Other terms that are capitalized in this document are defined the first time they are used.

This document contains trade names, trademarks, and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the ® or ™ symbol.

1.2 Forward-Looking Information

This Management's Discussion and Analysis (MD&A) contains information that may constitute forward-looking information within the meaning of applicable securities laws. Forward-looking information provides insights regarding Management's current expectations and plans and allows investors and others to better understand the Company's anticipated financial position, results of operations and operating environment, including the current economic uncertainty related to tariffs and trade. Readers are cautioned that such information may not be appropriate for other purposes. Although the Company believes that the forward-looking information in this MD&A is based on information, assumptions and beliefs that are current, reasonable, and complete, such information is necessarily subject to a number of business, economic, competitive and other risk factors that could cause actual results to differ materially from Management's expectations and plans as set forth in such forward-looking information. The Company cannot provide assurance that any financial or operational performance, plans, or aspirations forecast will actually be achieved or, if achieved, will result in an increase in the Company's share price. Refer to Section 13 in this MD&A for a more detailed discussion of the Company's use of forward-looking information.

1.3 Review and Approval by the Board of Directors

The Board of Directors, on the recommendation of its Audit Committee, approved the contents of this MD&A on May 13, 2026.

1.4 Quarterly and Annual Comparisons in the MD&A

Unless otherwise indicated, all comparisons of results for Q1 2026 (13 weeks ended April 4, 2026) are compared against results for Q1 2025 (13 weeks ended March 29, 2025).

1.5 Accounting Framework

The condensed interim consolidated financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB), also referred to as Generally Accepted Accounting Principles (GAAP), using the accounting policies described in Note 2 to the Company's condensed interim consolidated financial statements for the first quarter of 2026.

1.6 Accounting Estimates and Assumptions

The preparation of the Company's condensed interim consolidated financial statements that conform to IFRS Accounting Standards, requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the condensed interim consolidated financial statements and the reported revenue and expenses during the reporting period. Refer to Section 8.1 in this MD&A for further information.

1.7 Key Performance Measures

The Company uses certain key performance measures which provide useful information to both Management and investors in measuring the financial performance and financial condition of the Company. These measures are classified as GAAP measures, non-GAAP financial measures, non-GAAP ratios, capital management measures, and supplementary financial measures, as well as non-financial measures. Readers are cautioned that the non-GAAP financial measures have no standardized meanings under IFRS Accounting Standards and, therefore, may not be comparable to similar terms used by other companies. Refer to Section 9 for additional information on these metrics. Many of the non-GAAP financial measures in this document are adjusted to normalize the results for certain activities Management does not believe reflect the ongoing business. Unless otherwise noted, analysis of changes in normalized results applies equally to changes in the reported results.

1.8 Rounding and Percentages

Rounded numbers are used throughout the MD&A. All year-over-year percentage changes are calculated on whole dollar amounts except in the presentation of Basic and Diluted earnings per share (EPS), in which year-over-year percentage changes are based on fractional amounts.

2. Company and Industry Overview

Canadian Tire Corporation, Limited (TSX: CTC.A) (TSX: CTC) has been a proudly Canadian business since 1922. Guided by its brand purpose, "We are here to make life in Canada better," CTC has built an expansive national retail presence, exceptional customer brand trust and one of Canada's strongest workforces – employing, along with its local Dealers and franchisees, tens of thousands of Canadians. At its core are retail businesses, each designed to serve life's pursuits: Canadian Tire, offering products spanning Living, Playing, Fixing, Automotive, and Seasonal & Gardening, bolstered by notable banners Party City and PartSource; Mark's, a leading source for casual and industrial wear; and SportChek, Sports Experts, Atmosphere, Pro Hockey Life, and Hockey Experts, offering the best brands of active wear and gear. CTC's banners, brand partners and credit card offerings are unified through its Triangle Rewards loyalty program – a linchpin of CTC's customer-driven strategy. With more than 12 million members, Triangle integrates first-party data to deliver valuable rewards and personalized experiences across over 1,600 retail and gasoline outlets. CTC also operates a retail petroleum business and a Financial Services business and holds a majority interest in CT REIT, a TSX-listed Canadian real estate investment trust. A description of the Company's business and select core capabilities can be found in the Company's 2025 Annual Information Form (AIF), including Section 2 "Description of the Business" and on the Company's Corporate (<https://corp.canadiantire.ca>) and Investor Relations (<https://corp.canadiantire.ca/investors>) websites.

3. Company Strategy

True North

In March 2025, CTC launched a four-year transformative growth strategy called True North. True North upholds CTC's Brand Purpose and is designed to drive core retail growth through four strategic cornerstones, putting customers at the core of the strategy, enhancing the Triangle Rewards loyalty program, and applying privileged data, enabled by technology and AI, to deliver enhanced digital and store experiences. The strategy is being delivered by a reconstituted senior leadership team and organizational structure, supporting CTC's transition from a holding company structure to a more integrated operating model that is agile, can operate with scale, and deliver customer value.

4. Financial Performance

Unless otherwise indicated, all 2025 financial information represents the Company's results from continuing operations. Discontinued operations reflect Helly Hansen's results up to its sale on May 31, 2025, as well as related post-closing adjustments. The selected segment information presented below should be read in conjunction with the Company's Q1 condensed interim consolidated financial statements.

Consolidated Results Commentary

Consolidated Income before income taxes was \$169.1 million, an increase of \$117.5 million mainly reflecting prior year restructuring expense. Normalized Income before income taxes was up \$3.4 million or 2.1 percent. Diluted EPS from continuing operations was \$2.02, up \$1.53 from the prior year. Normalized Diluted EPS from continuing operations was \$2.02, up \$0.02.

Q1 2026	
Consolidated Results Summary	▲ Diluted EPS: \$1.53 per share
	▲ Normalized Diluted EPS: \$0.02 per share
	<ul style="list-style-type: none"> Consolidated Revenue was \$3,570.9 million, an increase of \$114.2 million or 3.3 percent. Consolidated Revenue excluding Petroleum¹ was \$3,110.7 million, an increase of 5.2 percent. The increase was primarily driven by growth in the Retail segment.
	<ul style="list-style-type: none"> Consolidated Gross margin dollars were \$1,263.8 million, an increase of \$73.0 million or 6.1 percent compared to the prior year due to revenue growth in the Retail segment and a 94 bps increase in gross margin rate.
	<ul style="list-style-type: none"> Other expense (income) was \$9.1 million, favourable by \$102.8 million mainly due to transformation and restructuring costs in the prior year. On a normalized basis, Other expense (income) was \$9.1 million, unfavourable by \$11.3 million mainly due to fire related items.
	<ul style="list-style-type: none"> Consolidated Selling, general and administrative expenses (SG&A) were \$822.7 million, an increase of 6.0 percent compared to the prior year. The increase was driven by both the Retail and Financial Services segments.
	<ul style="list-style-type: none"> Depreciation and amortization was \$186.8 million, an increase of 2.8 percent or \$5.0 million, driven by store leases and supply chain investments.
	<ul style="list-style-type: none"> Net finance costs were \$76.1 million, up \$6.5 million or 9.3 percent compared to the prior year, primarily due to higher lease-related costs.
	<ul style="list-style-type: none"> Income tax expense (recovery) was \$39.6 million, an increase of \$35.0 million compared to the prior year due to higher income before income taxes this year and a favourable tax settlement in the prior year.
	<ul style="list-style-type: none"> Diluted EPS from continuing operations was \$2.02, an increase of \$1.53 compared to the prior year. Normalized Diluted EPS from continuing operations was \$2.02, an increase of \$0.02, primarily due to a decrease in shares outstanding, partially offset by a decrease in normalized net income from continuing operations.
<ul style="list-style-type: none"> EBITDA² was \$437.1 million, an increase of \$128.8 million compared to the prior year. Excluding the \$114.1 million restructuring and transformation costs in the prior year, EBITDA increased \$14.7 million compared to the prior year, primarily due to an increase in gross margin dollars, partially offset by an increase in operating expenses.

⁶ Effective for the fiscal year beginning January 4, 2026, Loyalty penetration is reported excluding Petroleum to align with management performance metrics, with applicable prior-year figures re-presented.

⁷ CTR Revenue includes revenue from Canadian Tire, PartSource, Party City and Franchise Trust.

⁸ CTR Store count includes Canadian Tire stores as well as 152 Partsource and Party City stores (2025: 149 stores).

⁹ Effective for the fiscal year beginning January 4, 2026, co-located stores within CTR, SportChek and Mark's are counted as one store, resulting in the reduction of 57 total stores. Prior-year store counts have been re-presented.

