**Vancouver, BC – January 30, 2024** – You're planning a wedding, so you've got a lot on your plate. Now, you can check one item off your list in about 3 minutes: wedding insurance to cover everything you might worry about on your big day!

Explains David Hamilton, CEO of Front Row Insurance, "As insurance folks, it's our job to think about all the things that could go wrong at a wedding so that you don't have to. What does the happy couple do when the rings get lost or stolen or the presents disappear? Or a guest breaks a leg and can't work for a year? Or the venue requires insurance? Transferring your risks to our new Wedding Insurance covers you for just about anything and it's way more affordable than the other options out there. And, because you can get our wedding insurance online, in 3 minutes, it's literally instant peace of mind. Prices start at \$45."

Front Row Insurance brokers are best known as being insurance innovators. They currently offer eight niche online products with no need to speak to a broker or underwriter: less touch means lower expenses which means they can offer their newest product, [Wedding Insurance](#), for 30-50% less than it traditionally costs to obtain wedding insurance in person or over the phone with the average broker.

Explains Hamilton: "As the second largest film insurance broker in the world, we've become best known over the past 17 years for specializing in film, TV, and theatre insurance. We were inspired to launch our newest product, Wedding Insurance, because it's a natural extension of our mission to provide coverage for live experiences and events - with a focus on special occasions, arts and culture."
