

# MINI COACHES

## Who's buying these vehicles?

Mini buses and executive coaches are a proven component of a diverse professional bus and motorcoach fleet and also a bridge for limousine operators seeking to enter the motorcoach business. The United Motorcoach Association reports that 67 percent of their members who share fleet information operate these vehicles. A recent survey of motorcoach operators bolster that statistic, showing that 66 percent of respondents operate such vehicles and the same percentage of respondents seek to shop for more in the next year.

Nearly 7 out of 10 bus and motorcoach operators report having mini buses and/or executive coaches in their fleet

65 percent of survey respondents are interested in shopping for or purchasing mini buses and/or executive coaches in the next 12 months.

Mini buses seat between 21 and 29 passengers and sometimes called cutaways or mini coaches

Executive coaches are full size motorcoach luxury vehicles with office or lounge areas, seating 10-41