¹⁰ CTR Sales per square foot figures are calculated on a rolling 12-month basis. Retail space excludes seasonal outdoor garden centres, auto service bays, warehouse, and administrative space.

¹¹ CTR Retail sales growth includes sales from Canadian Tire, PartSource, Party City and the labour portion of Canadian Tire's auto service sales.

¹² SportChek and Mark's Sales per square foot figures are calculated on a rolling 12-month basis, include both corporate and franchise stores and warehouse, and administrative space.

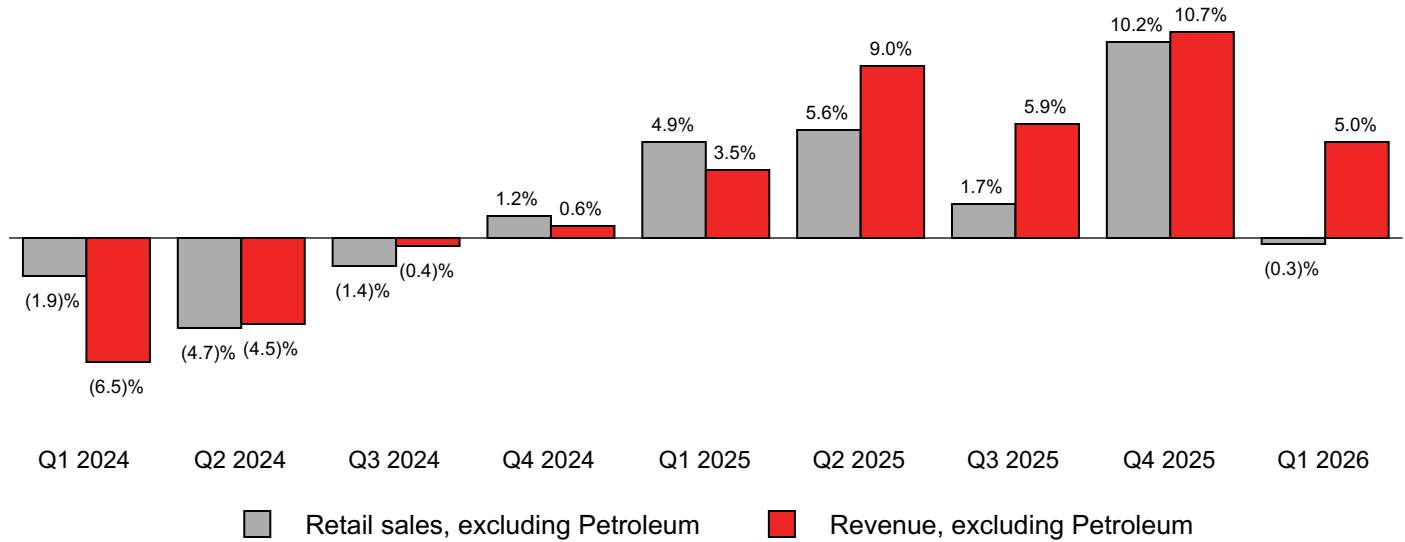

¹³ SportChek Retail sales growth includes sales from both corporate and franchise stores.

¹⁴ Mark's Revenue includes the sale of goods to Mark's franchise stores, Retail sales from Mark's corporate stores, Mark's wholesale revenue from its commercial division, and includes ancillary revenue relating to embroidery and alteration services.

¹⁵ Mark's Retail sales growth includes Retail sales from Mark's corporate and franchise stores but excludes revenue relating to alteration and embroidery services.

Retail Segment Commentary

Income before income taxes was \$50.9 million, representing an increase of \$114.1 million compared to the prior year. The year-over-year increase primarily reflects gains in gross margin dollars, as well as the impact of one-time restructuring costs incurred in the prior year.

On a normalized basis, Income before income taxes was stable. Improved gross margin dollars offset increased True North IT investments which drove higher operating expenses beginning in the second quarter of 2025.

Financial Services Segment Commentary

Financial Services segment Income before income taxes was \$94.2 million in the quarter, a decrease of \$2.8 million from the prior year. Higher Gross margin dollars was primarily from higher interest revenue, partially offset by higher net impairment losses and funding costs. Increased Gross margin dollars were offset by higher SG&A expenses driven by previously disclosed regulatory and True North investments.

5.3 Capital Management

The Company's capital management objectives are to:

- ensure sufficient liquidity with the flexibility to access additional capital from multiple sources, if required; to meet financial obligations as they come due and to support the execution of operating and strategic plans; and
- minimize the after-tax cost of capital while considering key risks, including current and future industry, market, and economic conditions, as outlined in Section 10 of this MD&A.

5.3.1 Canadian Tire Bank's Regulatory Environment

CTB manages its capital in accordance with guidelines established by the Office of the Superintendent of Financial Institutions of Canada (OSFI), which are based on the Basel III framework, developed by the International Basel Committee on Banking Supervision. Basel III, in effect since January 1, 2013, is designed to strengthen regulation, supervision, and risk management in the banking sector.

To comply with these regulations, CTB has implemented several capital policies, procedures, and controls. A key component of this framework is the annual Internal Capital Adequacy Assessment Process (ICAAP), which supports CTB in achieving its capital management, strategic, and operational objectives.

The Bank's capital management objectives include:

- meet all applicable regulatory requirements;
- maintain and reinforce confidence in the safety and soundness of the Bank;
- support growth in assets and liabilities; and
- offset unexpected operating and investment losses and volatility.

As at the end of the first quarter of 2026, the Bank was in compliance with all applicable regulatory capital requirements established by OSFI, and had achieved its internal targets as determined through its ICAAP.

5.4 Investing

5.4.1 Capital Expenditures

The Company's capital expenditures for the periods ended April 4, 2026 and March 29, 2025 were as follows:

(C\$ in millions)	Q1 2026	Q1 2025
Fulfillment and systems modernization	\$ 16.0	\$ 30.1
Omnichannel customer experience	33.2	11.3

Total capital expenditures²	\$ 94.0	\$ 115.9

¹ This measure is a non-GAAP financial measure. For further information and a detailed reconciliation see Section 9.1 of this MD&A.

² Capital expenditures are presented on an accrual basis and include software additions, but exclude right-of-use asset additions, acquisitions relating to business combinations, intellectual properties, and tenant allowances received.

Q1 2026	
Total capital expenditures	<p>▼ \$21.9 million</p> <ul style="list-style-type: none"> The Company's operating capital expenditures and total capital expenditures were \$86.1 million and \$94.0 million respectively, a decrease of \$24.3 million and \$21.9 million from the prior year. The decrease was driven mainly by the timing of spend.

Capital Commitments

The Company had commitments of approximately \$70.4 million as at April 4, 2026 (March 29, 2025 – \$90.5 million) for the acquisition of tangible and intangible assets.

Operating Capital Expenditures

The following contains forward-looking information, and readers are cautioned that actual results may vary.

Full-year operating capital expenditures for 2026 are expected to be in the previously disclosed range of \$500 million to \$550 million.

5.5 Liquidity and Financing

Management is focused on ensuring that the Company maintains sufficient liquidity through a strong balance sheet and the ability to access additional capital from multiple sources. Each of the Retail, Financial Services, and CT REIT segments has access to various alternative sources of funding and liquidity to meet financial obligations as they come due and to support the execution of operating and strategic plans.

² The funding commitment for the Financial Services segment includes a Glacier Credit Card Trust (GCCT) Note Purchase Facility (NPF) in the amount of \$1.2 billion and a \$300.0 million secured bank line of credit.

³ U.S. commercial paper is fully back-stopped by CTC's syndicated committed bank line of credit so such borrowings reduce Retail's liquidity.

The Company ended the quarter with \$494.5 million in cash and short-term investments, net of bank indebtedness, and \$4.2 billion in liquidity with \$2.1 billion, \$1.9 billion, and \$136.7 million at its Retail, Financial Services, and CT REIT segments, respectively.

