1.0 Preface

1.1 Definitions

In this document, the terms “we”, “us”, “our”, “Company”, “Canadian Tire Corporation”, “CTC”, and “Corporation” refer to Canadian Tire Corporation, Limited, on a consolidated basis. This document also refers to the Corporation’s three reportable operating segments: the “Retail segment”, the “Financial Services segment”, and the “CT REIT segment”.

The financial results for the Retail segment are delivered by the businesses operated by the Company under the Company’s retail banners, which include Canadian Tire, PartSource, Petroleum, Gas+, Party City, Mark’s, Helly Hansen, SportChek, Sports Experts, Atmosphere, Pro Hockey Life (“PHL”), Sports Rousseau, and Hockey Experts.

In this document:

“Canadian Tire” refers to the general merchandise retail and services businesses carried on under the Canadian Tire, PartSource, PHL, and Party City names and trademarks.

“Canadian Tire stores” and “Canadian Tire gas bars” refer to stores and gas bars (which may include convenience stores, car washes, and propane stations) that operate under the Canadian Tire and Gas+ names and trademarks.

“CT REIT” refers to the business carried on by CT Real Estate Investment Trust and its subsidiaries, including CT REIT Limited Partnership (“CT REIT LP”).

“Financial Services” refers to the business carried on by the Company’s Financial Services subsidiaries, namely Canadian Tire Bank (“CTB” or the Bank”) and CTFS Bermuda Ltd. (“CTFS Bermuda”), a Bermuda reinsurance company.

“Franchise Trust” refers to a legal entity sponsored by a third-party bank that originates and services loans to certain Dealers for their purchases of inventory and fixed assets (“Dealer loans”).

“Helly Hansen” refers to the international wholesale and retail businesses that operate under the Helly Hansen and Musto brands.

“Jumpstart” refers to Canadian Tire Jumpstart Charities.

“Mark’s” refers to the retail and commercial wholesale businesses carried on by Mark’s Work Wearhouse Ltd., and “Mark’s stores” including stores that operate under the Mark’s and L’Équipeur names and trademarks.

“Owned Brands” refers to brands owned by the Company and are managed by the consumer brands division of the Retail segment.

“PartSource stores” refers to stores that operate under the PartSource name and trademarks.

“Party City” refers to the party supply business that operates under the Party City name and trademarks in Canada.

“Petroleum” refers to the retail petroleum business carried on under the Canadian Tire and Gas+ names and trademarks.

“SportChek” refers to the retail business carried on by FGL Sports Ltd., including stores that operate under the SportChek, Sports Experts, Atmosphere, Sports Rousseau, and Hockey Experts names and trademarks.

Other terms that are capitalized in this document are defined the first time they are used.

This document contains trade names, trademarks, and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the ® or TM symbol.

1.2 Forward-Looking Information

This Management's Discussion and Analysis ("MD&A") contains statements that are forward looking and may constitute "forward-looking information" within the meaning of applicable securities legislation. Actual results or events may differ materially from those forecast and from statements of the Company's plans or aspirations that are made in this MD&A because of the risks and uncertainties associated with the Corporation's businesses and the general economic environment. The Company cannot provide assurance that any forecast financial or operational performance, plans, or aspirations will actually be achieved or, if achieved, will result in an increase in the Company's share price. Refer to section 13.0 in this MD&A for a more detailed discussion of the Company's use of forward-looking information.

1.3 Review and Approval by the Board of Directors

The Board of Directors, on the recommendation of its Audit Committee, approved the contents of this MD&A on August 10, 2022.

1.4 Quarterly and Annual Comparisons in the MD&A

Unless otherwise indicated, all comparisons of results for Q2 2022 (26 weeks ended July 2, 2022) are compared against results for Q2 2021 (26 weeks ended July 3, 2021).

1.5 Accounting Framework

The condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), also referred to as Generally Accepted Accounting Principles ("GAAP"), using the accounting policies described in Note 3 to the Company's 2021 Consolidated Financial Statements.

1.6 Accounting Estimates and Assumptions

The preparation of the Company's condensed interim consolidated financial statements that conforms to IFRS requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the condensed interim consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Refer to section 8.1 in this MD&A for further information.

1.7 Key Performance Measures

The Company uses certain key performance measures which provide useful information to both Management and investors in measuring the financial performance and financial condition of the Company. These measures are classified as GAAP measures, non-GAAP financial measures, non-GAAP ratios, capital management measures and supplementary financial measures, as well as non-financial measures. Readers are cautioned that the non-GAAP financial measures have no standardized meanings under IFRS and, therefore, may not be comparable to similar terms used by other companies. Refer to section 9.0 for additional information on these metrics. Many of the non-GAAP financial measures in this document are adjusted to normalize the results for certain activities Management does not believe reflect the ongoing business. Unless otherwise noted, analysis of changes in normalized results applies equally to changes in the reported results.

1.8 Rounding and Percentages

Rounded numbers are used throughout the MD&A. All year-over-year percentage changes are calculated on whole dollar amounts except in the presentation of basic and diluted earnings per share ("EPS"), in which year-over-year percentage changes are based on fractional amounts.

2.0 Company and Industry Overview

Canadian Tire Corporation, Limited (TSX: CTC.A) (TSX: CTC) and its subsidiaries, are a group of companies that include a Retail segment, a Financial Services segment and CT REIT. Our retail business is led by Canadian Tire, which was founded in 1922 and provides Canadians with products for life in Canada across its Automotive, Fixing, Living, Playing and Seasonal & Gardening divisions. PartSource, Gas+, Party City and Pro Hockey Life are key parts of the Canadian Tire network. The Retail segment also includes Mark's, a leading source for casual and industrial wear; and SportChek, Hockey Experts, Sports Experts and Atmosphere, which offer the best activewear brands. Over 1,700 retail and gasoline outlets are supported and strengthened by our Financial Services segment and the tens of thousands of people employed across Canada and around the world by the Company and its Canadian Tire Associate Dealers ("Dealers"), franchisees and petroleum retailers. In addition, Canadian Tire Corporation owns Helly Hansen, a leading global brand in sportswear and workwear based in Oslo, Norway, whose results are included in the Retail segment. A description of the Company's business and select core capabilities can be found in the Company's 2021 Annual Information Form ("2021 AIF"), including section 2 "Description of the Business" and on the Company's Corporate (<https://corp.canadiantire.ca>) and Investor Relations (<https://corp.canadiantire.ca/investors>) websites.

3.0 Strategy and Four-Year (2022 to 2025) Financial Aspirations

The following represents forward-looking information and readers are cautioned that actual results may vary.

In the Company's press release issued in conjunction with its Investor Day held on March 10, 2022, CTC announced the *Better Connected* strategy to bolster its omnichannel capabilities and drive long-term growth.

The Company's strategic growth plan builds upon the Company's unparalleled brand trust and brand purpose: to Make Life in Canada Better. The focus on investing in the business is coupled with a balanced approach to dividends and share buybacks which positions CTC to continue to generate attractive returns to shareholders.

A key part of the Company's strategy and an underpinning for growth will be growing its differentiated and innovative Owned Brands portfolio and increasing customer engagement with the Triangle Rewards program.

The \$3.4 billion of strategic investments, announced in conjunction with the strategy, are being incurred over the four years to 2025 and will create better customer experiences and deeper customer connections.

These investments are being allocated to:

- Enhancing the omnichannel customer experience by better connecting digital and physical channels and rolling out a new "Concept Connect" to approximately 225 Canadian Tire stores by 2025;
- Strengthening supply chain fulfillment infrastructure and automation; and
- Modernizing IT infrastructure and driving efficiency in how CTC operates.

In conjunction with the announcement of its strategic plan, CTC also established the following financial aspirations for fiscal years 2022 to 2025.

	Historical 2017-2019	Full-Year 2021	Aspiration 2022-2025
 Comparable sales growth¹ achieved on average annual basis	<3%	8.2%	4%+
 Diluted earnings per share	<\$13.00 2019: \$13.04 normalized ²	\$18.38 \$18.91 normalized ²	\$26.00+ by 2025
 Retail ROIC²	<10%	13.6%	~15%+ by 2025

¹ For further information about this measure see section 9.2 of this MD&A.

² Normalized diluted EPS and Retail Return on Invested Capital ("ROIC") are non-GAAP ratios. For further information and detailed reconciliations see section 9.1 of this MD&A.

Since the beginning of 2022, the Company has:

- Invested \$311 million in operating capital expenditures and updated 12 Canadian Tire stores, including replacement of its store in Moose Jaw, SK; full year operating capital expenditures are expected to be in the range of \$825 to \$875 million;
- Approved a 25% increase in its quarterly dividend to \$1.625; and
- As at July 2, 2022, purchased \$327 million of its \$400 million share repurchase commitment.

3.1 Material Assumptions and Risks

A discussion of the underlying material assumptions and risks that might impact the achievement of the financial aspirations are outlined below. In addition, achievement of the aspirations may be impacted by the risks identified in section 10.0 and risks and assumptions identified in section 13.0 of this MD&A.

3.1.1 Average Annual Consolidated Comparable Sales Growth (excluding Petroleum)

Material assumptions:

- Each individual business unit contributes positively to Consolidated Comparable Sales Growth
- Incremental sales growth generated from real estate investments
- Positive sales contribution from the continued focus and strategic investment in retail categories, assortment architecture and the omnichannel experience
- Continued engagement by customers in the Triangle Rewards program and personalized 1:1 offerings

Material risks:

- Decline in economic growth, consumer confidence, household spending and other market disruptions
- The occurrence of widespread economic restrictions, construction limitations or supply chain delays due to, among other events, a global pandemic resurgence
- Pricing pressure driven by growing competition from new and existing market players
- Accelerated disruption from eCommerce competitors
- Significant change in the retail landscape

3.1.2 Diluted EPS

Material assumptions:

- Realization of the Consolidated Comparable Sales Growth aspiration
- No major changes to retail gross margin rates
- Maintain selling, general and administrative expenses ("SG&A") discipline by institutionalizing the Operational Efficiency program
- Positive contribution to earnings by the Financial Services segment from growth of first use accounts, and gross average accounts receivable ("GAAR")
- No major changes to the Company's financial leverage and capital allocation approach

Material risks:

- Risks associated with the Consolidated Comparable Sales Growth aspiration described above
- Lower or lesser contribution from Operational Efficiency initiatives
- Increased costs relating to global sourcing impacting the Company's ability to manage operating and/or supply chain costs
- Adverse economic or regulatory conditions which negatively impact GAAR growth and increases volatility of the impairment allowance for credit card receivables
- Short-term effects on EPS from unexpected changes to the Company's capital-allocation initiatives
- Negative impacts due to unfavourable commodity prices, interest rates, and foreign exchange fluctuations

3.1.3 Retail ROIC

Material assumptions:

- Realization of Consolidated Comparable Sales Growth and Diluted EPS aspirations
- Prudent management of working capital and the Company's capital allocation priorities
- Continued successful investments in businesses to achieve organic growth and in projects and initiatives which yield improved asset productivity

Material risks:

- Lower than anticipated earnings growth (refer to risks associated with the Diluted EPS Growth aspiration described above)
- Unfavourable interest rates impacting the Company's asset value for new and renewed leases

Non-Controlling Interests

The following table outlines the net income attributable to the Company's non-controlling interests. For additional details, refer to Note 15 to the Company's 2021 Consolidated Financial Statements.

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021
Financial Services				
Non-controlling interest 20.0% (2021 – 20.0%)	\$ 13.0	\$ 18.3	\$ 31.3	\$ 36.7
CT REIT				
Non-controlling interest 31.1% (2021 – 30.9%)	17.2	16.7	33.5	32.9
Retail segment subsidiary				
Non-controlling interest 50.0% (2021 – 50.0%)	2.2	0.5	3.1	0.5
Net income attributable to non-controlling interests	\$ 32.4	\$ 35.5	\$ 67.9	\$ 70.1

Operational Efficiency program

The following represents forward-looking information and readers are cautioned that actual results may vary.

During the second quarter of 2022, the Company continued to execute its Operational Efficiency program and related initiatives and remains committed and on track to deliver \$100 million in additional program run rate savings for a total of \$300+ million by the end of 2022.

Normalizing Items

The results of operations in the second quarter of 2022 included \$9.7 million in consulting and ongoing project costs relating to the Company's Operational Efficiency program which were considered as normalizing items. These costs are included in selling, general and administrative expenses, in the consolidated statements of income.

Further to the March 4, 2022 announcement that the Company had paused Helly Hansen operations in Russia, during the quarter the Company commenced the exit of these operations and recognized a non-recurring charge of \$36.5 million in other expense (income) which has been classified as a normalizing item.

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021
Operational Efficiency program	\$ 9.7	\$ 6.8	\$ 11.8	\$ 15.5
Helly Hansen Russia exit	36.5	—	36.5	—
Total	\$ 46.2	\$ 6.8	\$ 48.3	\$ 15.5

Consolidated Results Commentary

Diluted EPS for the second quarter of 2022 was \$2.43 per share, \$1.21 lower than the prior year, of which \$0.68 related to non-recurring costs in relation to the exit of Helly Hansen operations in Russia as well as Operational Efficiency program costs. Normalized diluted EPS was \$3.11, which compared to \$3.72 in the prior year. In the prior year, various temporary store closures and COVID-19 related restrictions in certain provinces, particularly in Ontario, impacted the majority of Canadian Tire's store operations.

Retail segment income before income taxes was \$123.8 million, compared to \$208.6 million in the prior year. Retail segment revenue was up 12.3 percent, driven by strong revenue growth across all retail banners. This was more than offset by an increase in other expense that included the normalized charge relating to the exit of Helly Hansen operations in Russia, foreign exchange impacts and higher real estate related gains in the prior year, and an increase in selling, general, and administrative expenses. Normalized Retail segment income before income taxes decreased 21.1 percent to \$170.0 million. Financial Services segment income before income taxes was \$90.0 million, with the \$35.3 million decrease mainly attributable to a \$57.6 million year-over-year variance in the incremental expected credit loss ("ECL") allowance for loans receivable, partially offset by a 15.0 percent increase in revenue.

On a year-to-date basis, Diluted EPS was \$5.46 and Normalized Diluted EPS was \$6.16, a decrease of 10.6 percent and 2.1 percent respectively from the prior year. The decline was mainly driven by the year-over-year variance in the incremental ECL allowance for loans receivable and higher other expense. This was partially offset by strong revenue growth in both the Retail and Financial Services segments.

	Q2 2022	Year-to-Date
Consolidated Results Summary	<p>▼ Diluted EPS: \$1.21 per share</p> <ul style="list-style-type: none"> Consolidated revenue for the quarter was \$4,404.0 million, an increase of \$485.5 million, or 12.4 percent. Consolidated revenue excluding Petroleum¹ was \$3,724.5 million, an increase of 5.9 percent compared to the prior year, driven by revenue growth in the Retail segment due to strong sales performance across all banners, and revenue growth in the Financial Services segment due to higher interest income from receivable growth and higher fee income from strong credit card sales. Consolidated gross margin dollars were \$1,382.8 million, an increase of \$37.8 million, or 2.8 percent, compared to the prior year. The increase in gross margin dollars was due to the Retail segment driven by strong revenue growth across all banners, partially offset by lower margin in the Financial Services segment due to the \$57.6 million year-over-year variance in the incremental ECL allowance for loans receivable, which was up \$26.4 million in the quarter, compared to a \$31.2 million reduction in the prior year. Other expense was \$48.9 million, an increase of \$58.1 million, compared to income of \$9.2 million in the prior year. Excluding the \$36.5 million charge relating to the exit of Helly Hansen operations in Russia, normalized other expense was \$12.4 million, an increase of \$21.6 million from the prior year. The increase was mainly driven by the Retail segment, due to \$11.8 million of foreign exchange losses recognized at Helly Hansen in the current year compared to \$5.6 million of gains in the prior year, and higher real estate related gains in the prior year. 	<p>▼ Diluted EPS: \$0.65 per share</p> <ul style="list-style-type: none"> Consolidated revenue was \$8,241.4 million, an increase of \$1,000.0 million, or 13.8 percent. Consolidated revenue excluding Petroleum was \$7,063.5 million, an increase of 8.7 percent driven by revenue growth in the Retail segment due to higher shipments at Canadian Tire and strong sales performance across all banners, and revenue growth in the Financial Services segment due to higher interest income from receivable growth and higher fee income from strong credit card sales. Consolidated gross margin dollars were \$2,694.2 million an increase of \$162.8 million, or 6.4 percent driven by the Retail segment due to strong revenue growth across all banners, partially offset by lower margin in the Financial Services segment due to the \$78.7 million year-over-year variance in the incremental ECL allowance for loans receivable, which was up \$26.4 million in the year, compared to a \$52.3 million reduction in the prior year. Other expense was \$47.6 million, an increase of \$73.6 million, compared to income of \$26.0 million in the prior year. Excluding the \$36.5 million charge relating to the exit of Helly Hansen operations in Russia, normalized other expense was \$11.1 million, an increase of \$37.1 million from the prior year. The increase was driven by the Retail segment, due to \$17.6 million of foreign exchange losses recognized at Helly Hansen in the current year compared to \$13.3 million of gains in the prior year.

