

People are often astounded by the enormous positive impact Latinos have on the US economy. They should be.

- America's GDP change is more than 13% higher than it would be without the Latino contribution.¹
- In recent years, if the Latino GDP were a country, it would be larger than India.²
- Latinos will consume more than \$1.7 trillion in goods and services this year.³ And create more than two million jobs.⁴

For even more eye-opening facts about this extraordinary group of American tax payers, neighbors, soldiers, churchgoers and job creators, visit www.thepowerofall.us.

Brought to you by the Latino Donor Collaborative. LDC is a group of Latino business leaders committed to a bigger, more prosperous US economy that includes and benefits everyone.