As at April 4, 2026, CTC, CT REIT, and CTB each complied with all financial covenants under the agreements for the committed bank lines of credit listed in the following Financing Source table:

Financing Sources	
Committed Bank Lines of Credit and Securitized Note Purchase Facility	<ul style="list-style-type: none"> • A syndicate of eight Canadian and two international financial institutions provide the Retail segment with a \$1.975 billion unsecured bank line of credit for general corporate purposes, including back-stopping outstanding U.S. CP discussed below, expiring in September 2030. As of April 4, 2026, there were no borrowings outstanding on this facility. • CT REIT has access to a \$300.0 million unsecured bank line of credit from a syndicate of seven Canadian financial institutions, also expiring in September 2030. As of April 4, 2026, CT REIT had no borrowings outstanding on this facility. • CTB has access to a \$300.0 million secured bank line of credit and a \$1.2 billion securitized GCCT NPF, both expiring in April 2028. As of April 4, 2026, CTB had no borrowings outstanding on its bank line of credit and a nominal amount owing on the senior and subordinated credit card asset-backed notes issued by GCCT to the lender under the NPF.
Commercial Paper Programs	<ul style="list-style-type: none"> • CTC has a U.S. dollar-denominated commercial paper (U.S. CP) program with a maximum issuance capacity of USD \$1.0 billion in unsecured short-term promissory notes. These notes mature between one and 270 days and are issued at a discount and rank <i>pari passu</i> with all other unsecured and unsubordinated obligations of CTC. As of April 4, 2026, CTC had \$83.7 million CAD equivalent of U.S. CP outstanding. • Concurrently, CTC uses foreign exchange derivatives to hedge the currency risk associated with its U.S. CP issuances, covering both the principal and interest components. For accounting purposes, CTC does not designate these derivatives as hedges. • GCCT maintains an asset-backed commercial paper (ABCP) program that permits the issuance of up to \$300.0 million of short-term credit card asset-backed promissory notes. The program is fully supported by a global-style liquidity facility provided by a syndicate of five Canadian financial institutions, expiring in September 2028. As of April 4, 2026, GCCT had \$293.0 million of ABCP notes outstanding in short term borrowings.
Medium-Term Notes and Senior Unsecured Debentures	<ul style="list-style-type: none"> • As of April 4, 2026, CTC had an aggregate principal amount of \$950.0 million of medium-term notes outstanding. • As of April 4, 2026, CT REIT had an aggregate principal amount of \$1,425.0 million of senior unsecured debentures outstanding.
Asset-backed Senior and Subordinated Term Notes	<ul style="list-style-type: none"> • As of April 4, 2026, GCCT had \$2,000.0 million of credit card asset-backed term notes outstanding. This includes \$1,870.0 million in senior term notes and \$130.0 million in subordinated term notes.
Broker GIC Deposits	<ul style="list-style-type: none"> • As of April 4, 2026, CTB had \$2,980.8 million of GIC deposits through various active broker networks.
Retail Deposits	<ul style="list-style-type: none"> • As of April 4, 2026, CTB had \$589.4 million in retail deposits consisting of High Interest Savings (HIS) and retail GIC deposits, available both within and outside tax-free savings accounts.
Real Estate	<ul style="list-style-type: none"> • As of April 4, 2026, CTC had a 68.0 percent effective ownership interest in CT REIT, which includes publicly traded CT REIT units. CTC also engages in strategic real estate transactions involving properties not owned by CT REIT. • CT REIT has access to additional funding sources, including access to debt and equity markets, subject to the terms and conditions of CT REIT's Declaration of Trust and all applicable regulatory requirements. • As of April 4, 2026, the CT REIT mortgage has been fully repaid.

5.6 Adjusted Net Debt

Adjusted Net Debt is a non-GAAP financial measure used by Management to assess the Corporation's overall leverage position, funding capacity, and financial flexibility. This measure adjusts reported debt for certain items that management believes are relevant to understanding the Corporation's underlying net debt position and how capital is managed over time.

Management uses Adjusted Net Debt, together with other liquidity and leverage metrics, to support capital allocation decisions, evaluate compliance with internal leverage targets, and assess the Corporation's capacity to fund operations, strategic initiatives, dividends, and other capital commitments.

Adjusted Net Debt does not have a standardized meaning under IFRS and may not be comparable to similar measures presented by other issuers. It should be considered as a supplement to, and not a substitute for, measures prepared in accordance with IFRS.

5.7 Contractual Obligations, Guarantees and Commitments

For a description of contractual obligations as at January 3, 2026, refer to Section 6.5.1 of the Company's 2025 Annual MD&A. The Company believes it has the ability to meet its contractual obligations as at April 4, 2026.

For a discussion of the Company's significant guarantees and commitments, refer to Note 35 of the Company's 2025 Consolidated Financial Statements. The Company's maximum exposure to credit risk with respect to such guarantees and commitments is provided in Note 5 to the Company's 2025 Consolidated Financial Statements. There were no significant changes in guarantees and commitments identified at year end, other than those discussed in this document.

6. Equity

The following contains forward-looking information and readers are cautioned that actual results may vary.

	\$ 615.9	\$ 625.8	\$ 615.9

Each year, the Company files a notice of intention to make a normal course issuer bid (NCIB) with the Toronto Stock Exchange (TSX) which allows it to repurchase its Class A Non-Voting Shares by means of open market transactions through the TSX and/or alternative Canadian trading systems, if eligible, at the market price of the Class A Non-Voting Shares at the time of repurchase or as otherwise permitted under the rules of the TSX and applicable securities laws. Class A Non-Voting Shares repurchased by the Company pursuant to the NCIB are restored to the status of authorized but unissued shares. Copies of the notices are available from the Corporate Secretary of the Company.

On March 9, 2026, the TSX approved the Company's notice of intention to renew its NCIB. Under the NCIB approved by the TSX, the Company may repurchase up to 4.7 million Class A Non-Voting Shares between March 11, 2026 to March 10, 2027 (2026-27 NCIB). The TSX also approved a new automatic securities purchase plan which expires on or before March 10, 2027, allowing a designated broker to facilitate repurchases of Class A Non-Voting Shares under its 2026-27 NCIB at times when the Company would ordinarily not be permitted to repurchase its securities due to regulatory restrictions and customary self-imposed black-out periods. Additionally, on March 6, 2025, the TSX accepted the Company's notice of intention to repurchase up to 4.9 million Class A Non-Voting Shares during the period March 11, 2025 to March 10, 2026.

On November 6, 2025, the Company announced its intention to repurchase up to \$400 million of its Class A Non-Voting Shares in excess of the amount required for anti-dilutive purposes by the end of 2026 (the 2025-26 Share Repurchase Intention). The following table summarizes the Company's repurchases relating to this 2025-26 Share Repurchase Intention.

Repurchased under the 2025-26 Share Repurchase Intention	Number of Shares	C\$ in millions
Shares repurchased in Q4 2025 (November 13, 2025 to January 2, 2026)	249,800	\$ 42.4
Shares repurchased in Q1 2026 (January 5, 2026 to April 2, 2026)	335,000	60.1
Total shares purchased under the 2025-26 Share Repurchase Intention	584,800	\$ 102.5

6.2 Dividends

The Company has a long-term dividend payout ratio¹ target of approximately 30 to 40 percent of the prior year's normalized net income, after considering the period-end cash position, future cash flow requirements, capital market conditions, and investment opportunities. The dividend payout ratio may fluctuate in any particular year.

On November 5, 2025, the Company increased its annual dividend for the 16th consecutive year, to \$7.20 per Common Voting Share and Class A Non-Voting Share from \$7.10, an increase of approximately 1.4 percent over the prior year.

On May 13, 2026, the Company's Board of Directors declared dividends of \$1.80 per share payable on September 1, 2026, to shareholders of record as of July 31, 2026. The dividend is considered an "eligible dividend" for tax purposes.

6.3 Equity Derivative Contracts

The Company transacts equity-derivative contracts to partially offset its exposure to fluctuations in stock options, performance share units, restricted share units, and deferred share units. The Company currently uses floating-rate equity forwards.

During the first quarter of 2026, 235,000 units of equity-forward contracts that hedged stock options, performance share units, restricted share units, and deferred share units settled and resulted in a cash receipt from counterparties of approximately \$5.1 million. The Company entered into 235,000 units of new equity-forward contracts during the quarter.

7. Tax Matters

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, from time-to-time certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in the status of ongoing audits by tax authorities as disclosed in Section 8 in the Company's 2025 Annual MD&A.

The Company regularly reviews the potential of adverse outcomes with respect to tax matters. The Company believes that the ultimate disposition of these matters will not have a material adverse effect on its liquidity, consolidated financial position or net income as it has determined that there is adequate provision. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved.

Income taxes for the 13 weeks ended April 4, 2026 were \$39.6 million (2025 – \$4.6 million). The Effective tax rate² for the 13 weeks ended April 4, 2026 increased to 23.4 percent (2025 – 8.9 percent). After adjusting for normalizing items³, the Effective tax rate for the quarter ended April 4, 2026 increased to 23.4 percent (2025 – 20.9 percent), primarily due to a favourable tax settlement in the prior year.

