## How It Works

### Teach a lesson

Spearheaded by The Education Fund, the Teach-A-Thon program invites business professionals to bring their expertise into Miami-Dade County public school classrooms. Teach a 45-minute lesson to a class of your chosen subject and grade level (elementary, middle, or high school).

### Fundraise for public schools

Share your unique experience with your network, helping to create more awareness about the cause. Fundraise through a user-friendly online platform to support teacher grants and classroom funding to help students succeed!

### You'll be set up for success

Easy-to-follow lesson plans and teacher support will ensure your teaching experience is as impactful and seamless as possible.

## Key Dates

- ✓ September 26 - Teach-A-Thon Kickoff Networking Event
- ✓ September 27 - Fundraising and teaching period begins
- ✓ November 1 - Fundraising and teaching should be completed by this date

Register today  
to teach a  
lesson and  
fundraise
