Unfolding the Transformation of Educational Environments

FBT™ Series of Fold & Roll Booths

Introducing the Dynamic Furnishing Solution to Tomorrow's Challenges

A Fresh Approach Designed to Meet Everchanging Needs

Ready to transform the way your faculty, students or teams interact? Then you're ready for the FBT Series of Fold & Roll Booths.

Effective student engagement is as vital as ever – and constantly evolving. Whether it's discussing viewpoints in a late-night study session, calling out a teachable moment during a distance learning class, or providing a unique lunch experience – traditional school and other collaborative furnishing options are not the best alternative for today's group settings. That's why we created the FBT Series of Fold & Roll Booths.

Forward-thinking. Versatile. Customizable.

Yesterday's seated folding table designs have their place, but not when it comes to the flexibility and truly effective pedagogy and communication that today's educational applications demand. Rapid mobility, digital learning aids, and onboard power and charging connections for hand-held devices are no longer niceties, but must-haves.

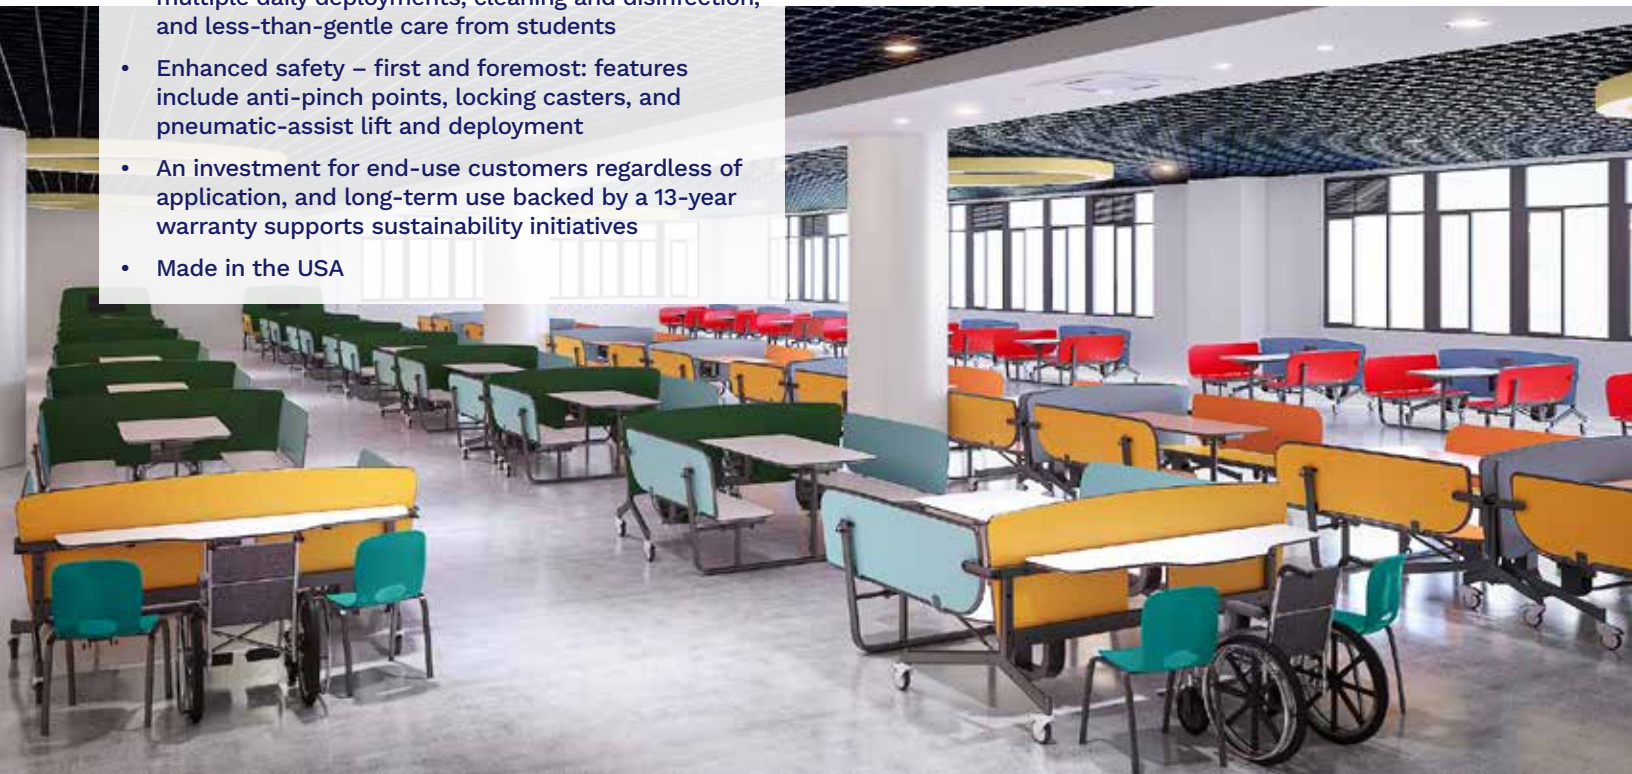

FBT Series of Fold & Roll Booths are entirely mobile and quickly deployable, with specific models offering power-readiness, the ability to mount a monitor and additional surface space standard to support training, dining and other interactive requirements, with ADA configurations available.

Built-Ins? Start with Inspiration, Intuition and Ingenuity.

FBT Series of Fold & Roll Booths expand floor plan possibilities and usage alternatives for classrooms, food courts, common spaces and more. Deployment, foldability, transport and storage are simple and seamless, making space transformation for diverse purposes instantaneous. Plus, endless color and branding customization options elicit user pride, creativity and enthusiasm for the task at hand, whether it's touching down for an impromptu live or online brainstorming session, one-on-one training, or lunch with classmates.

- Complements the latest K-16 dining, library and learning space design trends through flexibility, area optimization and impactful use of color and branding
- Alternately turns designated areas as well as underutilized niches alike in lobbies, hallways and break areas into meaningful touch down and meeting spaces
