

Following the first day of summer, there was a **79%** increase in searches for summer dinner recipes.¹

The warmer summer months often signal a break in routine. From long weekends hosting friends and family to weeknight meals after a busy day out of the house, meal prep looks a little different each night. Whether searching for hot weather dinner ideas for lazy nights or light summer dinners that can be enjoyed alfresco, efficiency is key for meal prep this season.

PRODUCT SPOTLIGHT

As part of the movement towards electrification, the [LG Induction Slide-in Range](#) can be an effective tool for meal prep. The induction cooktop offers speed heating, precision, and responsiveness for super-fast water boils. Complementing the cooktop, the ProBake Convection[®] oven allows for even more creativity in the kitchen with a variety of features including Air Fry, which delivers perfectly crispy dishes without the guilt, and air sous vide for tender and juicy meats, fish, and poultry that are cooked to perfection.

There was a **100%** increase in searches for summer dinner outfits following the first day of summer.²

From oversized button-down shirts and white linen dresses, the [LG Styler[®] Steam Closet](#) is the perfect "accessory" for summer wardrobe maintenance. Refresh those hard-to-wash fabrics using the gentle power of steam. It also makes it easy to care for fabrics that can't be treated in a washer or dryer – such as that stunning silk or sequin dress².

Summer sipping! There was an **84%** increase in searches for summer drinks following the first day of summer.¹

What do all summer drinks have in common? Whether it's big-batch of make-ahead cocktails or refreshing mocktails, ice is the key ingredient to elevate summer beverages. That's where the [LG Counter-Depth MAX[™] Refrigerator](#) comes in – it makes four types of ice, including mini cubed ice, standard ice cubes, crushed ice, and slow-melting round Craft Ice[®] to keep your summer drinks cooler for longer without watering them down.

Canadians are turning to Pinterest for laundry room renovation advice. Searches for laundry room ideas for small spaces has increased **18%** year over year.³

All that's needed is a little creativity and some space-saving tips to maximize a small space. Remember to consider both the vertical and horizontal space in the room as well as multi-purpose appliances. For instance, floor-to-ceiling shelving adds extra storage and an all-in-one washer and dryer or stackable laundry unit takes up a smaller footprint.

PRODUCT SPOTLIGHT

The [LG WashCombo[™]](#) washes and dries clothes in under 2 hours.⁴ The all-in-one unit features LG's Inverter HeatPump[™] technology and uses up to 60% less energy with every load.⁵ Plus, the ventless design means that it can be installed virtually anywhere! Alternatively, the [LG WashTower[™]](#) offers a stacked vertical solution in half the floor space⁶.

MELISSA MAKER'S CLEANING TIPS

Skip the Rinse: With 38% more cleaning power^{*}, you can skip the rinse before placing items in the dishwasher. The [LG QuadWash Pro[®]](#) sprays dishes from multiple angles while soaking them with over 1-million microbubbles to help break down stubborn food remains. Improving dishwasher performance, and enabling the dishwasher and detergent to work effectively.

Adjust Racks and Tines: Run fewer loads and keep summer dinner cleanups to a minimum with the LG EasyRack Plus[®] system which is designed to fit more dishes into the dishwasher⁷. With three height settings, the upper rack adjusts effortlessly and smoothly to make room for tall stemware on top or oversized pots and pans below.

Stay connected to your home appliances: Leveraging artificial intelligence, the LG ThinQ[®] app enables you to receive maintenance alerts and notifications when a cycle is complete, as well as monitor remaining cycle times.

About Melissa: Melissa Maker, cleaning expert and LG brand ambassador, shares her tips on how to save water and time during cleaning your dishes for the summer get togethers.