¹ For further information about this measure see section 9.2 of this MD&A.

Consolidated Results Commentary (continued)

Q2 2022	Year-to-Date
<ul style="list-style-type: none"> Consolidated SG&A was \$1,040.9 million, an increase of \$100.4 million or 10.7 percent compared to the prior year. Normalized consolidated SG&A was 1,031.2 million, an increase of \$95.8 million or 10.2 percent. The increase was mainly in the Retail segment due to higher marketing and store operations expense given the stores were open for the full quarter, strategic investments relating to the <i>Better Connected</i> strategy including the transition to cloud-based IT infrastructure, and higher volume-related supply chain costs. This was partially offset by savings from the Operational Efficiency program. SG&A also increased within the Financial Services segment, led by higher credit card acquisition costs and related marketing spend. Net finance costs during the quarter were \$54.9 million, which were lower by 2.5 percent, primarily due to lower lease related costs and higher capitalized interest. Income taxes for the quarter were \$60.5 million, compared to \$98.4 million in the prior year primarily due to lower income. In addition, the effective tax rate decreased for the quarter, primarily due to lower non-deductible stock option expense, partially offset by the charge relating to the exit of Helly Hansen operations in Russia. Diluted EPS was \$2.43, a decrease of \$1.21 or 33.2 percent. Normalized diluted EPS was \$3.11, a decrease of \$0.61 or 16.4 percent. The decline in earnings was due to an increase in the ECL allowance in the Financial Services segment compared to a decrease in the prior year, in addition to higher other expense and SG&A attributable to the reasons described above. This was partially offset by strong revenue growth across both the Retail and Financial Services segments. 	<ul style="list-style-type: none"> Consolidated SG&A was \$2,004.1 million, an increase of \$172.2 million or 9.4 percent. The increase was mainly in the Retail segment due to higher marketing and store operations expense given the stores were open for the full year, strategic investments relating to the <i>Better Connected</i> strategy including the transition to cloud-based IT infrastructure, and higher volume-related supply chain costs. This was partially offset by savings from the Operational Efficiency program. SG&A also increased within the Financial Services segment, led by higher credit card acquisition costs and related marketing spend. Net finance costs were \$109.5 million, which were lower by 3.6 percent, primarily due to lower lease related costs and higher capitalized interest compared to the prior year. Income taxes for the period were \$137.8 million, a decrease of \$28.7 million compared to the prior year primarily due to lower income. In addition, the effective tax rate decreased for the year, primarily due to lower non-deductible stock option expense, partially offset by the charge relating to the exit of Helly Hansen operations in Russia. Diluted EPS was \$5.46, a decrease of \$0.65 or 10.6 percent. Normalized diluted EPS was \$6.16, a decrease of \$0.13 or 2.1 percent. The decline in earnings was due to an increase in the ECL allowance in the Financial Services segment compared to a decrease in the prior year, in addition to higher other expense attributable to the reasons described above. This was partially offset by strong revenue growth across both the Retail and Financial Services segments.

4.1.2 Consolidated Key Performance Measures, Excluding Petroleum

(C\$ in millions) increase/(decrease)	Q2 2022	Q2 2021	Change
Selling, general and administrative expenses	\$ 1,040.9	\$ 940.5	\$ 100.4
Normalized ¹ SG&A adjusted for rent expense ² (excluding depreciation and amortization ³) as a percentage of revenue excluding Petroleum ^{4, 5}	25.6 %	24.4 %	120 bps
Income before income taxes	\$ 238.1	\$ 357.5	\$ (119.4)
Normalized ¹ EBITDA ⁶ adjusted for rent expense ² as a percentage of revenue excluding Petroleum ^{4, 5}	9.8 %	13.0 %	(317) bps

¹ Refer to section 4.1.1 in this MD&A for a description of normalizing items.

² Adjustments to SG&A include an addition of depreciation on right-of-use assets and net finance costs relating to lease liability as an estimate for rent expense.

³ Depreciation and amortization excluded amounted to \$96.9 million (2021 - \$98.0 million).

⁴ Revenue excludes Petroleum revenue, EBITDA excludes Petroleum gross margin.

⁵ This is a non-GAAP ratio. For further information and a detailed reconciliation see section 9.1 of this MD&A.

⁶ Earnings Before Interest, Tax, Depreciation and Amortization ("EBITDA").

(C\$ in millions) increase/(decrease)	YTD Q2 2022	YTD Q2 2021	Change
Selling, general and administrative expenses	\$ 2,004.1	\$ 1,831.9	\$ 172.2
Normalized ¹ SG&A adjusted for rent expense ² (excluding depreciation and amortization ³) as a percentage of revenue excluding Petroleum ^{4, 5}	26.1 %	25.7 %	46 bps
Income before income taxes	\$ 533.0	\$ 612.0	\$ (79.0)
Normalized ¹ EBITDA ⁶ adjusted for rent expense ² as a percentage of revenue excluding Petroleum ^{4, 5}	10.5 %	12.5 %	(202) bps

¹ Refer to section 4.1.1 in this MD&A for a description of normalizing items.

² Adjustments to SG&A include an addition of depreciation on right-of-use assets and net finance costs relating to lease liability as an estimate for rent expense.

³ Depreciation and amortization excluded amounted to \$188.1 million (2021 - \$194.6 million).

⁴ Revenue excludes Petroleum revenue, EBITDA excludes Petroleum gross margin.

⁵ This is a non-GAAP ratio. For further information and a detailed reconciliation see section 9.1 of this MD&A.

⁶ Earnings Before Interest, Tax, Depreciation and Amortization ("EBITDA").

Key Performance Measures Commentary

	Q2 2022	Year-to-Date
Normalized SG&A adjusted for rent expense (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum	<p>▲ 120 bps</p> <p>▲ \$100.4 or 10.7% reported SG&A</p> <ul style="list-style-type: none"> Normalized SG&A adjusted for rent (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum, was 25.6 percent, an increase of 120 bps. The increase in rate was mainly due to higher SG&A partially offset by an increase in revenue. <p>The increase in the related SG&A is discussed under the Consolidated Results commentary in the charts above.</p> <p>Normalized SG&A adjusted for rent (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum, was up in both the Retail and Financial Services segments compared to the prior year mainly driven by higher SG&A.</p>	<p>▲ 46 bps</p> <p>▲ \$172.2 or 9.4% reported SG&A</p> <ul style="list-style-type: none"> Normalized SG&A adjusted for rent (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum, increased 46 bps compared to the prior year. The increase in rate was mainly attributable to higher SG&A partially offset by an increase in revenue. <p>The increase in the related SG&A is discussed under the Consolidated Results commentary in the charts above.</p> <p>Normalized SG&A adjusted for rent (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum, was up in both the Retail and Financial Services segments compared to the prior year mainly driven by higher SG&A.</p>
Income before income taxes	<p>▼ \$119.4 million</p> <ul style="list-style-type: none"> The decline in earnings was due to an increase in the ECL allowance in the Financial Services segment compared to a decrease in the prior year, in addition to higher other expense and SG&A. This was partially offset by strong revenue growth across both the Retail and Financial Services segments. 	<p>▼ \$79.0 million</p> <ul style="list-style-type: none"> The decline in earnings was due to an increase in the ECL allowance in the Financial Services segment compared to a decrease in the prior year, in addition to higher other expense. This was partially offset by strong revenue growth across both the Retail and Financial Services segments.
Normalized EBITDA adjusted for rent expense, as a percentage of revenue excluding Petroleum	<p>▼ 317 bps</p> <ul style="list-style-type: none"> Normalized EBITDA adjusted for rent expense as a percentage of revenue, excluding Petroleum, was 9.8 percent, a decrease of 317 bps compared to the prior year, attributable to the decline in earnings from the year-over-year variance in the incremental ECL allowance in the Financial Services segment earnings, in addition to higher other expense, and the increase in SG&A (excluding depreciation and amortization) outpacing revenue growth. 	<p>▼ 202 bps</p> <ul style="list-style-type: none"> Normalized EBITDA adjusted for rent expense as a percentage of revenue, excluding Petroleum, decreased 202 bps compared to the prior year. The decrease in rate was due to the decline in earnings from the year-over-year variance in the incremental ECL allowance in the Financial Services segment earnings, in addition to higher other expense, partially offset by revenue growth.

4.1.3 Seasonal Trend Analysis

The following table shows the consolidated financial performance of the Company by quarter for the last two years.

(C\$ in millions, except per share amounts)	Q2 2022	Q1 2022	Q4 2021	Q3 2021	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020

¹ Revenue reported for Canadian Tire, SportChek, Mark's and Petroleum include inter-segment revenue. Helly Hansen revenue represents external revenue only. Therefore, in aggregate, revenue for Canadian Tire, SportChek, Mark's, Petroleum, and Helly Hansen will not equal total revenue for the Retail segment.

² For further information about this measure see section 9.2 of this MD&A.

³ Comparable sales growth excludes Petroleum.

⁴ Retail ROIC is calculated on a rolling 12-month basis based on normalized earnings.

⁵ This is a non-GAAP financial measure. For further information and a detailed reconciliation see section 9.1 of this MD&A.

⁶ Revenue includes revenue from Canadian Tire, PartSource, PHL, Party City and Franchise Trust.

⁷ Store count includes stores from Canadian Tire, and other banner stores of 161 (2021: 163 stores). Other banners include PartSource, PHL and Party City.

⁸ Sales per square foot figures are calculated on a rolling 12-month basis. Retail space excludes seasonal outdoor garden centres, auto service bays, or warehouse and administrative space.

⁹ Retail sales growth includes sales from Canadian Tire, PartSource, PHL, Party City and the labour portion of Canadian Tire's auto service sales.

¹⁰ Sales per square foot figures are calculated on a rolling 12-month basis, include both corporate and franchise stores and warehouse and administrative space.

¹¹ Retail sales growth includes sales from both corporate and franchise stores.

¹² Revenue includes the sale of goods to Mark's franchise stores, Retail sales from Mark's corporate stores, Mark's wholesale revenue from its commercial division, and includes ancillary revenue relating to embroidery and alteration services.

¹³ Retail sales growth includes Retail sales from Mark's corporate and franchise stores, but excludes revenue relating to alteration and embroidery services.

The following chart shows the Retail segment, excluding Petroleum, Retail sales and revenue performance by quarter for the last two years.

Year-over-year Retail Sales and Revenue Growth

Retail Segment Commentary

Retail sales and revenue increased 9.9 percent and 12.3 percent respectively in the quarter, driven by growth across all banners. Excluding Petroleum, Retail sales and revenue were up 4.6 percent and 5.1 percent respectively. Increased engagement with the Triangle Rewards program and our strong multi-category assortment and inventory management continued to drive sales growth in the quarter. The current quarter experienced fewer capacity restrictions limiting in-store shopping compared to the prior year which also helped sales performance while correspondingly driving higher store operating costs. Despite a return to in-store shopping, the eCommerce penetration rate¹ was 6.7 percent, with eCommerce sales¹ and penetration continuing to run well above pre-pandemic levels, at \$300 million in the quarter.

Retail income before income taxes was \$123.8 million for the quarter, compared to \$208.6 million in the prior year. Retail normalized income before income taxes was \$170.0 million for the quarter, compared to \$215.4 million in the prior year. The decrease in earnings was driven by higher other expense that included the normalized charge relating to the exit of Helly Hansen operations in Russia, foreign exchange impacts, and higher real estate related gains in the prior year. In addition, SG&A increased mainly from higher marketing and store operations expense given the stores were open for the full quarter, strategic investments relating to the *Better Connected* strategy including the transition to cloud-based IT infrastructure, and higher volume-related supply chain costs. This was partially offset by strong revenue growth across all banners.

On a year-to-date basis, Retail income before income taxes was \$272.6 million, a decrease of 12.4 percent from the prior year. Normalized Retail income before income taxes was \$320.9 million, a decrease of 1.7 percent from the prior year. The decline in earnings was driven by a decrease in other income that included the normalized charge relating to the exit of Helly Hansen operations in Russia and foreign exchange impacts. This was partially offset by strong revenue growth across all banners.

¹ For further information about this measure see section 9.2 of this MD&A.

Retail Segment Commentary (continued)

	Q2 2022	Year-to-Date
Retail Sales	<ul style="list-style-type: none"> ▲ \$481.2 million or 9.9% ▲ 5.0% in Comparable sales growth <ul style="list-style-type: none"> • Retail sales were \$5,363.8 million, an increase of 9.9 percent, and excluding Petroleum, Retail sales grew 4.6 percent, or \$202.4 million compared to prior year. Retail sales growth was driven by strong performance and customer demand across the banners, in addition to fewer pandemic related restrictions in the current year. •  Canadian Tire Retail sales were up 3.8 percent, driven by strong performance in Automotive categories reflecting an increase in Canadians' driving activity, and an increase in consumer demand in Living and Fixing. •  SPORTCHEK Retail sales growth was 0.6 percent. Comparable sales growth, which excludes impact of the National Sports banner closure, was 4.1 percent. SportChek benefited from the return to organized team sports, and top performing categories were Team Sports, Licensed Clothing and Hockey. •  Mark's Retail sales grew an impressive 21.1 percent. Mark's benefited from strong inventory management and targeted promotions. Casualwear and Industrial businesses contributed to the growth in sales. •  GAS+ Retail sales increased 56.8 percent due to higher per litre gas prices and higher gas volumes which were up 14.6 percent, partially offset by lower non-gas sales. 	<ul style="list-style-type: none"> ▲ \$784.8 million or 9.8% ▲ 5.6% in Comparable sales growth <ul style="list-style-type: none"> • Retail sales of \$8,785.2 million grew by 9.8 percent, and excluding Petroleum, Retail sales grew 5.0 percent or \$353.8 million. Retail sales growth was driven by strong performance and customer demand across the banners, in addition to fewer pandemic related restrictions in the current year. •  Canadian Tire Retail sales were up 4.1 percent. Retail sales growth was driven by strength in product assortment with strong performance in Automotive, reflecting an increase in Canadians' driving activity, increased consumer demand in Living and Fixing, and winter businesses outperforming in the first quarter due to cold weather experienced across several provinces. •  SPORTCHEK Retail sales increased 2.3 percent driven by stronger customer demand. Comparable sales growth, which excludes impact of the National Sports banner closure, was 6.7 percent. •  Mark's Retail sales increased 19.5 percent driven by strong inventory management and customer demand. •  GAS+ Retail sales increased by 47.3 percent due to higher per litre gas prices and higher volumes which were up 11.5 percent, partially offset by lower non-gas sales.
Revenue	<ul style="list-style-type: none"> ▲ \$444.0 million or 12.3% ▲ 5.1% excluding Petroleum <ul style="list-style-type: none"> • Retail revenue was \$4,067.2 million, an increase of 12.3 percent. Retail revenue increased across all banners, with particularly strong growth seen at Petroleum, Mark's and Helly Hansen. Petroleum and Mark's revenues are up due to the increase in retail sales as described above, while Helly Hansen experienced growth across channels and geographical regions, with the strongest growth coming from North America. 	<ul style="list-style-type: none"> ▲ \$925.7 million or 13.9% ▲ 8.3% excluding Petroleum <ul style="list-style-type: none"> • Retail revenue was \$7,571.7 million, an increase of 13.9 percent. The strong growth in revenue across all Retail banners was led by Petroleum and shipment growth at Canadian Tire. Mark's and Helly Hansen also contributed to the growth in revenue. Petroleum and Mark's revenues are up due to the increase in retail sales as described above, while Helly Hansen experienced growth across channels and geographical regions, with the strongest growth coming from North America.