¹ For further information about this measure see Section 9.1 of this MD&A.

² This measure is a non-GAAP ratio. For further information and a detailed reconciliation see Section 9.1 of this MD&A.

³ Refer to Section 4.1.1 in this MD&A for a description of the normalizing items.

8. Accounting Policies and Estimates

8.1 Critical Accounting Estimates

The Company estimates certain amounts, which are reflected in its condensed interim consolidated financial statements using detailed financial models based on historical experience, current trends, and other assumptions. Actual results could differ from those estimates. In Management's judgment, the accounting estimates and policies detailed in Note 2 and Note 3 to the Company's 2025 Consolidated Financial Statements, do not require Management to make assumptions about matters that are highly uncertain and, accordingly, none of those estimates are considered a "critical accounting estimate" as defined in Form 51-102F1 – *Management's Discussion and Analysis*, published by the Canadian Securities Administrators, except for the allowance for loan impairment in the Financial Services segment.

Details of the accounting policies subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in its condensed interim consolidated financial statements are described in Note 2 to the Company's 2025 Consolidated Financial Statements.

8.2 Changes in Accounting Policies

Standards, Amendments, and Interpretations Issued and Adopted

Classification and Measurement of Financial Instruments

In May 2024, the IASB issued amendments to IFRS 9 – *Financial Instruments* and IFRS 7 – *Financial Instruments: Disclosures*. The amendments relate to settling financial liabilities using an electronic payment system and assessing contractual cash flow characteristics of financial assets, and create additional disclosure requirements for financial instruments. The Company has adopted these amendments effective for the interim and annual consolidated financial statements commencing January 4, 2026. To remain consistent with prior practice, the Company has elected to derecognize financial liabilities before the settlement date, when settled using an electronic payment system. The amendments have been applied retrospectively in accordance with the transition provisions of IFRS 9. The adoption of these amendments has not had a material impact on the Company's financial results.

Standards, Amendments, and Interpretations Issued but not yet Adopted

The following new standards, amendments, and interpretations have been issued but are not effective for the fiscal year ended January 2, 2027 and, accordingly, have not been applied in preparing the Company's Q1 condensed interim consolidated financial statements.

Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued the new standard IFRS 18 – *Presentation and Disclosure in Financial Statements* that will replace IAS 1 – *Presentation of Financial Statements*. The new standard introduces newly defined subtotals on the income statement, requirements for aggregation and disaggregation of information, and disclosure of management performance measures in the financial statements. The new standard is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The Company is assessing the impacts to the consolidated financial statements.

9. Non-GAAP Financial Measures and Ratios

Unless otherwise indicated, all 2025 financial information represents the Company's results from continuing operations. Discontinued operations reflect Helly Hansen's results up to its sale on May 31, 2025, as well as related post-closing adjustments. The selected segment information presented below should be read in conjunction with the Company's Q1 condensed interim consolidated financial statements.

9.1 Non-GAAP Financial Measures and Ratios

The Company prepares and presents its financial information on a GAAP basis. Management uses many measures to assess performance, including non-GAAP financial measures and non-GAAP ratios. Non-GAAP financial measures and non-GAAP ratios have no standardized meanings under GAAP and may not be comparable to similar measures of other companies.

9.1.1 Normalizing non-GAAP Financial Measures

Management considers both reported and normalized results and measures useful in evaluating the performance of the core business operations of the Company. Management uses normalized results to assess changes in financial performance across periods on a comparable basis by removing specified items not related to the core business operations of the Company that are infrequent and non-operational in nature. The items, which can include acquisition-related transaction costs, restructuring or other dispositions, including store closures, operational efficiency program costs, one-time costs for new program rollouts, and infrequent non-operational valuation adjustments, are removed from Cost of producing revenue, SG&A and Other expense (income) where applicable. Explanations of normalizing items can be found in Section 4.1.1.

Normalized Other Expense (Income)

The following table reconciles Normalized Other expense (income) to Other expense (income), the most directly comparable GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q1 2026	Q1 2025
Other expense (income)	\$ 9.1	\$ 111.9
Less normalizing items:		
Restructuring costs	—	95.4
Other transformation and advisory costs	—	18.7
Normalized Other expense (income)	\$ 9.1	\$ (2.2)

Retail Normalized Other Expense (Income)

The following table reconciles Retail Normalized Other expense (income) to Other expense (income), a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q1 2026	Q1 2025
Other expense (income)	\$ 9.1	\$ 111.9
Less: Other operating segments	39.0	38.7

Less normalizing items:		
Restructuring costs	—	95.4
Other transformation and advisory costs	—	18.7
Retail Normalized Other expense (income)	\$ (29.9)	\$ (40.9)

Normalized Income Before Income Taxes

Normalized Income before income taxes is used as an additional measure to assess the Company's underlying operating performance and assists in making decisions regarding the ongoing operations of its business. The following table reconciles Normalized Income before income taxes to Income before income taxes which is a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q1 2026	Q1 2025
Income before income taxes	\$ 169.1	\$ 51.6
Add normalizing items:		
Restructuring costs	—	95.4
Other transformation and advisory costs	—	18.7

Retail Normalized Income Before Income Taxes

Retail Normalized Income before income taxes is used as an additional measure to assess the Company's underlying operating performance and assists in making decisions regarding the ongoing operations of its business. The following table reconciles Retail Normalized Income before income taxes to Income before income taxes which is a GAAP measure reported in the consolidated financial statements.

(C\$ in millions)	Q1 2026	Q1 2025
Income before income taxes	\$ 169.1	\$ 51.6
Less: Other operating segments	118.2	114.8
Retail Income (loss) before income taxes	\$ 50.9	\$ (63.2)
Add normalizing items:		
Restructuring costs	—	95.4
Other transformation and advisory costs	—	18.7
Retail Normalized Income (loss) before income taxes	\$ 50.9	\$ 50.9

Normalized Income Tax Expense (Recovery) and Normalized Effective Tax Rate

Management uses Normalized Income tax expense (recovery) to calculate Normalized Net income. The tax effect of normalizing items is calculated by multiplying normalizing items by the statutory tax rate. The following table reconciles Normalized Income tax expense (recovery) to Income tax expense (recovery) which is a GAAP measure reported in the consolidated financial statements.

Normalized effective tax rate is calculated by dividing Normalized Income tax expense (recovery) by Normalized Income before income taxes.

(C\$ in millions)	Q1 2026	Q1 2025
Income tax expense (recovery)	\$ 39.6	\$ 4.6
Add tax effect of normalizing items:		
Restructuring costs	—	25.1
Other transformation and advisory costs	—	4.9
Normalized Income tax expense (recovery)	\$ 39.6	\$ 34.6

Normalized Net Income, Normalized Net Income Attributable to Shareholders, Normalized Diluted Earnings per Share, and Dividend Payout Ratio

Normalized Net income, Normalized Net income attributable to shareholders, and Normalized Diluted EPS are used as additional measures when assessing the Company's underlying operating performance. The following table reconciles Normalized Net income, Normalized Net income attributable to shareholders and Normalized Diluted EPS to Net income, a GAAP measure reported in the consolidated financial statements.

Dividend payout ratio is calculated by dividing total dividends by the prior year's Normalized Net income.

(C\$ in millions, except per share amounts)	Q1 2026	Q1 2025
Net income	\$ 129.5	\$ 47.0
Net income attributable to shareholders	107.0	27.3

9.1.2 EBITDA

EBITDA and related measures

EBITDA, Normalized EBITDA, and Normalized EBITDA as a Percentage of Revenue are used as additional measures when assessing the performance of the Company's ongoing operations and its ability to generate cash flows to fund its cash requirements, including capital expenditures. EBITDA and its successive derivations are most directly comparable to Income before income tax, a GAAP measure reported in the consolidated financial statements and is adjusted by deducting Net finance costs (income) and Depreciation and amortization.

Normalized EBITDA as a Percentage of Revenue is a non-GAAP Ratio calculated by dividing Normalized EBITDA by Normalized Revenue.

¹ Depreciation and amortization reported in Cost of producing revenue for the 13 weeks ended April 4, 2026 was \$5.1 million (2025 – \$5.3 million).

