

FULFILL YOUR PROMISE, MR. PRESIDENT!

AS WE CELEBRATE DR. KING'S 90th BIRTHDAY, WE CALL ON YOU TO HONOR YOUR
COMMITMENT TO THE "TRUMP CARD"

With a government-issued photo ID, citizens can check into hotels, check into airports and check into every voting booth in America. Additionally, such a card would free citizens from the grasp of payday lenders and prevent Form I-9 fraud. Not everyone has such a photo ID. *That* is the problem to solve, rather than fighting over whether photo IDs should be required.

All Americans are already entitled to a free social security card. Adding a photo for any citizen who wants one, is a simple, low-cost solution.

No one should be denied a voice in our government because of a lack of photo ID. Simply making a photo ID available for every citizen would empower millions to participate fully in the promise of America.

Former Presidents Jimmy Carter, Bill Clinton and George W. Bush have endorsed the idea of adding a photo to the Social Security card. Mr. President, don't forget what you often say: "I always keep my promises."

IF YOU FULFILL YOUR PROMISE, NO VOTER WILL BE LEFT BEHIND

INSTITUTE

* On January 16, 2017, Martin Luther King, III, Dr. Rev. James Forbes, and other DMI Board Members met with President-Elect Trump where he promised to implement, by Executive Order, a procedure by which the Social Security Administration would issue a social security card with a photo to every citizen who requests one, at no charge.

* The Drum Major Institute was originally founded in 1961 to build on the work of Dr. Martin Luther King, Jr. for human rights, economic justice, and opportunity. DMI is committed to realizing the dream of Dr. King who often said: "I have come to see more and more that one of the most decisive steps... is that little walk to the voting booth."