Retail Segment Commentary (continued)

	Q2 2022	Year-to-Date
Gross Margin	<ul style="list-style-type: none"> ▲ \$65.4 million or 5.9% ▼ 176 bps in gross margin rate ▲ 4.9% excluding Petroleum ▼ 8 bps in gross margin rate, excluding Petroleum <ul style="list-style-type: none"> • Retail gross margin dollars were \$1,182.1 million, an increase of \$65.4 million. Excluding Petroleum, gross margin¹ dollars were \$1,123.6 million, an increase of \$52.5 million. The increase was primarily due to the strong increase in revenue described above. • Gross margin rate, excluding Petroleum¹, was relatively flat to the prior year despite headwinds in freight costs and product cost inflation which impacted all banners. Through improved product margins, targeted promotions, and a higher mix of in-store sales, SportChek and Mark's were able to more than offset these costs resulting in a year over year improvement in margin rates and although Canadian Tire predominately offset these headwinds, the banner did experience a modest decline in margin rate. 	<ul style="list-style-type: none"> ▲ \$182.0 million or 8.8% ▼ 142 bps in gross margin rate ▲ 8.0% excluding Petroleum ▼ 9 bps in gross margin rate, excluding Petroleum <ul style="list-style-type: none"> • Retail gross margin dollars were \$2,259.0 million, an increase of \$182.0 million. Excluding Petroleum, gross margin dollars were \$2,149.5 million, an increase of \$160.0 million, due to the strong increase in revenue described above. • Gross margin rate, excluding Petroleum, was relatively flat to the prior year despite headwinds in freight costs and product cost inflation which impacted all banners. Through improved product margins, targeted promotions, and a higher mix of in-store sales, SportChek and Mark's were able to more than offset these costs resulting in a year over year improvement in margin rates and although Canadian Tire predominately offset these headwinds, the banner did experience a modest decline in margin rate.
Other Expense (Income)	<ul style="list-style-type: none"> ▼ \$62.2 million or 130.8% <ul style="list-style-type: none"> • Other expense was \$14.6 million, unfavourable by \$62.2 million, compared to income of \$47.6 million in the prior year. Excluding the \$36.5 million charge relating to the exit of Helly Hansen operations in Russia, normalized other income was lower by \$25.7 million. The decline was due to \$11.8 million of foreign exchange losses recognized at Helly Hansen in the current year compared to \$5.6 million of gains in the prior year, and higher real estate related gains in the prior year. 	<ul style="list-style-type: none"> ▼ \$73.4 million or 76.3% <ul style="list-style-type: none"> • Other income was \$22.8 million, lower by \$73.4 million. Excluding the \$36.5 million charge relating to the exit of Helly Hansen operations in Russia, normalized other income was lower by \$36.9 million. The decrease was mainly due to \$17.6 million of foreign exchange losses recognized at Helly Hansen in the current year compared to \$13.3 million of gains in the prior year.
SG&A	<ul style="list-style-type: none"> ▲ \$91.8 million or 10.1% <ul style="list-style-type: none"> • SG&A was \$1,000.1 million, an increase of \$91.8 million, or 10.1 percent. The increase was mainly due to higher marketing and store operations expense given the stores were open for the full quarter, strategic investments relating to the <i>Better Connected</i> strategy including the transition to cloud-based IT infrastructure, and higher volume-related supply chain costs. This was partially offset by savings from the Operational Efficiency program. 	<ul style="list-style-type: none"> ▲ \$156.9 million or 8.9% <ul style="list-style-type: none"> • SG&A was \$1,922.5 million, an increase of \$156.9 million, or 8.9 percent. This increase was mainly due to higher marketing and store operations expense given the stores were open for the full quarter, strategic investments relating to the <i>Better Connected</i> strategy including the transition to cloud-based IT infrastructure, and higher volume-related supply chain costs. This was partially offset by savings from the Operational Efficiency program.

Retail Segment Commentary *(continued)*

	Q2 2022	Year-to-Date
Earnings Summary	▼ \$84.8 million or 40.7%	▼ \$38.5 million or 12.4%
	<ul style="list-style-type: none"> Income before income taxes was \$123.8 million, a decrease of \$84.8 million. Normalized income before income taxes was \$170.0 million, a decrease of \$45.5 million. The decrease in income was primarily driven by an increase in other expense and SG&A attributable to the reasons described above, partially offset by strong revenue growth across all banners. 	<ul style="list-style-type: none"> Income before income taxes was \$272.6 million, a decrease of \$38.5 million. Normalized income before income taxes was \$320.9 million, a decrease of \$5.7 million. The decrease in income was primarily driven by a decline in other income attributable to the reasons described above, partially offset by strong revenue growth across all banners.

4.2.3 Retail Segment Seasonal Trend Analysis

Quarterly operating net income and revenue are affected by seasonality. The fourth quarter typically generates the greatest contribution to revenue and earnings, and the first quarter the least. The following table shows the Retail segment financial performance of the Company by quarter for the last two years.

(C\$ in millions, except per share amounts)	Q2 2022	Q1 2022	Q4 2021	Q3 2021	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020

Financial Services Segment Commentary

Financial Services segment income before income taxes was \$90.0 million, a decrease of \$35.3 million from the prior year in part due to a \$57.6 million year-over-year variance in the incremental ECL allowance for loans receivable, partially offset by a 15.0 percent increase in revenue. Increased revenue was driven by both higher interest income due to receivable growth and higher fee income earned on strong credit card sales.

The ECL allowance for loans receivable was \$868.4 million, an increase of \$26.4 million from Q1 2022, driven by strong growth in receivables which were up \$411.0 million over the previous quarter. The ECL allowance rate finished the quarter at 12.9 percent, within the previously disclosed range of 11.5 percent to 13.5 percent.

The credit card portfolio continues to perform well despite ongoing economic uncertainty. GAAR was 14.6 percent higher relative to Q2 2021 due to increases in both active accounts and average balances, up 7.6 percent and 6.5 percent respectively, with average balances being driven by increased card sales. Past due credit card receivables rate ("PD2+ rate")¹ was higher than the prior year, however, the rate remained flat to Q1 2022 and continues to remain lower than pre-pandemic levels.

On a year-to-date basis, Financial Services income before income taxes was \$215.3 million, a decrease of \$36.4 million from the prior year. The decline in earnings was mainly attributable to a \$78.7 million year-over-year variance in the incremental ECL allowance for loans receivable, partially offset by a 13.3 percent increase in revenue.

¹ This is a non-GAAP ratio. For further information and a detailed reconciliation see section 9.1 of this MD&A.

Financial Services Segment Commentary *(continued)*

	Q2 2022	Year-to-Date
Revenue	<p>▲ \$44.3 million or 15.0%</p> <ul style="list-style-type: none"> Revenue for the quarter was \$340.4 million, an increase of \$44.3 million, or 15.0 percent compared to the prior year. Financial Services Segment Scorecard

To evaluate the overall financial performance of the Financial Services segment, the following scorecard demonstrates how Financial Services is progressing towards achieving its strategic objectives.

Q2 2022 vs. Q2 2021	
Growth	<ul style="list-style-type: none"> ▲ 14.6% in GAAR ▲ 25.4% in credit card sales growth ▲ 7.6% in average number of accounts with a balance ▲ 6.5% in average account balance <ul style="list-style-type: none"> • GAAR increased by 14.6 percent relative to last year driven by increased customer activity. The average number of active accounts for the quarter increased by 7.6 percent along with an increase in average account balance by 6.5 percent. • Credit card sales grew by 25.4 percent over the prior year driven by strong sales at both Retail segment banners and external merchants.
Performance	<ul style="list-style-type: none"> ▼ 160 bps in return on receivables Revenue as a % of GAAR was flat ▲ 35 bps in OPEX as a % of GAAR <ul style="list-style-type: none"> • Return on receivables decreased by 160 bps compared to the prior year due to a lower 12-months earnings base driven by decline in gross margin and higher operating expenses. • Operating expenses as a percentage of GAAR increased by 35 bps compared to the prior year due to increased marketing costs related to digital and in-store acquisition, as well as higher credit card operational costs.
Operational metrics	<ul style="list-style-type: none"> ▲ 62 bps in PD2+ rate ▼ 69 bps in net credit card write-off rate ▼ 12.9% allowance rate, down 101 bps <ul style="list-style-type: none"> • The PD2+ rate increased by 62 bps compared to the prior year but continues to remain below historical norms. • The decrease in the net write-off rate compared to the prior year was driven by a decline in the rolling 12-month regular and insolvency write-offs, combined with a higher receivables base. • The allowance rate decreased by 101 bps from Q2 2021 to 12.9 percent reflecting lower expectations for future losses on outstanding loans receivable driven by the continued strength in portfolio metrics, as evidenced by sustained strong payment and low delinquency rates. Management continues to assess allowance with consideration for ongoing economic uncertainty.

4.3.3 Financial Services Segment Seasonal Trend Analysis

Quarterly operating net income and revenue are affected by seasonality. The following table shows the financial performance of the segment by quarter for the last two years.

(C\$ in millions)	Q2 2022	Q1 2022	Q4 2021	Q3 2021	Q2 2021	Q1 2021	Q4 2020	Q3 2020	Q2 2020

³ Fair value is eliminated on consolidation.

The following shows the CT REIT year-over-year property revenue performance by quarter for the last two years.

Year-over-year Property Revenue Growth

CT REIT Segment Commentary

CT REIT segment income increased \$1.1 million due to higher property revenue, partially offset by higher net finance costs and depreciation during the quarter. The increase in revenue was mainly due to contractual rent escalations during the year, additional base rent relating to properties acquired, and developments and intensifications completed during 2022 and 2021. Net financing costs were higher due to increased borrowing from the issuance of unsecured debentures, and the higher depreciation was related to property acquisitions.

CT REIT Segment Commentary *(continued)*

	Q2 2022	Year-to-Date
Property Revenue	<p>▲ \$3.0 million or 2.3%</p> <ul style="list-style-type: none"> Property revenue was \$132.6 million, an increase of \$3.0 million, or 2.3 percent. The increase was mainly due to contractual rent escalations, additional base rent relating to properties acquired, and developments and intensifications completed during 2022 and 2021. 	<p>▲ \$5.0 million or 1.9%</p> <ul style="list-style-type: none"> Property revenue was \$264.5 million, an increase of \$5.0 million, or 1.9 percent. The increase was mainly due to contractual rent escalations, additional base rent relating to properties acquired, and developments and intensifications completed during 2022 and 2021.
Property Expense	<p>▲ \$0.3 million or 0.9%</p> <ul style="list-style-type: none"> The property expense was \$28.0 million, an increase of \$0.3 million, or 0.9 percent. The increase was primarily due to higher operating expenses relating to property acquisitions completed during 2022 and 2021, partially offset by the reduction of expected credit losses relating to assistance provided to tenants. 	<p>▼ \$0.2 million or 0.3%</p> <ul style="list-style-type: none"> The property expense was \$56.7 million, a decrease of \$0.2 million, or 0.3 percent. The decrease was primarily due to the reduction of expected credit losses relating to assistance provided to tenants, partially offset by increased operating expenses relating to property acquisitions.
G&A	<p>▲ \$0.1 million or 8.9%</p> <ul style="list-style-type: none"> G&A was \$3.5 million, an increase of \$0.1 million, or 8.9 percent. The increase was mainly due to higher personnel costs, including CEO retirement expenses. 	<p>▲ \$0.7 million or 10.1%</p> <ul style="list-style-type: none"> G&A was \$7.9 million, an increase of \$0.7 million, or 10.1 percent. The increase was mainly due to higher personnel costs, including CEO retirement expenses.
Net Finance Cost	<p>▲ \$0.9 million or 3.2%</p> <ul style="list-style-type: none"> Net finance cost was \$27.3 million, an increase of \$0.9 million or 3.2 percent, due to an increase in borrowing costs resulting from the issuance of Series H unsecured debentures. 	<p>▲ \$2.1 million or 3.9%</p> <ul style="list-style-type: none"> Net finance cost was \$55.1 million, an increase of \$2.1 million or 3.9 percent. The increase was primarily due to the issuance of Series H unsecured debentures, and a prepayment cost relating to the early redemption of Series A senior unsecured debentures.
Earnings Summary	<p>▲ \$1.1 million or 2.0%</p> <ul style="list-style-type: none"> Income before income taxes was \$55.3 million, an increase of \$1.1 million or 2.0 percent. The increase was primarily due to higher property revenue, partially offset by higher net finance costs and depreciation due to property acquisitions. 	<p>▲ \$1.1 million or 1.0%</p> <ul style="list-style-type: none"> Income before income taxes was \$107.9 million, an increase of \$1.1 million or 1.0 percent. The increase in earnings was primarily due to higher property revenue, partially offset by higher net finance costs and depreciation due to property acquisitions.

4.4.2 CT REIT Segment Key Performance Measures

(C\$ in millions)				YTD		YTD	
	Q2 2022	Q2 2021	Change	Q2 2022	Q2 2021	Change	
Net operating income ¹	\$ 104.1	\$ 100.4	3.7 %	\$ 206.9	\$ 199.4	3.8 %	
Funds from operations ¹	73.4	71.9	2.1 %	145.2	143.1	1.5 %	
Adjusted funds from operations ¹	66.6	64.2	3.7 %	131.7	127.5	3.3 %	

¹ This measure is a non-GAAP financial measure. For further information and a detailed reconciliation see section 9.1 of this MD&A.

Net operating income (“NOI”)

NOI for the quarter increased by 3.7 percent compared to the prior year, primarily due to the acquisition of income-producing properties completed in 2022 and 2021, and rent escalations for CTC banner leases.

Funds from operations (“FFO”)

FFO for the quarter increased by 2.1 percent compared to the prior year, primarily due to the impact of NOI variances.

Adjusted funds from operations (“AFFO”)

AFFO for the quarter increased by 3.7 percent compared to the prior year, primarily due to the impact of NOI variances.

5.0 Balance Sheet Analysis, Liquidity, and Capital Resources

5.1 Selected Balance Sheet Highlights

Selected line items from the Company's assets and liabilities, as at July 2, 2022 and the year-over-year change versus July 3, 2021, are noted below:

Total change	▼	\$ 84.0
---------------------	---	----------------

Selected Assets	July 2, 2022
Cash and cash equivalents	512.6
Short-term Investments	212.0
Trade and other receivables	800.1
Loans receivable (current portion)	5,973.6
Merchandise inventories	3,033.9
Property and equipment	4,648.1

Total change	▼	\$ 622.3
---------------------	---	-----------------

Selected Liabilities	July 2, 2022
Deposits (current and long-term)	3,174.5
Trade and other payables	2,935.7

Assets

Cash and cash equivalents	▼ \$1,427.3 million	Refer to section 5.2 and Condensed Interim Consolidated Statements of Cash Flows for further details.
Short-term Investments	▼ \$432.4 million	The decrease was primarily due to a reduction of excess accumulated liquidity in the Financial Services segment.
Trade and other receivables	▲ \$227.7 million	The increase was driven by higher shipment volumes to Dealers.
Loans receivable (current portion)	▲ \$867.3 million	The increase was primarily due to increased cardholder activity, in both the number of active credit cards and average balance, offset by a higher allowance.
Merchandise inventories	▲ \$465.6 million	The increase was due to higher in-transit inventory at Canadian Tire related to the fall and winter purchases, and spring and summer inventory.
Property and equipment	▲ \$304.1 million	The increase was driven by the construction of a new Greater Toronto Area Distribution Centre, the expansion of the Montreal Distribution Centre and Canadian Tire stores investments, with 12 stores updated in the quarter.

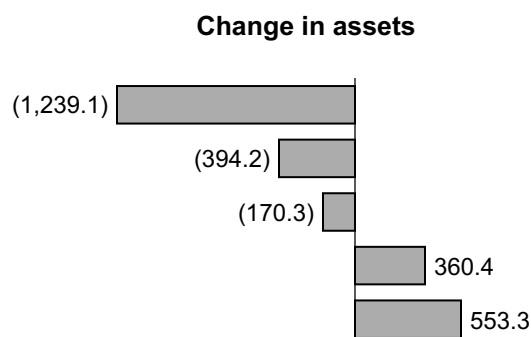

Liabilities

Deposits (current and long-term)	▼ \$986.6 million	The decrease was a result of a decline in demand deposits and guaranteed investment certificates, to reduce the excess liquidity in the Financial Services segment.
Trade and other payables	▲ \$522.6 million	The increase was driven by increased purchase volumes and timing of payments.

Selected line items from the Company's assets and liabilities, as at July 2, 2022 and the change versus January 1, 2022, are noted below:

Total change	▼	\$ 742.5
---------------------	---	-----------------

Selected Assets	July 2, 2022
Cash and cash equivalents	512.6
Short-term investments	212.0
Trade and other receivables	800.1
Loans receivable (current portion)	5,973.6
Merchandise inventories	3,033.9

Total change	▼	\$ 834.4
---------------------	---	-----------------

Selected Liabilities	July 2, 2022
Deposits (current and long-term)	3,174.5
Trade and other payables	2,935.7

Assets		
Cash and cash equivalents	▼ \$1,239.1 million	The decrease was primarily due to cash used in operating and financing activities. Refer to section 5.2 and Condensed Interim Consolidated Statements of Cash Flows for further details.
Short-term investments	▼ \$394.2 million	The decrease was primarily due to a reduction of excess liquidity in the Financial Services segment.
Trade and other receivables	▼ \$170.3 million	The decrease was primarily attributable to lower shipment volumes to Dealers, offset by timing of collections.
Loans receivable (current portion)	▲ \$360.4 million	The increase was primarily due to increased cardholder activity, in both the number of active credit cards and average balance, offset by a higher allowance.
Merchandise inventories	▲ \$553.3 million	The increase was due to higher spring and summer inventory, and in-transit inventory at Canadian Tire related to fall and winter purchases.
Liabilities		
Deposits (current and long-term)	▼ \$719.2 million	The decrease was a result of a decline in demand deposits and guaranteed investment certificates, to reduce the excess liquidity in the Financial Services segment.
Trade and other payables	▲ \$21.4 million	The decrease was mainly due to the timing of payments made to vendors during the quarter.

