Skin-Firming
Duo DSA & CSA

BENEFITS

- Nourishes skin to deliver lasting moisturization
- Improves skin hydration
- Visibly toned skin
- Improves skin smoothness

Good for daytime & nighttime use

Dermal Repair Body Cream

Specifically formulated to deeply nourish, help renew, and improve the appearance of skin firmness. Patented repairing **Heparan Sulfate Analog (HSA)** works with **Dermatan Sulfate Analog (DSA)** and **Chondroitin Sulfate Analog (CSA)** to support the skin's capacity to protect and produce new collagen fibers for visibly younger and firmer-looking skin. A nourishing blend of lipids delivers immediate and long lasting moisturization for soft and smooth results.