- Promotes occupant interaction across all configurations, with select models designed with distance learning and peer mentoring in mind
- Created for diverse multipurpose settings: from individual unit use for small groups to mix-and-match configurations for larger learning, dining or open environments
- Patent-pending design; easily deploys, folds and moves to redefine space requirements – now! – and tightly nests to maximize storage space (just 15 linear feet accommodates 10 units)
- Proven engineering stands up to the rigors of multiple daily deployments, cleaning and disinfection, and less-than-gentle care from students
- Enhanced safety – first and foremost: features include anti-pinch points, locking casters, and pneumatic-assist lift and deployment
- An investment for end-use customers regardless of application, and long-term use backed by a 13-year warranty supports sustainability initiatives
- Made in the USA

FBT-L-XE-XT-XV

- Low partition design
- Baseline model, ideal for K-12 cafeterias and learning spaces
- Seats up to six adults or students; enhances communication, facilitates supervision of users

FBT-L-EL-XT-XV

- Low partition design with onboard electrical connectivity
- Built-in power and USB connections enable convenient device charging and facilitate electronics use to support learning objectives, communication and beyond
- Seats up to six adults or students; a must-have for versatile, educational use

FBT-L-XE-LF-XV

- Low partition design with extendable lift & lock leaf
- 70" wide x 15" deep leaf provides surface space for up to three additional users
- Perfect for seating up to nine adults* or providing a pop-up desk for an instructor and groups of up to six students

*Booth benches accommodate up to six adults; leaf accommodates three stacking-type chairs. Chairs not included.

FBT-L-XE-LFADA-XV

- ADA-compliant, low partition design with extendable lift & lock leaf
- 70" wide X 20" deep X 28.3" high leaf provides surface space for one wheelchair and two additional users
- Seats up to nine adults total*; promotes inclusivity of wheelchair users

*Booth benches accommodate up to six adults. Leaf accommodates one wheelchair and two stacking-type chairs. Chairs not included.

