

Axiom for Large Projects

Tackle your department's projects quickly and effectively with Axiom's innovative multi-disciplinary teams.

5 MOST COMMON LARGE SCALE PROJECTS SUPPORTED BY AXIOM

M&A:

Contract review and repapering

End-to-end support of contract remediation workflow, including planning, development of communications, contract review, disposition decisions, sending required paperwork, and management of any resulting negotiations.

→ **Read how** an Axiom team supported contract remediation for an F50 technology company's large divestiture.

DATA PRIVACY:

Contract review and repapering

Review and gap analysis of privacy program to incorporate new regulations, review privacy provisions in contracts to ensure compliance, and papering of amendments where applicable, including any resulting negotiations.

→ **Read how** Axiom helped an energy company file privacy info request with lightning speed, beating 15-day deadline.

REGULATORY & COMPLIANCE:

Review and remediation of compliance infrastructure

Review and gap analysis of portions of, or full compliance program, to incorporate new regulations or improve performance - customizable for highly-regulated industries.

→ **Read how** Axiom helped a top 5 global bank launch a new Compliance Management System (CMS) to ensure their products complied with complex set of national and international statutes.

COMMERCIAL CONTRACTING:

Central contracting team

Structured support of commercial contracting workflows, including intake of work, assignment, drafting, negotiation, and administration. Flexibility to support varied workstreams based on your unique needs.

→ **Read how** Axiom supported a major airline with their rising influx of commercial contracting and real estate work.

L&E:

Investigations support

End-to-end management of workplace investigations related to HR and/or ethics concerns; can address a backlog of cases or provide ongoing support.

→ **Read how** an agile team of Axiom attorneys investigators helped a global food and beverage retailer manage a spike in discrimination and harassment complaints.

Business savvy lawyers and legal professionals

- Rapid deployment of project team led by seasoned team leaders, lawyers, and legal professionals with law firm and in-house backgrounds and optional AA&C partner oversight
- 90% of clients rate Axiom lawyers as good as or better than law firm equivalents
- Axiom lawyers and legal professionals have received a best-in-class client satisfaction rating of 95%

Optimize project resourcing, management, and transparency

- Flexible support model allows you to flex team size up or down to adapt to midstream shifts in capacity and scope with ease
- Project oversight, robust reporting, and technology tools keep the project running smoothly and enable visibility into progress and budget tracking throughout the project
- Custom designed project team structuring and scoping creates a streamlined project execution plan designed to meet your unique goals

Greater value for your legal spend

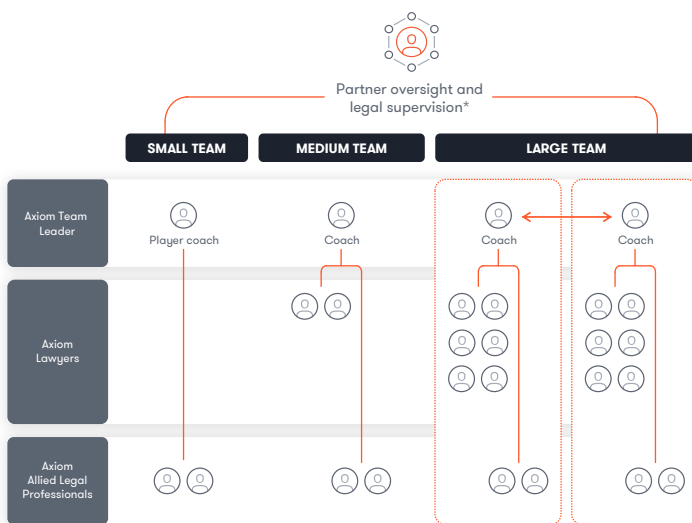

- AA&C and Axiom attorneys provide ~25% lower rates compared to traditional law firms and consulting firms, driven by a cost-effective model.
- Access to Axiom’s highly rated legal professionals means you get the kind of law firm advice you can trust, at a price you can afford, with a global reach that’s unparalleled
- Option of output-based pricing and deliverables, so you only pay for what you need

→ Law firm rates have been on a steady uphill trajectory and are expected to **increase another 8% in 2024** leaving legal departments feeling the squeeze. Axiom and Axiom’s affiliated Axiom Advice & Counsel® (AA&C)* offering are here to help with solutions that put your business and budget first.

“We’re starting with, ‘Tell me why Axiom couldn’t do this.’ Only if Axiom isn’t the right choice, then we’ll go somewhere else.