Retail EBITDA and related measures

Retail EBITDA and Retail Normalized EBITDA are used as additional measures when assessing the performance of the Retail segment's ongoing operations and its ability to generate cash flows to meet requirements, including capital expenditures. Retail EBITDA and its successive derivations are most directly comparable to Income before income tax, a GAAP measure reported in the consolidated financial statements and is adjusted by deducting Net finance costs (income) and Depreciation and amortization.

Retail EBITDA as a Percentage of Revenue is a non-GAAP Ratio calculated by dividing Retail EBITDA by Retail Revenue.

9.1.4 Other Retail

Retail Return on Invested Capital

Retail ROIC is calculated as Retail return divided by the Retail invested capital. Retail return is defined as trailing 12-month Retail after-tax earnings excluding interest expense, lease related depreciation expense, inter-segment earnings, and any normalizing items. Retail invested capital is defined as Retail segment total assets, less Retail segment trade payables and accrued liabilities and inter-segment balances based on an average of the trailing four quarters. Retail return and Retail invested capital are non-GAAP financial measures, which the Company does not consider useful in isolation. The Company believes that Retail ROIC is useful in assessing the Retail segment's performance relative to shareholder investment.

¹ Intercompany adjustments include intercompany income received from CT REIT which is included in the Retail segment, and intercompany investments made by the Retail segment in CT REIT and CTFS.

² Excludes Franchise Trust.

³ Trade payables and accrued liabilities include Trade and other payables, Short-term derivative liabilities, Short-term provisions and Income tax payables.

9.1.5 Other Financial Services

Past Due Credit Card Receivables Rate

PD2+ rate is calculated by dividing gross credit card receivables that are two cycles or more overdue (30+ days past due) by total gross credit card receivables. Both components exclude allowances and discounts. Gross past due credit card receivables, total gross credit card receivables and PD2+ are non-GAAP financial measures and a non-GAAP ratio, respectively.

The ratio of past due credit card receivables provides Management and investors with an additional measure to assess the quality and health of credit card loan assets. Past due gross credit card receivables and total gross credit card receivables provide insight into the book value of cardholder balances in our portfolio at the reporting date; however, observed in isolation do not provide meaningful information.

9.2 Supplementary Financial Measures

Average Account Balance

Average account balance measures average aggregate account balances in the credit card portfolio, excluding lines of credit and personal loans, divided by the average number of credit card accounts, for the applicable period.

Credit Card Sales and Credit Card Sales Growth

Credit card sales is a measure of the net sales charged to credit cards. Credit card sales growth excludes balance transfers and represents year-over-year percentage change.

Comparable Gasoline Volume Growth

Comparable gasoline volume growth is used to identify the growth in gasoline sales by volume generated by the Company's existing gas bar network and removes the effect of opening and closing gas bars in the period. The calculation includes gasoline volumes sold from all gas bars that have been open for a minimum of one year and one week and uses a 52-week time frame. Comparable gasoline volume growth does not form part of the Company's consolidated financial statements.

Comparable Sales Growth

Comparable sales growth is commonly used in the retail industry to identify sales growth generated by the Company's existing store network and removes the effect of opening and closing stores in the period. The calculation includes sales from all stores that have been open for a minimum of one year and one week, as well as eCommerce sales, and uses a 52 week time frame. Comparable sales do not form part of the Company's consolidated financial statements. Management applies this measure to Consolidated results (including and excluding Petroleum), the Retail segment (including and excluding Petroleum), and all banners under the Retail segment (including but not limited to Canadian Tire Retail, SportChek and Mark's).

Cost of Debt

Cost of debt represents the weighted average finance costs as a percentage of total short-term and long-term debt during the period.

eCommerce Sales

eCommerce sales refers to sales generated by the Company's online presence. Only eCommerce sales from corporate stores are included in the Company's consolidated financial statements. Management applies this measure to Consolidated results, the Retail segment, and banners under the Retail segment.

ECL Allowance Rate

This measure is the total allowance for expected credit losses as a percentage of total gross loans receivable for the Financial Services segment.

eCTM Issued to CTB Credit Card Holders

eCTM issued to CTB credit card holders measures the amount of eCTM issued to CTB credit card holders based on their purchases at the Company's banners, partners and external retailers. This measure is calculated on a rolling 12-month basis.

Effective Tax Rate

Effective tax rate is the tax expense for the period divided by the income before income taxes for the same period.

Gross Average Accounts Receivable (GAAR)

GAAR is the average accounts receivable from credit cards, personal loans, and lines of credit, before allowances for expected credit losses. Measures using GAAR apply only to the Financial Services segment.

Gross Margin Rate

Gross margin rate is gross margin divided by revenue.

Gross Margin Dollars excluding Petroleum and Gross Margin Rate excluding Petroleum

Gross margin dollars excluding Petroleum captures gross margin dollars in the consolidated entity or Retail segment, as measured according to the Company's IFRS Accounting Standards accounting policy, while excluding gross margin dollars from Petroleum sales. Gross margin rate excluding Petroleum is calculated by dividing gross margin excluding Petroleum by revenue excluding Petroleum.

Interest Expense

Interest expense represents the finance cost of short-term and long-term debt, which includes lines of credit, medium-term notes, debentures, and senior and subordinated term notes. This metric also includes Franchise Trust interest expense and lease liability interest, but excludes deposits held by CTB.

Loyalty Penetration

Loyalty penetration is Retail sales attributable to Triangle Rewards members from banners eligible for eCTM issuance in which loyalty or Triangle-branded credit cards are scanned at point-of-sale (Loyalty sales) excluding sales at Petroleum, divided by Retail sales from those banners excluding Petroleum, over a rolling 12-month period.

Net Credit Card Write-off Rate

Net credit card write-off rate measures write-offs of credit card balances only, net of recoveries for the past twelve months, as a percentage of the credit card GAAR.

Owned Brands Penetration

Owned Brands penetration is calculated by dividing sales of Owned Brands by Retail sales.

Property Revenue

Property revenue includes all amounts earned from tenants pursuant to lease agreements including property taxes, operating costs, and other recoveries. Management applies this measure to intercompany and external tenants.

Property Expense

Property expense consists primarily of property taxes, operating costs, and property management costs (including any outsourcing of property management services).

Retail Sales and Retail Sales Excluding Petroleum

Retail sales refers to the point-of-sale value of all goods and services sold to retail customers at stores operated by Dealers, Mark's and SportChek franchisees, and Petroleum retailers, and at corporate stores across all banners under the Retail segment, as well as all goods sold through the Company's online sales channels, that in aggregate do not form part of the Company's consolidated financial statements. Management applies this measure to Consolidated results (including and excluding Petroleum), the Retail segment (including and excluding Petroleum), and all banners under the Retail segment (including but not limited to Canadian Tire Retail, SportChek, Mark's, and Petroleum). Retail Sales excluding Petroleum is calculated as per above, while excluding retail sales from Petroleum stores. eCommerce sales is a component of Retail sales and refers to sales generated by the Company's online presence.

Retail SG&A Rate and Retail SG&A as a Percentage of Revenue excluding Petroleum

Retail SG&A rate is calculated by dividing Retail SG&A by Retail revenue. Retail SG&A as a percentage of revenue excluding Petroleum is calculated by dividing Retail SG&A by Retail revenue excluding Petroleum.

Return on Receivables (ROR)

ROR assesses the profitability of the Financial Services' total portfolio of receivables. ROR is calculated by dividing Financial Services' income before income tax and gains/losses on disposal of property and equipment by the average of Financial Services' total-managed portfolio over a rolling 12-month period.

Revenue as Percentage of GAAR

Revenue as percentage of GAAR for the Financial Services segment is the rolling 12-month revenue divided by gross average accounts receivable.

Revenue Excluding Petroleum

Revenue excluding Petroleum captures revenue in the consolidated entity and Retail segment, as measured according to the Company's IFRS Accounting Standards accounting policy, while excluding revenues from petroleum sales.

Sales per Square Foot

Comparisons of sales per square foot metrics over several periods help identify whether existing assets are being made more productive by the Company's introduction of new store layouts and merchandising strategies. Sales per square foot is calculated on a rolling 12-month basis for the Retail segment. This calculation includes the period in which stores were temporarily closed. For Canadian Tire, retail space does not include seasonal outdoor garden centres, auto service bays, warehouses, and administrative space. For SportChek and Mark's, it includes both corporate and franchise stores and warehouse and administrative space.

Share of Tender

Share of tender measures the percentage of Retail sales from the Company's major banners charged on a CTB credit card (in lieu of cash, debit or a competing credit card for purchases) divided by total Retail sales from the same banners. Share of tender is calculated on a rolling 12-month basis.

