"Fun AND engaging!"

The entire experience was fantastic. I would recommend this experience for any organization that is looking to bring people together for a virtual event that is actually fun AND engaging! It was awesome and far surpassed my expectations!

Allison H.

"The best we have experienced!"

Our organization has used many virtual social event coordinators over the past two years and by far Confetti not only has the best variety of events, their focus on customer service and keeping the pricing reasonable for their events is the best we have experienced!

P.S. A note from the CEO

“I built Confetti because I was in your shoes... the person in the office who was tasked with planning the fun stuff. The pressure to put together something that people would actually enjoy got me believing (seeing!) that truly good events can change the DNA of a team... making them more empathetic towards one another...making them work better together.

I was suddenly inspired to build a platform with the best experiences that will foster connections amongst team members and build authenticity and camaraderie. That's what we do here.

I want you to know we put a whole lot of love and care into our work and process and I hope we get a chance to show you our magic.