5.2 Summary Cash Flows

The Company's cash and cash equivalents position, net of bank indebtedness, was \$508.0 million as at July 2, 2022. Selected line items from the Company's Condensed Interim Consolidated Statements of Cash Flows for the quarters ended July 2, 2022 and July 3, 2021 are noted in the following table:

(C\$ in millions)	Q2 2022	Q2 2021	Change
Cash generated from operating activities	\$ 463.7	\$ 1,001.7	\$(538.0)
Cash generated from (used for) investing activities	115.2	(149.7)	264.9
Cash (used for) financing activities	(923.8)	(412.0)	(511.8)
Cash (used) generated in the period	\$ (344.9)	\$ 440.0	\$(784.9)

(C\$ in millions)	YTD Q2 2022	YTD Q2 2021	Change
Cash generated from operating activities	\$ (139.7)	\$ 632.6	\$(772.3)
Cash generated from (used for) investing activities	117.2	(238.6)	355.8
Cash (used for) financing activities	(1,221.2)	218.7	(1,439.9)
Cash (used) generated in the period	\$ (1,243.7)	\$ 612.7	\$(1,856.4)

	Q2 2022	Year-to-Date
Operating activities	<p>▼ \$538.0 million change</p> <ul style="list-style-type: none"> Cash from operating activities declined primarily due to changes in working capital of \$288.6 million and growth in loans receivables of \$145.7 million, compared to Q2 of the prior year. 	<p>▼ \$772.3 million change</p> <ul style="list-style-type: none"> Excluding the impact of changes in loan receivables, cash from operating activities was \$517.7 million lower than the same period in prior year primarily due to changes in working capital. Growth in loans receivable was \$254.6 million higher than the same period in the prior year.
Investing activities	<p>▲ \$264.9 million change</p> <ul style="list-style-type: none"> The increase in cash generated from investing activities was primarily due to decreased acquisition of short-term investments. 	<p>▲ \$355.8 million change</p> <ul style="list-style-type: none"> The increase in cash generated from investing activities was primarily due to decreased acquisition of short-term investments compared to 2021, partially offset by decreased proceeds from the disposition of short-term investments.
Financing activities	<p>▼ \$511.8 million change</p> <ul style="list-style-type: none"> The increase in cash used for financing activities is primarily due to a repayment of deposits, partially offset by decreased issuance of short-term borrowings. 	<p>▼ \$1,439.9 million change</p> <ul style="list-style-type: none"> The increase in cash used for financing activities is primarily due to a repayment of deposits during the year. To a lesser extent, repurchases of share capital also contributed to cash used for financing activities, partially offset by the net increase of long-term debt.

5.3 Capital Management

The Company's objectives when managing capital are:

- Ensuring sufficient liquidity to meet its financial obligations when due and to execute its operating and strategic plans;
- Maintaining healthy liquidity reserves and the ability to access additional capital from multiple sources, if required; and
- Minimizing its after-tax cost of capital while taking into consideration the key risks outlined in section 10.0 of this MD&A including current and future industry, market, and economic risks and conditions.

5.3.1 Canadian Tire Bank's Regulatory Environment

CTB manages its capital under guidelines established by the Office of the Superintendent of Financial Institutions of Canada ("OSFI"). OSFI's regulatory capital guidelines are based on the international Basel Committee on Banking Supervision framework entitled Basel III: A Global Regulatory Framework for More Resilient Banks and Banking Systems, which came into effect in Canada on January 1, 2013, and measures capital in relation to credit, market, and operational risks. The Bank has various capital policies, procedures, and controls in place, including an annual Internal Capital Adequacy Assessment Process ("ICAAP"), which it utilizes to achieve its goals and objectives.

The Bank's objectives include:

- maintaining strong capital ratios, as measured by regulatory guidelines and internal targets; and
- holding sufficient capital to maintain the confidence of investors and depositors.

As at Q2 2022, CTB complied with all regulatory capital guidelines established by OSFI and its internal targets as determined by its ICAAP.

5.4 Investing

5.4.1 Capital Expenditures

The Company's capital expenditures for the periods ended July 2, 2022 and July 3, 2021 were as follows:

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021
Modernization and efficiency enablers	\$ 26.7	\$ 27.9	\$ 49.7	\$ 45.9
Omnichannel customer experience	101.8	74.3	182.8	115.8
Fulfilment infrastructure and automation	40.3	57.8	78.3	84.1
Operating capital expenditures¹	\$ 168.8	\$ 160.0	\$ 310.8	\$ 245.8
CT REIT acquisitions and developments excluding vend-ins from CTC	19.4	24.6	31.7	28.1
Total capital expenditures²	\$ 188.2	\$ 184.6	\$ 342.5	\$ 273.9

¹ This measure is a non-GAAP financial measure. For further information and a detailed reconciliation see section 9.1 of this MD&A.

² Capital expenditures are presented on an accrual basis and include software additions, but exclude right-of-use asset additions, acquisitions relating to business combinations, intellectual properties, and tenant allowances received.

	Q2 2022	Year-to-Date
Total capital expenditures	▲ \$3.6 million	▲ \$68.6 million
	<ul style="list-style-type: none"> • On a year-to-date basis, the Company's operating capital expenditures and total capital expenditures were \$310.8 million and \$342.5 million respectively, an increase of \$65.0 million and \$68.6 million from the prior year. The increase was driven primarily by the planned increase in Omnichannel customer experience for the Canadian Tire store network as outlined in the Company's strategy. 	

Capital Commitments

The Company had commitments of approximately \$313.0 million as at July 2, 2022 (July 3, 2021 – \$334.4 million) for the acquisition of tangible and intangible assets.

Operating Capital Expenditures

The following represents forward-looking information and readers are cautioned that actual results may vary.

The Company expects its 2022 full-year operating capital expenditures to be within the range of \$825 million to \$875 million. This includes capital required to fund the Company's Operational Efficiency program and increases in distribution centre capacity.

5.5 Liquidity and Financing

Management is focused on ensuring that it has sufficient liquidity, both through maintaining a strong balance sheet and the ability to access additional capital from multiple sources, if required. Several alternative financing sources are available to its Retail, Financial Services, and CT REIT segments to meet the Company's financial obligations when due and to execute its operating and strategic plans.

As at Q2 2022 CTC, CT REIT, CTB and Helly Hansen each complied with all financial covenants under the agreements for the committed bank lines of credit listed in the Financing Source table below.

As at July 2, 2022				
(C\$ in millions)	Consolidated	Retail	Financial Services	CT REIT
Cash and cash equivalents	\$ 512.6	\$ 215.5	\$ 274.1	\$ 23.0
Short-term investments	212.0	—	212.0	—
Less: Bank indebtedness	4.6	4.6	—	—
Total net cash and cash equivalents and short-term investments¹	\$ 720.0	\$ 210.9	\$ 486.1	\$ 23.0
Committed Bank Lines of Credit	4,615.5	2,065.5	2,250.0	300.0
Less: Borrowings outstanding ²	45.5	45.5	—	—
Less: U.S. commercial paper outstanding	—	—	—	—
Less: Letters of credit outstanding	6.4	—	—	6.4
Available Committed Bank Lines of Credit	\$ 4,563.6	\$ 2,020.0	\$ 2,250.0	\$ 293.6
Liquidity¹	\$ 5,283.6	\$ 2,230.9	\$ 2,736.1	\$ 316.6

¹ This measure is a non-GAAP financial measure with no standardized meaning under IFRS and therefore may not be comparable to similar measures presented by other issuers.

² For further information about this measure see section 9.2 of this MD&A.

The Company ended the quarter with \$720.0 million cash and short-term investments and \$5.3 billion in liquidity with \$2.2 billion, \$2.7 billion and \$316.6 million at its Retail, Financial Services, and CT REIT segments, respectively.

Financing Source	
Committed Bank Lines of Credit and Securitized Note Purchase Facilities	<ul style="list-style-type: none"> • Provided by a syndicate of seven Canadian and three international financial institutions, \$1,975 million in an unsecured line of credit is available to CTC for general corporate purposes. The expiry date for \$1,850 million of the commitment amount is June 2027. The remaining \$125.0 million expires in August 2024. As at July 2, 2022, CTC had no borrowings under this line of credit. • The \$710 million unsecured line of credit available to CTC expired on June 30, 2022. This line of credit was added at the beginning of the pandemic to ensure sufficient liquidity and is no longer required, as such the Company chose not to renew the facility. • Provided by a syndicate of seven Canadian financial institutions, \$300 million in an unsecured line of credit is available to CT REIT for general business purposes, expiring in September 2026. As at July 2, 2022, CT REIT had no borrowings under this line of credit. • Scotiabank has provided CTB with a \$500 million unsecured line of credit and \$1.75 billion in securitized note purchase facilities for the purchase of senior and subordinated credit card asset-backed notes issued by GCCT. These facilities expire in October 2024. As at July 2, 2022, CTB had no borrowings under its line of credit and note purchase facilities, other than a nominal balance on a note purchase facility to maintain GCCT's ownership interest. • Helly Hansen has a 350 million Norwegian Krone ("NOK") secured line of credit and a NOK 350 million factoring facility (totalling \$45.2 million C\$ equivalent each) provided by a Norwegian bank. As at July 2, 2022, Helly Hansen had \$45.5 million of C\$ equivalent borrowings (NOK 352.4 million) outstanding on its facilities.
Commercial Paper Programs	<ul style="list-style-type: none"> • CTC has a commercial paper program that allows it to issue up to a maximum aggregate principal amount of US\$1.0 billion of short-term promissory notes in the United States. Terms to maturity for the promissory notes range from one to 270 days. Notes are issued at a discount and rank equally in right of payment with all other present and future unsecured and unsubordinated obligations to creditors of CTC. As at July 2, 2022, CTC had no U.S. commercial paper outstanding. • Concurrent with CTC's US\$ commercial paper issuances, CTC enters into foreign exchange derivatives to hedge the foreign currency risk associated with both the principal and interest components of the borrowings under the program. CTC does not designate these debt derivatives as hedges for accounting purposes. • GCCT has a commercial paper program that allows it to issue up to a maximum aggregate principal amount of \$300 million of short-term credit card asset-backed promissory notes. As at July 2, 2022, GCCT had \$50.4 million of asset-backed commercial paper notes outstanding.
Medium-Term Notes and Senior Unsecured Debentures	<ul style="list-style-type: none"> • As at July 2, 2022, CTC had an aggregate principal amount of \$950.0 million of medium-term notes outstanding. • As at July 2, 2022, CT REIT had an aggregate principal amount of \$1.2 billion of senior unsecured debentures outstanding.
Asset-backed Senior and Subordinated Term Notes	<ul style="list-style-type: none"> • As at July 2, 2022, GCCT had an aggregate principal amount of \$2.2 billion of credit card asset-backed term notes outstanding consisting of \$2.0 billion principal amount of senior-term notes and \$142 million principal amount of subordinated-term notes.
Broker GIC Deposits	<ul style="list-style-type: none"> • Funds continue to be readily available to CTB through broker networks. As at July 2, 2022, CTB held \$2.5 billion in broker GIC deposits.
Retail Deposits	<ul style="list-style-type: none"> • Retail deposits consist of HIS and retail GIC deposits held by CTB, available both within and outside a Tax-Free savings account. As at July 2, 2022, CTB held \$0.8 billion in retail deposits.
Real Estate	<ul style="list-style-type: none"> • CTC can undertake strategic real estate transactions involving properties not owned by CT REIT. It also owns an investment in CT REIT in the form of publicly traded CT REIT Units. As at July 2, 2022, CTC had a 68.9 percent effective ownership interest in CT REIT. • Additional sources of funding are available to CT REIT, as appropriate, including the ability to access debt and equity markets, subject to the terms and conditions of CT REIT's Declaration of Trust and all applicable regulatory requirements.

5.5.1 Contractual Obligations, Guarantees, and Commitments

For a description of contractual obligations as at January 1, 2022, refer to section 5.5.1 of the Company's 2021 Annual MD&A. There were no significant changes to the outstanding contractual obligations identified at year end, other than those discussed in this document. The Company believes it has the ability to meet its contractual obligations as at July 2, 2022.

For a discussion of the Company's significant guarantees and commitments, refer to Note 34 to the Company's 2021 Consolidated Financial Statements. The Company's maximum exposure to credit risk with respect to such guarantees and commitments is provided in Note 5 to the Company's 2021 Consolidated Financial Statements. There were no significant changes in guarantees and commitments identified at year end, other than those discussed in this document.

6.0 Equity

6.1 Shares Outstanding

(C\$ in millions)	July 2, 2022	July 3, 2021	January 1, 2022
Authorized			
3,423,366 Common Shares			
100,000,000 Class A Non-Voting Shares			
Issued			
3,423,366 Common Shares (July 3, 2021 – 3,423,366; January 1, 2022 – 3,423,366)	\$ 0.2	\$ 0.2	\$ 0.2
55,537,813 Class A Non-Voting Shares (July 3, 2021 – 57,383,758; January 1, 2022 – 56,723,758)	595.6	603.9	593.4
	\$ 595.8	\$ 604.1	\$ 593.6

Each year, the Company files a notice to make a Normal Course Issuer Bid ("NCIB") with the Toronto Stock Exchange ("TSX") which allows it to purchase its Class A Non-Voting Shares on the open market through the facilities of the TSX and/or alternative Canadian trading systems, if eligible, at the market price of the shares at the time of purchase or as otherwise permitted under the rules of the TSX and applicable securities laws. Class A Non-Voting Shares purchased by the Company pursuant to the NCIB are restored to the status of authorized but unissued shares. Security holders may obtain a copy of the notice, without charge, by contacting the Corporate Secretary of the Company.

On February 19, 2021, the TSX accepted the Company's notice of intention to make an NCIB to purchase up to 5.4 million Class A Non-Voting Shares during the period March 2, 2021 to March 1, 2022 (the "2021-22 NCIB"). On February 17, 2022, the TSX accepted the Company's notice of intention to make an NCIB to purchase up to 5.3 million Class A Non-Voting Shares during the period March 2, 2022 to March 1, 2023 (the "2022-23 NCIB"). Also on February 17, 2022, the TSX accepted a new Automatic Securities Purchase Plan ("ASPP") which expires on March 1, 2023 (the "2022-23 ASPP") and which allows a designated broker to purchase Class A Non-Voting Shares under the 2022-23 NCIB during the Company's blackout periods.

The following represents forward-looking information and readers are cautioned that actual results may vary.

On November 11, 2021, the Company announced that it intends to purchase up to \$400 million of Class A Non-Voting Shares by the end of 2022, in excess of the amount required for anti-dilutive purposes (the "2021-22 Share Purchase Intention").

During Q2 2022, the Company provided notice to its broker (the "Notice") to purchase Class A Non-Voting Shares under the 2022-23 ASPP during the Company's blackout period commencing on July 4, 2022 (the "Blackout Period"). All such purchases will be made pursuant to the 2021-22 Share Purchase Intention. As at July 2, 2022, an obligation to purchase \$53.5 million of Class A Non-Voting Shares (2021 – n/a) was recognized under the

2022-23 ASPP in trade and other payables. This represents the maximum possible purchases during the Blackout Period.

The following table summarizes the Company's purchases related to the 2021-22 Share Purchase Intention:

(C\$ in millions)

2021-22 Share Purchase Intention announced on November 11, 2021	\$ 400.0
Shares purchased in fiscal 2021 under the 2021-22 Share Purchase Intention	116.2
Shares purchased in fiscal 2022 under the 2021-22 Share Purchase Intention	210.7
Total shares purchased under the 2021-22 Share Purchase Intention	\$ 326.9

6.2 Dividends

The Company has a long-term dividend payout ratio¹ target of approximately 30 to 40 percent of the prior year normalized net income, after considering the period-end cash position, future cash flow requirements, capital market conditions, and investment opportunities. The long-term dividend payout ratio may fluctuate in any particular year due to unusual or non-recurring events.

Subsequent to the quarter, on August 10, 2022, the Company declared dividends payable to holders of Class A Non-Voting Shares and Common Shares at a rate of \$1.625 per share payable on December 1, 2022, to shareholders of record as of October 31, 2022. The dividend is considered an "eligible dividend" for tax purposes.

6.3 Equity Derivative Contracts

The Company enters into equity-derivative contracts to partially offset its exposure to fluctuations in stock options, performance share units, restricted share units and deferred share units' expenses. The Company currently uses floating-rate equity forwards.

During Q2 2022, 300,000 units of equity forward contracts that hedged stock-options, performance share units, restricted share units and deferred share units settled and resulted in a cash receipt of approximately \$8.0 million. 210,000 units of new equity-forward contracts were entered into in Q2 2022 with a hedge rate of \$166.50.