10. Risks and Risk Management

The effective management of risk is a key priority for the Board and Senior Management. Balanced risk-taking and effective risk management create valuable business returns and shareholder value, as well as market opportunities and competitive advantages, all of which support profitable growth over the long-term. CTC has adopted an Enterprise Risk Management (ERM) Policy and Framework, Risk Appetite Statements and other policies designed to identify, assess, manage, monitor, escalate and report risks that, alone or in combination with other interrelated risks, could have a significant adverse impact on the Company's brand, financial performance and/or ability to achieve its strategic objectives (key risks). For further information on the ERM Policy and Framework, please refer to Section 2.6 of the Company's 2025 AIF.

The Company's 2025 Annual MD&A sets out a description of key risks as well as other risks that may have a material adverse effect on the Company, grouped into business and operational risks, and financial risks. In addition to these risks, there may be additional risks and uncertainties not currently known to Management, or risks that are not considered material at this time which may evolve and materially and adversely affect the Company in the future. The actual effect of any risk may be materially different than what is currently anticipated. Many of the risks are interconnected, influencing the likelihood and impact of other risks. For further information on the Company's risks, please refer to Section 11 of the Company's 2025 Annual MD&A.

CTC strives to implement appropriate measures and risk management strategies to address its key risks. Management regularly reviews its risk management strategies and measures for sufficiency given the dynamic nature of the risks, as well as emerging risks and/or trends, which might have an impact on CTC's residual risk exposures. However, there can be no assurance that these strategies and measures will successfully mitigate these risks.

When considering whether to purchase or sell securities of CTC, investors and others should carefully consider these risks (including that risk management strategies and measures may not successfully mitigate such risks) as well as other uncertainties and factors that may adversely impact CTC's future performance.

For a further discussion of risks that affect CT REIT, please refer to Section 5 in CT REIT's Annual Information Form and Section 12 in CT REIT's Management's Discussion and Analysis for the period ended December 31, 2025, which are not incorporated herein by reference.

11. Internal Controls and Procedures

Details relating to disclosure controls and procedures, and internal control over financial reporting, are disclosed in Section 12 of the Company's 2025 Annual MD&A.

Changes in Internal Control Over Financial Reporting

During the quarter ended April 4, 2026, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

12. Environmental, Social, and Governance

CTC's Brand Purpose, *We Are Here to Make Life in Canada Better*, informs its decisions and strategy, which includes its approach to ESG matters. The Company has identified the ESG topics that are most relevant to the enterprise and its stakeholders, and manages the associated risks and opportunities.

CTC publishes an ESG Report which outlines its approach to ESG, including underlying strategies and targets. The report includes a Climate Data Index and disclosures against the Sustainability Accounting Standards Board (SASB) standards. The Company also publishes reports on specific ESG matters, including a Forced Labour and Child Labour Report and a Diversity, Inclusion & Belonging Year-in-Review.

These reports are available at: <https://corp.canadiantire.ca/Environmental-Social-Governance/>, and are not incorporated by reference herein.

13. Caution Regarding Forward-Looking Information

This document contains information that may constitute forward-looking information within the meaning of applicable securities laws. Forward-looking information provides insights regarding Management's current expectations and plans and allows investors and others to better understand the Company's anticipated financial position, results of operations and operating environment. Readers are cautioned that such information may not be appropriate for other purposes. Statements containing forward-looking information are neither historical facts nor assurances of future performance. Forward-looking information included or incorporated by reference in this document includes, but is not limited to, information with respect to:

- the Company's operating capital expenditure expectations in Section 5.4.1;
- the Company's intention to repurchase its Class A Non-Voting Shares in Sections 6.1; and
- the Company's sale of certain Petroleum gas bars in Section 15.

Other non-historical information may also constitute forward-looking information, including, but not limited to, information concerning Management's current expectations relating to possible or assumed prospects and results, the Company's strategic objectives and priorities, its actions and the results of those actions, and the economic and business outlook for the Company. Often, but not always, forward-looking information can be identified by the use of forward-looking terminology such as "may", "will", "expect", "intend", "believe", "estimate", "plan", "can", "could", "should", "would", "outlook", "target", "forecast", "anticipate", "aspire", "foresee", "continue", "ongoing" or the negative of these terms or variations of them or similar terminology.

By its nature, forward-looking information is based on estimates and assumptions and information currently available to Management. Among other things, and except where noted, Management has assumed that there will be no material adverse changes to regional, provincial, national and global macroeconomic conditions (such as inflation, gross domestic product and consumer income and debt levels), geopolitical conditions (including tariffs), consumer spending levels, interest rates, foreign exchange rates, regulatory environment (including taxes), and the Company's competitive position in the retail landscape, earnings prospects and liquidity. Management has also assumed that there will be no material changes to the Company's strategic and capital allocation priorities, that anticipated cost savings and operational efficiencies will be achieved, that anticipated benefits from initiatives, partnerships or acquisitions will be realized and that all required regulatory approvals will be received. There can be no assurance that the estimates and assumptions upon which forward-looking information is based will prove to be correct.

Although the Company believes that the forward-looking information in this document is based on information, estimates and assumptions that are reasonable, such information is necessarily subject to a number of risks, uncertainties and other factors that could cause actual results to differ materially from those expressed or implied in such forward-looking information. These risks, uncertainties and other factors are set out below and include those described in Section 10 (Risks and Risk Management) in this MD&A and all subsections therein:

- failure of the Company to respond to evolving trends and developments and execute on its True North strategy, acquisitions, projects, investments and cost saving measures, as well as associated transformation-related risks;
- poor operating or financial performance by Dealers, franchisees and independent retailers;
- damage to the Company's brand and reputation;
- adverse geopolitical conditions, including trade restrictions, quotas, tariffs and other import-related taxes, changes in government commitments and international conflicts;
- failure to attract, retain and develop its workforce, including executives and other key personnel;
- adverse macroeconomic conditions, such as increased inflation and consumer debt levels and lower gross domestic product and consumer income levels;
- increasing dependence on technology and legacy IT systems, with increased risk of system failures or outages;
- emergence of disruptive technologies, including AI;
- increasing frequency and sophistication of global cyber security threats and potential cyber security breaches;
- evolving privacy laws, which may impact the collection, use and disclosure of customer and other data that support the Company's strategy;
- reliance on third parties which are in turn subject to a variety of risks that could impact their performance;
- supply chain disruptions and product shortages;
- failure to identify human rights, worker safety, environmental or other issues in the Company's supply chain;
- failure to attract, retain and grow membership in the Company's loyalty program and expand and execute loyalty partnerships;
- failure to maintain and grow market share given the highly competitive and constantly evolving markets in which the Company operates;
- shifts in customer trends, preferences and spending patterns;
- risks associated with the seasonal nature of the Company's business, including the impact of unusual weather patterns;
- changes in laws and regulations to which the Company is subject to, and any involvement in civil or regulatory actions, investigations or proceedings;
- risks associated with climate change, including physical risks and transition risks;
- risks associated with the Company's management of its priority ESG topics;
- business disruptions and challenges restoring operations and critical business services;
- credit risks from a counterparty failing to meet its contractual obligations, including financial instrument counterparty credit risk and consumer, Dealer and franchisee credit risks;
- insufficient liquidity to meet the obligations associated with the Company's indebtedness and other financial liabilities;
- the risk that changes in market prices, resulting from foreign currency rate and interest rate fluctuations, will affect the Company's income or value of its holdings of financial instruments;
- price fluctuations in the commodity price of oil; and
- the unavailability of adequate insurance coverage on reasonable terms.

Investors and other readers are urged to consider the foregoing risks, uncertainties, factors, and assumptions carefully in evaluating the forward-looking information and are cautioned not to place undue reliance on such forward-looking information. In addition, the Company cautions that the foregoing lists of risks and assumptions are not exhaustive, and other risks, uncertainties and factors could also adversely affect the Company's results and may cause actual results to differ materially from those expressed or implied in the forward-looking information.

The forward-looking information contained herein is based on information, estimates and assumptions as of the date hereof. The Company does not undertake to update any forward-looking information, whether written or oral, except as is required by applicable laws.

Information contained in or otherwise accessible through the websites referenced in this MD&A does not form part of this MD&A and is not incorporated by reference into this MD&A. All references to such websites are inactive textual references and are for information only.

