Readiness Systems Names Cardiac Solutions as 2023 AED Sentinel Distributor of the Year

Vancouver, WA January 3, 2024 – [Cardiac Solutions](#) of Birmingham, AL has been named the 2023 [AED Sentinel](#)® distributor of the year by [Readiness Systems](#). This award acknowledges Cardiac Solutions' unwavering dedication to remote AED monitoring, extensive product knowledge and support, and exceptional customer service.

According to Readiness Systems President Richard A. Lazar, “The Distributor of the Year award is given to a leading reseller partner who embodies the spirit of delivering groundbreaking technologies to AED programs across the nation. When AED Sentinel was introduced in 2018, Cardiac Solutions immediately recognized its revolutionary potential in remote AED monitoring and its ability to ensure AEDs are always ready to save lives. CEO Jon Seale and his team at Cardiac Solutions are truly deserving of this honor.”

Jon Seale, CEO of Cardiac Solutions, said, “We are extremely proud to receive this award which highlights the strength of our partnership, the life-saving value that AED Sentinel brings to our customers, and the promising growth opportunities we foresee in the future. We eagerly look forward to continuing our successful collaboration.”

About Cardiac Solutions

[Cardiac Solutions](#), a renowned provider of public access defibrillator programs, is dedicated to promoting the widespread use of defibrillation therapy to save lives during sudden cardiac arrest incidents in unconventional healthcare settings. With a holistic approach, Cardiac Solutions offers a wide range of AED program solutions, encompassing planning, design, implementation, administration, medical oversight, training, and management, all conveniently accessible through a single point of contact.