¹ For further information about this measure see section 9.1 of this MD&A.

7.0 Tax Matters

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, from time to time certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in the status of ongoing audits by tax authorities as disclosed in section 7.0 in the Company's 2021 Annual MD&A.

The Company regularly reviews the potential for adverse outcomes with respect to tax matters. The Company believes that the ultimate disposition of these matters will not have a material adverse effect on its liquidity, consolidated financial position or net income because the Company has determined that it has adequate provision for these tax matters. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved. For a discussion of the Company's tax contingency, refer to Note 17 to the Company's interim consolidated financial statements for the second quarter of 2022.

Income taxes for the 13 weeks ended July 2, 2022 were \$60.5 million (2021 – \$98.4 million). The effective tax rate for the 13 weeks ended July 2, 2022 decreased to 25.4 percent (2021 – 27.5 percent).

Income taxes for the 26 weeks ended July 2, 2022 were \$137.8 million (2021 – \$166.5 million). The effective tax rate for the 26 weeks ended July 2, 2022 decreased to 25.9 percent (2021 – 27.2 percent). The decrease in the effective tax rate for both 13 and 26 weeks ended July 2, 2022 was primarily due to lower non-deductible stock option expense, partially offset by the tax impact of the costs to exit Helly Hansen operations in Russia.

8.0 Accounting Policies and Estimates

8.1 Critical Accounting Estimates

The Company estimates certain amounts, which are reflected in its condensed interim consolidated financial statements using detailed financial models based on historical experience, current trends, and other assumptions. Actual results could differ from those estimates. In Management's judgment, the accounting estimates and policies detailed in Note 2 and Note 3 to the Company's 2021 Consolidated Financial Statements do not require Management to make assumptions about matters that are highly uncertain and, accordingly, none of those estimates are considered a "critical accounting estimate" as defined in Form 51-102F1 – *Management's Discussion and Analysis*, published by the Canadian Securities Administrators, except for the allowance for loan impairment in the Financial Services segment.

Details of the accounting policies that are subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in its condensed interim consolidated financial statements are described in Note 2 to the Company's 2021 Consolidated Financial Statements and Notes.

8.2 Changes in Accounting Policies

Standards, Amendments and Interpretations Issued but not yet Adopted

The following new standards, amendments and interpretations have been issued but are not effective for the fiscal year ending December 31, 2022 and, accordingly, have not been applied in preparing these interim financial statements.

Insurance Contracts

In May 2017, the International Accounting Standards Board ("IASB") issued IFRS 17 – Insurance Contracts ("IFRS 17"), which replaces IFRS 4 – Insurance Contracts and establishes a new model for recognizing insurance policy obligations, premium revenue, and claims-related expenses. In June 2020, the IASB issued 'Amendments to IFRS 17' to address concerns and implementation challenges identified after IFRS 17 was published in 2017.

The amendments also deferred the effective date for two years to January 1, 2023. Early adoption is permitted. The Company is assessing the potential impact of this standard.

Improving accounting policy disclosures and clarifying distinction between accounting policies and accounting estimates (Amendments to IAS 1 and IAS 8)

In February 2021, the IASB issued narrow-scope amendments to IAS 1 – Presentation of Financial Statements (“IAS 1”), IFRS Practice Statement 2 – Making Materiality Judgments (“IFRS Practice Statement 2”) and IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors (“IAS 8”).

The amendments to IAS 1 require companies to disclose their material accounting policy information rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The amendments to IAS 8 clarify how companies distinguish changes in accounting policies from changes in accounting estimates. That distinction is important because changes in accounting estimates are applied prospectively only to future transactions and other future events, but changes in accounting policies are generally also applied retrospectively to past transactions and other past events.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company is assessing the potential impact of these amendments.

9.0 Non-GAAP Financial Measures, Ratios and Supplementary Financial Measures

9.1 Non-GAAP Financial Measures and Ratios

The Company prepares and presents its financial information on a GAAP basis. Management uses many measures to assess performance, including non-GAAP financial measures and non-GAAP ratios. Non-GAAP financial measures and non-GAAP ratios have no standardized meanings under GAAP and may not be comparable to similar measures of other companies.

Management considers both reported and normalized results and measures useful in evaluating the performance of the core business operations of the Company. Management uses normalized results to assess changes in financial performance across periods on a comparable basis by removing specified items not related to the core business operations of the Company that are infrequent and non-operational in nature. The items, which can include acquisition-related transaction costs, restructuring or discontinued operations costs, Operational Efficiency program costs, one-time costs for new program rollouts, and infrequent, non-operational fair value adjustments, are removed from cost of producing revenue, SG&A and other income (expense), where applicable. Explanations of normalizing items can be found in subsection 4.1.1.

Normalized Cost of Producing Revenue

Normalized cost of producing revenue is most directly comparable to cost of producing revenue, a GAAP measure reported in the consolidated financial statements. The following table reconciles normalized cost of producing revenue to cost of producing revenue.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Cost of producing revenue	\$ 3,021.2	\$ 2,573.5	\$ 5,547.2	\$ 4,710.0
Less normalizing items: Operational Efficiency program	—	1.7	—	1.7
Normalized cost of producing revenue	\$ 3,021.2	\$ 2,571.8	\$ 5,547.2	\$ 4,708.3

Retail Normalized Cost of Producing Revenue

Retail normalized cost of producing revenue is most directly comparable to Retail cost of producing revenue, a GAAP measure reported in the consolidated financial statements. The following table reconciles Retail normalized cost of producing revenue to Retail cost of producing revenue.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Cost of producing revenue	\$ 3,021.2	\$ 2,573.5	\$ 5,547.2	\$ 4,710.0
Less: Other operating segments	136.1	67.0	234.5	141.0
Retail cost of producing revenue	\$ 2,885.1	\$ 2,506.5	\$ 5,312.7	\$ 4,569.0
Less normalizing items: Operational Efficiency program	—	1.7	—	1.7
Retail normalized cost of producing revenue	\$ 2,885.1	\$ 2,504.8	\$ 5,312.7	\$ 4,567.3

Normalized Gross Margin and Normalized Gross Margin Rate

Normalized gross margin and normalized gross margin rate are used as additional measures when assessing the amount of revenue retained after incurring direct costs associated with the products and services the Company provides. The following table reconciles normalized gross margin to gross margin, a GAAP measure reported in the consolidated financial statements.

Normalized gross margin rate is normalized gross margin divided by revenue.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Gross margin	\$ 1,382.8	\$ 1,345.0	\$ 2,694.2	\$ 2,531.4
Add normalizing items: Operational Efficiency program	—	1.7	—	1.7
Normalized gross margin	\$ 1,382.8	\$ 1,346.7	\$ 2,694.2	\$ 2,533.1

Retail Normalized Gross Margin and related measures

Retail normalized gross margin, Retail normalized gross margin excluding Petroleum, Retail normalized gross margin rate, and Retail normalized gross margin rate excluding Petroleum are used as additional measures when assessing the amount of revenue retained after incurring direct costs associated with the products and services the Company provides. Retail normalized gross margin and its successive derivations are most directly comparable to gross margin, a GAAP measure reported in the consolidated financial statements.

Retail normalized gross margin rate is retail normalized gross margin divided by revenue. Retail normalized gross margin rate excluding Petroleum is retail normalized gross margin excluding Petroleum, divided by revenue excluding Petroleum.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Gross margin	\$ 1,382.8	\$ 1,345.0	\$ 2,694.2	\$ 2,531.4
Less: Other operating segments	200.7	228.3	435.2	454.4
Retail gross margin	\$ 1,182.1	\$ 1,116.7	\$ 2,259.0	\$ 2,077.0
Add normalizing items: Operational Efficiency program	—	1.7	—	1.7
Retail normalized gross margin	\$ 1,182.1	\$ 1,118.4	\$ 2,259.0	\$ 2,078.7
Less: Petroleum gross margin	58.5	45.6	109.5	87.5
Retail normalized gross margin excluding Petroleum	\$ 1,123.6	\$ 1,072.8	\$ 2,149.5	\$ 1,991.2

Normalized Other Expense (Income)

The following table reconciles normalized other expense (income) to other expense (income), a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Other expense (income)	\$ 48.9	\$ (9.2)	\$ 47.6	\$ (26.0)
Add normalizing items: Helly Hansen Russia exit	(36.5)	—	(36.5)	—
Normalized other expense (income)	\$ 12.4	\$ (9.2)	\$ 11.1	\$ (26.0)

Retail Normalized Other (Income)

The following table reconciles Retail normalized other (income) to Retail other expense (income), a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Other expense (income)	\$ 48.9	\$ (9.2)	\$ 47.6	\$ (26.0)
Less: Other operating segments	34.3	38.4	70.4	70.2
Retail other expense (income)	\$ 14.6	\$ (47.6)	\$ (22.8)	\$ (96.2)
Add normalizing items: Helly Hansen Russia exit	(36.5)	—	(36.5)	—
Retail normalized other (income)	\$ (21.9)	\$ (47.6)	\$ (59.3)	\$ (96.2)

Normalized SG&A and related measures

Normalized SG&A, normalized SG&A adjusted for rent expense (excluding depreciation and amortization), and normalized SG&A adjusted for rent expense (excluding depreciation and amortization) as a percentage of revenue excluding Petroleum are used as additional measures when assessing the performance of the Company's ongoing operations. Normalized SG&A, and its successive derivations are most directly comparable to SG&A, a GAAP measure reported in the consolidated financial statements. SG&A is adjusted for normalizing items, further adjusted for rent expense, depreciation and amortization. Management has adjusted SG&A to include an estimate of rent expense, a significant operating expense for its retail business. Management removes Petroleum revenue because it may complicate variances, especially when reviewing the measure as a ratio.

Normalized SG&A adjusted for rent expense excluding depreciation and amortization as a percentage of revenue excluding Petroleum is a non-GAAP ratio that is calculated by dividing normalized SG&A adjusted for rent expense, depreciation and amortization, by revenue excluding Petroleum.

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Selling, general and administrative expenses	\$ 1,040.9	\$ 940.5	\$ 2,004.1	\$ 1,831.9
Less normalizing items: Operational Efficiency program	9.7	5.1	11.8	13.8
Normalized selling, general and administrative expenses	\$ 1,031.2	\$ 935.4	\$ 1,992.3	\$ 1,818.1
Add: Net finance costs, related to leases	19.7	21.4	40.9	43.5
Less: Depreciation and amortization, other than right-of-use assets	96.9	98.0	188.1	194.6
Normalized selling, general and administrative expenses adjusted for rent expense excluding depreciation and amortization	\$ 954.0	\$ 858.8	\$ 1,845.1	\$ 1,667.0

Retail Normalized SG&A and related measures

Retail normalized SG&A and Retail normalized SG&A adjusted for rent expense (excluding depreciation and amortization) are used as additional measures when assessing the performance of the Company's ongoing operations. These two metrics are most directly comparable to SG&A, a GAAP measure reported in the consolidated financial statements. Management has adjusted Retail SG&A to include an estimate of rent expense, a significant operating expense for its retail business.

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021
Selling, general and administrative expenses	\$ 1,040.9	\$ 940.5	\$ 2,004.1	\$ 1,831.9
Less: Other operating segments	40.8	32.2	81.6	66.3
Retail selling, general and administrative expenses	\$ 1,000.1	\$ 908.3	\$ 1,922.5	\$ 1,765.6
Less normalizing items: Operational Efficiency program	9.7	5.1	11.8	13.8
Retail normalized selling, general and administrative expenses	\$ 990.4	\$ 903.2	\$ 1,910.7	\$ 1,751.8
Add: Retail net finance costs, related to leases	48.6	52.1	98.6	105.5
Less: Retail depreciation and amortization, other than right-of-use assets	76.9	79.0	148.3	155.9
Retail normalized selling, general and administrative expenses adjusted for rent expense (excluding depreciation and amortization)	\$ 962.1	\$ 876.3	\$ 1,861.0	\$ 1,701.4

EBITDA and related measures

EBITDA, normalized EBITDA, normalized EBITDA adjusted for rent expense, and normalized EBITDA adjusted for rent expense as a percentage of revenue excluding Petroleum are used as additional measures when assessing the performance of the Company's ongoing operations and its ability to generate cash flows to fund its cash requirements, including capital expenditures. EBITDA and its successive derivations are most directly comparable to income before income tax, a GAAP measure reported in the consolidated financial statements, and is adjusted by deducting finance costs, depreciation and amortization. EBITDA itself is then adjusted for normalizing items and finally adjusted for rent expense. Management has adjusted EBITDA to include an estimate of rent expense, a significant operating expense for its retail business, and removes the effect of Petroleum operations because it may complicate variances, especially when reviewing the measure as a ratio.

Normalized EBITDA Adjusted for Rent Expense as a Percentage of Revenue excluding Petroleum is a non-GAAP Ratio that is calculated by dividing the Normalized EBITDA Adjusted for Rent Expense by Revenue excluding Petroleum.

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021
Income before income taxes	\$ 238.1	\$ 357.5	\$ 533.0	\$ 612.0

¹ Depreciation and amortization reported in cost of producing revenue for the 13 and 26 weeks ended July 2, 2022 was \$6.4 million (2021 – \$4.1 million) and \$12.1 million (2021 - \$8.0 million).

Retail EBITDA and related measures

Retail EBITDA, Retail normalized EBITDA, and Retail normalized EBITDA adjusted for rent expense are used as additional measures when assessing the performance of the Retail segment's ongoing operations and its ability to generate cash flows to fund its cash requirements, including capital expenditures. EBITDA and its successive derivations are most directly comparable to income before income tax, a GAAP measure reported in the consolidated financial statements, and is adjusted by deducting finance costs, depreciation and amortization. EBITDA is then adjusted for normalizing items and rent expense. Management has adjusted EBITDA to include an estimate of rent expense, a significant operating expense for the Retail segment.

Normalized Net Income, Normalized Net Income Attributable to Shareholders, Normalized Diluted Earnings per Share, and Long-term Dividend Payout Ratio

Normalized net income, normalized net income attributable to shareholders, and normalized diluted earnings per share are used as additional measures when assessing the Company's underlying operating performance. The following table reconciles normalized net income, normalized net income attributable to shareholders and normalized diluted earnings per share to net income, a GAAP measure reported in the consolidated financial statements.

Long-term dividend payout ratio target is calculated by dividing total dividends by the prior year's normalized net income.

(C\$ in millions)	Q2 2022	Q2 2021	YTD Q2 2022	YTD Q2 2021	2021	2019

Operating capital expenditures	\$ 310.8	\$ 245.8

¹ This line appears on the Consolidated Statement of Cash Flows under Investing activities

Retail Return on Invested Capital

Retail ROIC is calculated as Retail return divided by the Retail invested capital. Retail return is defined as trailing annual Retail after-tax earnings excluding interest expense, lease related depreciation expense, inter-segment earnings, and any normalizing items. Retail invested capital is defined as Retail segment total assets, less Retail segment trade payables and accrued liabilities and inter-segment balances based on an average of the trailing four quarters. Retail return and Retail invested capital are non-GAAP financial measures, which the Company does not consider useful in isolation. The Company believes that Retail ROIC is useful in assessing the Retail segment's performance relative to shareholder investment.

¹ Intercompany adjustments include intercompany income received from CT REIT which is included in the Retail segment, and intercompany investments made by the Retail segment in CT REIT and CTFS.

² Excludes Franchise Trust.

³ Trade payables and accrued liabilities include trade and other payables, short-term derivative liabilities, short-term provisions and income tax payables.

Helly Hansen Revenue on a Constant Currency Basis

Helly Hansen revenue on a constant currency basis is used to assess revenue variations by removing the effect of changes to foreign exchange rates. This will be accomplished by applying the same foreign exchange rate to current and comparative periods. This measure is most directly comparable to revenue, a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q2 2022		YTD

¹ Includes regulatory reserves.² The prior period figures have been restated to align with current year presentation.

Past due credit card receivables rate

PD2+ rate is calculated by dividing gross credit card receivables that are two cycles or more overdue (30+ days past due) by total gross credit card receivables. Both components exclude allowances and discounts. Gross past due credit card receivables, total gross credit card receivables and PD2+ are non-GAAP financial measures and a non-GAAP ratio, respectively.

The ratio of past due credit card receivables provides management and investors an additional measure to assess the quality and health of credit card loan assets. Past due gross credit card receivables and total gross credit card receivables provide insight into the book value of cardholder balances of our existing portfolio at the reporting date; however, observed in isolation do not provide meaningful information.

