NGEx Congratulates LunR Royalties on Receiving Final Approval to List on the TSXV, Trading to Commence December 19, 2025

December 18, 2025, Vancouver, British Columbia – NGEx Minerals Ltd. (“NGEx”, “NGEx Minerals” or the “Company”) (TSX: NGEX; OTCQX: NGXXF) congratulates LunR Royalties Corp. (“LunR Royalties”) on receiving final approval to list its common shares for trading on the TSX Venture Exchange (the “TSXV”) and that trading will commence at the opening of the market on December 19, 2025. Upon listing on the TSXV, the Common Shares will trade under the symbol “LUNR”.

LunR Royalties was spun out of NGEx Minerals by way of a statutory plan of arrangement under the Canada Business Corporation Act (the “Arrangement”) on October 23, 2025. Following completion of the Arrangement, NGEx holds 13,370,107 common shares in LunR Royalties.

Please refer to the LunR Royalties news release dated December 17, 2025 for more information.

About NGEx Minerals

NGEx Minerals is a copper and gold exploration company based in Canada, focused on exploration of the Lunahuasi copper-gold-silver project in San Juan Province, Argentina, and the nearby Los Helados copper-gold project located approximately nine kilometres to the northeast in Chile’s Region III. Both projects are located within the Vicuña District, which includes the Caserones mine, and the Josemaria and Filo del Sol deposits.

NGEx owns 100% of Lunahuasi and is the majority partner and operator for the Los Helados project, subject to a Joint Exploration Agreement with Nippon Caserones Resources LLC, which is the indirect 30% owner of the operating Caserones open pit copper mine located approximately 17 kilometres north of Los Helados. Lundin Mining Corporation holds the remaining 70% stake in Caserones.

The Company’s common shares are listed on the TSX under the symbol “NGEX” and also trade on the OTCQX under the symbol “NGXXF”. NGEx is part of the Lundin Group of Companies.

Cautionary Note Regarding Forward-Looking Statements

Certain statements made and information contained herein in the news release constitutes "forward-looking information" and "forward-looking statements" within the meaning of applicable securities legislation (collectively, "forward-looking information"). All statements other than statements of historical facts included in this document constitute forward-looking information, including but not limited to, statements regarding: the timing for the commencement of trading of LunR Shares on the TSXV; and the business and operations of LunR, including its intention to grow and diversify a portfolio of royalties, streams and similar interests in the mining and mineral resource industry through strategic acquisitions and investments. Generally, this forward-looking information can frequently, but not always, be identified by use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "projects", "budgets", "assumes", "strategy", "objectives", "potential", "possible", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events, conditions or results "will", "may", "could", "would", "should", "might" or "will be taken", "will occur" or "will be achieved" or the negative connotations thereof.

Forward-looking information is necessarily based upon various estimates and assumptions including, without limitation, the expectations and beliefs of management with regards to the focus and objective of future work programs, the expected results or success of future work programs, the growth strategy of the Company and/or LunR. Although the Company believes that these factors and expectations are reasonable as at the date of this document, in light of management's experience and perception of current conditions and expected developments, these statements are inherently subject to significant business, economic and competitive uncertainties and contingencies. Known and unknown risks, uncertainties and other factors may cause actual results or events to differ materially from those anticipated in such forward-looking statements and undue reliance should not be placed on such statements and information. Such factors include, without limitation, Mineral Resources estimates, estimations of costs, and permitting time lines; ability to obtain surface rights and property interests; currency exchange rate fluctuations; requirements for additional capital; changes to government regulation of mining activities; environmental risks; unanticipated reclamation or remediation expenses; title disputes or claims; limitations on insurance coverage; material adverse changes to the current price of and/or demand for commodities, particularly copper, gold and silver; material adverse changes to general business and economic conditions, including in the jurisdictions in which the Company's mineral property interests reside; material labour disputes, accidents, or failures of equipment; and those described in the Risk Factors section of the most recent annual information form and annual management discussion and analysis, and risks, uncertainties and other factors identified in the Company's periodic

filings with Canadian securities regulators, which are available on SEDAR+ at www.sedarplus.ca under the Company's profile.

The forward-looking information contained in this news release is based on information available to the Company as at the date of this news release. Except as required under applicable securities legislation, the Company does not undertake any obligation to publicly update and/or revise any of the forward-looking information included, whether as a result of additional information, future events and/or otherwise. Forward-looking information is provided for the purpose of providing information about management's current expectations and plans and allowing investors and others to get a better understanding of the Company's operating environment. Although the Company has attempted to identify important factors that would cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated, or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. All the forward-looking information contained in this document is qualified by these cautionary statements. Readers are cautioned not to place undue reliance on forward-looking information due to the inherent uncertainty thereof.
