Dive Buddies 4 Life

**Hi** we are Joey and Ali two scuba divers from Ontario. Brought together by our love for being in the water, we have been proudly sporting a neoprene wetsuit for the better part of a decade. Following our passion, we now live a life less ordinary - working, traveling and scuba diving.

Through writing and photographing our dive adventures we hope to inspire people to fall in love with the underwater world and try scuba diving.

# CANADIAN SPLASH

The first time someone imagines themselves as a scuba diver, cold water never really crosses their mind. They picture coral reefs and tropical oceans filled with color. To think that some scuba divers layer on the gear, to brave the dark and bone-chilling waters is unimaginable.

**DIVE INTO COLD WATER CANADA** to the realization - there's no place like home.

Living in Canada, cold water diving has become our middle name.

After a few years abroad, we've slowly come

In the upcoming months Dive Buddies 4 Life is planning on spending much of our time scuba diving and exploring the underwater world of our beautiful northern country.

Dive Buddies 4 Life

## DARE TO DIVE **CANADA**

Nobody pictures Canada as a diving location, yet with the longest coastline in the world (243, 042 kilometers) and more freshwater lakes than any other country we are more connected to water than most people seem to think.

## PLUNGING INTO THE WATER

Dive Buddies 4 Life wants to show people there is more to Canada than just hockey, vast wilderness, and maple syrup. There is an incredible world below the waterline.

Our recent project, Canadian Splash, is a carefully crafted 13-part project where we plan on diving and photographing every

province and territory of Canada showcasing the beauty, wonder, and fragility hidden beneath its surface.