(C\$ in millions)	Q2 2022	Q2 2021
Current portion of loans receivable	\$ 5,973.6	\$ 5,106.3
Add: ECL allowance	868.4	811.7
Less:		
Other discounts or adjustments	117.3	125.0
Line of credit and current portion of dealer loans	92.3	70.5
Total gross credit card receivables	\$ 6,632.4	\$ 5,722.5
Less: Loans no more than 30 days past due	6,476.2	5,623.1
Past due gross credit card receivables	\$ 156.2	\$ 99.4

CT REIT Net Operating Income

NOI is defined as property revenue less property expense adjusted further for straight-line rent. The most directly comparable primary financial statement measure is revenue. Management believes that NOI is a useful key indicator of performance as it represents a measure of property operations over which management has control. NOI is also a key input in determining the value of the portfolio. NOI should not be considered as an alternative to property revenue or net income and comprehensive income, both of which are determined in accordance with GAAP.

The following table shows the relationship of NOI to GAAP revenue and property expense in CT REIT's Consolidated Statements of Income and Comprehensive Income:

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021
Revenue	\$ 4,404.0	\$ 3,918.5	\$ 8,241.4	\$ 7,241.4
Less: Other operating segments	4,271.4	3,788.9	7,976.9	6,981.9

CT REIT property straight-line rent revenue	0.5	1.5	0.9	3.2
CT REIT net operating income	\$ 104.1	\$ 100.4	\$ 206.9	\$ 199.4

CT REIT Funds from Operations and Adjusted Funds from Operations

Funds from Operations

FFO is a non-GAAP financial measure of operating performance used by the real estate industry, particularly by those publicly traded entities that own and operate income-producing properties. The most directly comparable primary financial statement measure is net income and comprehensive income. FFO should not be considered as an alternative to net income or cash flow provided by operating activities determined in accordance with IFRS. CT REIT calculates its FFO in accordance with Real Property Association of Canada's publication "REALPAC Funds From Operations & Adjusted Funds From Operations for IFRS" ("REALPAC FFO & AFFO"). The use of FFO, together with the required IFRS presentations, have been included for the purpose of improving the understanding of the operating results of CT REIT.

Management believes that FFO is a useful measure of operating performance that, when compared period over period, reflects the impact on operations of trends in occupancy levels, rental rates, operating costs and property taxes, acquisition activities and interest costs, and provides a perspective of the financial performance that is not immediately apparent from net income determined in accordance with IFRS.

FFO adds back items to net income that do not arise from operating activities, such as fair-value adjustments. FFO, however, still includes non-cash revenues relating to accounting for straight-line rent and makes no deduction for the recurring capital expenditures necessary to sustain the existing earnings stream.

Adjusted Funds from Operations

AFFO is a non-GAAP financial measure of recurring economic earnings used in the real estate industry to assess an entity's distribution capacity. The most directly comparable primary financial statement measure is net income and comprehensive income. AFFO should not be considered as an alternative to net income or cash flows provided by operating activities determined in accordance with IFRS. CT REIT calculates its AFFO in accordance with REALPAC's FFO & AFFO.

CT REIT calculates AFFO by adjusting FFO for non-cash income and expense items such as amortization of straight-line rents. FFO is also adjusted for a reserve for maintaining productive capacity required for sustaining property infrastructure and revenue from real estate properties and direct leasing costs. As property capital expenditures do not occur evenly during the fiscal year or from year to year the capital expenditure reserve in the AFFO calculation, which is used as an input in assessing the REIT's distribution payout ratio, is intended to reflect an average annual spending level. The reserve is primarily based on average expenditures as determined by building condition reports prepared by independent consultants.

Management believes that AFFO is a useful measure of operating performance similar to FFO as described, adjusted for the impact of non-cash income and expense items.

FFO per unit and AFFO per unit

FFO per unit and AFFO per unit are calculated by dividing FFO or AFFO by the weighted average number of units outstanding on a diluted basis. Management believes that these measures are useful to investors to assess the effect of this measure as it relates to their holdings

The following table reconciles GAAP net income and comprehensive income to FFO and further reconciles FFO to AFFO:

(C\$ in millions)	Q2 2022		YTD	
	Q2 2022	Q2 2021	Q2 2022	Q2 2021

9.2 Supplementary Financial Measures

Average Account Balance

Average account balance measures average aggregate account balances for the credit card portfolio, excluding lines of credit and personal loans, divided by the average number of credit card accounts, for the applicable period.

Borrowings Outstanding

Borrowings outstanding represent drawdowns from committed bank lines of credit.

Credit Card Sales and Credit Card Sales Growth

Credit card sales is a measure of the net sales charged to credit cards. Credit card sales growth excludes balance transfers, and represents year-over-year percentage change.

Comparable Sales

Comparable sales is commonly used in the retail industry to identify sales growth generated by a Company's existing store network and removes the effect of opening and closing stores in the period. The calculation includes sales from all stores that have been open for a minimum of one year and one week, as well as eCommerce sales. Comparable sales do not form part of the Company's consolidated financial statements. Management applies this measure to Consolidated results (including and excluding Petroleum), the Retail segment (including and excluding Petroleum), and all banners under the Retail segment (including but not limited to Canadian Tire, SportChek and Mark's).

Cost of Debt

Cost of debt represents the weighted average finance costs as a percentage of total short-term and long-term debt during the period.

eCommerce Sales

eCommerce sales refers to sales generated by the Company's online presence. Only eCommerce sales from corporate stores are included in the Company's consolidated financial statements. Management applies this measure to Consolidated results, the Retail segment, and banners under the Retail segment.

eCommerce Penetration Rate

eCommerce penetration rate is calculated by dividing eCommerce sales by Retail sales.

ECL Allowance Rate

This measure is the total allowance for expected credit losses as a percentage of total gross loans receivable for the Financial Services segment.

Effective Tax Rate

Effective tax rate is the tax expense for the period divided by the income before income taxes for the same period.

Gross Average Accounts Receivable

GAAR is the average accounts receivable from credit cards, personal loans and lines of credit, before allowances for expected credit losses. Measures using GAAR apply only to the Financial Services segment.

Gross Margin Rate

Gross margin rate is gross margin divided by revenue.

Gross Margin excluding Petroleum and Gross Margin Rate excluding Petroleum

Gross margin excluding Petroleum captures gross margin in the consolidated entity or Retail segment, as measured according to the Company's IFRS accounting policy, while excluding gross margin from Petroleum sales. Gross margin rate excluding Petroleum is calculated by dividing gross margin excluding Petroleum by revenue excluding Petroleum.

Interest Expense

Interest expense represents the finance cost of short-term and long-term debt, which includes lines of credit, medium-term notes, debentures, and senior and subordinated term notes. This metric excludes deposits held by CTB, Franchise Trust indebtedness, and lease liability interest.

Loyalty Sales and Loyalty Sales as a % of Retail Sales

Loyalty sales are Retail sales attributable to Triangle members. Loyalty sales as a percentage of retail sales is calculated by dividing loyalty sales by Retail sales.

Net Credit Card Write-off Rate

Net credit card write-off rate measures write-offs of credit card balances only, net of recoveries for the past twelve months, as a percentage of the credit card GAAR.

Operating Expenses as % of GAAR

Operating expenses as percentage of GAAR for the Financial Services segment is calculated using rolling 12-month operating expenses divided by gross average receivables accounts receivable.

Owned Brands Penetration

Owned Brands penetration is calculated by dividing sales of owned brands by Retail sales.

Property Revenue

Property revenue includes all amounts earned from tenants pursuant to lease agreements including property taxes, operating costs and other recoveries.

Property Expense

Property expense consists primarily of property taxes, operating costs and property management costs (including any outsourcing of property management services).

Retail Sales

Retail sales refers to the point-of-sale value of all goods and services sold to retail customers at stores operated by Dealers, Mark's and SportChek franchisees, and Petroleum retailers, at corporately-owned stores across all banners under the Retail segment, services provided as part of the Home Services offering, and of goods sold through the Company's online sales channels, and in aggregate do not form part of the Company's consolidated financial statements. Management applies this measure to Consolidated results (including and excluding Petroleum), the Retail segment (including and excluding Petroleum), and all banners under the Retail segment (including but not limited to Canadian Tire, SportChek, Mark's, Helly Hansen, Gas+, and Owned Brands).

Retail SG&A Rate and Retail SG&A as a Percentage of Revenue Excluding Petroleum

Retail SG&A rate is calculated by dividing Retail SG&A by Retail revenue. Retail SG&A as a percentage of revenue excluding Petroleum is calculated by dividing Retail SG&A by Retail revenue excluding Petroleum.

Return on Receivables

Return on receivables ("ROR") assesses the profitability of the Financial Services' total portfolio of receivables. ROR is calculated by dividing Financial Services' income before income tax and gains/losses on disposal of property and equipment by the average of Financial Services' total-managed portfolio over a rolling 12-month period.

Revenue as % of GAAR

Revenue as percentage of GAAR for the Financial Services segment is the rolling 12-month revenue divided by gross average accounts receivable.

Revenue Excluding Petroleum

Revenue excluding Petroleum captures revenue in the consolidated entity and Retail segment, as measured according to the Company's IFRS accounting policy, while excluding revenues from petroleum sales.

Sales per Square Foot

Comparisons of sales per square foot metrics over several periods help identify whether existing assets are being made more productive by the Company's introduction of new store layouts and merchandising strategies. Sales per square foot is calculated on a rolling 12-month basis for the Retail segment. This calculation includes the period in which stores were temporarily closed. For Canadian Tire, retail space does not include seasonal outdoor garden centres, auto service bays, warehouses, and administrative space. For SportChek and Mark's, it includes both corporate and franchise stores and warehouse and administrative space.

10.0 Key Risks and Risk Management

In the normal course of its business activities, CTC is regularly faced with risks and opportunities. The effective management of risk is a key priority for the Company to support CTC in achieving its strategies and business objectives. Accordingly, CTC has adopted an Enterprise Risk Management Framework (“ERM Framework”) for identifying, assessing, monitoring, mitigating and reporting risks and opportunities facing CTC. Refer to Section 2.6 Risk Factors in the 2021 AIF for further details of CTC’s ERM Framework.

The Company regularly assesses its businesses to identify and monitor key risks that alone, or in combination with other interrelated risks, could have a significant adverse impact on the Company’s brand, financial performance, and/or ability to achieve its strategic objectives.

The mitigation and management of risk is approached holistically with a view to ensuring all risk exposures are considered. Although the Company believes the measures taken to mitigate risks are reasonable, there can be no assurance that they will effectively mitigate risks that may have a negative impact on the Company’s financial performance, brand, and/or ability to achieve its strategic objectives.

There are numerous external risk factors, such as macroeconomic (inflationary pressures; higher interest rates; volatilities in foreign currencies), geopolitical (including the Russia-Ukraine conflict), cyber and ransomware attacks, changing consumer preferences, climate change, commodity pricing, supply chain disruption, pandemics (including COVID-19), changing laws and regulations, or new technologies, the impact of which is difficult to predict.

Refer to Section 10.0 in the Company’s 2021 Annual MD&A and Section 13.0 Forward-Looking Information and other Investor Communication in this Quarter’s MD&A for further discussion of key risks.

11.0 Internal Controls and Procedures

Details relating to disclosure controls and procedures, and internal control over financial reporting, are disclosed in section 11.0 of the Company’s 2021 Annual MD&A.

Changes in Internal Control Over Financial Reporting

During the quarter ended July 2, 2022, there were no changes in the Company’s internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.

12.0 Environmental and Social Responsibility

12.1 Overview

The Company is making significant progress in executing sustainability initiatives that reduce both energy consumption and waste, as well as using more sustainable materials in its products. In line with global and Canadian efforts to combat climate change, the Company has also set targets to reduce its Greenhouse Gas (GHG) emissions. For additional details on the Company's sustainability strategy please refer to section 2.8 of the 2021 AIF. A copy of the Environmental Sustainability Report is available at <https://corp.canadiantire.ca/sustainability/environmental-sustainability/>

CTC supports a variety of social causes, but the largest single beneficiary is Canadian Tire Jumpstart Charities. For details on the Company's commitment to various social causes aimed at improving social outcomes for Canadians, refer to section 2.8 of the 2021 AIF. Additional information regarding Jumpstart is available on their website at: <https://jumpstart.canadiantire.ca/>

The Company's approach to environmental, social and governance (ESG) matters is overseen by the ESG Executive Council and by the Board of Directors, principally through its Brand and Corporate Responsibility Committee but also through its Governance, Management Resources and Compensation, and Audit Committees.

13.0 Forward-Looking Information and Other Investor Communication

Caution Regarding Forward-Looking Information

This document contains forward-looking information that reflects Management's current expectations relating to matters such as future financial performance and operating results of the Company. Specific forward-looking information included or incorporated by reference in this document includes, but is not limited to, information with respect to:

- The Company's financial aspirations for the 2022 to 2025 fiscal years in section 3.0;
- The Company's strategic investments for the 2022 to 2025 fiscal years, including with respect to the rollout of "Concept Connect" to certain Canadian Tire stores, in section 3.0;
- The Company's operating capital expenditures for the 2022 fiscal year in sections 3.0 and 5.4.1;
- The Company's intention with respect to the purchase of its Class A Non-Voting Shares in sections 3.0 and 6.1; and
- The Company's Operational Efficiency program, including the target annualized savings, in section 4.1.1.

Forward-looking information provides insights regarding Management's current expectations and plans, and allows investors and others to better understand the Company's anticipated financial position, results of operations and operating environment. Readers are cautioned that such information may not be appropriate for other purposes. Certain other information, other than historical information, may also constitute forward-looking information, including, but not limited to, information concerning Management's current expectations relating to possible or assumed prospects and results, the Company's strategic goals and priorities, its actions and the results of those actions, and the economic and business outlook for the Company. Often, but not always, forward-looking information can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "believe", "estimate", "plan", "can", "could", "should", "would", "outlook", "forecast", "anticipate", "aspire", "foresee", "continue", "ongoing" or the negative of these terms or variations of them or similar terminology. Forward-looking information is based on the reasonable assumptions, estimates, analyses, beliefs and opinions of Management, made in light of its experience and perception of trends, current conditions and expected developments, as well as other factors that Management believes to be relevant and reasonable at the date that such information is disclosed.

By its very nature, forward-looking information requires Management to make assumptions and is subject to inherent risk factors and uncertainties, which give rise to the possibility that Management's assumptions, estimates, analyses, beliefs and opinions may not be correct and that the Company's expectations and plans will not be achieved. Examples of material assumptions and Management's beliefs include, but are not limited to, the duration and impact of COVID-19 on the Company's operations, liquidity, financial condition, or results, future economic conditions and related impacts on inflation, consumer spending, interest rates, and foreign exchange

rates, current and future competitive conditions and the Company's position in the competitive environment, anticipated cost savings and operational efficiencies as well as anticipated benefits from strategic and other initiatives, and the availability of sufficient liquidity. Additional assumptions related to Management's expectations with respect to the Operational Efficiency program include: (a) the realization of the forecasted benefits from both executed and new Operational Efficiency initiatives; and (b) continued discipline by Management in maintaining savings from already executed initiatives. Additional assumptions related to Management's expectations with respect to the Company's strategic investments and operating capital expenditures include: (a) no material changes in the Company's strategic and capital allocation priorities; (b) no material changes to the Company's earning prospects and financial leverage; (c) no significant changes to the retail landscape or regulatory environment; (d) continued availability of skilled talent and source materials to execute on the capital investment agenda; and (e) continued successful investments in businesses to achieve organic growth and in projects and initiatives which yield improved asset productivity. Although the Company believes that the forward-looking information in this document is based on information, assumptions and beliefs that are current, reasonable, and complete, such information is necessarily subject to a number of business, economic, competitive and other risk factors that could cause actual results to differ materially from Management's expectations and plans as set forth in such forward-looking information. Some of the risk factors, many of which are beyond the Company's control and the effects of which can be difficult to predict, but may cause actual results to differ from the results expressed by the forward-looking information, include: (a) credit, market, currency, operational, liquidity and funding risks, including changes in economic conditions, interest rates or tax rates; (b) the ability of the Company to attract and retain high-quality executives and employees for all of its businesses, Dealers, Petroleum retailers, and Mark's and SportChek franchisees, as well as the Company's financial arrangements with such parties; (c) the growth of certain business categories and market segments and the willingness of customers to shop at its stores or acquire the Company's Owned Brands or its financial products and services; (d) the Company's margins and sales and those of its competitors; (e) the changing consumer preferences and expectations relating to eCommerce, online retailing and the introduction of new technologies; (f) geopolitical risks (including the Russia-Ukraine conflict), and other developments including changes relating to or affecting economic or trade matters as well as the outbreak of contagions or pandemic diseases; (g) risks and uncertainties relating to information management, technology, cyber threats, property management and development, environmental liabilities, supply-chain management, product safety, competition, seasonality, weather patterns, climate change, commodity prices and business continuity; (h) the Company's relationships with its Dealers, franchisees, suppliers, manufacturers, partners and other third parties; (i) changes in laws, rules, regulations and policies applicable to the Company's business; (j) the risk of damage to the Company's reputation and brand; (k) the cost of store network expansion and retrofits; (l) the Company's capital structure, funding strategy, cost management program, and share price; (m) the Company's ability to obtain all necessary regulatory approvals; (n) the Company's ability to complete any proposed acquisition; and (o) the Company's ability to realize the anticipated benefits or synergies from its acquisitions and investments. Additional risk factors related to Management's expectations with respect to the Operational Efficiency program include: (a) reduced/lower than forecasted contribution from both executed and new Operational Efficiency program initiatives; and (b) organizational capacity to execute Operational Efficiency initiatives. Additional risk factors related to Management's expectations with respect to the Company's strategic investments and operating capital expenditures include: (a) the occurrence of widespread economic restrictions, construction limitations, or supply chain delays due to, among other events, a global pandemic resurgence; (b) shortages of raw materials and/or skilled labour required to execute capital investment plans; (c) higher than expected cost inflation for materials, equipment, and labour required to execute capital investment plans; and (d) organizational capacity to execute the capital agenda. The Company cautions that the foregoing list of important risk factors and assumptions is not exhaustive and other factors could also adversely affect the Company's results. Investors and other readers are urged to consider the foregoing risks, uncertainties, factors and assumptions carefully in evaluating the forward-looking information and are cautioned not to place undue reliance on such forward-looking information.

