

FOR IMMEDIATE REALEASE

360 Advanced and MAD Security Form Strategic Alliance to Elevate Cybersecurity and Compliance Solutions

St. Petersburg, Florida – August 22nd, 2024 - 360 Advanced, a leading provider of cybersecurity, compliance, and risk management services, is excited to announce a new strategic alliance with MAD Security, a top-tier cybersecurity solutions and managed services provider. This alliance is set to enhance cybersecurity defenses and compliance for Department of Defense (DOD), federal, and maritime contractors and service providers.

In today's dynamic threat environment, organizations within the DOD, federal sectors, and maritime industries face heightened cybersecurity challenges and stringent regulatory requirements. The collaboration between 360 Advanced and Mad Security aims to deliver advanced, tailored solutions to these critical sectors, ensuring robust protection against evolving threats and adherence to complex compliance standards.

"We are thrilled to team up with Mad Security to elevate our cybersecurity offerings for DOD, federal, and maritime contractors," said Dan Collins, CEO of 360 Advanced. "This alliance allows us to deliver an integrated solution that not only meets rigorous compliance standards but also provides robust, real-time protection against emerging threats."

"MAD Security is honored to be a part of the Compliance Alliance, recognizing the substantial value this program will bring to Department of Defense, Federal and Maritime contractors," said MAD Security President and CEO, Jeremy Conway. "Our participation underscores our unwavering commitment to strengthening the security and compliance landscape for these sectors. By joining forces with like-minded organizations, we can deliver even more robust and cohesive cybersecurity solutions, empowering DOD, federal and maritime contractors to confidently navigate the complex regulatory environment. This alliance represents a significant step forward in fortifying our nation's infrastructure against the ever-evolving landscape of cyber threats."

The 360 Advanced and MAD Security alliance is poised to set a new benchmark in securing critical infrastructure and sensitive information for the DOD, federal agencies, and maritime industry. Together, they are committed to providing unparalleled protection and support to these vital sectors.

About MAD Security

Founded in 2010, [MAD Security](#) is a dynamic, Service-Disabled Veteran-Owned Small Business (SDVOSB) cybersecurity MSSP. We fiercely protect the defense industrial base, maritime, and government contractors from cyber threats. Our powerful suite of services includes Security Operation Center (SOC) as a Service, Managed Detection & Response, Incident Response, GRC Gap Assessments, User Awareness Training, and Penetration Testing. Our SOC services deliver relentless monitoring, rapid threat detection, and swift response. By integrating NIST frameworks, we ensure top-tier standards and compliance. Driven by passion and integrity, MAD Security proudly ranks as a Top 250 MSSP and an Inc. Best Workplace.
