WE ARE A BUNCH OF SOFTIES! SOFT ON PATIENTS. STRONG IN PRACTICE.

Soft. Bendable. Comfortable.

- 4 soft mirror sizes available: #4, #5, Teardrop and #5 double-sided mirror. The unique teardrop mirror is a combination of the #4 and #5 mirror, offering an elongated and improved view.
- Soft mirror lens is high definition, water repellent, anti-fog, and scratch-resistant.
- All soft mirrors have a soft bumper around the perimeter of the lens, which provides comfort to patients. Designed for silent retraction-no clanking against teeth!
- The first dental mirror featuring a soft, bendable non-reflective back side and neck, allowing safe retraction for any procedure.
