Amerisure Awards Academic Scholarships to Five College Students

Farmington Hills, Mich., September 20, 2023 — Amerisure congratulates the five college freshmen receiving financial support from the company as recipients of the 2023 Amerisure Scholarship Program (ASP).

Each student was awarded a scholarship based on their outstanding academic achievements. Fourteen prior scholarship awards have also been renewed, totaling 19 underclassmen benefitting from the program this academic year.

“We are pleased to once again award and renew scholarship opportunities for passionate and deserving college students this fall,” said Erin Buddie, Amerisure’s vice president of human resources. “We proudly congratulate each of the outstanding students and wish them great success with their educational pursuits.”

The scholarship program was developed to provide assistance to the families of Amerisure employees for costs associated with post-secondary undergraduate education, including tuition, fees, books, supplies and/or equipment. Scholarship recipients are eligible to renew their award for up to three years or until a bachelor’s degree or technical school certificate is earned, whichever occurs first.

To be eligible for the assistance, students must be enrolled or planning to enroll in a full- or part-time undergraduate course of study at an accredited two- or four-year college, university or approved vocational or technical school. Since the program began in 1992, Amerisure has provided \$565,000 to 190 students.

Administered by Scholarship America, the ASP is a nonprofit educational support and student aid service organization. For more information about Scholarship America and its programs, [visit their website](#).