14. Commitment to Disclosure and Investor Communication

The Company strives to maintain a high standard of disclosure and investor communication. 1. The Company and its Operations

Canadian Tire Corporation, Limited is a Canadian public company primarily domiciled in Canada. Its registered office is 2180 Yonge Street, Toronto, Ontario, M4P 2V8, Canada. It is listed on the Toronto Stock Exchange (TSX – CTC, CTC.A). Canadian Tire Corporation, Limited and entities it controls are together referred to in these condensed interim consolidated financial statements as the “Company”, “CTC” or “Canadian Tire Corporation”.

The Company comprises three main business operations, which offer a wide range of retail goods and services, including general merchandise, apparel, sporting goods, petroleum, financial services including a bank, and real estate operations. Details of the Company’s three reportable operating segments are provided in Note 3.

Quarterly net income and revenue are affected by seasonality. The fourth quarter typically generates the greatest contribution to revenue and earnings and the first quarter the least.

This document contains trade names, trademarks, and service marks of CTC and other organizations, all of which are the property of their respective owners. Solely for convenience, the trade names, trademarks, and service marks referred to herein appear without the © or TM symbol.

2. Basis of Preparation

Statement of Compliance

These condensed interim consolidated financial statements (interim financial statements) for the 13 weeks ended April 4, 2026 (and comparative results for the 13 weeks ended March 29, 2025) have been prepared in accordance with International Accounting Standard (IAS) 34 – *Interim Financial Reporting* and therefore do not contain all disclosures required by IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB) for annual financial statements. These interim financial statements should be read in conjunction with the Company’s 2025 Consolidated Financial Statements and Notes and have been prepared using the same accounting policies described in Note 3 to the 2025 Consolidated Financial Statements and Notes.

These interim financial statements were authorized for issuance by the Company’s Board of Directors on May 13, 2026.

Discontinued Operations

On May 31, 2025, the Company closed the sale of the Helly Hansen business to Kontoor Brands, Inc. for total gross proceeds of \$1,313.4 million which represents the announced proceeds of \$1,276.0 million and closing adjustments of \$37.4 million finalized in the fourth quarter of 2025. The transaction reflected the Company’s increasing focus on its Canadian retail portfolio.

In the first quarter of 2025, the Company met the criteria to report the results of Helly Hansen as a discontinued operation, which was a component of an entity, that had either been disposed of, or classified as held for sale, and represented a separate major line of business or geographical area of operations.

The discontinued operations are presented in a single amount, net of tax, in the Consolidated Statement of Income and Consolidated Statement of Comprehensive Income for the comparative period. The discontinued operations have been de-consolidated from the Consolidated Balance Sheet at closing of the sale. As at March 29, 2025, all assets of the discontinued operations have been presented in Assets classified as held for sale, and all related liabilities have been presented in Liabilities associated with discontinued operations. The Statement of Cash Flows is presented to distinguish the discontinued operations for the comparative period.

Unless otherwise indicated, all income and expenses represent the Company’s results from continuing operations, and all assets and liabilities are continuing operations.

Basis of Presentation

These interim financial statements have been prepared on a historical cost basis, except for the following items, which are measured at fair value:

- Financial Instruments at Fair Value Through Profit or Loss (FVTPL);
- Financial Instruments at Fair Value Through Other Comprehensive Income (FVOCI);
- Derivative financial instruments;
- Liabilities for share-based payment plans; and
- Initial recognition of assets acquired and liabilities assumed in a business combination.

In addition, the post-employment defined benefit obligation is recorded at its discounted present value.

Functional and Presentation Currency

These interim financial statements are presented in Canadian dollars (\$ or C\$), the Company's functional currency.

Judgments and Estimates

The preparation of these interim financial statements in accordance with IAS 34 requires Management to make judgments and estimates that affect:

- The application of accounting policies;
- The reported amounts of assets and liabilities;
- Disclosures of contingent assets and liabilities; and
- The amounts of revenue and expenses recognized during the reporting periods.

Actual results may differ from estimates made in these interim financial statements.

Judgments are made in the selection and assessment of the Company's accounting policies. Estimates are used mainly in determining the measurement of recognized transactions and balances. Estimates are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Judgments and estimates are often interrelated. The Company's judgments and estimates are continually re-evaluated to assess whether they remain appropriate. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods affected.

The duration and long-term effects on CTC from macroeconomic conditions remain uncertain and Management continues to monitor and assess the impact on the business and on certain judgments and estimates, including the recoverable amount of goodwill and intangible assets.

Details of the accounting policies subject to judgments and estimates that the Company believes could have the most significant impact on the amounts recognized in these interim financial statements are described in Note 2 to the Company's 2025 Consolidated Financial Statements and Notes.

Standards, Amendments, and Interpretations Issued and Adopted

Classification and Measurement of Financial Instruments

In May 2024, the IASB issued amendments to IFRS 9 – *Financial Instruments* and IFRS 7 – *Financial Instruments: Disclosures*. The amendments relate to settling financial liabilities using an electronic payment system and assessing contractual cash flow characteristics of financial assets, and create additional disclosure requirements for financial instruments. The Company has adopted these amendments effective for the interim and annual consolidated financial statements commencing January 4, 2026. To remain consistent with prior practice, the Company has elected to derecognize financial liabilities before the settlement date, when settled using an electronic payment system. The amendments have been applied retrospectively in accordance with the transition provisions of IFRS 9. The adoption of these amendments has not had a material impact on the Company's financial results.

Standards, Amendments, and Interpretations Issued but not yet Adopted

The following new standards, amendments, and interpretations have been issued but are not effective for the fiscal year ended January 2, 2027 and, accordingly, have not been applied in preparing these interim financial statements.

Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued the new standard IFRS 18 – *Presentation and Disclosure in Financial Statements* that will replace IAS 1 – *Presentation of Financial Statements*. The new standard introduces newly defined subtotals on the income statement, requirements for aggregation and disaggregation of information, and disclosure of management performance measures in the financial statements. The new standard is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The Company is assessing the impacts to the consolidated financial statements.

3. Operating Segments

The Company has three operating segments: Retail, Financial Services, and CT REIT. The operating segments are strategic business units offering different products and services. The following summary describes the operations of each of the Company's operating segments:

- The retail business is conducted under a number of banners including Canadian Tire, Canadian Tire Gas+ (Petroleum), Mark's, PartSource, various SportChek banners, and Party City. Retail also includes the Dealer Loan Program through which Franchise Trust issues loans to certain Dealers. Non-CT REIT real estate is included in Retail.
- Financial Services issues Canadian Tire's Triangle brand credit cards, including Triangle Mastercard, Triangle World Elite Mastercard, and Cash Advantage Mastercard. Financial Services also markets insurance products, and provides settlement services to the Company. Financial Services includes Canadian Tire Bank (CTB, the Bank), a federally regulated Schedule I bank that manages and finances the Company's consumer Mastercard portfolio, and Canadian Tire-branded line of credit loans. The Bank also accepts deposits in High-Interest Savings accounts (including Tax-Free Savings Accounts) and Guaranteed Investment Certificates deposits, both directly and through third-party brokers. Financial Services also includes Glacier Credit Card Trust (GCCT), a structured entity established to purchase co-ownership interests in the Company's credit card loans receivable, and CTFS Bermuda Ltd., a Bermuda reinsurance company. GCCT issues debt to third-party investors to fund its purchases.
- CT REIT is an unincorporated, closed-end real estate investment trust. CT REIT holds a geographically-diversified portfolio of properties in Canada, mainly comprising Canadian Tire banner stores, Canadian Tire anchored retail developments, and industrial properties.

The Company evaluates the performance of its operating segments based on income before taxes and earnings before interest, income taxes, depreciation and amortization (EBITDA), which are the key measures of profit or loss reviewed by the Company's Chief Operating Decision Maker to assess segment performance and allocate resources. EBITDA excludes the impact of financing and income tax items, as well as depreciation and amortization. Information regarding the results of each reportable operating segment is as follows:

Transactions among reportable operating segments are carried out at arm's length prices.

The eliminations between the Retail segment and Financial Services segment and adjustments related to the Financial Services segment include:

- revenue from credit card processing fees in the Financial Services segment is eliminated against the Retail segment's Selling, general and administrative expenses.
- investment income recorded as Revenue and Interest expense in Cost of producing revenue in the Financial Services segment are reclassified to Net finance costs (income).

The eliminations between the Retail segment and the CT REIT segment and adjustments related to the CT REIT segment include:

- intercompany leases between the CT REIT segment (as lessor) and Retail segment (as lessee) are eliminated across Revenue, Depreciation and amortization, Net finance costs, Selling, general and administrative expenses, Right-of-use asset, Lease liability and Retained earnings.
- conversion from CT REIT's fair value investment property measurement to the Company's cost model results in reversal of CT REIT's Fair value loss (gain) on investment properties and adjustments to Depreciation and amortization and potential impairment charges; and
- \$38.4 million (March 29, 2025 – \$37.5 million) distribution income recognized in Other expense (income) in the Retail segment is eliminated against distributions recorded in CT REIT's Retained Earnings.

