

Stop struggling with low turnout, security concerns or delays in decision-making with PileraVotes.

# Why Choose PileraVotes for Your Community's Voting & Ballots?

*Tired of managing your HOA's elections and voting processes the old-fashioned way? Paper ballots are out, secure e-voting is in. Revolutionize your community's decision-making and meet quorum with PileraVotes.*

## Seamless and Convenient

Save valuable time and energy on thankless tasks like preparing ballots and tallying votes. With PileraVotes, your community's meetings will fly by instead of dragging on.

## Security and Trust

End any doubts about the integrity of your community's voting and elections. PileraVotes locks down votes, guaranteeing that only residents of your community can participate.

## Meet Quorum Faster

Increase participation rates by granting residents directaccess to the election form through Pilera or via a secure link. With instant results and visual reports, you can easily verify the number of votes needed to achieve quorum.

## Unit Weights for Fair Decisions

Unit weight tracking ensures that votes are proportional to a resident's ownership in the community. This fosters equitable and democratic decision-making. Restrict votes to one vote per unit.

information

Ballot data is exportable and will be retained for 3-months  
after purchase. Extensions are available.

*“After updating our HOA bylaws we conduct Board of Trustees elections with an electronic option via Piler. Already had 2 annual elections, and in the most recent about 80% of homeowners voted electronically via Piler with the rest voting by paper. Electronic elections improved the legal compliance of the process and reduced our costs.”*
