

ELEVATE THE WAY YOU PRACTICE LAW WITH LAWTOOLBOX AND MICROSOFT 365 COPILOT

Improve productivity and reduce risk
with a Microsoft 365 Copilot solution for legal

Generative AI is transforming every industry, and legal teams must understand and embrace this new technology to properly represent clients. While AI can unlock new opportunities, however, it is essential that legal teams use it in a secure way.

UNITE COPILOT, CALENDARING, AND DOCUMENT COLLABORATION INSIDE MICROSOFT 365

With LawToolBox, legal teams can collaborate on matter-specific calendars, documents, and notes all inside Microsoft 365. LawToolBox delivers client matter containers based on Groups, Outlook, Word, and Teams with deep semantic index content to ground Copilot responses. Along with a customizable legal prompt library that works out of the box, this enables legal teams to start working securely and effectively from the start.

Secure your data

Keep your data secure with Microsoft's trusted cloud infrastructure.

Minimize risk

Avoid missed deadlines with rules-based calendaring synced to Outlook and Teams.

Built for and trusted by legal teams

Automate and integrate workflows within the Microsoft 365 apps you already trust.

BUILT FOR AND TRUSTED BY LEGAL TEAMS

LawToolBox is the first application certified by Microsoft as “Works with Copilot” for Microsoft Teams. Our solution smoothly integrates with Microsoft applications like Teams, Outlook, and Copilot to help you unlock your team’s efficiency and productivity.

HOW LAUSD USED LAWTOOLBOX TO MANAGE DEADLINES, MEETINGS, AND REPORTING FOR ADMINISTRATIVE, TRANSACTIONAL, REGULATORY, AND LITIGATION

CHALLENGE

When the legal office of Los Angeles Unified School District (LAUSD) decided to move the majority of its litigation in-house, it needed an easier way to track litigation deadlines with the varied docketing rules in California.

SOLUTION

LAUSD chose LawToolBox matter centric collaboration to manage rule-based calendaring, meetings, system to not only manage events, but also paralegal to increase efficiency and collaboration within the office of general counsel.

RESULTS

Using LawToolBox, LAUSD was better able to manage calendaring, associated risk, and team member collaboration. They also reduced time spent manually tracking and calculating deadlines and meetings.

“...we saved hours of paralegal time previously spent calculating and entering deadlines by hand.”

Don Davis, General Counsel, SFUSD

COMBINE OUTLOOK, WORD, SHAREPOINT, AND COPILOT INTO YOUR ULTIMATE LEGAL COLLABORATION SUITE