For more information on the material risk factors, uncertainties and assumptions that could cause the Company's actual results to differ materially from predictions, forecasts, projections, expectations or conclusions, refer to section 3.0 (Strategy and Four-Year [2022 to 2025] Financial Aspirations) and section 10.0 (Key Risks and Risk Management) in this MD&A and all subsections thereunder. For more information, also refer to the Company's other public filings, available on the SEDAR (System for Electronic Document Analysis and Retrieval) website at <http://www.sedar.com> and at <https://investors.canadiantire.ca>.

The forward-looking information contained herein is based on certain factors and assumptions as of the date hereof and does not take into account the effect that transactions or non-recurring or other special items announced or occurring after the information has been disclosed have on the Company's business. The Company does not undertake to update any forward-looking information, whether written or oral, that may be made from time to time by it or on its behalf, to reflect new information, future events or otherwise, except as is required by applicable securities laws.

Information contained in or otherwise accessible through the websites referenced in this MD&A does not form part of this MD&A and is not incorporated by reference into this MD&A. All references to such websites are inactive textual references and are for information only.

This document contains trade names, trademarks and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the ® or ™ symbol.

Commitment to Disclosure and Investor Communication

The Company strives to maintain a high standard of disclosure and investor communication and has been recognized as a leader in financial reporting practices. Reflecting the Company's commitment to full and transparent disclosure, the Investor Relations section of the Company's website at: <https://investors.canadiantire.ca>, includes the following documents and information of interest to investors:

- Annual and Quarterly Report to Shareholders;
- Quarterly earnings news releases, fact sheets, and other materials including conference call transcripts and webcasts (archived for one year);
- Supplementary information including investor presentations and videos;
- the Annual Information Form;
- the Management Information Circular;
- Information for Debtholders; and
- The Company's Approach to Corporate Governance.

The Company's Report to Shareholders, Annual Information Form, Management Information Circular and quarterly financial statements and MD&A are also available at <http://www.sedar.com>.

If you would like to contact the Investor Relations department directly, email investor.relations@cantire.com.

The related notes form an integral part of these condensed interim consolidated financial statements.

1. The Company and its Operations

Canadian Tire Corporation, Limited is a Canadian public company primarily domiciled in Canada. Its registered office is located at 2180 Yonge Street, Toronto, Ontario, M4P 2V8, Canada. It is listed on the Toronto Stock Exchange (TSX – CTC, CTC.A). Canadian Tire Corporation, Limited and the entities it controls are together referred to in these condensed interim consolidated financial statements as the “Company”, “CTC” or “Canadian Tire Corporation”.

The Company comprises three main business operations, which offer a wide range of retail goods and services, including general merchandise, apparel, sporting goods, petroleum, Financial Services including a bank, and real estate operations. Details of the Company’s three reportable operating segments are provided in Note 5.

Quarterly net income and revenue are affected by seasonality. The fourth quarter typically generates the greatest contribution to revenue and earnings and the first quarter the least.

This document contains trade names, trademarks and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks and service marks referred to herein appear without the ® or TM symbol.

2. Basis of Preparation

Statement of Compliance

These condensed interim consolidated financial statements (“interim financial statements”) for the 13 and 26 weeks ended July 2, 2022 (and comparative results for the 13 and 26 weeks ended July 3, 2021) have been prepared in accordance with International Accounting Standard (“IAS”) 34 – *Interim Financial Reporting* and therefore do not contain all disclosures required by International Financial Reporting Standards (“IFRS”) for annual financial statements. These interim financial statements should be read in conjunction with the Company’s 2021 Consolidated Financial Statements and Notes and have been prepared using the same accounting policies described in Note 3 to the 2021 Consolidated Financial Statements and Notes.

These interim financial statements were authorized for issuance by the Company’s Board of Directors on August 10, 2022.

Basis of Presentation

These interim financial statements have been prepared on a historical cost basis, except for the following items, which are measured at fair value:

- financial instruments at fair value through profit or loss (“FVTPL”);
- derivative financial instruments;
- liabilities for share-based payment plans; and
- initial recognition of assets acquired and liabilities assumed in a business combination.

In addition, the post-employment defined benefit obligation is recorded at its discounted present value.

Functional and Presentation Currency

These interim financial statements are presented in Canadian dollars (“C\$”), the Company’s functional currency. Each of the Company’s foreign subsidiaries determines its own functional currency and items included in the interim financial statements of each foreign subsidiary are measured using that functional currency. Assets and liabilities of foreign operations having a functional currency other than the Canadian dollar are translated at the rate of exchange prevailing at the reporting date, and revenues and expenses at average rates during the period. Gains or losses on translation are accumulated as a component of equity. On the disposal of a foreign operation, or the loss of control, the component of accumulated other comprehensive income relating to that foreign operation is reclassified to net income.

Judgments and Estimates

The preparation of these interim financial statements in accordance with IAS 34 requires Management to make judgments and estimates that affect:

- the application of accounting policies;
- the reported amounts of assets and liabilities;
- disclosures of contingent assets and liabilities; and
- the amounts of revenue and expenses recognized during the reporting periods.

Actual results may differ from estimates made in these interim financial statements.

Judgments are made in the selection and assessment of the Company's accounting policies. Estimates are used mainly in determining the measurement of recognized transactions and balances. Estimates are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Judgments and estimates are often interrelated. The Company's judgments and estimates are continually re-evaluated to assess whether they remain appropriate. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods affected.

There has been minimal impact to the Company in the quarter as a result of the on-going COVID-19 pandemic with fewer in-store capacity restrictions and no significant impact on the financial results. The duration and long-term effects on CTC remain uncertain and Management continues to monitor and assess the impact on the business, and on certain judgements and estimates.

Further to the March 4, 2022 announcement that the Company had paused Helly Hansen operations in Russia, during the quarter the Company commenced the exit of these operations. At the end of June 2022, the Company has determined it no longer meets the control criteria as it no longer has the ability to direct the relevant activities of the Russian subsidiary. The Company has deconsolidated the subsidiary and recognized a loss of \$36.5 million representing the loss of control, provisions and other costs to exit the operations. The loss was recognized in other expense (income) in the Consolidated Statements of Income for the quarter.

Details of the accounting policies subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in these interim financial statements are described in Note 2 to the Company's 2021 Consolidated Financial Statements and Notes.

Standards, Amendments and Interpretations Issued but not yet Adopted

The following new standards, amendments and interpretations have been issued but are not effective for the fiscal year ending December 31, 2022 and, accordingly, have not been applied in preparing these interim financial statements.

Insurance Contracts

In May 2017, the International Accounting Standards Board ("IASB") issued IFRS 17 – Insurance Contracts ("IFRS 17"), which replaces IFRS 4 – Insurance Contracts and establishes a new model for recognizing insurance policy obligations, premium revenue, and claims-related expenses. In June 2020, the IASB issued 'Amendments to IFRS 17' to address concerns and implementation challenges identified after IFRS 17 was published in 2017. The amendments also deferred the effective date for two years to January 1, 2023. Early adoption is permitted. The Company is assessing the potential impact of this standard.

Improving accounting policy disclosures and clarifying distinction between accounting policies and accounting estimates (Amendments to IAS 1 and IAS 8)

In February 2021, the IASB issued narrow-scope amendments to IAS 1 – Presentation of Financial Statements ("IAS 1"), IFRS Practice Statement 2 – Making Materiality Judgments ("IFRS Practice Statement 2") and IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8").

The amendments to IAS 1 require companies to disclose their material accounting policy information rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The amendments to IAS 8 clarify how companies distinguish changes in accounting policies from changes in accounting estimates. That distinction is important because changes in accounting estimates are applied prospectively only to future transactions and other future events, but changes in accounting policies are generally also applied retrospectively to past transactions and other past events.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. The Company is assessing the potential impact of these amendments.

3. Capital Management

The Company's objectives when managing capital are:

- ensuring sufficient liquidity to meet its financial obligations when due and to execute its operating and strategic plans;
- maintaining healthy liquidity reserves and the ability to access additional capital from multiple sources, if required; and
- minimizing the after-tax cost of capital while taking into consideration current and future industry, market and economic risks and conditions.

The Company manages its capital structure over the long term to optimize the balance among capital efficiency, financial flexibility, and risk mitigation. Management calculates ratios to approximate the methodologies of credit rating agencies and other market participants on a current and prospective basis. To assess its effectiveness in managing capital, Management monitors these ratios against target ranges for its credit ratings.

Canadian Tire Corporation, Limited was in compliance with all financial covenants under its bank credit agreements as at July 2, 2022. Under these covenants, the Company has sufficient flexibility to support business growth.

Helly Hansen is required to comply with covenants established under its bank credit agreements and was in compliance with all financial covenants thereunder as at July 2, 2022.

CT Real Estate Investment Trust ("CT REIT") is required to comply with covenants established under its Declaration of Trust, Trust Indenture and bank credit agreement and was in compliance with all financial covenants thereunder as at July 2, 2022.

In addition, the Company is required to comply with regulatory requirements for capital associated with the operations of Canadian Tire Bank ("CTB" or the "Bank"), a federally chartered bank, and other regulatory requirements that have an impact on its business operations and certain covenants established under its bank credit agreements. As at July 2, 2022, CTB complied with all regulatory capital guidelines established by the Office of the Superintendent of Financial Institutions of Canada ("OSFI") and all financial covenants under its bank credit agreements.

4. Liquidity and Financing

As at July 2, 2022, the Company (excluding Helly Hansen) had no borrowings on its committed bank lines of credit and no U.S. Commercial Paper outstanding. Helly Hansen had \$45.5 million of C\$ equivalent borrowings outstanding on its committed bank line of credit. CT REIT had no borrowings under its committed bank line of credit.

As at July 2, 2022, Glacier Credit Card Trust ("GCCT") had \$50.4 million of asset-backed commercial paper notes outstanding and a nominal amount outstanding on CTB's committed note purchase facilities. CTB had no borrowings outstanding under its committed bank line of credit.

5. Operating Segments

The Company has three reportable operating segments: Retail, Financial Services, and CT REIT. The reportable operating segments are strategic business units offering different products and services. They are separately managed due to their distinct nature. The following summary describes the operations of each of the Company's reportable segments:

- The retail business is conducted under a number of banners including Canadian Tire, Canadian Tire Gas ("Petroleum"), Mark's, PartSource, Helly Hansen, Party City in Canada and various SportChek banners. Retail also includes the Dealer Loan Program (the portion [silo] of Franchise Trust that issues loans to certain Dealers). Non-CT REIT real estate is included in Retail.
- Financial Services issues Canadian Tire's Triangle branded credit cards, including Triangle Mastercard, Triangle World Mastercard and Triangle World Elite Mastercard. Financial Services also offers Cash Advantage Mastercard and Gas Advantage Mastercard products, markets insurance products, and provides settlement services to the Company's affiliates. Financial Services includes CTB, a federally regulated Schedule I bank that manages and finances the Company's consumer Mastercard portfolio, as well as an existing block of Canadian Tire branded line of credit loans. CTB also offers high-interest savings ("HIS") account deposits, tax-free savings accounts ("TFSA") and GIC deposits, both directly and through third-party brokers. Financial Services includes GCCT, a structured entity established to purchase co-ownership interests in the Company's credit card loans receivable. GCCT issues debt to third-party investors to fund its purchases.
- CT REIT is an unincorporated, closed-end real estate investment trust. CT REIT holds a geographically-diversified portfolio of properties mainly comprising Canadian Tire banner stores, Canadian Tire anchored retail developments, mixed-use commercial property, and industrial properties.

Performance is measured based on segment income before income taxes, as included in internal management reports. Management has determined that this measure is the most relevant in evaluating segment results and allocating resources. Information regarding the results of each reportable operating segment is as follows:

Property and equipment, intangible assets (brand and goodwill) and right-of-use assets located outside of Canada was \$884.5 million as at July 2, 2022 (July 3, 2021 – \$929.0 million).

Capital expenditures by reportable operating segment are as follows:

For the	13 weeks ended							
	July 2, 2022				July 3, 2021			
(C\$ in millions)	Retail	Financial Services	CT REIT	Total	Retail	Financial Services	CT REIT	Total
Capital expenditures ¹	\$ 166.6	\$ 2.2	\$ 19.4	\$ 188.2	\$ 156.7	\$ 3.3	\$ 24.6	\$ 184.6

¹ Capital expenditures are presented on an accrual basis and include software additions, but exclude right-of-use asset additions, acquisitions relating to business combinations and intellectual property additions.

For the	26 weeks ended							
	July 2, 2022				July 3, 2021			
(C\$ in millions)	Retail	Financial Services	CT REIT	Total	Retail	Financial Services	CT REIT	Total
Capital expenditures ¹	\$ 304.9	\$ 5.9	\$ 31.7	\$ 342.5	\$ 241.8	\$ 4.0	\$ 28.1	\$ 273.9

Right-of-use asset additions by reportable operating segment are as follows:

For the	13 weeks ended							
	July 2, 2022				July 3, 2021			
(C\$ in millions)	Retail	Financial Services	CT REIT	Total	Retail	Financial Services	CT REIT	Total
Right-of-use asset additions	\$ 74.5	\$ —	\$ —	\$ 74.5	\$ 232	\$ —	\$ 3.4	\$ 235.4

For the	26 weeks ended							
	July 2, 2022				July 3, 2021			
(C\$ in millions)	Retail	Financial Services	CT REIT	Total	Retail	Financial Services	CT REIT	Total
Right-of-use asset additions	\$ 198.3	\$ —	\$ 7.0	\$ 205.3	\$ 300.4	\$ —	\$ 3.4	\$ 303.8

Total assets by reportable operating segment are as follows:

(C\$ in millions)	July 2, 2022		July 3, 2021	January 1, 2022
As at				
Retail	\$	16,700.3	\$ 15,999.3	\$ 16,741.9
Financial Services		6,961.5	7,704.9	7,731.4
CT REIT		6,702.6	6,320.4	6,503.1
Eliminations and adjustments		(9,304.7)	(8,880.9)	(9,174.2)
Total assets ¹	\$	21,059.7	\$ 21,143.7	\$ 21,802.2

¹ The Company employs a shared-services model for several of its back-office functions including finance, information technology, human resources, and legal. As a result, expenses relating to these functions are allocated on a systematic and rational basis to the reportable operating segments. The associated assets and liabilities are not allocated among segments in the presented measures of segmented assets and liabilities.

Total liabilities by reportable operating segment are as follows:

(C\$ in millions)	July 2, 2022		July 3, 2021		January 1, 2022	
As at						
Retail	\$	9,756.2	\$	9,393.5	\$	9,876.4
Financial Services		5,796.8		6,699.0		6,555.2
CT REIT		2,935.0		2,768.6		2,825.0
Eliminations and adjustments		(4,031.0)		(3,781.8)		(3,965.2)
Total liabilities¹	\$	14,457.0	\$	15,079.3	\$	15,291.4

¹ The Company employs a shared-services model for several of its back-office functions including finance, information technology, human resources, and legal. As a result, expenses relating to these functions are allocated on a systematic and rational basis to the reportable operating segments. The associated assets and liabilities are not allocated among segments in the presented measures of segmented assets and liabilities.

The eliminations and adjustments include the following items:

- conversion from CT REIT's fair value investment property valuation policy to the Company's cost model, including the recording of depreciation; and
- intersegment eliminations.

6. Loans Receivable

Quantitative information about the Company's loans receivable portfolio is as follows:

(C\$ in millions)	Total principal amount of receivables ¹		July 3, 2021		January 1, 2022	
As at	July 2, 2022					
Credit card loans ²	\$	5,882.4	\$	5,037.4	\$	5,549.2
Dealer and other loans ³		463.7		567.3		429.1
Total loans receivable		6,346.1		5,604.7		5,978.3
Less: long-term portion ⁴		372.5		498.4		365.1
Current portion of loans receivable	\$	5,973.6	\$	5,106.3	\$	5,613.2

¹ Amounts shown are net of allowances for loans receivable.

