NetSource One Strengthens Compliance Measures with
SOC 2 Type 2 & HIPAA Certification

Saginaw, MI– February 12th, 2024, NetSource One, a leading technology solutions provider based in Michigan, continues to demonstrate its commitment to data security and compliance by maintaining their SOC 2 Type 2 report and HIPAA certification. This milestone underscores NetSource One's dedication to ensuring the highest standards of security and privacy for its clients. The initiative was supported by 360 Advanced, a trusted cybersecurity and compliance solutions provider. With over 75 tech professionals spread across its Saginaw and Troy locations, NetSource One empowers businesses on their digital journeys by offering tailored tech solutions that enhance efficiency and productivity. Founded in 1999, NetSource One has evolved into more than just a technology solutions provider – it's a trusted business advisor.

"I am proud of the path that my team has followed for the past 11 years to help ensure that NetSource One and its clients are held to the highest standards."

Ed French, VP/CIO
NetSource One

Initially driven by customer requests, NetSource One now leverages compliance initiatives to enhance internal processes, procedures, and overall security posture. Continuing to maintain a SOC 2 Type 2 report and HIPAA compliance sets NetSource One apart in its vertical, as few Technology Solution Providers choose to pursue compliance efforts with such rigorous standards. SOC 2 Type 2 and HIPAA compliance serve as a competitive advantage, guaranteeing clients of NetSource One's commitment to going the extra mile in ensuring data security and compliance. NetSource One caters to a diverse clientele, including Healthcare, Finance, and Government sectors, where adherence to data security standards is often a prerequisite for doing business. NetSource One chose 360 Advanced for its consultative approach and expertise in guiding organizations through the compliance journey. The partnership has been instrumental in ensuring ongoing compliance and maintaining industry-leading standards.

"NetSource One achieving and maintaining compliance gives me confidence in presenting our value to clients."

Scott Halstead, Business Development Manager
NetSource One

NetSource One's success in maintaining SOC 2 Type 2 and HIPAA compliance underscores its commitment to excellence and client satisfaction. The collaboration with 360 Advanced reflects a shared dedication to cybersecurity and compliance, ensuring that NetSource One remains a trusted partner in its clients' digital transformations.
