlying Funds are subject to conflicts of interest.
- * Each Underlying Fund is dependent on the services of certain key personnel, and, were certain or all of them to become unavailable, an Underlying Fund may prematurely terminate.
- * Each Underlying Fund's managers will receive performance-based compensation. Such compensation may give such managers an incentive to make riskier investments than they otherwise would.
- * An Underlying Fund may make investments in securities of issuers in emerging markets. Investment in emerging markets involve particular risks, such as less strict market regulation, increased likelihood of severe inflation, unstable currencies, war, expropriation of property, limitations on foreign investments, increased market volatility, less favourable or unstable tax provisions, illiquid markets and social and political upheaval.
- * An Underlying Fund may invest in digital assets. An Underlying Fund may lose the value of its entire investment or part of its investment in digital assets. Investments in digital assets may be subject to significant price volatility. Digital assets can present custody and security risks.

The above summary risk factors do not purport to be a complete description of the relevant risks of an investment in shares in BHG or the Underlying Funds and therefore reference should be made to publicly available documents and information.
