

Product Launch: Introducing TWIG - Stylish Outdoor Heating Solution

[Antwerp, Belgium 05-02-2024] - We are thrilled to announce the launch of TWIG, the latest addition to our lineup of outdoor heating solutions. TWIG represents a perfect blend of sleek design, compactness, and functionality, catering to both residential and commercial spaces.

Key Features of TWIG:

1. **Infrared Heating:** Equipped with advanced infrared heating technology, TWIG delivers efficient and comfortable warmth, ensuring a cozy outdoor experience even on chilly evenings.
2. **Modern Design:** TWIG boasts a contemporary design that enhances the aesthetics of any outdoor setting. Its sleek lines and elegant finish make it a stylish addition to patios, gardens, and hospitality venues.
3. **Compact and Portable:** Designed with convenience in mind, TWIG is compact and easy to transport. Its lightweight construction ensures hassle-free installation and mobility, making it an ideal choice for various outdoor environments.
4. **Easy Installation:** Setting up TWIG is a breeze. With its simple installation process, you can have it up and running in no time, providing instant warmth and ambiance to your outdoor space.
5. **Foldable and Space-saving:** TWIG features a foldable design, allowing for easy storage when not in use. Its collapsible structure makes it an excellent space-saving solution, perfect for smaller outdoor areas or venues with limited storage space.
6. **Versatile for Hospitality:** TWIG's flexibility makes it an excellent choice for hospitality businesses. Whether it's a cozy restaurant terrace or a bustling cafe courtyard, TWIG adapts effortlessly to various commercial settings, enhancing the guest experience with its warmth and ambiance.

"We are excited to introduce TWIG to the market," says Luc Téblick, CEO of Heatsail. "With its combination of style, functionality, and versatility, TWIG sets a new standard in outdoor heating solutions, providing comfort and ambiance for both residential and commercial spaces."
