

About AppGallery

AppGallery is the official app distribution platform for HUAWEI devices, boasting a collection of 18 app categories featuring premium content curated globally. It makes sure apps can be used seamlessly across smart devices in all scenarios anywhere and anytime, without compromising on security.

As one of the top 3 app global app distribution platforms, AppGallery offers a wide variety of global and local apps across categories including navigation and transport, news, social media, finance, entertainment, and others. AppGallery is available in more than 170 countries and regions with over 580 million global monthly active users and 6 million registered developers.
