Novelis Reports First Quarter Fiscal Year 2023 Results

Q1 Fiscal Year 2023 Highlights

- Net income attributable to its common shareholder increased 28% YoY to \$307 million
- Net income from continuing operations of \$307 million, up 1% YoY; net income from continuing operations excluding special items was \$307 million, up 18% YoY
- Record Adjusted EBITDA of \$561 million, up 1% YoY; Adjusted EBITDA per ton \$583
- Shipments of 962 kilotonnes, down 1% from 973 kilotonnes in the prior year

ATLANTA, August 2, 2022 – Novelis Inc., a leading sustainable aluminum solutions provider and the world leader in aluminum rolling and recycling, today reported results for the first quarter of fiscal year 2023. Net income attributable to its common shareholder increased 28% versus the prior year to a record \$307 million, while net income from continuing operations increased 1% to \$307 million. Excluding special items in both years, first quarter fiscal year 2023 net income from continuing operations increased 18% versus the prior year to \$307 million due primarily to higher underlying Adjusted EBITDA, unrealized derivative gains and a lower tax provision in the current year, partially offset by a tax litigation gain benefiting prior year net income.

"Novelis once again delivered record financial performance in the first quarter, following our record performance last fiscal year," said Steve Fisher, President and CEO, Novelis Inc. "With our unmatched global footprint, broad product portfolio, and first mover capacity expansion plans to support growing demand for innovative and sustainable aluminum solutions, Novelis will continue to lead the aluminum industry in fostering a circular economy and driving long-term value for our stakeholders."

Net sales increased 32% to \$5.1 billion for the first quarter of fiscal year 2023, compared to \$3.9 billion in the prior year period, primarily driven by higher average aluminum prices and local market premiums. Total flat rolled product shipments were 962 kilotonnes, 1% lower than prior year shipments of 973 kilotonnes, due mainly to supply chain constraints.

Adjusted EBITDA increased 1% to a record \$561 million in the first quarter of fiscal year 2023, compared to \$555 million in the prior year period which included a \$47 million gain related to a favorable decision in a Brazilian tax litigation. The underlying increase in Adjusted EBITDA is primarily due to higher product pricing, including some higher cost pass-through to customers, favorable product mix on improved automotive and aerospace shipments, and lower metal costs due to improved recycling performance, partially offset by high cost inflation and unfavorable foreign exchange translation.

Adjusted Free Cash Flow from Continuing Operations was an outflow of \$72 million in the first quarter of fiscal year 2023, higher than the prior year period outflow of \$30 million due primarily to less favorable metal price lag. The company had a net leverage ratio (Net Debt / TTM Adjusted EBITDA) of 2.2x at the end of the first quarter of fiscal year 2023, compared to 2.5x in the prior year period.

"In a strong demand but capacity constrained environment, we continue to focus on delivering high-quality, high-recycled-content products to customers while continually optimizing our operations and portfolio," said Devinder Ahuja, Executive Vice President and Chief Financial Officer, Novelis Inc. "Given the growing market, we are vigorously allocating capital to continue to grow alongside our customers, with more than \$4.5 billion of investment opportunities on our horizon."

The company continues to maintain a strong Total Liquidity position of \$2.4 billion as of June 30, 2022.

Non-GAAP Financial Measures

This news release and the presentation slides for the earnings call contain non-GAAP financial measures as defined by SEC rules. We believe these measures are helpful to investors in measuring our financial performance and liquidity and comparing our performance to our peers. However, our non-GAAP financial measures may not be comparable to similarly titled non-GAAP financial measures used by other companies. These non-GAAP financial measures have limitations as an analytical tool and should not be considered in isolation or as a substitute for GAAP financial measures. To the extent we discuss any non-GAAP financial measures on the earnings call, a reconciliation of each measure to the most directly comparable GAAP measure will be available in the presentation slides, which can be found at novelis.com/investors. In addition, the Form 8-K includes a more detailed description of each of these non-GAAP financial measures, together with a discussion of the usefulness and purpose of such measures.

Attached to this news release are tables showing the condensed consolidated statements of operations, condensed consolidated balance sheets, condensed consolidated statements of cash flows, reconciliation of Adjusted EBITDA, Adjusted Free Cash Flow, Total Liquidity, Net Debt, income from continuing operations excluding special items, and segment information.

Forward-Looking Statements

Statements made in this news release which describe Novelis' intentions, expectations, beliefs or predictions may be forward-looking within the meaning of securities laws. Forward-looking statements include statements preceded by, followed by, or including the words "believes," "expects," "anticipates," "plans," "estimates," "projects," "forecasts," or similar expressions. Examples of forward-looking statements in this news release are statements about our ability to drive long-term value for our stakeholders or grow alongside our customers. Novelis cautions that, by their nature, forward-looking statements involve risk and uncertainty and Novelis' actual results could differ materially from those expressed or implied in such statements. We do not intend, and we disclaim any obligation, to update any forward-looking statements, whether as a result of new information, future events or otherwise. Factors that could cause actual results or outcomes to differ from the results expressed or implied by forward-looking statements include, among other things: changes in the prices and availability of aluminum (or premiums associated with such prices) or other materials and raw materials we use; inflationary pressures impacting the price of labor, freight, coatings and alloys; the capacity and effectiveness of our hedging activities; relationships with, and financial and operating conditions of, our customers, suppliers and other stakeholders; fluctuations in the supply of, and prices for, energy in the areas in which we maintain production facilities; our ability to access financing including in connection with potential acquisitions and investments; continued risks stemming from the acquisition of Aleris Corporation, including uncertainties inherent in the acquisition method of accounting; disruption to our global aluminum production and supply chain as a result of COVID-19 or geopolitical factors, such as Russia's recent invasion of Ukraine; changes in the relative values of various currencies and the effectiveness of our currency hedging activities; factors affecting our operations, such as litigation, environmental remediation and clean-up costs, breakdown of equipment and other events; economic, regulatory and political factors within the countries in which we operate or sell our products, including changes in duties or tariffs; risks related to cybersecurity and data breaches; our potential inability to protect our intellectual property and the confidentiality of our know-how, trade secrets, technology, and other proprietary information; competition from other aluminum rolled products producers as well as from substitute materials such as steel, glass, plastic and composite materials; downturns in consumer demand for our products or changes in consumer preferences as it relates to our products; the impact of the global semiconductor shortage on automotive production and demand for automotive aluminum sheet; changes in general economic conditions including deterioration in the global economy; the risks of pandemics or other public health emergencies, including the continued spread and impact of, and the governmental and third party response to, the ongoing COVID-19 outbreak; the impact of climate change or the legal, regulatory, or market response to climate change; changes in government regulations, particularly those affecting taxes, derivative instruments, environmental, health or safety compliance; risks that production levels and margins of our recent capital expenditures do not grow in line with our current expectations and that we may not realize returns commensurate with our investments; changes in interest rates that have the effect of increasing the amounts we pay under our credit facilities and other financing agreements; and our ability to generate cash. The above list of factors is not exhaustive. Other important risk factors are included under the caption "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended March 31, 2022.