While the Company primarily operates in Canada, it also operates in foreign jurisdictions. Through May 31, 2025, the foreign operations were predominantly through the Company's discontinued operations, Helly Hansen. From continuing operations, the Company has nominal foreign revenue, property and equipment, intangible assets and right-of-use assets located outside Canada.

During the second quarter of 2025, the Company purchased intellectual property of the Hudson's Bay Company for \$30.0 million. This acquisition is excluded from the capital expenditures by reportable operating segment summarized in the following table:

Credit card loans are considered impaired when a payment is over 90 days past due or there is sufficient doubt regarding the collectability of the outstanding balance. No collateral is held against credit card loans. The Bank continues to seek recovery of amounts that were written off during the period, unless the Bank no longer has the right to collect, the receivable has been sold to a third party, or all reasonable efforts to collect have been exhausted.

8. Capital Management

The Company's capital management objectives are as follows:

- ensure sufficient liquidity with the flexibility to access additional capital from multiple sources, if required, to meet financial obligations when due and execute operating and strategic plans; and
- minimize after-tax cost of capital while taking into consideration the key risks including current and future industry, market, and economic risks and conditions.

The Company manages its capital structure over the long-term to optimize the balance among cost of capital, capital efficiency, financial flexibility, and risk mitigation. Management calculates ratios that approximate the methodologies of credit rating agencies and other market participants on a current and prospective basis. To assess its effectiveness in managing leverage, management monitors these ratios against targeted ranges.

As of April 4, 2026, the Company was compliant with all financial covenants under its bank credit agreements, ensuring sufficient flexibility to support ongoing business growth.

CT REIT was also compliant with the financial covenants established under its Declaration of Trust, Trust Indenture and bank credit agreement as of April 4, 2026.

The Bank, a federally regulated Schedule 1 bank, is required to comply with regulatory requirements for capital, other regulatory requirements that have an impact on its business operations, and certain financial covenants established under its bank credit agreements. As of April 4, 2026, the Bank was compliant with all regulatory capital requirements established by the Office of the Superintendent of Financial Institutions of Canada and all financial covenants under its bank credit agreements.

9. Share Capital

Income tax expense for the 13 weeks ended April 4, 2026 was \$39.6 million (2025 – \$4.6 million) and the effective tax rate for the 13 weeks ended April 4, 2026 was 23.4 percent (2025 – 8.9 percent).

Income tax (benefit) expense recognized in other comprehensive income is as follows:

For the (C\$ in millions)	13 weeks ended	
	April 4, 2026	March 29, 2025
Net fair value gains (losses) on derivatives designated as cash flow hedges excluding time value of swaptions	\$ 0.2	\$ (3.2)
Changes in fair value of the time value of swaptions	0.8	(0.2)
Reclassification of losses (gains) to income	(1.0)	(0.8)
Net fair value gains (losses) on inventory cash flow hedges	12.8	(2.3)
Changes in fair value of equity securities designated as fair value through other comprehensive income	—	0.8
	\$ 12.8	\$ (5.7)

In the ordinary course of business, the Company is subject to ongoing audits by tax authorities. While the Company has determined that its tax filing positions are appropriate and supportable, occasionally certain matters are reviewed and challenged by the tax authorities.

There have been no material changes in ongoing income tax audits by tax authorities as disclosed in Note 15 to the 2025 Consolidated Financial Statements and Notes.

The Company regularly reviews the potential for adverse outcomes with respect to tax matters. The Company believes that their ultimate disposition will not have a material adverse effect on its liquidity, consolidated financial position, or Net income because the Company has determined that it has adequate provision for these tax matters. Should the ultimate tax liability materially differ from the provision, the Company's effective tax rate and its earnings could be affected positively or negatively in the period in which the matters are resolved.

17. Financial Instruments

17.1 Fair Value of Financial Instruments

Fair values have been determined for measurement and/or disclosure purposes based on the following:

Cash and cash equivalents, Trade and other receivables, Loans receivable, Bank indebtedness, Trade and other payables, Short-term borrowings, and Loans are carried at amounts that approximate their fair value either due to their short-term nature or because they are derivatives carried at fair value.

Long-term receivables and other assets are carried at amounts that approximate their fair value because their carrying amounts reflect current market interest rates or because they are derivatives carried at fair value.

Fair values of financial instruments reflect the credit risk of the Company and counterparties when appropriate.

Investments in Debt Securities

The fair values of financial assets are determined using a combination of discounted cash flow models using inputs for which market-observable prices exist, and where available, comparison to similar instruments and other valuation models.

Derivatives

The fair value of derivatives is estimated using readily observable market inputs and standard valuation models, as follows:

Foreign exchange forward contracts are estimated by discounting the difference between the contractual forward price and the current forward price and applying a risk-free rate to reflect the maturity of the contract.

Interest rate swaps and swaptions, are estimated using data inputs on the measurement date and are verified against external valuation sources.

Equity derivatives are calculated referencing share price movements adjusted for interest, using market interest rates specific to the terms of the underlying derivative contracts, and are verified against external valuation sources.

17.2 Fair Value of Financial Assets and Financial Liabilities Classified Using the Fair Value Hierarchy

The Company uses a fair value hierarchy to categorize the inputs used to measure the fair value of financial assets and financial liabilities.

The following table presents the financial instruments measured at fair value classified by the fair value hierarchy:

(C\$ in millions)

As at		April 4, 2026		March 29, 2025		January 3, 2026	
	Category	Level		Level		Level	
Trade and other receivables	FVTPL ¹	2	\$ 27.1	2	\$ 28.9	2	\$ 16.6
Trade and other receivables	Effective hedging instruments	2	41.7	2	94.7	2	18.3
Long-term receivables and other assets	FVTPL ¹	2	3.4	2	0.9	2	2.1
Long-term receivables and other assets	Effective hedging instruments	2	42.6	2	31.8	2	36.1
Trade and other payables	FVTPL ¹	2	1.6	2	14.7	2	7.9
Trade and other payables	Effective hedging instruments	2	4.9	2	1.7	2	27.0
Other long-term liabilities	FVTPL ¹	2	—	2	0.7	2	1.0
Other long-term liabilities	Effective hedging instruments	2	0.6	2	1.2	2	5.6
Net Asset (Liability) position			\$ 107.7		\$ 138.0		\$ 31.6

¹ Relates to derivatives not designated as hedging instruments.

There were no transfers in either direction between levels for the financial instruments during the 13 weeks ended April 4, 2026 or the 13 weeks ended March 29, 2025.

17.3 Fair Value Measurement of Investments, Debt, and Deposits

The fair value measurement of investments, debt, and deposits is categorized within Level 2 of the fair value hierarchy described in Note 34.2 to the Company's 2025 Consolidated Financial Statements and Notes. The fair values of the Company's investments, debt, and deposits compared to the carrying amounts are as follows:

As at	April 4, 2026		March 29, 2025		January 3, 2026	
(C\$ in millions)	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Short-term investments	\$ 150.5	\$ 150.4	\$ 194.1	\$ 194.3	\$ 148.5	\$ 148.3
Long-term investments	71.4	72.1	141.6	143.0	71.4	72.1
Debt	4,368.4	4,474.6	4,556.8	3,470.4	4,375.9	4,509.0
Deposits	3,570.2	3,597.5	3,551.9	3,625.7	3,542.1	3,603.5

The difference between the fair values and the carrying amounts (excluding transaction costs, which are included in the carrying amount of debt) is due to changes in market interest rates for similar instruments. The fair values are determined by discounting the associated future cash flows using current market interest rates for items of similar risk.

18. Contingencies

Legal Matters

In the ordinary course of business, the Company is party to a number of legal and regulatory proceedings which may involve monetary damages and other relief. The Company cannot determine the ultimate outcome of all outstanding proceedings, but believes that their ultimate disposition will not have a material adverse effect on its consolidated Net income, cash flows, or financial position.

19. Subsequent Events

Subsequent to quarter end, on April 23, 2026, the Company entered into a definitive agreement with a third party to sell up to 21 petroleum gas bars. The transaction is subject to regulatory approvals and other closing conditions and is expected to close on a site-by-site basis in the 2026 fiscal year.