FBT-H-XE-XV

- High partition design
- Created to provide a greater degree of privacy compared to low partition units
- Seats up to six students or adults; suitable for K-12 and collegiate spaces

FBT-H-EL-XV

- High partition design with onboard electrical connectivity
- Built-in power and USB connections enable convenient device charging and facilitate electronics use for learning aids; high partition increases privacy
- Seats up to six students or adults; delivers flexibility in office, hospitality and educational facilities

FBT-H-EL-VD

- High partition design with onboard electrical connectivity and monitor mount
- Equipped with bracket to accommodate monitors up to 32"; combines with power and USB connections to make this design a game changer in today's learning environments
- Seats up to six students or adults; versatile solution for hybrid live-remote pedagogy or remote learning

Specifications

Sporting entirely unique profiles and incredibly transformative possibilities, all FBT Series of Fold & Roll Booths are highlighted by the unmistakable European design of Milan, Italy's Studio Fifield, and the renowned American precision engineering and construction of BioFit. Every component has been meticulously crafted, evaluated and proven under real-life conditions, and each booth is backed by a 13-year warranty. Plus, all FBT booths are fully customizable with school logo imprinting and a multitude of surface and bench laminate color and pattern options.

Tables, partitions and leaves of applicable units constructed of 3/4" MDF, frame-mounted with aircraft rivets

Mounting bracket on applicable models supports monitors up to 32" to facilitate remote or hybrid learning and digital training aids

Models with onboard electric capability include two grounded AC outlets, one USB Type-A and one USB Type-C port, as well as cable management hook

Seat backs constructed of 3/4" MDF

Seat bottoms constructed of 3/4" MDF

Frame constructed of 11-gauge steel, with rugged powder coat finish (black or black-gray available)

Industrial-grade thermoplastic rubber casters for smooth transport

Pneumatic lift-assist and intuitive catch and release handle help promote safe deployment and folding

Model shown: FBT-H-EL-VD
Monitor not included.

Component and Laminate Code Legend

FBT Prefix for all models

L Low partition

H High partition

XE No onboard electric

EL With onboard electric

XT No leaf

LF With leaf

ADA With ADA-compliant leaf

XV No video monitor mount

VD With video monitor mount

06 Black Frame

10 Grey/Black Frame

Spec Chart

Model	Deployed Dimensions (LxWxH) in inches	Folded Dimensions (LxWxH) in inches	Bench Height (inches)	Tabletop Dimensions (inches)	Weight (lbs)	Occupant Seating
FBT-L-XE-XT-XV	73.5 x 77.13 x 38.5	40 x 76.5 x 77.67	16.42	57.5 x 30	365	Up to 6 adults
FBT-L-EL-XT-XV	73.5 x 77.13 x 38.5	40 x 76.5 x 77.67	16.42	57.5 x 30	370	Up to 6 adults
FBT-L-XE-LF-XV	76.88 x 77.13 x 38.5	40 x 76.5 x 77.67	16.42	57.5 x 30	400	Up to 9 adults*
FBT-L-XE-LFADA-XV	81.88 x 77.13 x 38.5	40 x 76.5 x 77.67	16.42	57.5 x 30	405	Up to 9 adults**
FBT-H-XE-XV	73.5 x 77.13 x 60.5	40 x 76.5 x 77.67	16.42	57.5 x 30	390	Up to 6 adults
FBT-H-EL-XV	73.5 x 77.13 x 60.5	40 x 76.5 x 77.67	16.42	57.5 x 30	395	Up to 6 adults
FBT-H-EL-VD	73.5 x 77.13 x 60.5	40 x 76.5 x 77.67	16.42	57.5 x 30	400	Up to 6 adults

*Accommodates 3 side chairs when leaf is deployed; chairs not included.

**Accommodates 1 wheelchair user and 2 side chairs when leaf is deployed; wheelchair and side chairs not included.

BIOFIT®

Answers are in our nature.™

At BioFit, that's more than a tagline – it's our focus as we constantly strive to improve the workplace experience through furnishing solutions featuring ergonomic performance, style and reliability. We've been an innovator for the past 77 years, solving challenges for industrial and scientific environments, and subsequently supplying the education, office, defense, automotive and textile markets. With a global network of over 600 independent distributors, we continue to proudly serve these industries today, as well as leaders in the healthcare and technology fields.
