

FOR IMMEDIATE REALEASE

## 360 Advanced and DSN Group, Inc. Form Strategic Alliance to Elevate Cybersecurity and Compliance Solutions

**St. Petersburg, Florida – July 29, 2024**

360 Advanced, a leading tech-enabled cybersecurity and compliance organization, is excited to announce a strategic alliance with DSN Group, Inc., a prominent provider of IT infrastructure solutions. This collaboration marks a significant expansion of 360 Advanced's capabilities, building on their recent integration of Aberrant, an innovative Information Security Management Platform.

DSN Group is renowned for its suite of services designed to optimize IT infrastructure and enhance security measures. Their offerings include cutting-edge virtualization technologies, reliable storage solutions, robust backup systems, advanced security protocols, and efficient hosting services. Through this alliance, 360 Advanced and DSN Group aim to leverage their combined expertise to provide integrated solutions that address the evolving needs of their clients.

"Teaming up with DSN Group significantly enhances our ability to deliver comprehensive cybersecurity and compliance solutions," said Dan Collins, CEO and Founder of 360 Advanced. "Their extensive capabilities in virtualization, storage, backup, security, and hosting perfectly complement our services. Together, we will be able to offer even more robust solutions and exceptional support to our clients."

The alliance will focus on combining the strengths of both organizations to deliver high-impact solutions that enhance security and meet complex regulatory requirements. By integrating DSN Group's advanced IT infrastructure solutions with 360 Advanced's cybersecurity and compliance expertise, the collaboration aims to provide unparalleled value to clients across various industries.

"We are thrilled to enter into this alliance with 360 Advanced," said Alex Johnson, CEO of DSN Group. "This alliance allows us to enhance our service offerings and provide even greater value to our clients. By combining our strengths, we are well-positioned to address the growing demands for secure and compliant IT solutions."