² Includes line of credit loans.

³ Dealer loans of \$462.0 million (July 3, 2021 – \$566.3 million and January 1, 2022 – \$427.5 million) relate to loans issued by Franchise Trust.

⁴ The long-term portion of loans receivable is included in long-term receivables and other assets and includes Dealer loans of \$370.9 million (July 3, 2021 – \$497.4 million and January 1, 2022 – \$363.4 million).

A continuity of the Company's allowances for loans receivable (expected credit losses ["ECL"]) is as follows:

(C\$ in millions)	2022			
	12-month ECL (Stage 1)	Lifetime ECL – not credit-impaired (Stage 2)	Lifetime ECL – credit-impaired (Stage 3)	Total
Balance at January 1, 2022	\$ 435.9	\$ 174.3	\$ 231.3	\$ 841.5
Increase (decrease) during the period				
Write-offs	(2.8)	(12.6)	(172.8)	(188.2)

Transfers				
to Stage 1	53.4	(30.1)	(23.3)	—
to Stage 2	(15.6)	18.7	(3.1)	—
to Stage 3	(12.8)	(21.0)	33.8	—
Net remeasurements	(27.4)	58.3	132.4	163.3
Balance at July 2, 2022	\$ 440.8	\$ 187.6	\$ 240.0	\$ 868.4

2021

(C\$ in millions)	12-month ECL (Stage 1)	Lifetime ECL – not credit- impaired (Stage 2)	Lifetime ECL – credit- impaired (Stage 3)	Total
Balance at January 2, 2021	\$ 409.1	\$ 161.3	\$ 293.6	\$ 864.0
Increase (decrease) during the period				
Write-offs	(2.5)	(10.0)	(161.0)	(173.5)
Recoveries	—	—	46.8	46.8
New loans originated	6.9	—	—	6.9
Transfers				
to Stage 1	91.7	(37.7)	(54.0)	—
to Stage 2	(10.0)	15.4	(5.4)	—
to Stage 3	(11.6)	(20.5)	32.1	—
Net remeasurements	(56.2)	34.2	89.5	67.5
Balance at July 3, 2021	\$ 427.4	\$ 142.7	\$ 241.6	\$ 811.7

Credit card loans are considered impaired when a payment is 90 days past due or there is sufficient doubt regarding the collectability of the outstanding balance. No collateral is held against credit card loans. The Bank continues to seek recovery on amounts that were written off during the period, unless the Bank no longer has the right to collect, the receivable has been sold to a third party, or all reasonable efforts to collect have been exhausted.

The following table sets out information about the credit risk exposure of loans receivable:

(C\$ in millions)	July 2, 2022			
	Stage 1	Stage 2	Stage 3	Total
Low risk	\$ 3,022.6	\$ 56.3	\$ —	\$ 3,078.9
Moderate risk	2,042.0	96.3	—	2,138.3
High risk	833.9	208.4	491.3	1,533.6
Total gross carrying amount	5,898.5	361.0	491.3	6,750.8
ECL allowance	440.8	187.6	240.0	868.4
Net carrying amount	\$ 5,457.7	\$ 173.4	\$ 251.3	\$ 5,882.4

July 3, 2021

(C\$ in millions)	Stage 1	Stage 2	Stage 3	Total
Low risk	\$ 2,558.5	\$ 57.5	\$ —	\$ 2,616.0
Moderate risk	1,792.0	91.6	—	1,883.6
High risk	693.9	128.9	526.7	1,349.5
Total gross carrying amount	5,044.4	278.0	526.7	5,849.1
ECL allowance	427.4	142.7	241.6	811.7
Net carrying amount	\$ 4,617.0	\$ 135.3	\$ 285.1	\$ 5,037.4

January 1, 2022

(C\$ in millions)	Stage 1	Stage 2	Stage 3	Total
Low risk	\$ 2,830.3	\$ 57.5	\$ —	\$ 2,887.8
Moderate risk	1,961.8	100.5	—	2,062.3
High risk	779.1	170.0	491.5	1,440.6
Total gross carrying amount	5,571.2	328.0	491.5	6,390.7
ECL allowance	435.9	174.3	231.3	841.5
Net carrying amount	\$ 5,135.3	\$ 153.7	\$ 260.2	\$ 5,549.2

During the 13 and 26 weeks ended July 2, 2022, the amount of cash received from interest earned on credit cards and loans was \$255.6 million (July 3, 2021 – \$226.0 million) and \$515.0 million (July 3, 2021 – \$465.9 million), respectively.

7. Long-Term Debt

On February 3, 2022 CT REIT issued \$250.0 million of Series H senior unsecured debentures. The debentures have a coupon rate of 3.029 percent and a maturity date of February 5, 2029.

On February 11, 2022, CT REIT early redeemed the entire outstanding principal amount of \$150.0 million Series A senior unsecured debentures.

8. Share Capital

Share capital consists of the following:

As at	July 2, 2022	July 3, 2021	January 1, 2022
(C\$ in millions)			
Authorized			
3,423,366 Common Shares			
100,000,000 Class A Non-Voting Shares			
Issued			
3,423,366 Common Shares (July 3, 2021 – 3,423,366; January 1, 2022 – 3,423,366)	\$ 0.2	\$ 0.2	\$ 0.2
55,537,813 Class A Non-Voting Shares (July 3, 2021 – 57,383,758; January 1, 2022 – 56,723,758)	595.6	603.9	593.4
	\$ 595.8	\$ 604.1	\$ 593.6

All issued shares are fully paid. The Company does not hold any of its Common or Class A Non-Voting Shares. Neither the Common nor Class A Non-Voting Shares has a par value.

During the first half of 2022 and fiscal 2021, the Company issued and purchased Class A Non-Voting Shares. The Company's Class A Non-Voting Shares were purchased under its normal course issuer bid, in connection with its anti-dilutive policy and announced share purchase intention.

During the second quarter of 2022, the Company entered into an automatic securities purchase plan ("ASPP") and provided notice to its broker to purchase Class A Non-Voting Shares under the NCIB during the Company's blackout period commencing on July 3, 2022. As at July 2, 2022, an obligation to purchase \$53.5 million Class A Non-Voting Shares (July 3, 2021 – nil) was recognized under the ASPP in trade and other payables.

The following transactions occurred with respect to the Class A Non-Voting Shares:

For the (C\$ in millions)	13 Weeks Ended				26 Weeks Ended			
	July 2, 2022		July 3, 2021		July 2, 2022		July 3, 2021

¹ Purchased shares, pursuant to the Company's NCIB, have been restored to the status of authorized but unissued shares. The Company records shares purchased on a transaction date basis.

As of July 2, 2022, the Company had dividends declared and payable to holders of Class A Non-Voting Shares and Common Shares of \$95.8 million (July 3, 2021 – \$71.4 million) at a rate of \$1.6250 per share (July 3, 2021 – \$1.1750 per share).

On August 10, 2022, the Company's Board of Directors declared dividends at a rate of \$1.625 per share payable on December 1, 2022 to shareholders of record as of October 31, 2022.

9. Share-Based Payments

During the 26 weeks ended July 2, 2022, the Company granted the following share-based payment awards:

Stock options

The Company granted 226,744 (July 3, 2021 – 225,011) stock options to certain employees. These stock options vest on a graduated basis over a three-year period, are exercisable over a term of seven years and have an exercise price of \$187.25 (July 3, 2021 – \$173.14 and \$207.09).

10. Revenue

Revenue by reportable operating segment is as follows:

¹ Helly Hansen revenue represents external revenue only.

Major customers

The Company does not rely on any one customer.

11. Cost of Producing Revenue

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 2, 2022	July 3, 2021	July 2, 2022	July 3, 2021
Inventory cost of sales ¹	\$ 2,884.5	\$ 2,507.6	\$ 5,315.0	\$ 4,572.3
Net impairment loss on loans receivable	99.7	28.6	162.8	67.6
Finance costs	19.2	23.0	39.3	45.1
Other	17.8	14.3	30.1	25.0
	\$ 3,021.2	\$ 2,573.5	\$ 5,547.2	\$ 4,710.0

¹ Inventory cost of sales includes depreciation for the 13 and 26 weeks ended July 2, 2022 of \$6.4 million (July 3, 2021 – \$4.1 million) and \$12.1 million (July 3, 2021 – \$8.0 million), respectively.

Inventory writedowns as a result of net realizable value being lower than cost, recognized in the 13 and 26 weeks ended July 2, 2022 were \$16.8 million (July 3, 2021– \$29.3 million) and \$33.4 million (July 3, 2021– \$61.4 million), respectively.

Inventory writedowns recognized in prior periods and reversed in the 13 and 26 weeks ended July 2, 2022 were \$0.0 million (July 3, 2021 – \$3.2 million) and \$7.4 million (July 3, 2021 – \$5.1 million), respectively. The reversal of writedowns was the result of actual losses being lower than previously estimated.

The writedowns and reversals are included in inventory cost of sales.

12. Selling, General and Administrative Expenses

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 2, 2022	July 3, 2021	July 2, 2022	July 3, 2021

Finance costs on lease liabilities	21.0	22.7	43.4	46.1
	\$ 54.9	\$ 56.2	\$ 109.5	\$ 113.5

¹ Relates to properties where the Company is an intermediate lessor in a sublease arrangement classified as a finance sublease under IFRS 16.

14. Income Taxes

Income tax expense (benefit) recognized in other comprehensive income is as follows:

For the (C\$ in millions)	13 weeks ended		26 weeks ended	
	July 2, 2022	July 3, 2021	July 2, 2022	July 3, 2021
Net fair value gains (losses) on hedging instruments entered into for cash flow hedges not subject to basis adjustment	\$ 19.9	\$ (5.5)	\$ 40.0	\$ 1.9
Deferred cost of hedging not subject to basis adjustment – Changes in fair value of the time value of an option in relation to time-period related hedged items	(3.5)	2.7	(7.6)	1.1
Reclassification of losses to income	0.7	2.4	1.4	3.3
Net fair value gains (losses) on hedging instruments entered into for cash flow hedges subject to basis adjustment	24.3	(9.4)	17.2	(14.7)
	\$ 41.4	\$ (9.8)	\$ 51.0	\$ (8.4)

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, from time to time certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in ongoing audits by tax authorities as disclosed in Note 16 to the 2021 Consolidated Financial Statements and Notes.

The Company regularly reviews the potential for adverse outcomes with respect to tax matters. The Company believes that the ultimate disposition of these matters will not have a material adverse effect on its liquidity, consolidated financial position, or net income because the Company has determined that it has adequate provision for these tax matters. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved.

15. Notes to the Condensed Interim Consolidated Statements of Cash Flows

Cash and cash equivalents, net of bank indebtedness, comprise the following:

(C\$ in millions)	July 2, 2022	July 3, 2021	January 1, 2022
As at			
Cash	\$ 317.4	\$ 814.5	\$ 1,043.4
Cash equivalents	177.9	1,106.5	691.6
Restricted cash and cash equivalents ¹	17.3	18.9	16.7
Total cash and cash equivalents ²	512.6	1,939.9	1,751.7
Bank indebtedness	(4.6)	—	—
Cash and cash equivalents, net of bank indebtedness	\$ 508.0	\$ 1,939.9	\$ 1,751.7

¹ Restricted cash and cash equivalents of \$14.3 million (July 3, 2021 – \$11.5 million and January 1, 2022 – \$11.5 million) relates to GCCT and is restricted for the purpose of paying principal and interest to note holders and additional funding costs. \$3.0 million (July 3, 2021 – \$7.4 million and January 1, 2022 – \$5.2 million) represents Helly Hansen's operational items.

² Included in cash and cash equivalents are amounts held in reserve in support of CTB's liquidity and regulatory requirements.

The total cash outflow for leases during the 13 and 26 weeks ended July 2, 2022 was \$103.5 million (July 3, 2021 – \$116.1 million) and \$216.1 million (July 3, 2021 – \$223.8 million), respectively.

Capital Commitments

As at July 2, 2022, the Company had capital commitments for the acquisition of property and equipment, investment property and intangible assets for an aggregate cost of approximately \$313.0 million (July 3, 2021 – \$334.4 million).

16. Financial Instruments**16.1 Fair Value of Financial Instruments**

Fair values have been determined for measurement and/or disclosure purposes based on the following:

The carrying amounts of the Company's cash and cash equivalents, trade and other receivables, loans receivable, trade and other payables, short-term borrowings and loans payable approximate their fair value either due to their short-term nature or because they are derivatives, which are carried at fair value.

The carrying amounts of the Company's long-term receivables and other assets approximate their fair value either because the interest rates applied to measure their carrying amount approximate current market interest rates or because they are derivatives, which are carried at fair value.

Fair values of financial instruments reflect the credit risk of the Company and counterparties when appropriate.

Investments in Debt Securities

The fair values of financial assets traded in active markets are determined by reference to their quoted closing bid price or dealer price quotations at the reporting date. For investments that are not traded in active markets, the Company determines fair values using a combination of discounted cash flow models, comparison to similar instruments for which market-observable prices exist and other valuation models.

Derivatives

The fair value of a foreign exchange forward contract is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (based on government bonds).

The fair value of interest rate swaps and swaptions reflects the estimated amounts the Company would receive or pay if it were to settle the contracts at the measurement date and is determined by an external service provider using valuation techniques based on observable market input data.

The fair value of equity derivatives is determined by reference to share price movement, adjusted for interest, using market interest rates specific to the terms of the underlying derivative contracts.

Redeemable Financial Instrument

The fair value of the redeemable financial instrument is calculated based on a discounted cash flow model using earnings attributable to the Financial Services business, adjusted for any undistributed earnings and Scotiabank's proportionate interest in the Financial Services business. This recurring fair value measurement is categorized within Level 3 of the fair value hierarchy. Refer to Note 3 and Note 33 to the Company's 2021 Consolidated Financial Statements and Notes for further information regarding this financial instrument.

16.2 Fair Value of Financial Assets and Financial Liabilities Classified Using the Fair Value Hierarchy

The Company uses a fair value hierarchy to categorize the inputs used to measure the fair value of financial assets and financial liabilities.

The following table presents the financial instruments measured at fair value classified by the fair value hierarchy:

(C\$ in millions)

As at		July 2, 2022		July 3, 2021		January 1, 2022	
	Category	Level		Level		Level	
Trade and other receivables	FVTPL ¹	2	\$ 19.9	2	\$ 96.1	2	\$ 50.2
Trade and other receivables	Effective hedging instruments	2	93.2	2	4.0	2	36.6
Long-term receivables and other assets	FVTPL ¹	2	—	2	20.6	2	3.5
Long-term receivables and other assets	Effective hedging instruments	2	144.1	2	54.1	2	49.1
Trade and other payables	FVTPL ¹	2	27.6	2	25.9	2	8.9
Trade and other payables	Effective hedging instruments	2	0.1	2	89.0	2	6.6
Redeemable financial instrument	FVTPL	3	567.0	3	567.0	3	567.0
Other long-term liabilities	FVTPL ¹	2	6.3	2	3.1	2	7.4
Other long-term liabilities	Effective hedging instruments	2	—	2	4.2	2	3.1

¹ Relates to derivatives not designated as hedging instruments.

There were no transfers in either direction among categories during the 13 and 26 weeks ended July 2, 2022 or the 13 and 26 weeks ended July 3, 2021.

16.3 Fair Value Measurement of Investments, Debt and Deposits

The fair value measurement of investments, debt, and deposits is categorized within Level 2 of the fair value hierarchy described in Note 33.2 to the Company's 2021 Consolidated Financial Statements and Notes. The fair values of the Company's investments, debt and deposits compared to the carrying amounts are as follows:

As at	July 2, 2022		July 3, 2021		January 1, 2022	
(C\$ in millions)	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Short-term investments	\$ 212.0	\$ 211.7	\$ 644.4	\$ 644	\$ 606.2	\$ 605.6
Long-term investments	178.0	174.2	176.8	176.3	175.1	174.5
Debt	4,378.2	4,223.9	4,266.7	4,514.3	4,278.5	4,475.4
Deposits	3,174.5	3,076.0	4,161.1	4,207.5	3,893.7	3,915.0

The difference between the fair values and the carrying amounts (excluding transaction costs that are included in the carrying amount of debt) is due to changes in market interest rates for similar instruments. The fair values are determined by discounting the associated future cash flows using current market interest rates for items of similar risk.

17. Contingencies

Legal Matters

The Company is party to a number of legal and regulatory proceedings, and has determined that each such proceeding constitutes a routine matter incidental to the business it conducts, and that the ultimate disposition of the proceedings will not have a material effect on its consolidated net income, cash flows, or financial position.
