

## **Mark Kollar Consulting Group Adds Mark Brostowitz to the Team as Consultant**

**Indianapolis, IN - September 12, 2023** - To meet the demand of marketplace continued growth, Mark Brostowitz has joined the Mark Kollar Consulting Group as a Consultant providing a variety of insurance-based consulting services. With over 40 years experience in the insurance industry, Mark brings a wealth of knowledge and expertise to the team.

“Mark’s addition to our team brings a wealth of experience and insight into the insurance industry. He will help us continue our planned growth model,” said Mark Kollar, Founder.

Mark spent 40 years working for both brokers and carriers in mostly underwriting roles. Most of that four decades of experience was focused on developing and managing property and casualty insurance programs for affinity clients. His work experience was primarily on professional liability, with property, general liability and workers’ compensation designed to round out a full portfolio of commercial insurance products.

Brokers or Managing General Agents (MGAs) Mark worked for include Aon Affinity, Marsh/Mercer Affinity, as well as Association Member Benefits Advisors (AMBA). At each of these brokers/MGAs, he served clients in a senior management position as a Vice President, Senior Vice President or Principal. Additionally, while at Mercer Affinity, he served clients as the national Affinity Business Leader. Carriers he worked for include CNA, Hudson/Odyssey Re, Sentry Insurance and TIG Specialty. While working for CNA, Hudson and TIG, he focused on P&C insurance program management and product development, including responsibility for filing various products with countrywide state departments of insurance.

“I’m very pleased to be joining Mark Kollar and his new insurance team. While I worked at either national brokers or carriers, I had the pleasure of working with Mark for over 25 years. During that time, I have always been impressed with his energy, knowledge and persistence. Whatever the challenge my previous interactions threw at Mark and his team, he delivered quickly and with better than expected results. Our future clients and carrier partners will experience the same historical dedication to excellence and superior results,” said Mark Brostowitz.
