

FOR IMMEDIATE REALEASE

360 Advanced and Compyl Form Strategic Alliance to Elevate Cybersecurity and Compliance Solutions

St. Petersburg, Florida –August 15, 2024 - 360 Advanced, a leading provider of cybersecurity and compliance solutions, and Compyl, an innovator in cyber security and risk management technology, are thrilled to announce a strategic alliance aimed at delivering advanced cybersecurity solutions and streamlined compliance services to businesses across various industries.

This collaboration combines 360 Advanced's expertise in cybersecurity assessments, compliance audits, and managed security services with Compyl's risk management and mitigation technologies. By integrating their strengths, the two companies will offer a suite of services designed to address the evolving challenges of today's digital landscape.

Key highlights of the strategic alliance include:

- **Enhanced Cybersecurity Frameworks:** Leveraging 360 Advanced's deep industry knowledge and Compyl's advanced technology, the alliance will provide robust cybersecurity solutions that are adaptive to emerging threats and regulatory requirements.
- **Integrated Risk Management:** The alliance will enable businesses to adopt a unified approach to risk management, combining Compyl's innovative risk assessment tools with 360 Advanced's expert compliance and security services.
- **Streamlined Compliance Processes:** Companies will benefit from streamlined compliance processes that simplify adherence to industry standards and regulations, supported by the combined resources driving an integrated compliance approach.

"This strategic alliance represents a significant step forward in our commitment to providing best-in-class cybersecurity and compliance solutions," said Mike Skidmore, Global Alliance Manager at 360 Advanced. "By joining forces with Compyl, we are poised to offer our clients unparalleled security and risk management capabilities."

Compyl's CEO, Stas Bojoukha, stated *"I haven't encountered anything quite like the 360 Compliance Alliance before, and I'm truly proud to be a part of it. In such a competitive security and compliance space, uniting to better understand the market and find ways to better serve our customers is something I wholeheartedly support."*

The alliance is effective immediately, and both companies will begin working closely to integrate their services and solutions. Clients of 360 Advanced and Compyl can expect to see enhanced offerings and improved service delivery in the coming months.

About Compyl

Compyl unifies GRC to turn complexity into clarity. By integrating data and automating processes across compliance, risk and security, Compyl delivers the clear insights you need to prioritize and mitigate areas of highest risk. With Compyl, you can maximize your teams' efforts while ensuring compliance, reducing risk, and confidently growing your business. To learn more, visit [Compyl](#).
